I was constantly coughing and trying to expel something which I could not. I became alarmed and after giving the local doctor a trial bought a bottle of Chamberlain's Cough Remedy and the result was immediate improvement, and after I had used three bottles my lungs were restored to their healthy state.—B. Facts Women

Any article, whatever its merit, must be made known to the public by means of advertising. Advertising, however, though it can do much for a thing, cannot do everything. It may create a sale for a time, but in order to insure a lasting demand the thing advertised must have solid worth.

This is the case with Lydia E. Pinkham's Vegetable Compound. It has solid worth.

Women everywhere have learned this fact, and the result is that there is a lasting and absolutely unequaled demand for it. It has the largest sale of any remedy for female ills in the

of any remedy for female ills in the world, and this has been the case for

world, and this has been the sase for years.

The reason for this is that Mrs. Pinkham claims nothing that she is not entitled to claim. She can do all that she says she can do, and her twenty years of experience make her advice invaluable. Her experience has been not only long but world-wide, and she has helped more women back to health than any one else in the world. These facts should, and do, have immense weight with all sensible women. Remember these are not wild statements but solid facts.

Facts About the Good Being Done by Lydia E. Pinkham's Vegetable Compound in Cases of Change of Life, Bearing-Down Pains, Etc.

"I had falling, inflammation and ulceration of the womb; backache, bearing-down pains; was so weak and nervous that I could not do my own work; had sick headsohe, no appetite, numb spells, hands and fest cold all the time. I had good doctors, but none of them did me any good. Through the advice of a lady friend I began the use of Lydis E. Pinkham's Vegetable Compound, and after taking one bottle I felt greatly relieved, and by the time I had used several bottles was completely cured, so that I could do my work again. I am now passing through the change of life and using your Compound. It helps me wonderfully. I wantevery suffering woman to know what your medicine has done for me."—Mss. W. M. My trouble was childbed fever. The third day after my babe was born I took a chill, which was followed by a high fever. I would perspire until my clothes were as wet as though dipped in a tub of water. The chills and fever kept up for three days. My daughter got me a bottle of your Compound. The fourth does atopped the chills, and the fever also disappeared. My life was saved. My age at this critical time was fortynine."—Lydia E. Bouchen, Etna, Pa.

He Realises in His Own Experience Something He Had Often Read Of. "When there arose in the household a question as to the expenditure of money, question as to the expenditure of money, for a purpose that to me seemed a luxury we could not afford and should not indulge in," said Mr. Gentleby, according to the New York Sun, "I opposed it vigorously. I am not so sure but what some of my vigor arose from the fact that the money to be spent would come out of my own pocket; but I was right about it, anyway. It would have been an unwise and unreasonable expenditure for us to make, and I knew it, and I resisted it to the extent of re-

it, and I resisted it to sure fusing to make it.

"And then I made a great mistake. After I had got it all settled for good reasons, and finally and distinctly had reasons, and finally and money, then, refused to spend the money, then, moved by Mrs. Gentleby's continuous discussion and by my own desire to please her, I said all right, we'd spend the money.
