

OUR COUNTY . . . Correspondents

Eagle Point Eagles. BY A. C. HOWLETT. J. J. Fryer made a business trip to Talent last week. Born—To Mr. and Mrs. Emanuel Pool, Oct. 8th, a daughter. Mr. and Mrs. F. Brown and sister, Miss Bessie, left on the excursion for Portland. J. J. Fryer reports having seen three China pheasants in this locality last week. David Cingoid has been hauling posts from Round Top, and is preparing to sub-divide his place. Mr. Wolters and family, of Prospect, were the guests of Rev. J. P. Moomaw on Tuesday night of last week. Mr. Van Vleet has been at work on the windows and doors in the upper story of our school house during the past week. Alfred Gordon, mother and sister were in town Sunday, on their way to Central Point to attend the funeral of Mrs. Freil. Our school will commence next Monday morning at nine o'clock, with Prof. Haselton as principal and Robert Jonas assistant. I am glad to be able to announce that D. P. Mathews, who has been ill for a long time with Brights disease, is able to be around again. He was in Medford Saturday. Rev. J. P. Moomaw returned from Albany on Tuesday of last week, where he had been as a delegate from the Jackson County Dunkard Association to the State Association. On Tuesday night of last week Mrs. A. M. Thomas gave a rag tacking party at her home and the result was a big lot of carpet rags sewed and a good social time enjoyed by the ladies present. Alonzo Noa and family, of Idaho, son-in-law of Mrs. Kelsey, arrived here last Saturday and stopped over night with Mrs. N's sister, Mrs. Cline. They proceeded to Mrs. Kelsey's on Sunday morning. A party from Talent, among whom were Mr. and Mrs. Jeff. Bell and Miss Anna Jeffrey, were on Butte creek Saturday night on a fishing excursion, but did not meet with much success. Miss Jeffrey remained and is now the guest of Mrs. O. McGee. There was a party out from — on a fishing excursion last week, and I am told that they fired off nine charges of dynamite in Butte creek, and the result is that there are scores of dead fish in the creek now. The next grand jury may take notice of the affair. Last Friday night Mark C. Munson, of Roseburg, spent the night with us. He is traveling in the interest of the Congregational Sunday School and Publishing Company, and reports having good success in organizing Sunday schools in different localities. He organized one in the Liberty school district last Sunday. There are quite a number of the Klamath County folks passing through this place, going to and from Medford, procuring supplies for the coming season. Mr. and Mrs. Culbertson, Mr. and Mrs. Hill, Dr. and Mrs. Pletcher, Ralph Newman and Mr. Lawson, besides a number of others, passed through our town last week en route to Klamath County. On Monday of last week W. J. Compton came near having a fire that would have resulted disastrously had it not been for one of our citizens, Joe Riley, who discovered the blaze. Mrs. C. had sent one of her little twins, aged four years, up stairs on an errand and she concluded to light the lamp. In her effort she broke the lamp chimney and then hid the match in a crack between the boards where the paper was torn. The result was that in a short time some clothing that was hanging on the wall caught fire, but Mr. Riley ran up stairs and knocked the board off and extinguished the fire before any serious damage was done, except burning a few articles of apparel. One day last week I made my annual trip to Nick. Young's garden where he takes pleasure in showing his visitors the different kinds of vegetables and fruit that

he can raise on sticky where water can be utilized. It is useless for me to enumerate the different kinds and quality of eatables, all the way from groundcherries to squashes as large as a wash tub, besides peaches and pears of the finest quality. While the most of his neighbors had their vines bitten by the frost, his vines are all green and vigorous. When those two ditches, taken out of Rogue river, reach this valley and the farmers learn to properly use water, our sticky land will prove to be the most valuable land in the valley. There was a genuine surprise party at the residence of Mrs. S. Perry last Sunday night, intended as a farewell party, as Mrs. Perry and her daughter, Mrs. L. Rickmeyer, leave this week for Washington. There were present on the occasion Mr. and Mrs. W. J. Compton, Earl and Ethel Compton, Mr. and Mrs. O. McGee, Miss Anna Jeffrey, Mrs. R. L. Friend, Grace Cureton, Wilbert Ashpole, Alfred Gordon, Austin Green, Mrs. A. M. Thomas, Mrs. Howlett and three daughters. The company met at W. J. Compton's and marched in a body to the residence of Mrs. Perry, and the first that the inmates of the house knew of their presence was the singing of the serenade song. At the close of the song Mrs. Perry invited the company in and the evening was spent in music, songs and recitations by the children. Light refreshments were served and a very enjoyable time was had. What is Shiloh? A grand old remedy for coughs, colds and consumption; used through the world for half a century, has cured innumerable cases of incipient consumption and relieved many in advanced stages. If you are not satisfied with the results we will refund your money. Price 25 cts., 50 cts. and \$1.00. Sold by Chas. Strang, druggist. Klamath County Items. From the Republican. Mr. Geo. Offield and Miss Winnifred Brown were united in marriage on Sunday, the 1st inst., at the residence of the bride's father, R. M. C. Brown, at Round Lake. A herd of 369 cattle belonging to Mitchell Bros. were driven through Klamath Falls yesterday morning en route to Montague, from whence they will be shipped to the Oakland market. Mr. Bonner, a prospective rancher who lives a few miles out, was in town yesterday. Mr. Bonner's success in raising barley this season undoubtedly beats all competitors and "takes the cake." On 14 acres he raised 1181 bushels. This would be over 80 bushels to the acre. The fore part of the week warm fires were necessary to comfort. Frosts lay thick on walks early Monday morning and the anatomy of the house fly became stiff and cadaverous. In the chilly dawn man walked along humped up as though he had been struck by a 13-inch projectile. Everything suggested preparations for winter. From the Klamath Falls Express. A. E. Austin and wife, of Merrill, were in the Fall City yesterday on their way to Medford to reside. Wm. Flackus and his brother, of Dairy, are at work this week repairing the bridge across Link river. J. G. Pierce returned Saturday from Ashland accompanied by his father, L. J. Pierce, of Forestville, N. Y. Fred Adams and family returned from Rogue river valley last Thursday, where they have been on a visit for the past month. Miss Lizzie Moreland, of Jackson County, was in town last Saturday from the lower Swan lake school, which she is teaching. She accompanied C. C. Low, at whose place she is stopping. John Callahan and wife, of Bonanza, were in town Monday on their way to Medford. They were accompanied by Miss Tillie Callahan, who is staying at the Esmond, taking care of her brother, Patsy Callahan, who is sick with typhoid fever. Young Mothers. Croup is the terror of thousands of young mothers because its outbreak is so agonizing and frequently fatal. Shiloh's Cough and Consumption Cure acts like magic in cases of croup. It has never been known to fail. The worst cases relieved immediately. Price 25 cts., 50 cts., and \$1.00. Sold by Chas. Strang, druggist. Brownsboro Items. BY REBECCA. Mordian Hesse, of Canby, Calif., was the guest of Ed. Mills one night last week. Mrs. F. M. Cox, of Big Butte, is visiting her daughter, Mrs. Charles Prall, of Central Point. John Ragsdale, late of Alaska, returned to Jacksonville Monday, after visiting old friends above Lake Creek. Mr. and Mrs. Culbertson and family, of Ft. Klamath, spent Tuesday

night here, the guest of her sister, Mrs. J. K. Bell, and family. We are sorry to announce that our good neighbors, V. Combest and family, left Monday morning to find a new location, either in this valley or in the Willamette valley. Mrs. S. A. Carlton, of Wellen, Mrs. J. W. Curry, Mrs. H. G. Nicholson and Mrs. H. E. Boyden, of Medford, passed through here one day last week on their way to Geo. Nichols', of Lake Creek, to help welcome home the happy bride and groom. Mr. and Mrs. Garrett, who were recently married in Jacksonville. Mrs. Garrett was formerly Miss Lucinda Nichols, a very popular young lady of that vicinity. Friends here are tendering congratulations. Many a Lover Has turned with disgust from an otherwise lovable girl with an offensive breath. Karl's Clover Root Tea purifies the breath by its action on the bowels, etc., as nothing else will. Sold for years on absolute guarantee. Price 25 cts., 50 cts. Sold by Chas. Strang, druggist. Forest Creek News. BY OPERA. Grandma Winingham has been in very poor health of late. Cal. Winingham has moved to the Sunset mine, where he has employment. Capt. Ruch, of Wedgeville, and A. W. Sturges left Monday morning for Portland. Rev. Hoxie, of Williams creek, preached on Forest creek the first Sunday in this month. John Winingham is home from Klamath County, where he and J. Davis put up 280 tons of hay. We are informed that the family of W. H. Bostwick, of Bishop creek, are having considerable sickness of late. Fred Knox, of lower Applegate, and a butcher from Grants Pass, were in this vicinity one day last week. Jas. Davis has purchased a mine with pipe and equipments on the Right fork. We did not learn the price paid. Mr. and Mrs. Armpriest were doing trading in Jacksonville and visiting with L. D. Minear and family one day last week. Walter Armpriest is quite sick with malaria fever and dysentery. Little Mabel was very sick last week but is recovered. Jos. Gouldsby and family have moved to the Coffman ranch, on Forest creek, which he has leased for a term of five years. Rev. Eby will not preach here next Sunday, as announced, as he will attend the Dunkard love feast, at their church near Talent. Mr. and Mrs. Geo. Howland returned from Portland one day last week, where they have been visiting Mrs. H's parents in that city. J. D. Pearce and sons are repairing their big reservoir, preparatory to mining this winter. We would like to see a mining boom this winter—it would help the farmers as well as the miners. Jas. Armpriest, of Forest creek, would like to trade a good milch cow for good corn; also would like to inquire after some good alfalfa pasture for cattle and price per month. Address him at Jacksonville. Marysville, Cal., is building an artificial ice plant. Orders in all lines of business are more plentiful than material to fill them with at present. About 30,000 inches of water have been developed in southern California during 1898 and 1899. Salt Lake, Butte and Anaconda now have telephonic connection. Water and scrap iron are the two scarcest things in California at present. I. H. Thomas, horticultural commissioner of the Visalia district, has made a report to the board of supervisors for August and September. Thomas says he finds the orchards have broken all previous records for crops and that about one-fourth more fruit was raised than was anticipated by the most sanguine growers. A naphtha launch belonging to Alexander Uedemann exploded at the mouth of the St. John's river, Fla., and catching fire was totally consumed. Uedemann is supposed to be drowned. W. White, one of the party, was badly burned about the face and head. Ed. Uedemann is also burned, but not seriously. At Ventura Robert L. Hill, convicted of murder in the second degree, still occupies a cell in the county jail. For the second time Judge Day granted a stay of sentence through the intervention of the condemned man's attorneys, who are fighting for a new trial. The Idaho and North Dakota volunteers were mustered out of service at San Francisco last week and left for their homes. Lily Indorf, an inmate of the Stockton hospital, committed suicide by strangling herself while insane. Orders were received at Vancouver Barracks (Wash.), Saturday, for the Thirty-fifth infantry to embark on board the transports Rio Janeiro and Sikh for the Philippines. —Legal blanks at THE MAIL office.

DON'T LIKE COSTA RICO. EDITOR MEDFORD MAIL:—According to promise I drop you these few lines for the benefit of my friends who I know are anxious to hear from Costa Rica, but am sorry to tell them that I failed to get there, as when I got to New Orleans it was quarantined against Costa Rica, because of yellow fever and the authorities couldn't let me go for two weeks and perhaps four, and there was yellow fever in New Orleans so I thought it was time for me to get out when I could. And let me say to my Oregon friends—be contented to stay on the Pacific coast for they can't beat it for a pleasant home to live in and enjoy the comforts of life, and that I saw and learned enough in New Orleans to convince me that I do not want to live in Costa Rica. I wouldn't take my family among such a low, degraded class of people to live for all the wealth the country has. The country and climate may be all right when you get there but the class of people you would have to associate with would sicken you if you thought anything of yourself and family. My impression of Costa Rica is largely gotten from what I saw in New Orleans. The people there are very much mixed. There are too many filthy and lazy people there to suit me. In Costa Rica there must be more of them as there are fewer white people there. I don't think it a fit place for a man to go with a family. I don't wonder at them having yellow fever in New Orleans, or any other loathsome disease. It is the filthiest place I was ever in—and I have traveled considerable. The country is wet and swampy and full of mosquitoes. The hottest night I have experienced in twenty-six years was during my stay in New Orleans. I was there three days and was glad when I got away, but for all that I would have gone to Costa Rica if I could have gotten there. I am now at Santa Rosa, Calif., and will remain here some time. This is a pretty place—reminds me of the Rogue river valley. Yours Respectfully, POLK HULL.

S. S. S. GOES TO THE BOTTOM. Promptly Reaches the Seat of all Blood Diseases and Cures the Worst Cases. In every test made S. S. S. easily demonstrates its superiority over other blood remedies. It matters not how obstinate the case, nor what other treatment or remedies have failed, S. S. S. always promptly reaches and cures any disease where the blood is in any way involved. Everyone who has had experience with blood diseases knows that there are no ailments or troubles so obstinate and difficult to cure. Very few remedies claim to cure such real, deep-seated blood diseases as S. S. S. cures, and none can offer such incontrovertible evidence of merit. S. S. S. is not merely a tonic—it is a cure! It goes down to the very seat of all blood diseases, and gets at the foundation of the very worst cases, and routs the poison from the system. It does not, like other remedies, dry up the poison and hide it from view temporarily, trace of taint, and rid the system of it forever. Mrs. T. W. Lee, Montgomery, Ala., writes: "Some years ago I was inoculated with poison by a nurse who infected my babe with blood taint. I was covered with sores and ulcers from head to foot, and in my great extremity I prayed to die. Several prominent physicians treated me, but all to no purpose. The mercury and potash which they gave me seemed to add fuel to the awful flame which was devouring me. I was advised by friends who had seen wonderful cures made by it, to try Swift's Specific. I improved from the start, as the medicine seemed to go directly to the cause of the trouble and force the poison out. Twenty bottles cured me completely." Swift's Specific.—S. S. S. FOR THE BLOOD.—Is the only remedy that is guaranteed purely vegetable, and contains no mercury, potash, arsenic, or any other mineral or chemical. It never fails to cure Cancer, Eczema, Scrofula, Rheumatism, Contagious Blood Poison, Tetter, Boils, Carbuncles, Sores, etc. Valuable books mailed free by Swift Specific Company, Atlanta, Ga. Volunter Army Almost Complete. WASHINGTON, October 7.—The total number of recruits obtained for the 12 volunteer regiments last called out is 14,188, including 335 men secured yesterday. The Thirty-eighth, Thirty-ninth, Forty-fourth, Forty-fifth and Forty-sixth regiments are fully organized, and the Fortieth, Forty-second, Forty-third, Forty-seventh and Forty-eighth each have more than 1000 men. The Forty-first and Forty-ninth are the only regiments not yet up to the 1000 mark. Less than 1500 men are needed to complete the organization of the entire volunteer army as now authorized. For Catarrh, Hay-Fever, Cold in Head. ELY'S CREAM BALM is a positive cure. Apply into the nostrils. It is quickly absorbed, so cents at Druggists or by mail: samples 10c. by mail. ELY BROTHERS, 56 Warren St., New York City. Preserves. —fruits, jellies, pickles or catsup are more easily, more quickly, more healthfully sealed with refined Paraffine Wax than by any other method. Dozens of other uses will be found for Refined Paraffine Wax in every household. It is clean, tasteless and odorless, and acid proof. Get a pound cake of it with a list of its many uses from your druggist or grocer. Sold everywhere. Made by STANDARD OIL CO. Thousands are Trying It. In order to prove the great merit of Ely's Cream Balm, the most effective cure for Catarrh and Cold in Head, we have prepared a generous trial size for 10 cents. Get it of your druggist or send 10 cents to ELY BROS., 56 Warren St., N. Y. City. I suffered from catarrh of the worst kind ever since a boy, and I never hoped for cure, but Ely's Cream Balm seems to do even that. Many acquaintances have used it with excellent results.—Oscar Ostrum, 45 Warren Ave., Chicago, Ill. Ely's Cream Balm is the acknowledged cure for catarrh and contains no cocaine, mercury nor any injurious drug. Price, 50 cents. At druggists or by mail. VISIT DR. S. S. S. GOES TO THE BOTTOM. Promptly Reaches the Seat of all Blood Diseases and Cures the Worst Cases. In every test made S. S. S. easily demonstrates its superiority over other blood remedies. It matters not how obstinate the case, nor what other treatment or remedies have failed, S. S. S. always promptly reaches and cures any disease where the blood is in any way involved. Everyone who has had experience with blood diseases knows that there are no ailments or troubles so obstinate and difficult to cure. Very few remedies claim to cure such real, deep-seated blood diseases as S. S. S. cures, and none can offer such incontrovertible evidence of merit. S. S. S. is not merely a tonic—it is a cure! It goes down to the very seat of all blood diseases, and gets at the foundation of the very worst cases, and routs the poison from the system. It does not, like other remedies, dry up the poison and hide it from view temporarily, trace of taint, and rid the system of it forever. Mrs. T. W. Lee, Montgomery, Ala., writes: "Some years ago I was inoculated with poison by a nurse who infected my babe with blood taint. I was covered with sores and ulcers from head to foot, and in my great extremity I prayed to die. Several prominent physicians treated me, but all to no purpose. The mercury and potash which they gave me seemed to add fuel to the awful flame which was devouring me. I was advised by friends who had seen wonderful cures made by it, to try Swift's Specific. I improved from the start, as the medicine seemed to go directly to the cause of the trouble and force the poison out. Twenty bottles cured me completely." Swift's Specific.—S. S. S. FOR THE BLOOD.—Is the only remedy that is guaranteed purely vegetable, and contains no mercury, potash, arsenic, or any other mineral or chemical. It never fails to cure Cancer, Eczema, Scrofula, Rheumatism, Contagious Blood Poison, Tetter, Boils, Carbuncles, Sores, etc. Valuable books mailed free by Swift Specific Company, Atlanta, Ga. Volunter Army Almost Complete. WASHINGTON, October 7.—The total number of recruits obtained for the 12 volunteer regiments last called out is 14,188, including 335 men secured yesterday. The Thirty-eighth, Thirty-ninth, Forty-fourth, Forty-fifth and Forty-sixth regiments are fully organized, and the Fortieth, Forty-second, Forty-third, Forty-seventh and Forty-eighth each have more than 1000 men. The Forty-first and Forty-ninth are the only regiments not yet up to the 1000 mark. Less than 1500 men are needed to complete the organization of the entire volunteer army as now authorized.
