Try to make some baking powder yourself. Buy the cream of tartar and soda, mix them in the right proportions.

Then imagine that you are the manufacturer, and have to make a profit, and besides, sell it to the grocer at such a price that he can make a profit too.

Ask your grocer to sell you his best cream of tartar, see what it costs, and see if you can make pure good baking powder for 25 or 30 cents a pound.
