

OUR COUNTY... Correspondents

Eagle Point Eagles. BY A. C. HOWLETT. Miss Lolah Fryer is reported ill. Jessie Safford is teaching the Derby school. Scott Pool visited friends on Aplogate last week. Mrs. John Bilger, of Portland, visited friends in our town recently. Boyd Tucker and his sister, Miss Iva, are visiting the family of J. J. Fryer. R. R. Minter called on your correspondent on official business last Friday. Mr. and Mrs. Whetstone were the guests of Rev. Moomaw last Sunday. John Inlow, formerly of this place, is smiling on his old friends here again. Mrs. Sinclair returned home Saturday from a visit with Jacksonville friends. Walter Stickle came out from Medford Sunday and moved his mother to the Hub. Misses Elva, Lee and Oscar Middlebush were the happy guest of our children last Sunday. Supt. Gus Newbury visited some of the schools in the districts east and south of here last week. Mrs. W. Massall, of upper Little Butte creek, went to Portland last week for medical treatment. Mrs. Frank Wilmarth and three children, of Medford, are visiting their old friends hereabouts. Percy Woody and Anderson brothers, of Phoenix, were hauling wheat to our grist mill last week. Mrs. Thomas and her son, Chas., have returned from a visit to Mrs. T's brother, Mr. Pearce, on Forest creek. G. W. Howard, one of our enterprising horse men, expects to start for Klamath County in a few days with his horses. Our efficient road supervisor, Charles Carney, and his corps of road workers have been doing some good work on our roads. Mrs. Taylor, of Ashland, has been visiting friends in this neighborhood. She spent a few days with Mr. Goodell's family also. The marriage bells are ringing in this neighborhood again, and before this is in print, I will be ready to report another wedding. Wm. Haymon, of Woodville, came up Sunday on his wheel to visit the family of G. W. Heckathorn, returning the next day. Joe Rader, one of our leading cattle men, has been gathering his cattle for the past week, preparatory to taking them to their summer range. Little Mabel Morine ran a pin into her foot one day last week and is having quite a serious time with it. Fears are entertained that she may lose her foot. Master Frank Morine, accompanied by his sister, Miss Henrietta, and Miss Bess Brown and Mr. Morine, the old gentleman, went to the county seat last Friday, return-

ing by way of Medford, where Miss Henrietta remained until Saturday. J. E. Stickle, formerly of this place, but now of Bly, Klamath County, was here last week with his little daughter, Varian, visiting his mother-in-law and friends. Rev. J. P. Moomaw came near getting his arm broken between the elbow and the shoulder last Sunday. He was taking the hobbles off of one of his horses, when the horse jumped, striking him on the arm. He is quite badly hurt, but not seriously. Last Friday quite a goodly number of the patrons of the school in district No. 37, visited the school, where Mrs. P. K. Simon, nee Ella Benson, alias "Will," had prepared an interesting program that was well carried out, the children performing their parts remarkably well. Mrs. S. seems to be quite popular among the parents as well as the pupils. Rev. Robert Ennis, of Jacksonville, came out Saturday and preached for us twice on Sunday. The congregations were very large, and the general deportment of the younger portion of the congregation above the average, but at night some of the young gentlemen remained outside and talked so loud as to disturb the audience and the speaker. This is enough. They will do better next time. They did not think of being heard. Jerry Heckathorn, who was expected home last week, had the misfortune to cut off one of his little toes. The lady with whom he was boarding sewed it on again, but it did not suit him and he took an ax and laid the edge on the crippled toe and re-severed it. Therefore he had to wait until his toe was well in order to ride home on his bicycle. THE MAIL goes regularly to him. He says he has to have it to know what is going on in these parts. John Willisroft had a narrow escape from being killed or drowned one day last week. He was crossing Butte creek on a flume, when it gave away, precipitating him into the water about fifteen feet below, pieces of the flume falling after him, but fortunately he escaped being struck by any of them. Mr. Middlebush's little boy was following him but was far enough behind to be off of the part of the flume that gave away. Mr. W. says that he thought his time had come. The force of the current was such that his feet were swept from under him and he swam and floated quite a distance before he could make the bank. W. B. Johnson, Newark, O., says, "One Minute Cough Cure saved my only child from dying by croup." It has saved thousands of others suffering from croup, pneumonia, bronchitis and other serious throat and lung troubles. Strang, the druggist, Medford; Dr. J. Hinkle, Central Point. Beagle Items. BY A. BUNCH. Israel Harris and Mr. Nelson are hauling wood to Medford. Schuyler Hammond, of Trail creek, visited relatives here last Sunday. Miss Inez Potter has gone to Ashland to spend the summer with relatives. Quite a number of our young men intend starting for Klamath

County next week to find work in the hay fields. E. C. Pomeroy, D. W. Beebe, T. C. Norris and M. A. Houston visited Medford Monday. Numerous fishermen line the banks of Rogue river near here but none seem to have any success, as it is too early and the river is too high. The Antioch school closes June 25th. The advanced class had taken up algebra and bookkeeping and seems to be much interested in the work. This is said to be the best country school in Jackson County. Our people are complaining because we get no rain and the corn and wheat need it badly. We can not understand why Jacksonville and Medford should get good showers every few days and we be left to suffer from drought. We are beginning to doubt that it "rains alike on the just and unjust," but are forced to the conclusion that in this section of Oregon the unjust are getting more than their share of it. MORE BEAGLE ITEMS—BY A. JAY. Everything needs rain. Rev. J. A. Slover will preach at the New Hope church on Sunday, June 6th. S. H. Glass has purchased a new header and is making preparation for a big run. The Antioch school is progressing nicely under the management of Prof. Allen. It is reported there will be a Fourth of July celebration at Moonville this year. Frank Hammond, of Trail creek, passed through this section last Monday en route to Medford. He reports lots of rain in the mountains. "They are dandies" said Thos. Bowers, of the Crooked, Texas, Enterprise, while writing about De Witt's Little Early Risers, the famous little pills for sick headache and disorders of the stomach and liver. Strang, the druggist, Medford; Dr. J. Hinkle, Central Point. Kanes Creek Items. BY NINE DIE. Mrs. Knotts and Mr. Higinbotham spent last Saturday, the guest of Mrs. E. Olson. Crops of all kinds are looking well, but a little shower would be all right just now. Miss Bertha Pankey, of Central Point, is stopping with Mrs. M. Obenchain, at this place. Ed. and Ada Swinden spent last Sunday on Galls creek, the guest of their aunt, Mrs. Russell. Wm. Higinbotham, who is at work for Olson Bros. on Poorman's creek, spent Sunday at home. Ed. Roten has returned from Jackson Creek at which place he has been visiting his father and Mr. Roy. Mr. and Mrs. Dean, of Josephine County, spent several days of last week visiting their daughter, Mrs. Gale, of this place. Mrs. Groslone, who has been visiting here for the past four months with her mother, Mrs. Ed. Olson, returned to her home at Gledale last Friday. Married—May 23, 1897, Robert Cook, of Galls creek, and Miss Josie Hall, of this place. They many Kanes creek friends wish for them much happiness and prosperity. Don't thin your blood with sassafras or poison it with blue-moss; but aid nature by using De Witt's Little Early Risers, the famous little pills for constipation, biliousness and stomach and liver troubles. They are purely vegetable. Strang, the druggist, Medford; Dr. J. Hinkle, Central Point. Forest Creek News. BY OPERA. Mr. McFee will leave soon for British Columbia. McIntyre & Dunlap are pegging away with good results. Mr. Winningham's people will move to the upper valley. The men on W. H. Bostwick's mine are doing well with ground sluicing. A monstrously large panther has been seen several times near Mr. Horn's place. Send over your cattle buyers and we will do them up with cattle and reasonable figures. The Mt. Trable Quartz Claim Company is getting out considerable ore and have two teams hauling the ore to E. C. Brooks' mill on the right fork. Religious services were conducted in the lower district last Sunday by Rev. Kirk, who has charge of this circuit. Sunday school is being held every Sunday at three p. m. Ole don't say much about his mine this spring but we suspect it is as rich as ever. We are expecting to hear some of these days of him turning over another boulder and getting \$24,000 from under it. Mr. Armprist has just finished spraying his orchard the second time. He reports his trees over-loaded and will require thinning. He will try for a premium on prunes

and peaches this fall at the fair, also on sugar beets and fine hogs. The Hydraulic Mining Company is making lots of improvement about their mines. They have been digging a large ditch; putting in another large reservoir and have added telephone connections from their dwelling to the claim. They are cleaning up with a force of ten or twelve men. The company which purchased the Peter Black hydraulic mining contemplates doing a vast amount of work this summer, putting in reservoirs and cutting ditches. They tell me there is a back channel running the whole length of Forest creek and it is rich in gold nuggets as far as prospected. Some for ten, some for twenty and some for thirty years have suffered from piles and then have been quickly and permanently cured by using De Witt's Witch Hazel Salve, the great remedy for piles and all forms of skin diseases. Strang, the druggist, Medford; Dr. J. Hinkle, Central Point. Trail Creek Trailings. BY GUESSES. Crops will be slim in this locality if rain does not come soon. Chester Wilson, of Gazell is here visiting with his parents. Jesse Safford, of Eagle Point, made a trip up Rogue river one day last week. M. Winningham and family, of Elk creek, have started for Douglas County, Oregon. Mr. Akin and family, of Prospect passed here recently on their way to the valley. Henry Mitchell, of Asbestos, went through here last week on his way to upper Rogue river. Grandma Briscoe has returned home from a visit with her granddaughter, Mrs. J. E. Rodgers, of Antioch. A party of miners, comprising Peter Applegate and three others, passed through here recently on their way to Elk creek. Gus Williams, of Medford, accompanied by a gentleman from San Francisco, was lingering among friends at the Trail house last week. Edward Briscoe and his uncle James Briscoe have returned from a prospecting tour. They had poor success in prospecting owing to the absence of grass for their horses and the amount of snow on the divides. Terrible accident.—It is a terrible accident to be burned or scalded; but the pain and agony and the frightful disfigurements can be quickly overcome without leaving a scar by using De Witt's Witch Hazel Salve. Strang, the druggist, Medford; Dr. J. Hinkle, Central Point. Brownboro Items. BY REBECCA. Mrs. J. W. Seyedge, of Lake Creek, visited friends in town recently. Mrs. Fannie Birdsey, of Gold Hill, visited her parents here a few days since. John Compton, accompanied by T. Hart, are on a mountain excursion at present. Wm. Marlow, who is circulating a remonstrance against the release of Lawrence Wade, spent a night here recently. Miss Katie Fries, teacher at Lake Creek, visited her home at Central Point Friday evening, returning Sunday. Mrs. G. H. Haskins, of Medford, on her trip to Big Butte to visit her daughter, Miss Fannie, spent a pleasant dinner hour with Mr. and Mrs. J. R. Bell. W. J. Compton, J. R. Bell and E. V. It is reported that within a few weeks a deal will be made between a syndicate of English capitalists in Cripple creek and Victor, Col., gold mines, and two lines of railroad connecting the mining districts with the nearest trunk line railroads, that will give the syndicate control of the shipping facilities from the mining camps to the east. The edict has gone forth that no dog may be brought into the kingdom of Great Britain without a special license from the British board of agriculture. The board fears that American dogs will bring hydrophobia with them. The Sans Polo wagon road has been finished to within twenty-three miles of Colville reservation. Twenty-eight miles have been built. The road is being built at the rate of a mile a day. Henry Goldman, a Contra Costa farm laborer, shot his wife with a small revolver and then attempted suicide.
