ALEX. ORME, the Foothills miner, was in Medford on Monday. J. F. ORMISTON, of Eagle Point, was a Medford visitor this week. Mrs. J. F. HARVEY, of Gold Hill, was visiting Medford friends Monday. W. D. BEIDLEMAN went to Grants Pass Sunday evening upon business. W. K. PRICE, of Tolo, was in Medford Wednesday interviewing friends. Miss ELLA PERDUE returned home last week from a two months' visit at Roseburg. J. S. HOWARD, deputy U. S. mineral surveyor, was at Gold Hill this week on business. F. T. MENSCH, of Grants Pass, is here for a visit with his cousins, the Taylor boys. Mrs. W. N. RUBLE, of Wolf creek, is here visiting her brother, H. N. McKay, and family. Prof. MILES CANTRALL, one of the finest gentlemen and best educators in the county, was in the metropolis last week. Mrs. MARY HULL, who has been living in Medford for the past year, left Monday for Jamestown, Calif., on a visit. FRANK BELLINGER left Sunday evening for Riddle to nurse his uncle, Benj. Hardman, at that place, who is quite ill. CHESTER SWIFT, he who is associated with the Gold Basin Mining company, was in Medford this week on business. Miss GERTRUDE CHURCHMAN returned from Ashland Sunday evening, at which place she has been upon a two weeks' visit. Mrs. W. K. INGLEDE, of Wimer, left Medford Sunday for Sacramento, Calif., where she will spend the winter with relatives. Attorney A. S. HAMMOND is over at Lakeview attending to business in the circuit court. He expects to be absent two or three weeks. F. H. GREEN has returned to his mine, in the Applegate country, where he will do mining this winter—THE MAIL goes with him. Miss ELSIE ROOF, of Fremont, Iowa, is visiting with her uncle, Elder Eli Fisher. Miss Roof expects to spend the winter on the coast. Hon. S. M. NEALON was in from Table Rock Tuesday. The gentleman is advertising seed rye for sale, elsewhere in these columns. PERRY ELLIS, the Prospect photographer, was in Medford last week. Mr. Ellis is doing considerable work in the valley these times. HENRY VINCENT and family were over from Bonanza, Klamath county, last week and purchased two full wagon loads of merchandise of a varied assortment. A. A. BATTERSON, one of THE MAIL publishers, left Sunday for Ellensburg, Wash., whither he goes upon business, and a visit to his relatives and friends. He expects to be absent a couple of three weeks. H. J. BLACK and family have moved to Medford from Talent and will make this place their future home, and have rented the G. W. Howard residence, on Ninth street. Mr. Black follows carpentering as a means of gaining a livelihood. Miss ADA PARKER, the highly accomplished daughter of C. P. Parker, who has been teaching in Mills college at Oakland, Calif., for the past year, arrived home last Sunday and will spend the winter with her parents in this city. Mrs. MARY A. FINCH, who has been spending the summer with her daughter, Mrs. J. K. Darnell, left last week for Willows, Calif., where she will spend the winter with her son, W. M. Finch, who is county superintendent of schools in that county. Mr. DENNIS and son, of Little Shasta, Calif., were in our city last week purchasing a large bill of merchandise. Little Shasta is seventy-nine miles from Medford—but distance don't cut any figure when it's a trading tour these people start out upon. Miss HELEN STRANG, of this city, who has been at the Good Samaritan hospital at Portland for the last six weeks undergoing medical treatment, returned home last week somewhat improved in health—a fact which her many friends will be pleased to learn. WM. M. RICHARDS, he who, in years ago, did saw-milling on Big Butte, but more recently a resident of Grants Pass, arrived in Medford this week and has formed a combine with W. W. Taylor and on Monday next they will commence rolling the wheels in the Taylor saw-mill, east of Medford. Dr. HENRY DEMOREST and wife will leave next week for Neche, North Dakota, where the doctor will engage in the practice of dentistry. These people are well and favorably known all over the county and their host of friends will regret to see them leave—but will all join in wishing them prosperity in their new home. ROBERT and ELMER FAUCETT left Monday evening for Chicago, Illinois, where they will take a three years' course in Moody's theological college. These boys are two of the very best young men in Jackson county, and their many friends here and hereabouts will all unite in wishing them success unbounded in their chosen work. S. P. and HENRY BARNEBURG, with their families, who have been living out in the Dead Indian country for the past three months, ranging their cattle, have returned to Medford for the winter. They will drive their cattle to the farm east of Medford soon and feed them during the winter—and return with them to the same range in the spring. WM. RICHARDSON, he who left Medford several months ago for San Diego, Calif., for his health, returned Sunday evening and will remain during the winter with his parents. His health was greatly improved by the change of climate, in fact he is looking quite ro-

bust. Next spring he will probably return to California. San Diego, being located near the ocean beach is cool in summer and affords a climate just suited to him. FRANK PIERCE and family, of Harrisburg, this state, arrived in Medford last Tuesday. Mr. Pierce is one of the most extensive farmers in Lane county, but having heard so much about the Rogue river valley he rented his farms and hid himself hither where he will spend the winter, and should the reputation which Jackson county enjoys substantiate itself—and it certainly will—he will invest here in the spring and make this his permanent abiding place. Dr. Darrin's Whereabouts. Dr. Darrin is still located in Ashland where he remains until October 17. From there he goes to Grants Pass, stopping at Hotel Josephine, October 18th to 24th. Those who were not fortunate enough to see him here will have a last chance in Grants Pass. We cannot let this opportunity pass without commending his services to the afflicted if we can judge from the nifty cures wrought by him in this section. We give some of their names below: A. F. McCrary, Jacksonville, Ore., deafness, ten years, restored in ten minutes; G. B. Mathews, Eagle Point, Ore., consumption and abscess or tumor in side, cured five years ago; A. Bickford's son, Roseburg, Ore., cross eyes, cured six years ago; Mrs. Bickford, cured of different troubles peculiar to her sex; Mrs. H. She was led to the doctor's office four years ago and now enjoys perfect eye sight and is able to conduct a mercantile business; Mrs. C. Morris, of Medford, cured four years ago in Seattle of kidney trouble, after an outlay of \$1000 with other doctors. Scores of others might be mentioned did not space forbid. Coroner's Jury Verdict. The coroner's jury rendered the following verdict upon the completion of the taking of testimony in the Roseburg train wreck case: "We, the coroner's jury, impaneled and sworn to inquire who the deceased persons were, and where and by what means they came to their deaths, do find the deceased persons to be Albert Toy, John McGonigle and George Happersett; they came to their death October 6, 1896, half a mile south of Green's station, on the Southern Pacific railroad, by collision between two locomotives. It was elicited from the evidence that the south bound engine was running under orders, and that the north bound engine had a right to flag back, as there was no telegraph station at Green's station, and did comply with this regulation up to the straight track, one mile and a half south of Green's station, which straight track they had a right to run over unfagged when they could see. It being daylight they dropped down this straight track with the intention of flagging through the fog and around a small curve. We find no one guilty of breaking the regulations of running, but deficient judgment was shown as to the distance from the fog that would make them safe in commencing to flag again, which, according to evidence, they were intending to resume." Deafness Cannot be Cured. By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Sent by circulars; free. F. J. CHEENEY & CO., Toledo, O.
