NEWS OF THE STATE.

The citizens of Roseburg are contemplating the erection of a monument to the Douglas County volunteers who have died since the war began.

G. W. Ruckman, of Alice, has sold 680 acres, 12 miles north of La Grande, to Baker City capitalists, for \$27,200. The new owners will plant sugar beets.

Wm. Casebeer, of Klamath County, is now gathering up 100 head of horses and about the middle of April he will start with the band for Dawson City, where he will place the animals on sale.

Governor Geer has appointed J. D. Lee, of Portland, superintendent of the penitentiary; J. W. Bailey, of Portland, food commissioner; B. L. Guer, of Salem, land agent; Ross E. Moore, of Salem, printing expert.

Oll Wright, of La Grande, was struck by lightning the other evening, although there was no storm at the time. He was in a bath tub, standing in water, and took hold of the electric light globe to stop it from swinging. At once he received a shock from the full current which knocked him head first on the floor.

There are mean men in Portland, as well as in all other cities, but the meanest one we have heard of in some time is the fellow who went into a Third street optician's store last week and bought a pair of glasses solely for the purpose of making a dime look as big as a half dollar to him.—Portland Welcome.

Twelve cases of scarlet fever are reported in Coquille City, and the prevalence of the malady has caused considerable excitement. The authorities have taken due precaution to keep the disease confined by quarantining houses wherein it is located. School has been adjourned and all public meetings prohibited.

A 250-ton shipment of flour went out last week from Pendleton, consigned by the Pendleton roller mills, and destined for the Orient. Another shipment of 350 tons will be made soon. The two shipments comprise over 500,000 sacks, and in the Pendleton warehouses are large quantities awaiting shipment.

A Dallas dispatch says: Hopbuyers are offering freely 12 cents for the next crop and are advancing money for expenses of the grower. In special cases 13 cents has been offered for superior hops. Horst Bros. have bought 300 acres of hop land in Polk County, and are negotiating for more, the entire amount to be immediately put in hops.

The report of the superintendent of the state insane asylum, for February, shows: Patients, Jan. 31, 1171; received during February, 34; escape returned, 1; under care and treatment, 1206; discharged, died and eloped, 28; remaining February 28, 1178. The number of officers and employes is 141. The total expenditures for the institution were \$6139.81.

Oscar Lund, of Cove, will plant this spring, a new kind of potato which he brought from Europe, and which is considered a prize variety there. He also brought a new kind of black peas, called "Veker," in Sweden, and sown with oats. It is grown on a vine similar to other peas, and is highly esteemed in Sweden as an article of horse feed. It is very prolific.

C. W. Bricker, of Dallas, is the tallest person in Polk County. He is 20 years of age, still growing, and stands 6 feet 10 1/2 inches. He has secured employment in a San Francisco museum. With him will go Jake C. Wilcox, of Ballston, who is a dwarf, 35 years of age, 52 inches high and weighing 180 pounds. Mr. Bricker is well proportioned, and weighs 225 pounds.

Says a Dallas telegram of March 14th: March weather continues with great severity. It is blowing low down on the hills and mountains, and out-range stock is suffering greatly, and spring seeding is being delayed. Fall wheat is looking good, and grass is starting. Hops are starting vigorously, and everything bids fair for a good crop except fruit, which was badly damaged.

George K. Quine, of Riddle, has instituted an action in the circuit court for Josephine County to recover \$4000 from the S. P. Co., for leading up to the capture and conviction of James Case and Albert Pool, accused of robbing one of the company's trains. The day succeeding the robbery the company offered a reward of \$2000 each for the conviction of the robbers, which reward he has been unable to collect.

State Treasurer Moore announced last week that the general fund was exhausted, and warrants would have to be stamped "presented and not paid for want of funds" until various counties pay up their state taxes, which under the new law, do not become delinquent until May 1. He thinks remittances will begin to arrive in about a month. If payments are made as rapidly and fully as in the past, the warrant indebtedness incurred between now and then will soon be wiped out.

The fact that Oregon has a state flower, the Oregon grape, seems to be not generally known, for a number of inquiries on the subject have been received at the office of Governor Geer.

"Great Haste is Not Always Good Speed."

Many people trust to luck to pull them through, and are often disappointed. Do not dilly-dally in matters of health. With it you can accomplish miracles. Without it you are "no good."

Keep the liver, kidneys, bowels and blood healthy by the use of Hood's Sarsaparilla, the faultless blood purifier. Dyspepsia—I know a positive relief for dyspepsia and that is Hood's Sarsaparilla. It cured me. My neuralgia also stopped. W. B. HALDWIN, 164 Oak Street, Birmingham, New York.

Tired Feeling—My appetite was completely lost, and I was tired. Hood's Sarsaparilla relieved it all. It cured a friend of mine of female weakness. Mrs. JESSIE A. MEAKERS, Clayton, Del.

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Senate concurrent resolution No. 4, passed January 30, provides: "Be it resolved by the senate, the house of representatives concurring, That the Oregon grape (berberis aquifolium) be and is hereby accepted as the Oregon state flower."

It is reliably reported in the country north of Pendleton, that 80 per cent of the wheat was frozen out during the last cold spell of weather. Very little wheat to the east and south of Pendleton was damaged, because snow laid on the ground to considerable extent over these areas. The frozen-out fields are being reseeded and crops will be harvested from them.

Doubleless the total yield in the county will be cut down by the action of the cold weather fully 1,000,000 bushels, or about one-fifth of the usual annual yield, as Umatilla has the distinction of producing about 1 per cent of all the wheat grown in the United States.

Grip's Ravages Doomed. So much misery and so many deaths have been caused by the grip, that every one should know what a wonderful remedy for this malady is found in Dr. King's New Discovery. That distressing stubborn cough, that inflames your throat, robs you of sleep, weakens your system and paves the way for consumption is quickly stopped by this matchless cure.

If you have chills and fever, pain in the back of the head, soreness in bones and muscles, sore throat and that cough that grips your throat like a vice, you need Dr. King's New Discovery to cure your grip, and prevent pneumonia or consumption. Price 50 cts. and \$1.00. Money back if not cured. A trial bottle free at Chas. Strang's drug store.

In Probate Court. Estate of J. W. Whitman; Betsy Whitman appointed administratrix and J. Osborne, J. Milton and H. F. Carter, appraisers. Estate of O. P. Hatfield; final settlement of administratrix approved.

In the matter of the last will and testament of Rosella Berry; order admitting will to probate; John G. Grieve appointed administrator with a bond of \$5000.

Guardianship of Roys and Homer Drum; order confirming sale of real estate. Estate of Orlaf P. Randall; order discharging administratrix.

Bravo Men Fall. Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there is no need to feel like that. Listen to J. W. Gardner, of Louisville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents at Chas. Strang's drug store. Every bottle guaranteed.

Mining Locations. J. J. Knutzen located March 2, a claim in Thompson creek district. Marion Yount located Feb 28, a claim in Gold Hill district.

John Fitzgibbon, Edward Dexter and J. D. Dexter located March 1, 20 acres each in Sams creek district. J. B. Carille and I. L. Garvin located Feb 7, a quartz claim in Wagner creek district. Thos. Cline and Wm. Gray located Feb 15, a claim in Sampson creek district.

Real Estate Transfers. Rosa Pine to Jas. Hongland 1/2 interest to lands in tp 37, r 2 w 30. Galt Hill lot 1, I. O. P. to Fannie Birdseye, a strip of land 5 feet wide on west side of lot 8, blk 15, Gold Hill, 2000.

Callie Palm to Edw. Bodge, lot 18, blk 44, Medford. Mary E. McCall to H. J. Hicks, property in Ashland. Sams to Wm. Standard, property in Ashland.

Hamlin, property in Phenix. W. J. Virgin et al. to R. M. McIntire, 1 acre in Ashland. J. E. Kelly, quartz claims. Joseph Richardson, 20 acres, sec 19, tp 37, r 1 w, excepting 1/4 acre occupied by school district. No. 10; land subject to mortgage of \$1000. John Goldsby to Walter Goldsby, 160 acres, sec 12 and 130 acres, sec 14, tp 37, r 2 w. L. L. Love to Mary M. Childers, 85 acres, sec 28, tp 36, r 2 w; subject to mortgage of \$2800.

THE PHILIPPINES.

A cablegram from General Otis at Manila, received in Washington indicates the satisfactory and agreeable reception accorded to the American troops which recently landed at the Island of Negros. They were sent there by General Miller at Iloilo in command of Colonel Smith, to take formal possession for the United States, which he did without trouble. General Otis' dispatch is as follows: "Following from Iloilo, 4th inst.: Government, congress and inhabitants of Negros to General Miller, Iloilo: We affectionately salute you and congratulate ourselves for the happy arrival of Colonel Smith and troops under his order, and beg you to send this salute and congratulations to General Otis, Manila, as representative of the Government of the United States in the Philippines. Lacon." "Otis"

Manila, March 7.—An advance was made yesterday morning by General Hale's brigade on Santolan and Marquina. The Americans met with resistance from the largest body they had yet encountered. The Colorado, Nebraska and Wyoming regiments, with eight guns of the Utah battery and two companies of the Oregon regiment were engaged. A gunboat also took part in the fighting. The Twentieth infantry was held in reserve.

The fighting spread to General Wheaton's brigade, consisting of the California, Washington and Idaho volunteer regiments and the Sixth artillery. The natives were dislodged from their position and compelled to retreat. Eight Americans were wounded. General McArthur's and General Hale's forces remain at water works.

Call Gomez a Traitor. HAVANA, March 11.—The Cuban military assembly, in public session this afternoon, impeached General Maximo Gomez and removed him from his command as general-in-chief of the Cuban army, the first ballot taken resulting in 96 votes being cast in support of the motion to impeach and remove Gomez, against four in opposition.

Climate and Crop Summary. Issued by the United States Weather Bureau at San Francisco.

The mean temperature was nearly normal, although unusually warm weather prevailed in the early part of the week, followed by colder weather and frosts. Light showers in the Sacramento valley, the coast and bay sections, and the northern portions of the San Joaquin valley were of some benefit to crops. Grain is suffering from drought in the lower San Joaquin and in Southern California, and will probably be nearly a failure. Deciduous fruits have been seriously damaged by recent frosts in portions of the great valleys. Pasture is becoming very scarce in nearly all over the state.

William A. Doucette, 23 years old, was arrested Sunday in St. Cecilia's church, Boston, on the charge of embezzling \$4000 from the collection box. Marked bills placed in the box were found on his person.

Judge Gibbons of Chicago declared that the act of the legislature in Illinois passed in 1895, giving veterans of the Civil war preference over other candidates in civil service examinations is void, because it gives a special or exclusive privilege and because it is inconsistent with the basic principles underlying the nature of our institutions.

Further details from Ichang, China, showing that the murder and torture of Father Victorien Jean del Brouck, a Belgian Catholic priest, by natives, was a most revolting one. Father Victorien was tied to a tree, pieces were cut from his thighs and eaten. Fire was applied to his body and slugs were fired into the non-vital parts. Finally he was disemboweled, and proceeding the feast which wound up the hideous orgy, the head was severed from his body.

Negotiations between the United States and the Chinese governments for compensation for the murder of the American missionary, McKeatney, by rebels at Chung King, have been brought to a satisfactory conclusion, the Chinese government according to all the demands of the United States government.

Sir Claude MacDonald, the British minister, has informed the officials of the Chinese foreign office that any attempt to repudiate the railroad contract will be regarded as a breach of faith meriting retributive measures. At the same time the minister recalled Lord Salisbury's assurances of support for China if another power attempted to force her to repudiate the contract.

Details of the terrible storm which visited Corea give the loss of life as something appalling, fully 2000 being swept away and drowned by the tidal wave at Kungsan. At Chemulpo bodies were washed ashore by the score. The harbor was strewn with wrecks, junk and debris. A stone beacon was completely washed away. The beacon was finished December at a cost of \$26,000.

Ultimatum to the Chinese. PEKING, March 11.—The Italian minister here, Signor Martini, addressed a note to the foreign office yesterday evening, making a request to take back the Italian dispatch asking for a concession, and notifying the foreign office to accept it as a demand, adding that he was willing to enter into friendly negotiations as to the details, but insisting on an answer within four days. This note was couched in courteous terms, but the Chinese regard it in the nature of an ultimatum, to which they will probably yield.

Welcome to Americans.

MANILA, March 9.—Advices from Negros Island give the details of the reception of Colonel Smith and the California troops there. The steamer St. Paul, carrying the soldiers, reached Iloilo on March 31 and found fighting in progress. After a brief delay the St. Paul proceeded to Bacolod and arrived the next day. Company A landed, with Major Sims. A native guard of honor was drawn up on the beach. President Anito Lacon of the local native government, whose party had arrived late the previous night, received the Americans. The inhabitants were amicably disposed. An American flag was already flying from an unfinished convent. All were prepared for the reception of the troops.

Later in the afternoon Colonel Smith landed. He was received with full honors by the American and native troops; a native band playing a salute on the beach. Colonel Smith was most cordially and most enthusiastically received, and as he has full power to establish a native administration under American control, it will be interesting to watch this experiment. As the landing is extremely difficult, natives carried Colonel Smith ashore from the launch in a bamboo chair, amid renewed and ringing cheers of the assembled populace. The behavior of the American troops toward the natives is admirable.

MANILA, March 12.—In all probability the coming week will see the beginning of an active campaign on a scale heretofore unknown to the Philippines. For the last few days there has been unusual activity at headquarters and there is every indication of a complete reorganization of the entire corps in the near future.

Since the arrival of the American reinforcements several changes have been made, the most important being the appointment of a divisional brigade under General Wheaton, consisting of the Twentieth and Twenty-second regiments of infantry, eight companies of the Washington and seven companies of the Oregon volunteers and three mounted troops of cavalry and one battalion of light artillery.

All the troops have disembarked. A battalion of the Fourth regular infantry is already on the firing line. The others are held in reserve.

During a rainstorm which occurred before daylight this morning the rebels on the extreme left fired several volleys at the Americans, without effect.

At daylight the rebels were caught working on enflading a trench at Calocan and were shelled by a battery. Desultory firing also took place at San Pedro Macati.

CLIMATE AND CROP SUMMARY. Issued by the United States Weather Bureau at San Francisco.

The mean temperature was nearly normal, although unusually warm weather prevailed in the early part of the week, followed by colder weather and frosts. Light showers in the Sacramento valley, the coast and bay sections, and the northern portions of the San Joaquin valley were of some benefit to crops. Grain is suffering from drought in the lower San Joaquin and in Southern California, and will probably be nearly a failure. The beacon was finished December at a cost of \$26,000.

Ultimatum to the Chinese. PEKING, March 11.—The Italian minister here, Signor Martini, addressed a note to the foreign office yesterday evening, making a request to take back the Italian dispatch asking for a concession, and notifying the foreign office to accept it as a demand, adding that he was willing to enter into friendly negotiations as to the details, but insisting on an answer within four days. This note was couched in courteous terms, but the Chinese regard it in the nature of an ultimatum, to which they will probably yield.

The Natural Cure for Indigestion.

Do you have pain in the stomach after eating? Do you have a yellow tongue? Wind on the stomach? Constipation? These things arise from Indigestion and Dyspepsia. Digestion depends on digestive fluids or ferments secreted by certain glands. When the secretion becomes insufficient, indigestion results. Dr. Williams' Pink Pills for Pale People cause these glands to resume their normal action and good digestion follows. Artificial ferments (of which most so-called Dyspepsia cures are composed) may give temporary relief, but Dr. Williams' Pink Pills for Pale People afford a permanent cure.

Poor digestion often causes irregularity of the heart's action. This irregularity may be mistaken for real, organic heart disease. A case in point: Mrs. Helen Coombs, of Indianapolis, had suffered for four years with stomach trouble. The gases generated by the indigestion pressed on the heart, and caused an irregularity of its action. She had much pain in her stomach, which was most severe at night. Doctors were tried in vain; the patient became worse, despondent, and feared impending death. She noticed that in intervals in which her stomach did not annoy her, her heart's action became normal. Reasoning correctly that her digestion was alone at fault she procured the proper medicine to treat that trouble and with a minute good result. Her appetite came back, the choking spells became less frequent and finally ceased. Her weight, which had been greatly reduced, was restored and she now weighs more than for years. That others may know the means of cure we give the name of the medicine used—Dr. Williams' Pink Pills for Pale People. These pills contain all the elements necessary to give new life and richness to the blood and restore shattered nerves. —New York, Greenbury, Ind.

Sold by all druggists or sent postpaid by the Dr. Williams Medicine Co., Schenectady, N.Y. Price, 50¢ per box; 6 boxes, \$2.50. A diet book sent FREE.

Admiral Montijo, who fought Dewey at Manila as long as he had a ship left to fight in, has been locked up in jail pending a trial for cowardice. Spain continues to be the freak nation of the earth.

The powder mills at Sauta Cruz, Calif., are to be enlarged in a short time. There are over 200 men employed at present, and the daily output is 700 kegs of blasting powder and 6000 pounds of smokeless. There are enough contracts on hand to keep the works going night and day for the next two years.

To Cure a Cold in One Day. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25 cents.

The American authorities in Manila say the city is now so effectively policed that a serious outbreak is impossible. They believe that the natives are cowed. The presence of the families of officers is discouraged, and many are leaving on board the United States transports, some going to Japan for temporary residence. Gen. Otis has remarked: "Manila is no place for women. This is war—not a picnic."

Red Hot From the Gun. Was the ball that hit G. B. Steadman, of Newark, Mich., in the Civil War. It caused horrible ulcers that no treatment helped for 20 years. Then Bucklen's Arnica Salve cured him. Cures cuts, bruises, burns, boils, felons, corns, skin eruptions. Beat pile cure on earth. 25 cts. a box. Cures guaranteed. Sold by Chas. Strang, druggist.
