Getting Thin

is all right, if you are too fat; and all wrong, if too thin already.

Fat, enough for your habit, is healthy; a little more, or less, is no great harm. Too fat, consult a doctor; too thin, persistently thin, no matter what cause, take Scott's Emulsion of Cod Liver Oil.

There are many causes of getting too thin; they all come under these two heads: over-work and under-digestion.

Stop over-work, if you can; but, whether you can or not, take Scott's Emulsion of Cod Liver Oil, to balance yourself with your work. You can't live on it—true—but, by it, you can. There's a limit, however; you'll pay for it.

Scott's Emulsion of Cod Liver Oil is the readiest cure for "can't eat," unless it comes of your doing no work—you can't long be well and strong, without some sort of activity.

The genuine has this picture on it, take no other.

If you have not tried it, send for free sample, its agreeable taste will surprise you.

SCOTT & BOWNE Chemists, 409 Pearl Street, New York.

50c. and \$1.00; all druggists.

Mr. and Mrs. W. H. Sullivan arrived in Medford last week from Bemidji, Minn., and will make Medford their future home. Mrs. Sullivan is a school teacher and expects to follow that vocation in this country. She closed an eight months' term of school but a few days prior to leaving Minnesota.

F. L. Benson, of Hastings, Minnesota, arrived in Medford last week and will make Southern Oregon his future home. He is an old-time friend of C. A. Neustrom, of Lake Creek, with whom he is now stopping. If he makes as good a citizen as does our good friend Neustrom, he's an all right fellow in any locality.

R. B. Orr, who purchased the Kirschmeyer place, near Central Point, has moved thereto and is now an honest, homey-handed tiller of the soil. Mr. and Mrs. Orr have many warm friends in Medford who will greatly regret losing them from their midst, but they are all hoping that success will attend them in their new home.

Postmaster Stan Aiken was down from Prospect last week. He says his Red Blanked lodge is all right and doing business at the old stand. Snow had been three feet deep on the mountains but at the time he left it had melted away to about a foot and a half. Mr. Aiken does not come this way often but he's always a welcome guest.

Assessor J. C. Pendleton left Monday evening for Portland, at which place the county assessors of the state are having a conference this week. Mr. Pendleton took with him a sample sheet of his assessment roll—and THE MAIL will put up dollars against doughnuts that it will be the best, most concise and most comprehensive roll exhibited.

Mrs. R. W. Gray returned last Saturday from her quite extended visit with relatives at Orange, New Jersey. Prior to her arrival here her husband had filled up their home in this city with entire new furniture—together with an elegant new Chickering piano—bought of the Cass Piano House—as a surprise for her—and it was in every sense of the word—and the two are now happily ensconced in that new made home.

R. W. McLaughlin, traveling salesman for the Palm-Whitman-Palm Company, cigar manufacturers of this city, dropped into town this week for a few days' stay with relatives, after a very successful trip through northern and eastern Oregon. He reports the sale of cigars on this, his second trip, almost double what they were on his first trip—which is about as good an endorsement as the firm needs for the quality of its goods.

The rain prevented some of the teachers at a distance from being present yet their places were filled as nearly as possible by others. The institute work was conducted by Misses Carrie Sackett, Hattie Eaton, Donna Bell, Ressie Condo and J. R. Tyrrell. The story of "King Midas, or The Golden Touch," was admirably told by little Ethel Tucker at the close of the forenoon exercises. After this from well filled baskets dinner was spread and hot coffee served, parents, pupils and teachers all enjoying the same. The afternoon exercises were closed by an hour's school entertainment, on our side by Misses Edna Charley and Bessie Bell, consisting of recitations and songs. Truly it was a day of intellectual training and social pleasures.

The patriotic demonstrations over the Republican victory in our city Saturday night, was a decided success in point of numbers and enthusiasm. The weather proved unfavorable for outdoor decorations and illuminations, however some very fine work was accomplished in that line as many of our residences presented a fine appearance. An immense crowd of people, the greater number coming from Medford, witnessed and took part in forming a large torchlight procession, followed by a fine display of transparencies and hundreds of Roman candles, which were lighted by men, boys and girls, and our streets for several blocks were ablaze with fire-works—red, blue and green lights. The procession was led by the Medford band and with the accompaniment of a few hundred tin horns, cow bells and yelling boys, a more enthusiastic demonstration of the sentiment of the people who gathered in Jacksonville Saturday night could scarcely be imagined, and in vindicating the election of Wm. McKinley and Theo. Roosevelt, the old pioneer town of Jackson County proved herself loyal and true to the bedrock.
