

Our County Correspondents..

Eagle Point Eagles.

BY A. C. HOWLETT.

S. F. Morine was interviewing our Snowy Butte miller last Friday.

A. Hoyt was in Medford last Thursday after a load of supplies.

I understand that Mrs. R. Simon has moved into the George Daley house.

Mr. and Mrs. Wm. Perry were out the last of the week visiting his mother.

School Superintendent Gus Newbury visited our school one day last week.

Mrs. Volney Stickle, of Medford, was out last Sunday visiting old time friends.

Mrs. McDonnell and son, of Lake flats, were the guests of Mrs. Geo. Morine one day last week.

Mr. and Mrs. John M. Nichols and daughter were in Medford on a trading expedition last week.

Isaac Woolf, of Medford, passed through our town last Friday on his return from Fort Klamath.

George Hoyt came over from Klamath County to attend the dance and see some of his old time friends.

Mrs. M. S. Wood, of Medford, passed through our town last Friday on his return from Fort Klamath.

There were quite a number of teams passed through town last Sunday from Klamath County on the way to Medford.

Mrs. M. S. Wood, who has been under the care of Dr. Jones, of Medford, for some time, I am glad to say is convalescing.

The Woodruff sisters, of Union creek, gave a dance at Eagle Point last Saturday night. I understand that the attendance was small.

Mr. and Mrs. S. F. Morine and daughter, Miss Meta, and his brother, Charley, were over last Sunday visiting the family of their brother, George.

David Cingade has been putting an addition to his pasture fence with lumber from A. J. Daley's Round Top mill, thus making his pasture hog proof.

George Nichols, one of the prosperous farmers and stockman of the Little Butte country, was in town last week after a load of flour from our Snowy Butte Mills.

W. R. Potter has been engaged putting up flues in S. B. Holmes' new house. The workmen have the house about completed and the family expect to move into it this week.

George W. Heckathorn and son, Jerry, went up on Elk creek last week on a hunting expedition. They killed six deer, one of which weighed 240 pounds gross and 163 pounds after he was dressed. It was the fattest deer I ever saw.

There has been quite a number of cattle driven out of this section of the country the last week by different parties, among whom were D. P. Mathews, Johnson Brothers, T. E. Nichols and A. Hoyt and sons. And still the country is full of cattle buyers.

Joe Van Hardenburg came near being seriously hurt the other day. He attempted to mount a horse with a package of blue vitriol in his hand and just as he was about

in the saddle the horse commenced to buck, precipitating him to the ground and bruising him up considerably.

Our teacher, Prof. Park, had rather a novel trick played on him by some of the little girls in our school. Often when the children would be playing with an apple he would appropriate it to his own use. So some of the mischievous little girls concluded that they would fix an apple for him, so they punctured an apple and filled the cavity with quinine and purposely let it fall on the floor. The result was that evening after school the apple was divided among some of the larger girls (they were up to the trick) and they ate it with a relish but the professor got hold of a piece that he said was rotten so had to spit it out of the window. Now when he eats an apple he inspects it first.

Warning:—Persons who suffer from coughs and colds should heed the warnings of danger and save themselves suffering and fatal results by using One Minute Cough Cure. It is an infallible remedy for coughs, colds, croup and all throat and lung troubles. Strang, the druggist, Medford; Dr. J. Hinkle, Central Point.

Yankee Creek Happenings.

BY PEST.

Milo Caton has returned home to stay during the winter.

D. Brooks, of Medford, is visiting his daughter, Mrs. Eli Hogan.

Nye Turpin made a business trip to Nye Turpin County last week.

Miss Mattie Zell, of Medford, is visiting Miss Berylla Edwards.

Mr. and Mrs. H. C. Shipp have moved to Big Sticky to spend the winter.

A pleasant party was given at the home of Miss Myrtle Cornell Saturday in honor of her birthday.

J. M. Thirswend, of Groesbeck, Tex., says that when he has a spell of indigestion, and feels bad and sluggish, he takes two of DeWitt's Little Early Risers at night, and he is all right the next morning. Many thousands of others do the same thing. Do you? Strang, the druggist, Medford; Dr. J. Hinkle, Central Point.

Forest Creek News.

BY OPERA.

Mr. Broad, of the Oregon Belle mine, has been quite sick.

Wm. Lewis has a contract to build a piece of wagon road up Star gulch.

There was a large engine and quartz mill moved to Palmer creek last week.

Miss Anna Armpriest, of Forest creek, is visiting Medford friends this week.

Mr. Kitchin has been quite sick. Dr. Wait, of Medford, has been in attendance.

A. W. Sturgis is cutting a new mining ditch, taking water out of the left hand fork of Forest creek.

Cook & Martin are fixing up preparatory to piping at their mine on the right hand fork of Forest creek.

Messrs. Hansen & Short have their big reservoir completed on the upper creek and are about ready for piping—as soon as more water comes.

There will be a box social at the residence of Wm. Bostwick, Jr., next Friday night. The proceeds

will be given to Mrs. Bostwick as a donation on account of losses sustained by fire.

Howland & Cook, of the hydraulic mine, are taking up their large flume and moving it further over to give them more room to dump. They will work higher up and nearer the old channel this winter.

Jan. Armpriest, the rustling farmer and stockman, is putting in wheat with a four-horse cultivator. He is also fattening a lot of hogs which will be on the market soon. He has a few head of beef cattle for sale.

You can't afford to risk your life by allowing a cold to develop into pneumonia or consumption. Instant relief and a certain cure are afforded by One Minute Cough Cure. Strang, the druggist, Medford; Dr. J. Hinkle, Central Point.

Klamath County Items.

From the Republicans.

District Attorney Jeffrey is in town.

Fred Applegate left Monday for the Elk creek mines.

Tommy Kinney shot both barrels into a flock of geese in the wheat stubble on the Hopkins ranch one day last week and picked up 17.

Quite a number of Jackson County stockmen will feed their cattle in Klamath County this winter. They can buy hay out here at \$3 per ton in the stack, it is reported. Hay in the valley is \$10 per ton.

L. H. Teters left Tuesday morning for Medford to have his eyes treated by Dr. Geary. Several dollars were raised by subscription to defray his expense. It is rather doubtful if anything can be done to save the sight of his eye.

A. J. Allen, of the Jacksonville marble works, returned last week from Lakeview. Mr. Allen has put up several handsome monuments in Klamath Falls cemetery and other cemeteries throughout the county. He has taken several orders for monument work on his trip which he will fill next spring.

L. B. Warner, the Medford nurseryman, arrived this week with three wagon loads of fruit trees which will be distributed in this, Lake and Modoc counties. The productivity of our young orchards has established the fact that fruit can be grown successfully here. As a result a number of our farmers will set out quite an acreage in fruit trees this fall and next spring. In a few years Klamath County will be growing all the fruit required for home consumption.

From the Klamath Falls Express.

Geo. Deal and Oscar Stewart, of Langell valley, returned Saturday from Medford.

Wm. Wilson and wife returned Saturday from Medford where they went for supplies.

Robt. Anderson returned from Medford Saturday where he has been for his winter supplies.

Edgar Ball, W. A. Wilson and R. C. Anderson, of Merrill, returned Saturday from Medford with winter supplies.

Prof. Merrill, of Medford, arrived Tuesday and if he can secure a class will give instructions in instrumental music.

A. S. Hammond, Medford's gifted attorney, returned Saturday from Lake County where he had been attending court, and left Sunday for Medford.

Q. C. Anderson and family, Geo. Schwenk and Charles Tull, of Sprague river, passed through town Friday on their way to Regue river valley after supplies.

The Grandest Remedy.

Mr. R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years has been attending to business, and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for coughs, colds and consumption. It don't fail. Trial bottle free at Chas. Strang's drug store.

Guy Walker, aged 15, was killed by Southern Pacific train at Los Angeles recently.

The League of the Better City Government of Los Angeles is planning to secure a new city charter.

Large deposits of oil have been struck near Pasadena, Cal., and wells are being put down rapidly.

Ferris, Cal., has an epidemic of dog poisoning. Thirty valuable dogs have been killed within a fortnight.

J. C. Berry, one of the best known citizens of Spencer, Mo., testifies that he cured himself of the worst kind of piles by using a few boxes of DeWitt's Witch Hazel Salve. He had been troubled with piles for over thirty years and had used many different kinds of so-called cures; but DeWitt's was the one that did the work and he will verify this statement if any one wishes to write him. Strang, the druggist, Medford; Dr. J. Hinkle, Central Point.

ROYAL BAKING POWDER
Absolutely Pure

NEWS OF THE STATE

Klamath Indians will haul over 20,000 pounds of flour out of Lake County this fall.

The flouring mill at Oakland was destroyed by fire Tuesday of last week. Loss \$12,000; insurance \$5,000.

Mrs. Sol Abrahams, who died at Roseburg recently, left her estate, valued at \$10,000, to her husband.

There are nine woolen mills in Oregon all running on full time. A tenth mill at Union will also soon be running.

It takes a state to do business in a ship shed way. Oregon with its treasury full of money is paying interest on the money it owes.

A postoffice in Harney County is named Mule. None of the people who get their mail there dare kick, lest the mule should kick back.

Astoria has offered a bonus of \$50,000 to Mr. Byers, whose flouring mill burned down at Pendleton some time ago, if he would put up a plant in that city.

State institutions are running along about as well without appropriations as with them. And the taxpayers do not have to pay for a lot of extravagant jobs.

Prineville has \$130,000 deposits in her bank. A good showing for a country town. Stock is the principal industry of that section and it brings cash.

The creditors of the Snell, Holtsch & Woodard Company will receive a dividend from the total assets of the company of a trifle over 9 per cent of their claims.

District Attorney Lord, of Multnomah County, is a defendant in a \$3000 damage suit, resulting from having a seaman imprisoned in the county jail who was afterward released on a writ of habeas corpus.

Robbery is unprofitable in Oregon. Jackson and Williams, holding long terms in the penitentiary for holding up a train, and last week, four unmasked men got only \$2 for holding up the clerks of a store in Huntington.

As the overland reached Albany one night recently one end of the smoking car was discovered to be on fire, having caught from a very hot stove. A stream was put on it from the depot hose and it was quickly extinguished.

D. W. Hopkins, of Lane County, by mistake cut seven trees on government land, a fact that probably no one would have found out, and yet Mr. Hopkins at once notified the U. S. district attorney and offered to pay for the timber.

There is a movement on foot that if completed will make the town of Halsey one of the liveliest places in Oregon. A company of Halsey capitalists propose to erect a mighty dynamo on the Calapooia river somewhere and transmit electric power and run warehouses, fruit dryer, creamery, and new flour mill, light the business houses, etc.

The president has appointed John H. Hall, of Portland, U. S. district attorney; Owen Summers, of Portland, appraiser of merchandise in the Willamette district, and Zoeth Houser, of Pendleton, marshal of the United States for the district of Oregon. These gentlemen were recommended by the Oregon congressional delegation.

At last a decision has been reached by the supreme court in the case brought in Lincoln County to decide how the county officers of that county are to get their pay. The decision of the lower court was affirmed, which means that the officers will receive fees, and not a salary. This was under an act of 1893, which the court construed meant that fees and not a salary should be paid in that county.

The Grants Pass Courier of last week publishes resolutions adopted at a meeting of the citizens of that place condemning the proceedings in justice court resulting in the acquittal of J. A. Walters, the saloon keeper, for assaulting Rev. Robt. McLean, "as being both intolerable and incompatible with law and order," and the names of 83 well known citizens of Grants Pass are attached to the document and printed with it.

A Corvallis lady, in behalf of herself and other, tells the Times that there is a family in that town in which the husband spends his time in idleness, smoking an old pipe on the streets or loafing in saloons, while his wife goes out washing, with one child so young she has to carry it, and another toddling at her side; and the informant says that if there isn't a change the women of the neighborhood will give him a coat of tar and feathers.

Hon. T. W. Davenport, who has been examining the farming lands in the mountainous portions of New York state, writes to Salem friends that some of their best farms would not be accepted as a gift by the average Web-footer. Enough rock are picked up off the land to build the fences. Thirty or forty head of sheep almost keep one family, the fleece under the present tariff yields about \$1 each annually and a good fat lamb turned in for mutton brings four or five dollars in the great city of New York.

The Corvallis agricultural college authorities have issued circulars announcing the farmers' short course, held every winter at that institution. The course will begin January 11, and end February 10, and will embrace lectures by Professors Shaw, Cordley, Craig and French, respectively, on chemistry, entomology, horticulture and agriculture, and will include practical work in horticulture and dairy work under direction of Professors Coots and Kent, together with chemical work in the laboratory.

The syndicate which has under con-

sideration the building of a railroad from Eureka, Cal., to Southern Oregon, has submitted a proposition to the citizens of Josephine County for the construction of the road to Grants Pass. They want the people to guarantee bonds to the amount of \$7500 for each mile constructed in that county. At the completion of each 10 miles the company will draw the sum pledged, and turn over bonds in a like amount. The first mortgage bonds will be limited to \$20,000 for the mile, which is the estimated cost of building and equipping.

The Southern Pacific Railroad Company has been sued in the State Circuit Court of Multnomah County for recovery of 322 pounds of deerskins or the equivalent in money, \$80.50. Kahn Brothers of Portland are the plaintiffs. They allege that at Medford, on September 21, the Southern Oregon Pork Packing Company shipped to plaintiffs a lot of merchandise, and among other stuff were the deerskins in two boxes. Plaintiffs were notified of the arrival in Portland of the goods, and they received all of the stuff shipped except the skins. The railroad failed, refused and neglected to deliver the skins, and the plaintiffs sue for their recovery.

Edmund Your Howells With Cascara. Candy Cathartic, cure constipation forever. 10c. 25c. H. C. C. fail, druggists refund money.

Finishing Locations.

B. F. Kitchum and R. B. Garrett located October 22d quartz claim No. 1 Pearl district.

D. B. Lewis, A. C. Merrill and M. D. Corey located October 2d the Daisy quartz claim, Steamboat district.

The same parties located October 22d the Bonanza quartz claim in same district.

Jennie E. Wright, by Cal J. Brobst, attorney in fact, located October 30 the Portland Group No. 21, Pearl district.

M. C. Wright located October 18 Hope No. 7, Pearl district.

R. W. Hoyt located October 18 the War Eagle No. 2 quartz claim, Pearl district.

J. W. Campbell located October 18 the War Eagle quartz claim No. 1, Pearl district.

H. Mattern located October 23 a quartz claim in Davenport district.

H. J. Hicks located October 5 a claim in Wagon Creek district.

I. W. Rule located September 25 the Black Hawk claim, Hamburg district.

R. W. Hoyt located October 19 a claim in Davenport district.

L. H. Gove located September 23 the Gold Hill No. 7, Blackwell district.

G. W. Short located September 23 the Gold Hill No. 9, Blackwell district.

James Young located October 16 20 acres in Galls creek district.

Rosetta Potter and W. R. Potter located July 16 quartz claims in Elk creek district.

Wm. M. Holmes located July 16 a quartz claim in west fork of Elk creek district.

Clarence Gunn, J. G. Pendleton, T. H. Pendleton and Colby Adams located September 11 quartz claims in west fork of Elk creek district.

Inherited Blood Taint.

Here is a case of inherited blood taint which resulted in what threatened to be a complete wreck of an innocent young life. The most serious feature of being afflicted with a blood disease is the fact that innocent posterity must suffer. The man or woman with the slightest taint in the blood forces the undesirable legacy of impurity upon their children whose veins flow with the impure inheritance which handicaps them in the race of life.

No child who has a trace of bad blood can be healthy or strong, and those predisposed to Scrofula are liable to a great deal of sickness, because their constitutions are weak and cannot withstand the many dangers which beset the path of childhood. Medical statistics show that a majority of lung troubles result directly from Scrofula, so that a child afflicted with this disease is likely to fall a victim to dreaded consumption.

Mr. W. A. Clayton, of Addie, N. C., believes S.S.S. is the only blood remedy which can have any effect whatever upon obstinate cases. He says:

"My three-year-old boy had the worst case of Scrofula I ever heard of. He

was given many blood remedies without relief, and treated by the best doctors. He seemed to get worse all the while, however, and the disease finally resulted in curvature of the spine, making him utterly helpless.

"The bad sores on his neck increased in size, and were a source of constant pain. He was in this pitiful condition for two years, when some one recommended S.S.S., stating that it had cured some of the worst cases of blood diseases. As soon as his system was under the effect of the medicine, the sores began to get better, and in eight days were completely healed. Before long he could walk on crutches, and was improving every day. In three months he threw aside his crutches, for he had no further use for them; the dreadful disease had been eliminated entirely from his system, and he was restored to perfect health. The cure was a permanent one, no sign of the disease has returned for ten years."

S.S.S. is a real blood remedy, and promptly reaches all deep-seated and obstinate blood diseases, it matters not what other treatment has failed. It is the only remedy which acts on the correct principle of forcing the disease from the system and getting rid of it permanently.

S. S. S. is a sure cure for Scrofula, Cancer, Catarrh, Eczema, Rheumatism, Tetter, and all other blood diseases. It is Purely Vegetable

and is the only remedy guaranteed to contain no potash, mercury or other harmful mineral.
