Read the following opinion of one of the most prominent American dealers who has sold hundreds of these wheels:

RICHMOND, VA., Oct. 2, 1894.

INDIANA BICYCLE CO., Indianapolis, Ind.

GENTLEMEN—The Waverley Scooter and Belle came to hand yesterday. We are afraid you have sent us the high priced wheel by mistake. You can't mean to tell us that this wheel retails for \$50. We must say that it is, without exception, the prettiest wheel we have ever seen, and, moreover, we have faith in it although it weighs only 22 lbs., for of all Waverleys we have sold this year and last and you know that is a right good number, we have never had a single frame nor fork broken, either from accident or defect, and that is more than we can say of any other wheel, however high grade, so-called, that we sell. We congratulate ourselves every day that we are the Waverley Agents. Yours truly, WALTER C. MERCER & CO.

Mr. G. Caillouet, Druggist, Beaver-ville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began using it and from the first dose began to get better and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at Geo. H. Haskins' drug-store.

John Radmacher, of Westphalia, Mich., was in the habit of beating his wife on slight provocations. This provoked the ire of the neighboring whitecaps, who quietly took John out in the neighboring wild-wood, where he was made to dance to a lively tune. Finally, he promised faithfully that he would henceforth be kind and gentle to Mrs. Radmacher, and now they are telling around Westphalia that there is no better man in town to his family. Yet there are those who still think whitecaps never do much good. Medford has subjects fit for whitecaps' discipline.

In the government of Podol the peasants have no scruples about selling their children. Instances of a very revolting nature are reported in Moscow daily. One peasant sold his daughter, a girl of eight years, to a traveling medicant for the sum of five rubles; another one brought two girls to the town of Genova, where he sold the older, a child of seven years, for five rubles, and the younger three years old, for three rubles. Such instances have occurred in many towns of the government.
