Six years suspension is the pen-  
alty President McKinley has im-  
posed upon Commissary-General  
Eagan.

With President McKinley at one  
end of the line and Dewey and Otis  
at the other there are few nations  
that will undertake to knock the  
Philippine chip off our shoulder.

The practicing physician who  
openly advocates the passing of  
that outrageous and decidedly in-  
human doctor bill will have ample  
leisure from this date on for regrets.

"The spots on a man's reputation  
look about ten times larger to others  
than to himself," says an exchange.  
True, brother, and the spots on  
what little reputation some of our  
legislators have has ossified their  
whole carcasses. For example those  
fellows who fathered and fostered  
the doctor bill, the hatchery graft  
and divers others of that ilk.

"DOUBLE my order for ammuni-  
tion" was the last sentence in a  
cablegram from Dewey. There is  
something convincing in every ut-  
terance of that man Dewey. The  
above quoted sentence will un-  
doubtedly convince Filipinos that  
they are not monkeying with Span-  
ish band wagons—and that things  
which once were are not now what  
they then seemed.

AGONCILLO took a very hasty de-  
parture from Washington when he  
learned that General Otis and  
Dewey were whipping the stuff out  
of his fellow countrymen over in  
the Philippines, and he hit only  
the high places between that city  
and Montreal, Canada. Agoncillo  
is from a hot country but the tem-  
perature about Washington he fig-  
ured was decidedly too "warm a  
number" for him.

A DOCTOR'S prescription for a corn  
plaster, a little carbolic salve for a  
cut on baby's finger, or arnica for a  
sprained wrist would be a very  
desired condition of affairs, now  
wouldn't it? If Oregon representa-  
tives did not have more sense than  
Oregon senators have one might  
seriously contemplate such a con-  
dition, but that bill will never draw  
more than two breaths in the house.  
THE MAIL publisher has never  
knowingly violated a law of the  
land but he stands ready to violate  
every section of that doctors' graft  
and to ostracize every physician  
whom he knows is favoring it.

The main plaza of San Juan,  
Puerto Rico, on the morning of De-  
cember 9, saw a strangely unwonted  
sight—the presentation of American  
flags to the various schools of the  
city. Principals, teachers, scholars  
—even the small lads of the orphan  
asylum—all were there. Marching  
at the head of each school was a  
youthful and—who can doubt?—  
supremely proud bearer of the stand-  
ard—the emblem of new hopes,  
aspirations and wider possibilities.  
There are, it is stated, 600 schools  
—public and private—on the island,  
and to each a flag is to be given.  
Is it too much to hope that, in due  
season, childish voices will make  
its significance vocal in mind and  
heart?

The mayor of Minneapolis, Minn.,  
James Gray, was formerly a news-  
paper man but at this he was not a  
success—that is, his business was  
not a success—he may have been  
but his patronage went a glimmer-

ing. As the result of Jim's heli-  
paraphs, so many subscribers  
stopped the paper that it suspended  
publication the next spring. Every-  
body except the man written up  
liked to read the stuff when it was  
on the other fellow, but as the town  
was small he soon got around and  
there were no subscribers left. The  
hot paragraph man is always in de-  
mand by some but his territory  
must of necessity be a whaling big  
one else his material run short.

## Probable Colony for Southern Oregon

From Sunday Oregonian.

"A colony of 'Christian Social Econo-  
mists' is seeking a tract of 5000 acres  
of farming land in Oregon, upon which  
to locate. Three agents of the colony  
are now in Portland, having just re-  
turned from Rogue river valley, where  
they have a tract in view near Medford.  
These advance agents are registered  
at the St. Charles as J. C. Zimmerman,  
Milwaukee, Wis.; H. Heibert, Mount-  
ain Lake, Minn., and Julius Schubach,  
Chicago. They think they prefer South-  
ern Oregon to any other portion of the  
state they have yet seen, as the fruit  
trees there seem devoid of moss, which  
suggests that there is less rain in that  
part. Besides this the price of land  
in Rogue river valley comes nearer  
the figures they have set their hearts  
on—\$5 an acre. They think they can  
buy 5000 acres, partially improved, and  
all in one body, at that price.

The colony comprises forty families,  
about 200 persons in all, and the mem-  
bers are socialistic in their tenets.  
Each member will have an equal share  
in the colony's earnings and profits,  
and bear equally the burden of what  
losses may occur. The headquarters of  
these people is at Alleghany, Pa.,  
where they publish a monthly peri-  
odical, the 'Ant-Sickel.' The members  
of this particular colony, however, are  
scattered through various Mississippi  
valley states and are mostly Germans  
or of German extraction, though as  
Mr. Zimmerman expresses it, they are  
all Americans now.

"The spokesman of the party says  
they encountered an adobe section in  
Southern Oregon which nearly stopped  
their progress. The wheels of their  
hired hacks gathered great chunks of  
the soil, which was filled with stubble-  
field straw, and it became necessary to  
stop and clean the wheels off with a  
fence rail about every two wagon lengths  
they traveled. The horses' hoofs gath-  
ered the adobe to the size of pillows,  
and when the colonists got out to clear  
the obstructions they were as so many  
flies on sticky fly-paper. This did not  
discourage them, however, as they had  
good evidence of the productiveness of  
the soil, in the fields all about them,  
and the adobe only acts that way when  
dampened to a certain consistency.

"They were in Minnesota looking for  
land before they came here, and could  
get improved farms for \$5 an acre, but  
the climate of that state is considered  
too rigorous, though they feel the present  
little cold snap in Oregon pretty  
keenly. They were surprised when  
told that these chill periods may be ten  
years apart out here. The visitors  
leave today for The Dalles, where they  
are going to look over some lands for  
sale in Wasco County."

J. S. Howard, of this city, was out in  
the country with the above named gen-  
tlemen and showed them land in the  
Table Rock and Eagle Point country.  
Owing to the bad roads he was unable  
to visit several localities which he  
wished to but the visitors were well  
pleased with what they saw and chances  
are more than even up that they will  
be here again and the next visit will  
be for an investment.

## Funds for a Soldiers' Monument.

Glenn O. Holman, of Portland, was  
in the city Tuesday, looking after the  
interests of the fund to erect a monu-  
ment in memory of the Oregon soldiers  
who died during the recent war. It is  
a worthy object and should be assisted.  
He secured about fifty subscribers in  
Medford. The following circular letter  
explains itself:

TO THE PUBLIC:—A meeting was  
held not long since in Portland to  
take steps to raise funds to erect a  
monument in memory of the Oregon  
soldiers who died during the recent  
war with Spain. Gen. Chas.  
F. Beebe is chairman and M. D.  
Wisdom is secretary. One com-  
mittee man has been selected in  
each county. The undersigned has  
been selected in this county. I  
propose to get a local solicitor in  
each school district to solicit funds  
for the monument. If you can not  
act will you get some one to do so?  
You can say to the people that it  
is the plan of the committee to  
make this a popular subscription  
by getting 25 cents from each per-  
son.

You will have each person con-  
tributing to write or have his or  
her name written down on the list  
with their postoffice address. When  
you have canvassed your vicinity  
send the names and money direct  
to M. D. Wisdom, Secretary Sol-  
diers' Monument Committee, Room  
8, Hamilton Building, Portland,  
Or.

Each person who contributes 25  
cents will in a short time receive  
by mail a special monument edition  
of a new history of the U. S. worth  
their money. We want to hurry  
the matter so as to have monument  
erected so that the soldiers when  
they come home can dedicate it.  
If there are funds enough a nice  
picture of the monument will be  
made and a copy placed in every  
schoolroom in the state. The place  
where the monument will be erected  
has not yet been selected.

The character of the monument  
will be determined by the sum  
raised. We want Jackson County  
to do its share.

Very Respectfully,  
G. A. GREGORY,  
Committeeman for Jackson County.

## For La Grippe.

Thomas Whitfield & Co., 240 Wabash  
Av., corner Jackson street, one of  
Chicago's oldest and most prominent  
druggists, recommend Chamberlain's  
Cough Remedy for la grippe, as it not  
only gives a prompt and complete re-  
lief, but also counteracts any tendency  
of la grippe to result in pneumonia.  
For sale by Chas. Strang, druggist,  
Medford; Dr. J. Hinkle, Central Point.

## The Two Medford Bills Introduced.

We publish below two bills which  
have been introduced in the legislature  
which appertain to matters which in-  
terest only Medford people.

The first bill was printed provides  
for an extension of the boundary lines  
of the city. While all the city's bound-  
ary lines are given, the only lands af-  
fected by the amendment are those  
situated east of Bear creek and known  
as "East Medford." The bill has passed  
the house and will probably come up in  
the senate today or tomorrow.

Beginning at the southeast corner of  
section 25, in township 37 south, of  
range 2 west, in Jackson County, Ore-  
gon, and running thence west 60 chains;  
thence north 80 chains to the north  
line of section 25, in said township and  
range; thence west on said north line  
646 feet, more or less, to the center of  
the county road; running northeasterly  
along the northwest side of what was  
formerly Johnson's addition to the town  
of Medford, hereinafter mentioned;  
thence northeasterly along the center  
of said county road to the south-  
west corner of the John S. Miller dona-  
tion claim; thence east along the county  
road to and one chain east of the east  
bank of Bear creek; thence southward  
parallel with and one chain distant  
east from said creek to a point on the  
north line of the S. Childers tract;  
thence north 80 degrees, east 800 feet,  
more or less, to the northwest corner  
of the W. Angle tract; thence east 1350  
feet to the east line of the R. E. Pack-  
ard donation land claim, number 42;  
thence south 690 feet to the southeast  
corner of said claim; thence east 434  
feet along the north line of the N. B.  
Evans donation claim; thence south  
674 feet to Lindley's southeast corner;  
thence south 78 degrees, west 1066 feet;  
thence south 485 feet to J. S. Hagley's  
southeast corner; thence north 78 de-  
grees, west 250 feet; thence south 54  
degrees, east 30 minutes to the south  
side of the east end of East Twelfth  
street; thence south 25 degrees 15 minutes  
east along the county road 13.60 chains  
to J. D. Whitman's northeast corner;  
thence south 72 degrees 30 minutes  
west 38.30 chains, more or less, to the  
west line of donation land claim num-  
ber 44, in township 37 south, of range  
1 west, of the Willamette meridian in  
Oregon; thence south along the west  
line of said donation claim to the south  
line of section 30 in last mentioned  
township and range; thence west to  
the place of beginning.

The other bill which here follows has  
also passed the house but not the senate:

That the board of trustees of the  
Town of Medford in Jackson County,  
Oregon, are hereby empowered and  
authorized to borrow money on the  
faith of the town, or the credit thereof,  
or both, and to that end provide for the  
issuance of bonds and warrants for any  
purpose which in their judgment is  
beneficial to the interests of said town,  
and to designate the manner and the  
time for the payment thereof and the  
interest thereon; provided, that the  
amount of said bonds and warrants so  
issued, shall not at any time exceed the  
sum of fifty thousand dollars; and pro-  
vided, further, that the interest on said  
bonds shall not exceed six per cent, per  
annum, and that all moneys received  
by said town for the sale of said bonds,  
shall be applied to the payment of the  
indebtedness, including the payment  
and the refunding of the \$20,000 of out-  
standing water bonds of said Town of  
Medford, and all outstanding warrants  
of every nature whatever heretofore  
issued by the board of trustees of said  
town; and also for the purpose of con-  
structing water mains, improving water  
works, providing for electric lights and  
the building and construction of sewers  
and for other useful purposes pertain-  
ing to the interest and benefit of said  
town; and provided, further, that the  
total indebtedness of the said town of  
Medford shall not in the aggregate ex-  
ceed fifty thousand dollars.

Before the indebtedness of said town  
shall be increased under the terms of  
this act, the proposition for such in-  
crease shall be submitted to a vote of  
the legally qualified voters of said town,  
and shall require a majority vote only  
for such proposed increase; and in no  
case shall any issue of town bonds be  
made or authorized without such vote.

All acts and parts of acts in conflict  
with the provisions of this act are  
hereby repealed.

## Echoes From the Street.

Horace Nicholson:—"Dick Black-  
wood says there are fully a dozen China  
pheasants up near Talent. These are  
from the few birds which Rev. Fisher  
liberated in that locality a couple of  
years ago."

Court Hall:—"I believe, judging  
from the several reports, that there  
are now fully fifty China pheasants  
scattered over the valley. Some of  
these are up near Talent, others at, or  
near Tolo, some more out on Frank  
Morine's place, at Table Rock, and John  
Barnesburg has seen three near his  
place."

P. B. O'Neill:—"I came up from the  
mines near Leland Sunday. This cold  
snap was a cincher on miners. We  
were everlastingly washing out the  
gravel but Saturday morning every-  
thing was frozen solid and we were  
compelled to shut down. We have  
made no clean-up as yet but we have  
enough gold in sight to convince us  
that the clean-up, when it is made,  
will prove very satisfactory. I was told  
before I left that there were fifteen  
feet of snow in the mountains near  
where our ditch heads. Y. s. the moun-  
tains pretty generally are well filled  
with snow. A couple or three days of  
warm weather and the pipes will be  
started again."

## An Honest Medicine for La Grippe.

George W. Walit, of South Gardner,  
Me., says: "I have had the worst cough,  
cold, chills and grip and have taken  
lots of trash of no account but profit to  
the vendor. Chamberlain's Cough  
Remedy is the only thing that has done  
any good whatever. I have used one  
50-cent bottle and the chills, cold and  
grip have all left me. I congratulate  
the manufacturers of an honest medi-  
cine." For sale by Chas. Strang, druggist,  
Medford; Dr. J. Hinkle, Central Point.

## County School Notes.

By Supt. G. A. Gregory.

\*\*\*\*\*

Nellie Towne, of Phoenix, has been  
engaged for a term of school in the  
Table Rock district, to begin February  
27th.

Extra blanks for census reports did  
not reach us from Salem, so have sent  
in another order. Hope to have them  
in time for any who need them.

Before the annual school meeting in  
March some changes affecting voters  
may be made by the legislature. If so  
attention will be called to the changes.

Carrie Sackett has been engaged to  
teach the spring term in North Pho-  
enix district to begin March 6th. She  
succeeds her sister who taught there  
last fall.

The question, "Can any one not a  
freeholder be a legal school officer?"  
has been asked. Any person who is a  
legal voter at a school meeting is el-  
ligible to any office in the district.

The next local institute will be at  
Jacksonville the latter part of Febru-  
ary. There are a number of teachers  
within easy range of that point who  
are especially invited to be present.

"Can a tax voted at a special meeting,  
the notice of which was posted and re-  
cords kept by a clerk who had ceased to  
be legally qualified, be collected?"  
We think it can. The notice having  
been posted by order of a legal board  
it is of minor importance who tacked it  
to the tree or on the school house  
door.

We once heard of a teacher who in  
making application for a position wrote  
a business like letter, and enclosed a  
stamp for a reply. She received the  
reply she wanted. We know of another  
who in writing used poor English, mis-  
spelled three words and did not enclose  
a stamp. We understand that no reply  
has yet been sent.

The W. C. T. U. of Ashland believes  
that one good turn deserves another.  
Hearing of the generous act of district  
No. 7, in giving the proceeds of their  
library entertainment to help a worthy  
young man who is blind to secure treat-  
ment that may restore his sight, they  
have donated several volumes to help  
start a library in that district.

One of the best school officers in the  
county in a letter full of good ideas,  
among other things, asks if we have  
read the article in the Ladies Home  
Journal for February entitled, "The  
Murder of the Modern Innocents," by  
Mrs. Lew Wallace. We have and wish  
that every teacher and patron in the  
county would read it. A copy can be  
had for ten cents if your neighbor has  
none.

A visit in the Talent school left the  
impression that the school is in charge  
of two teachers who are not only anxious  
to secure good results but know how to  
do it. Sickness is interfering with  
regular attendance so that some pupils  
find it difficult to keep up with classes.  
The teachers were doing what they  
could to help keep in touch with  
the work. Some rumors, concerning  
improvements to be made in the school  
building, were gladly heard. There is  
imperative need of better seating for  
the whole building and we believe the  
people will provide for it in the near  
future.

Last Friday evening the pupils and  
patrons of district 73, under the skillful  
leadership of the teacher, Miss Homes,  
gave an entertainment for school library  
purposes. The little folks were pre-  
pared with a number of songs, recita-  
tions and drills which they rendered to  
the edification and delight of the au-  
dience. Miss Warner, from the Nell dis-  
trict, assisted with two solos and a duet  
with Miss Homes. The gramophone  
manipulated by the superintendent was  
one of the attractions and received the  
hearty approval of the delighted lis-  
teners. Pupils in that district will soon  
have some good books for spare mo-  
ments.

The following four rural districts  
have libraries in hand or under way:  
Willow Springs, Independence, Belle-  
view and Nall. Several others are  
making plans and have consulted with  
the superintendent regarding assist-  
ance with the gramophone. In the  
towns, Medford has an excellent founda-  
tion for a general library and through  
the energy of Prof. Narreagan the War-  
ner library of thirty volumes and the  
Students Encyclopedia have been  
added. Ashland doubtless has the best  
school and literary reference library  
in the state south of the one at the  
state university, and now they are to  
put \$60 more into it. Gold Hill has  
started with the Students Encyclopedia  
and is preparing for more. Jackson-  
ville and Phoenix are on the way, and  
we have heard a rumor about Central  
Point. Jackson County is coming to  
the front rapidly.

## Groceries.

That word means a heap to every housewife. It means a heap more when the groceries are known to be fresh and first-class. When your wife tells you to get groceries at Davis', you better not run chances on buying them elsewhere.
