Sometimes a burglar only succeeds in damaging the lock of a safe, so that the combination won't work. Next morning the bank officers can't get at their own money. There may be millions in the safe, but if their credit depended on getting at it in a hurry they would be bankrupt, simply because the combination won't work. A sick man is in very much the same fix about getting at the nourishment he needs to keep him alive. There is plenty of good food at hand, but his digestive organism is out of order; the nutritive "combination" of his system won't work. He can't possibly get at the nourishment contained in the food. He takes it into his stomach, but it does him no good. It isn't made into good blood. He is just as badly off as if the food was locked up where he couldn't touch it. He gets no strength or health out of it. All these mal-nutritive conditions have a perfect and scientific remedy in Dr. Pierce's Golden Medical Discovery. It puts the nutritive "combination" of the system into perfect working order. It gives the digestive and blood-making organs power to make pure, red, healthy blood, and pour it into the circulation abundantly and rapidly. It drives out all bilious poisons and acrid, malarious germs, cures indigestion, liver complaint, nervousness and neuritis, and builds up solid flesh, active power and nerve force. Mrs. Rebecca P. Gardner, of Grafton, York Co., Va., writes: "I was so sick with dyspepsia that I could not eat anything for over four months. I had to starve myself, as nothing would stay on my stomach. I was so badly off I could not eat even a cracker. I thought I was going to die. I weighed only 50 pounds. I tried almost everything, and nothing did me any good, until I took two bottles of the 'Golden Medical Discovery.' I am now as well as I ever was, and weigh 135 pounds."

The slow progress of the repairs on the Byboe bridge is causing much comment. At this time of the year people are working hard to get their hauling done ahead of the storms, and to be shut off from using one of the most traveled roads for so long a time works a great hardship and will place many a farmer in bad shape to begin the winter.

Will Nichols, of Central Point, moved his family out to the Merritt place last week. Mr. Childers' family left for Klamath County, Mr. Davis moved his family onto the Childers place lately purchased by him and Mr. and Mrs. Chas. Pankey are occupying the Walker house. This settles the moving in this neighborhood for this fall so far as we know.

Don't think because you are sick and nothing seems to give you relief that you can't be cured. There must be a cure for you somewhere.

If your doctor can't cure you, perhaps he has mistaken the cause. Anybody is liable to make a mistake sometimes.

Something to Know.

This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it.
