

OUR COUNTY Correspondents

Eagle Point Eagle.
BY A. G. HOWLETT.
Wm. Betz is convalescing.
Mrs. Cline was in Medford last Saturday.
Messrs. Clemens and Knopfer were visiting friends in Eagle Point last week.
D. P. Mathews, who has been very low with Bright's disease, is slowly improving.
Mr. and Mrs. H. T. Severance have gone to Grants Pass to attend a campmeeting of the Holiness band.
Misses Ethel Compton and Hattie Cingode claims the honor of being the first young ladies to inspect the new school house.
Mrs. J. W. Grover and her sister, Mrs. L. Eickmeyer, went to Big Butte on Wednesday of last week to visit their brother, Wm. Perry, and family.
A. McNeil had another stroke of paralysis the first of last week. This stroke was not as severe as the former one and he is able to be around the house again.
Mrs. James I. Geary, of Mount Vernon, Grant County, arrived last week at her old home to be at the bedside of her uncle, D. P. Mathews. She says there is no place like this part of the globe.

Our new school house is being enclosed as fast as possible. The workmen have the sides up and are now working on the roof. It is the calculation to have a grand ball and basket supper in the school house on Friday evening, Sept. 1st, to raise money to help finish and furnish it.
Jos. Riley and son, James, have fixed a fine crossing on Antelope creek—work that should have been done just after the old bridge was washed away and thereby saved a great deal of time and many a poor horse from being abused. The Sugar Pine Company had the work done at a cost of about ten dollars.
Mr. and Mrs. O. McGee gave a farewell party last Tuesday night in honor of Mrs. McGee's brother, Robt. Coker, and family, who have been visiting here. For me to say that we had a good time would hardly express the idea. There were just twenty present besides the family, and with Miss Lydia Owens at the organ and ten good singers, you may rest assured that we had some good music, as well as enjoying ourselves with various games. About 10:30 light refreshments of ice cream, cake, candy and nuts were served. In spite of the protest of our old people we all remained until past midnight, and it will be some time before we forget that farewell party.

On Wednesday of last week while John Daley and J. P. Moomaw were hauling a load of hay up the hill from Eagle Point to Daley's place the wagon capsized, throwing them both off the hay down the embankment, a distance of twenty-five or thirty feet from the top of the hay to the ground—or rather rocks. Mr. Moomaw fell on the rocks, lighting on his feet and rebounding, fell on his arm and face. Mr. Daley fell through the top of a bunch of oak grubs, thus breaking the force of the fall. It was thought at first that Mr. Moomaw was killed but by the time the doctor arrived he began to show signs of life. He was quite badly hurt, although no bones were broken. Mr. D. thought he was not hurt at first but the next day he felt the effects of his fall. How either of them escaped without being killed or having some bones broken is a mystery to all.

The big traction engine put in its appearance in this section a week ago last Tuesday and a large portion of our citizens met it at the bank of the creek to see them cross. It was detained there several hours on account of one of the drive wheels sinking in quicksand. After considerable work the engine got out and ran upon the bank, then attached a chain to the train of wagons and drew them up. The next obstacle was a muddy slough which detained them quite a while and they reached here in time for supper. Sunday afternoon the engine returned with two wagons of lumber, 10,000 feet, and about two cords of wood. When they reached town

almost everybody that could, went to the ford of Little Butte to see them cross. The bottom of the creek is covered with cobble stones and boulders and the banks are soft sand. After the engine had tried the ford and banks it started across with one wagon, but when it had gotten fairly into the creek the engine could not get sufficient hold on the stones and sand so they had to leave the wagon in the creek overnight. Monday morning they succeeded in getting across and started out for Medford. When the engine came out it was accompanied by Messrs. Proudfoot, Davis and Pierce, of the Sugar Pine Company, and they seemed very sanguine of success in the undertaking.
The Best Remedy for Flux.
Mr. John Mathias, a well known stock dealer of Pulaski, Ky., says: "After suffering for over a week with flux, and my physician having failed to relieve me, I was advised to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have the pleasure of stating that the half of one bottle cured me." For sale by Chas. Strang, drugist, Medford; Dr. J. Hinkle, Central Point.

Klamath County Items.
From the Republican.
Mr. Howard, member of the firm of Wolters & Howard, crocers, of Medford, wife and his mother are camped on Spring creek this week.
Norman Nichols came down from Bonanza yesterday evening, arriving here about 9:30 o'clock, after a physician to attend Mrs. Andrew Nichols, who is seriously ill.
Miss Lola Brandon, of Merrill, who had her arm fractured about four months ago by being thrown from a wagon, went to San Francisco last week to have it rebroken and set, as she was unable to use it, on account of the elbow being stiff. She is at Dr. Lane's hospital.
Emmitt Austin, of Merrill, was in the Falls the first of the week and informs us that the cable he was going to lay across Tule lake to connect the Klamath Falls Merrill telephone line with Montage will not be laid this fall, as the cable that was to be used, which is second handed, is no good. The company will probably purchase a new one next spring.
John Bonner, of Lost river, returned last Friday from California, where he went with sixty head of horses and mules. Mr. Bonner left here the 27th of June, having eleven head of mules and forty-nine head of horses. He did not sell the whole bunch at one time but peddled them along the road, receiving for his horses prices ranging from \$8 to \$85, and he received, on an average, \$75 a head for the mules. Mr. Bonner sold all but four head of horses which he brought home with him.
A large camping party from Medford, who have been visiting all the noted places of interest and summer resorts for the past two weeks, passed through town yesterday on their way home. The party consisted of fifteen people, traveling in five wagons, and were as follows: D. T. Lawton, wife and three children and nephew, Mort Lawton, Mr. and Mrs. Meeker, Mrs. W. H. Meeker, Mrs. Medynski and daughter, Messrs. Billy Bates, Carl Sample and Clarence Meeker and Miss Ruba Kellogg, of Portland.

Klamath County was visited by a heavy rain storm last Saturday and Sunday which delayed harvesting for several days. In the Wood river section the heavy rain caused some damage to the hay, as there was a large amount down which was not dry, and the stacks that are not completed were badly soaked with water. On and near the mountains there was a heavy snow storm all day. There has been an entire absence of warm weather during the week. On Monday night a heavy frost did a great deal of damage all over the county.

Talent News Items.
Mr. and Mrs. A. Alford, of Talent, started for Klamath County on Monday.
Mrs. F. Wilcox and Miss Bertha Wilcox visited Medford the first of the week.
Messrs. Carlile and Garvin are out on a prospecting tour for a couple of weeks.
D. Anderton, of Anderson creek, was at Medford the first of the week on business.
N. D. Brophy is hauling the lumber for the Anderson creek school house this week.
Up to the present time there has been about 8000 bushels of wheat stored in the warehouse of Helms & Son.

John Canway and E. Brooks were up above Ashland last week prospecting. They report having located a mine that they think is very rich.
Mrs. DeCroot and Mrs. Birge, of Medford, came up the first of the week to visit with Misses Anna Jeffrey and Sallie Griffin. Miss Jeffrey is recovering from a severe attack of typhoid fever.

—If you want clean, fresh vegetables, go to G. L. Davis.
—Superior job printing at this office.

A Free Trip to Paris!

Suitable persons of a mechanical or inventive mind desiring a trip to the Paris Exposition, with good outfit, and a chance to win prizes, will be glad to accept a challenge to win the first prize.

ROYAL BAKING POWDER

ABSOLUTELY PURE
Makes the food more delicious and wholesome

ROYAL BAKING POWDER CO., NEW YORK.

is a son of Mr. and Mrs. H. D. Austin, formerly of Oakland, Calif., but now living on the Edgar Ball ranch, near Merrill. He is interested in the Klamath Falls-Merrill telephone line.
He Died—But Still Lives.
From the Pendleton East Oregonian.
One of the most peculiar experiences ever recorded was that of Tom Scott, an aged resident of this place. Mr. Scott is 79 years old and has lived in this region for 49 years. He has been sick with a complication of heart and stomach troubles, and under constant watchfulness for many days. R. M. O'Brien has been one of the watchers and he relates the story, which will appear to everyone as remarkable.
Mr. Scott was gradually sinking, and two mornings ago at a few minutes after midnight made up his mind that he was dying. He resigned himself to his fate, and settled himself to receive the summons to travel to that mysterious realm from which one is supposed never to return. To all intents and purposes, he did actually travel part of the way toward that realm, and literally "wrapped the drapery of his couch about him, and lie down to pleasant dreams."
His feet and hands gradually grew colder, and for a time there was a complete cessation of animation. His pulse ceased to beat, indicating that the heart had given up its function. The coldness of feet and hands crept upwards, until there was left not a sign that life remained within the body. He was given up for dead.
But Death, which apparently had decided to claim this aged traveler along life's roadway, altered his plans, and once again life began to appear in the wasted body, and in a few hours Mr. Scott was in better health than he had enjoyed for several weeks. He arose from the large chair in which his heart trouble had compelled him to remain, instead of a bed, and went about the house in his usual manner. In speaking of the experience, Mr. Scott said:
"In a sense, I have died and gone through all the sensations of death. Of course, I was not dead. But I firmly believe that I experienced every feeling of one who really dies. And now I must pass through these experiences again, for I must die very soon. Having had this experience, I now know exactly what it is to die, and when the time comes for me really to die, I know what to look forward to."
His Life Was Saved.
Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular size 50 cents and \$1.00. Trial bottles free at Chas. Strang's drug store; every bottle guaranteed.

From the Republican.
The Southern Pacific railroad will make a half rate for all exhibits of goods sent to the National Export exposition, which opens in Philadelphia, September 14. Goods will be transported at the ordinary rates and returned free.
The tunnel being bored through the Cascade mountains, Wash., by the Great Northern railway, is being worked from both sides and will be completed in 1901. It will be nearly 14,000 feet long, through solid granite, and needs no timbering.

Ask your Druggist for a generous 10 CENT TRIAL SIZE.
Ely's Cream Balm
COLD IN HEAD
Relieves Inflammation. Alleviates the Acute Stages of Croup, Croup, Whooping Cough, Sore Throat, and all other affections of the Throat, Nose, and Lungs. It is quickly absorbed. Gives Relief at once. It opens and cleanses the Nasal Passage. Relieves the Headache and restores the Sense of Taste and Smell. Full Size 50c; Trial Size 10c; at Druggists or by mail. ELY BROTHERS, 54 Warren Street, New York.

WASHINGTON, August 16.—Secretary Root has been in consultation with the officers of the quartermaster's department with a view to hastening the movement of the Philippine re-enforcements, and as a result he, this afternoon directed that four additional transports be chartered. They are the Puebla, Belgian King, Columbia and Charles F. Nelson. These four ships have a capacity of 2550 men. The Puebla is now at San Francisco and the Columbia at Portland, Or. The other two vessels are expected to arrive at San Francisco in about ten days, and it is expected that all of them will be ready to sail for Manila by September 10.
WASHINGTON, August 16.—It was stated at the war department today that a vessel has been scoured in New York to carry to the Philippines the Strass-Dudley dynamite guns recently procured for General Otis' army and ammunition for their use. The war department experienced considerable difficulty in arranging for the transportation of these guns and dynamite. It was considered inadvisable to send them on army troopships, and freighters refused to carry them from San Francisco. The name of the transportation company and vessel have been withheld by the chief of the bureau of ordnance, but it is said that the vessel will carry the ordnance from New York to Hongkong, and that it will then be conveyed to Manila by another vessel.

GROVES
MAKES CHILDREN'S FAT AS SUGAR
TASTELESS CHILL TONIC
IS JUST AS GOOD FOR ADULTS. WARRANTED. PRICE 50c. GALATTA, ILL., Nov. 16, 1898.

The Doctor does not claim to perform any miracle, but he will guarantee to cure every case of the above diseases, or to refund the money. He will guarantee a POSITIVE CURE in every case, or his name is not Dr. Jordan.
Trusses fitted by an Expert. Medical Advice given free of charge. A sure and reliable treatment of all diseases of the prostate gland, bladder and kidneys. Dr. Jordan's special painless method.
BY MAIL. A sure and reliable treatment of all diseases of the prostate gland, bladder and kidneys. Write for book, FREE OF CHARGE. DR. JORDAN'S GREAT MUSEUM OF ANATOMY, 1081 MARKET ST., SAN FRANCISCO, CAL.
DR. JORDAN & CO., 1901 Market St., S. F.

More Regiments Probable.
While it has been definitely determined to raise five additional volunteer regiments, it is known that the secretary of war has under consideration at present still another increase, and may determine to enlist seven or even ten in addition to the 13 regiments authorized by the president some time ago. Should seven more regiments be recruited, the total volunteer force for the Philippine service will be an even 20 regiments, making an aggregate volunteer force of 27,100 men. The raising of ten or more regiments would mean a total of 28 regiments, or an aggregate, including regular troops of nearly 62,000.
"The policy of the war department," said Secretary Root, "is to furnish General Otis with all the troops and supplies that he can use and which are necessary to wind up the insurrection in the Philippines in the shortest possible time."
Dillon, Montana, has voted \$75,000 bonds to build a water works system.
The Canadian parliament has voted \$268,500 to be expended "for the encouragement of immigration."
Intelligence has been received from the French Sudan indicating that Lieutenant Klopp and Lieutenant Mounier, who were sent to take command of a column of troops there, have both been assassinated. The assassinated officers were sent out to replace Captain Voules, and Captain Chanonine, who were recalled for barbarous cruelties to the natives. A Paris paper prints a story according to which the assassinated officers were killed by order of Captain Voules out of revenge. Lieutenant Klopp having been killed, Lieutenant Mounier being the means of his recall by undertaking an inquiry into the charges of barbarity

THE PHILIPPINES.

OSBU, August 18.—General John C. Bates met the Sultan of Sulu at Malibu on Monday to discuss the new treaty between him and the United States. Bates has been waiting several weeks, but was unable to secure a meeting because the sultan objected to coming to Jolo. Finally the sultan sent his brother to see Bates on Saturday and authorized him to negotiate a treaty with the Americans.
This convention contains 15 articles, which are based principally on the Spanish treaties. The treaty guarantees non-interference with religious customs, American protection, and provides for American sovereignty. The sultan opposed the articles requiring him to fly the American flag when abroad and giving Americans the right to occupy convenient points for military purposes. The negotiations were not concluded on Saturday. On Monday Bates went to Malibu on the Charleston.
MANILA, Aug. 17.—Eight hundred insurgents attacked Angeles this morning, but the Twelfth regiment drove them into the mountains. Three ditched locomotives were captured. None of the American troops were injured. The insurgent loss is not known.
WASHINGTON, August 18.—Another sharp engagement between MacArthur's command and the insurgents was reported to the war department in the following dispatch from General Otis:
"MANILA, August 16.—Adjutant-General, Washington: MacArthur's troops occupy the country from Candalla to a point near Angeles, thence toward Porac, taking within his line Santa Arto, Guagua and Bacolor. Colonel Smith, with 10 companies of the Twelfth infantry and two guns of the First artillery, today attacked a force of the enemy entrenched on the outskirts Angeles estimated at 2500, driving them to the north and inflicting upon them reported loss of 200 killed and wounded; our loss was two killed and 12 wounded. "On the 11th inst. General Young's troops, consisting of a detachment of Fourth Cavalry, Twenty-first infantry, Twenty-fourth and Twenty-fifth infantry, drove the insurgents northeast of Manila through Maraguina, San Mateo into the mountains. Returning the following day a column of insurgents, 500 strong, descending a road east of Balinaug for the purpose of taking the railway, was encountered and routed. This force is in full retreat northward, carrying a number of their officers. Angeles will be permanently occupied at once."
O. T. Spencer of Kentucky, a reporter of the Manila Times, was killed yesterday during the fight at Angeles.

Boils and Pimples Give Warning.

NATURE IS APPEALING FOR HELP.

When Nature is overtaken, she has her own way of giving notice that assistance is needed. She does not ask for help until it is impossible to get along without it. Boils and pimples are an indication that the system is accumulating impurities which must be gotten rid of; they are an urgent appeal for assistance—a warning that can not safely be ignored. To neglect to purify the blood at this time means more than the annoyance of painful boils and unsightly pimples. If these impurities are allowed to remain, the system succumbs to any ordinary illness, and is unable to withstand the many ailments which are so prevalent during spring and summer.

Mrs. L. Gentle, 2004 Second Avenue, Seattle, Wash., says: "I was afflicted for a long time with pimples, which were very annoying, as they disfigured my face fearfully. After using many other remedies in vain, S. S. S. promptly and thoroughly cleansed my blood, and now I rejoice in a good complexion, which I never had before."
Capt. W. H. Dunlap, of the A. G. S. R. R., Chattanooga, Tenn., writes: "Several boils and carbuncles broke out upon me, causing great pain and annoyance. My blood seemed to be in a vicious condition, and nothing I took seemed to do any good. Six bottles of S. S. S. cured me completely and my blood has been perfectly pure ever since."

S. S. S. FOR THE BLOOD

is the best blood remedy, because it is purely vegetable and is the only one that is absolutely free from potash and mercury. It promptly purifies the blood and thoroughly cleanses the system, builds up the general health and strength. It cures Scrofula, Eczema, Cancer, Rheumatism, Tetter, Boils, Sores, etc., by going direct to the cause of the trouble and securing out all impure blood.
