The traction engine with three wagons passed through here last week en route to Medford. They had considerable difficulty in crossing Butte creek, as the ford is very rough and the bank on the south side is sand, and the large wheels are not adapted to such soft ground.

The farmers in this section of the county have been making a raid on the squirrels and the result is that they are getting quite scarce. If the county court would offer a bounty for squirrel tails, there would be a great deal of grain saved, that is now being destroyed by them.

The rain last Friday evening did a vast amount of good to the crops, as there seemed to be a need of rain; but now the farmers and gardeners are feeling secure and we hope for warmer weather. There are prospects for a large crop of onions in this vicinity as several of the farmers have made a specialty of them this season.

Bismarck's Iron Nerve Was the result of his splendid health. Indomitable will and tremendous energy are not found where stomach, liver, kidneys and bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25 cents at Chas. Strang's drug store.

Last fall I sprained my left hip while handling some heavy boxes. The doctor I called on said at first it was a slight strain and would soon be well, but it grew worse and the doctor then said I had rheumatism. It continued to grow worse and I could hardly get around to work. I went to a drug store and the druggist recommended me to try Chamberlain's Pain Balm. I tried it and one-half of a 50-cent bottle cured me entirely. I now recommend it to all my friends.—P. A. Babcock, Erie, Pa. It is for sale by Chas. Strang, druggist.

Kalama, the housekeeper of the late Alfred Carter, who died at his home on Forest creek a short time ago, died Thursday at the county hospital, aged about sixty years. Her once great tribe is now almost extinct. A few yet survive on the Siletz reservation, and there is but one now living in Jackson County.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work."

The chamber of commerce is in receipt of several letters from members of the California delegation in congress, showing that their undivided support would be given to the movement inaugurated by the chamber, co-operating with the state board of trade, to secure for the state its proportional amount of attention in the direction of surveys of public lands. So behind hand have these surveys been for many years that many claimants on mineral and homestead lands have been unable to make proper filings or proofs.

Summer Resorts.

To the mountains our people in increasing numbers yearly look for those days of relaxation and recreation necessary to maintain the human machine in fair working condition. The laudable aim of the seashore provinces very seductively while it lasts, but many have decided that the annual outing should provide not only radical change of air and surroundings, but also such stimulation of flagging energies as will provide brawn and vigor for the return to labor. For this they urge the mountain climb and ramble, the balsam of the mountain pines, and the clear, unadulterated mountain air.

In this direction the Shasta Route now affords a wealth of attractions. The entire line of road from Ashland to Redding is studded with charming and accessible hotels and camps, where cheer and comfort and healing at reasonable cost, and where you can hunt, fish, ride, loaf, or play with equal facility.

Or if you look for healing waters, none better can be found, hot or cold, than the springs of Ashland, Coalinga, Anderson, Bartlett, Byron and Paso Robles.

Before visiting Europe, the people of the Northwest should see the glories of Yosemite Valley, and the wondrous groves of Mariposa and Calaveras; the Parisians are likely to make inquiries concerning these attractive resorts.

Send to Mr. C. H. Markham, General Passenger Agent, Portland, for new booklets on Castle Crags, Shasta Springs, Mt. Hood River, Yosemite, and excursion rates thereto.

Youthful Diplomacy.

The grocery man on the corner relates that a couple of days ago a little girl entered his emporium and timidly laying down a dime asked for ten cents' worth of candy. "It's for papa," she said. "I want to 'apise him when he comes home." The grocery man proceeded to dig out some of his stock, when the little girl interposed. "Don't give me that kind. Give me caramels. I just love caramels." "But I thought these were for papa," the grocery man remarked. "I know," explained the little girl, "but when I give them to papa he'll just kiss me and say that 'cause I'm such a generous little girl he'll give them all back to me. So you'd better give me caramels."—Memphis Scimitar.
