run down by hard work and a succession of colds, which made me so feeble that it was an effort for me to walk. I consulted the doctors, but kept sinking lower until I had given up all hope of ever being better. Happening to be in a store, one day, where medicines were sold, the proprietor noticed my weak and sickly appearance, and, after a few questions as to my health, recomed me to try Ayer's Pills. I had little faith in these or any other medicine, but concluded, at last, to take his advice and try a boy. Refore I had used them all, I was very much better, and two hoxes curpd me. I am now 80 years old; but I believe that if it had not been for Ayer's Pills, I should have been in my grave long ago. I buy 6 boxes every year, which make 210 boxes up to this time, and I would no more be without them than without bread."—H. H. Ingraham, Rockland, Me.
