Deafness Cannot Be Cured
By local application as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed for ever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Waverley Bicycles.

Are The Highest of all High Grades

Warranted Superior to any Bicycle built in the world Regardless of Price

Read the following opinion of one of the most prominent American dealers who has sold hundreds of these bicycles:
RICHMOND, Va., Oct. 2, 1894.
INDIANA BICYCLE CO., Indianapolis, Ind.
GENTLEMEN—The Waverley scooter and Belle came to hand yesterday. We are afraid you have sent us the high priced wheel by mistake. You can't mean to tell us that this wheel retails for \$50. We must say that it is, without exception, the prettiest wheel we have ever seen, and, moreover, we have faith in it, although it weighs only 22 lbs., for all Waverley wheels we have sold this year and last (and you know that is a right good number), we have never had a single frame or fork broken, either from accident or defect, and that is more than we can say of any other wheel, however high grade, so called, that we sell. We congratulate ourselves every day that we are the Waverley Agents. Yours truly, WALTER C. MERRICK & CO.
