

ROYAL BAKING POWDER

ABSOLUTELY PURE
Makes the food more delicious and wholesome

ROYAL BAKING POWDER CO., NEW YORK.

OUR COUNTY ... Correspondents

Eagle Point Eagles.
BY A. O. HOWLETT.

George Brown has put a new roof on his barn, on the Riddle place.

There are parties passing through here almost every week looking for homes to rent or purchase.

Mr. Ringer, a professional paper hanger and painter, did some work in his line for your correspondent last week.

Perry McGee came up from Josephine County last week on business and to visit his brother, O. P. McGee, and family.

David Cingcade has his new house completed and it reflects credit to his taste and enterprise. He has a fine house and a good farm to go with it.

There seems to be more business done here now than ever before. Our merchants are constantly receiving new goods and every one seems to be busy and consequently happy.

Peter Britt, of Jacksonville, has a force of men at work on a ditch about three miles long leading onto his farm at the junction of Little Butte creek and Rogue river.

Miss Ollie Nichols was the guest of Miss Hattie Howlett last Saturday night and Sunday, and her sister, Miss Anna, was the guest of Miss Lottie Taylor at the same time.

Robt. Jonas came up from Ashland, where he is attending the normal school, last Saturday to visit his parents. He was accompanied by one of his schoolmates, Mr. Bays.

Mr. and Mrs. Lee Edmonson came out last Thursday to O. P. McGee's on business. Mr. E. has charge of the McGee and Ulrich cattle on their range on Big Butte and Rogue river.

Our school is becoming more interesting as the larger pupils come in. Quite a number are attending now who have been busy working, but I regret to say that the term is drawing to a close.

Mr. and Mrs. J. M. Allen came out from their home, near Derby, last week, bringing out Mr. A.'s sister, Mrs. Eli Williams, of Oregon City, who has been visiting his family and her mother for a few weeks.

There are complaints that the coyotes are becoming more numerous and troublesome all the time, notwithstanding the offer of a bounty for their scalps. They are destroying hundreds of dollars worth of pigs and poultry every season.

Died—At the family residence on Antelope creek, Nov. 29th, after a

"Common Sense"

Is the motto of the modern woman. The thick soled shoe and the rainy day skirt are witnesses to the wise application of the motto in matters of dress.

But there is no common sense in neglecting womanly diseases or in experimenting with other medicines when it is a matter of common knowledge that Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It establishes regularity, dries cunctious, cures inflammation and ulceration and cures female weakness.

It is not common sense to seek medical advice of those who are not physicians when Dr. Pierce, not only a doctor, but a specialist in the treatment and cure of diseases of women, offers a consultation by letter free. Write to Dr. Pierce, Buffalo, N.Y.

"I had falling of internal organs and had to go to bed every month; had irregular monthly periods which would sometimes last ten or twelve days," writes Mrs. L. Holmes, of Coaling Street, Uniontown, Penna. "Had also indigestion so bad that I could not eat anything hardly. Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' cured me. I took three bottles of the 'Favorite Prescription' and one of the 'Golden Medical Discovery'."

For 21 one-cent stamps to pay expense of mailing only you can get free a paper covered copy of Dr. Pierce's Common Sense Medical Adviser. The book contains 1008 pages. Address Dr. R. V. Pierce, Buffalo, N.Y.

protracted illness, Mary F., wife of N. N. Charley, aged forty-three years. The deceased is a daughter of Mr. and Mrs. Hurst, of Medford. The remains were interred on Sunday in the family cemetery on the old Hurst place, now owned by County Commissioner Thos. Riley. Religious services were conducted by Rev. J. P. Moomaw.

I have to chronicle two more surprise parties during the past week. The first one was at R. G. Brown's on Thanksgiving night, given in honor of Mrs. David Stewart, a sister of Mrs. Brown. To tell the whole truth the time passed so pleasantly that the crowd came near staying too late for prudence, as it was about midnight before they began to disperse. They had some of the finest music of the season, but with such voices as Messdames Brown, Stewart, Holmes, Misses Mattie Taylor, Etta Wilson, Lottie Taylor, Tavia Howlett, and Messrs. J. F. and B. G. Brown, and a good organ with the keys properly handled, your readers may be assured that the music was par excellence. On Saturday night the company met at O. P. McGee's to give Mrs. Mollie Bays a farewell party. There were just forty-three present and the time was spent equally as pleasant with the same musical program and the addition of O. P. McGee's bass voice and his wife and family—they are all good singers. But why dwell on this topic—we just think that the Eagle Point choir is equal to the best in the country and that's enough said. Light refreshments, consisting of cake and coffee, were brought in by the guests in both instances and served about ten o'clock, after which all returned to their respective homes.

Table Rock Items.
Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, of Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents, at Chas. Strang's drug store. Every bottle guaranteed.

Table Rock Items.
Bert Nichols was home Monday on a visit.

S. M. Newlon spent Monday at Central Point.

Jas. Pelton got home from east of the mountains in time for Thanksgiving dinner.

Mr. and Mrs. E. P. Hughes came down from Talent Sunday and spent the day with his mother.

Chas. Morris and family, who have been living at Bybee bridge, moved to Medford Tuesday, where they will reside this winter.

Mrs. S. F. Morine took the train at Gold Hill Sunday evening for Merlin to make a three or four weeks' visit with her mother.

Thanksgiving day was observed by everybody at Table Rock, and many a gobble was sacrificed with due ceremony. Nearly every family had more or less company for the feast and general good feeling prevailed.

Several of our young people went to the entertainment at Moonville Thursday evening and report a royal good time. The boxes offered for sale brought a good price and a neat sum was realized, which goes to the benefit of the Chaparral school.

Mr. and Mrs. Chas. Dickson spent Saturday and Sunday with the parents of Mrs. D. While going over one of the tongue bolts broke, letting one side drop, and only good horsemanship and a well trained team prevented a serious accident.

Mr. Perham, who has the contract for repairing the Bybee bridge, has been sorely disappointed because the lumber ordered has not been delivered. He has the false work in place and is waiting for the material to go on with the work. Mr. Perham says he will try to do the work so as not to have the bridge closed more than an hour or so at any one time. This will be good news to many who have to use the bridge often.

The Lowell literary society has been steadily growing in membership and interest. While the meetings are very interesting to the older members, the younger mem-

bers, from 12 to 18 years of age, are getting real training, which will be of help to them all through life, and 'tis only fair to say that some of the best arguments offered so far came from boys and girls. It keeps us old folks studying to keep up with them.

J. C. P.
Working Night and Day.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. Every pill is a sugar-coated globule of health, that changes weakness into strength, listlessness into energy, brain-fag into mental power. They're wonderful in building up the health. Only 25c per box. Sold by Chas. Strang, druggist.

Trail Creek Items.
J. W. Berrian made a flying trip to Medford last week.

Mr. Hall's family is reported quite ill, but we hope it is nothing serious.

Ira Dawson is working for John Watkins. He expects to remain there all winter.

O. W. Owings has traded his Woodville property for the Lynch property, in Medford.

Fred Inlow, who has been working at the Briscoe sawmill, is at home for a few days visit.

Mr. and Mrs. H. Richardson and daughter, Etta, spent Thanksgiving with Mr. and Mrs. S. P. Oliver.

The Thanksgiving ball at the hatchery was quite well attended and a pleasant time was reported. Nearly all the hands at the hatchery have been discharged and work will be suspended for some time.

W. F. Hunter went to Medford this week to meet his wife, who has been visiting her mother, in Topeka, Kansas, the past two months.

Mr. and Mrs. French and Perry Foster visited at Arthur Morrison's Sunday, as also did Mrs. Owings and daughter, Madge, and Mrs. Richardson and daughter, Etta.

Mrs. Bradbury and Dr. Wait, of Medford, passed through Trail last week en route to Prospect, where they were called by the illness of Miss Rydal Bradbury. They found her much improved.

Red Hot from the Gun
Was the ball that hit G. B. Steadman, of Newark, Mich., in the Civil war. It caused horrible ulcers that no treatment helped for 20 years. Then Buckle's Arnica Salve cured him. Cures cuts, bruises, burns, boils, fells, corns, skin eruptions. Best pile cure on earth. 25 cts. a box. Cure guaranteed. Sold by Chas. Strang, druggist.

BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, disfiguring pimples.

ETERNAL VIGILANCE IS THE PRICE OF A BEAUTIFUL COMPLEXION when such remedies are relied on.

Mr. H. T. Boese, 3704 Lucas Avenue, St. Louis, Mo., writes: "My daughter was afflicted for years with a disfiguring eruption on her face, which resisted all treatment. She was taken to two celebrated skin specialists, but received no benefit. Many medicines were prescribed, but without result, until we decided to try S. S. S., and by the time the first bottle was finished the eruption began to disappear. A dozen bottles covered her completely and left her skin perfectly smooth. She is now seventeen years old, and not a sign of the disfiguring disease has ever returned."

S. S. S. is a positive, unfailing cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable.

Bad blood makes bad complexions. SSS purifies the blood and makes new, rich blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body.

If you have Eczema, Tetter, Acne, Salt Rheum, Psoriasis, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge whatever for this service.

SWIFT SPECIFIC COMPANY, ATLANTA, GA.

Dissolution of Partnership.

Notice is hereby given that the law firm of W. M. Colvig and A. E. Reames, practicing law under the firm name and style of Colvig & Reames, is, by mutual consent, this day dissolved. Both parties will hereafter conduct their business independently, in the Reamman's building, in Jacksonville, Oregon.

Dated this 24th day of November 1900.
W. M. COLVIG,
A. E. REAMES.

NOTICE FOR PUBLICATION.

Land office at Roseburg, Oregon, December 1, 1900. Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before Gus Newbury, county clerk of Jackson County, Oregon, at Jacksonville, Oregon, on January 26, 1901, viz:

GEORGE W. KINCAID.
On H. E. No. 1035, for the E¹/₂ NE¹/₄, Sec. 30, Tp. 33 S., R. 2 East.
He claims the following witnesses to prove his continuous residence upon and cultivation of said land, viz: T. D. Conklin, of Peyton, Kenner F. Peyton, of Peyton, J. H. Stewart, of Medford, and J. T. Burdick, of Medford, all of Jackson County, Oregon.

—The mining laws of Oregon for sale at this office.

CHICKEN LICE CONQUERED.

USE
Carbolineum Avenarius.

The most efficient Wood Preserving Paint, also a Radical Remedy against Chicken Lice. Its application to inside walls of poultry houses will permanently exterminate all Lice. Results, healthy chickens—plenty of eggs. Write for circulars and prices; mention this paper.

TO PREVENT DECAY.

Wood Preserver Used by Uncle Sam on Yamhill River Work.

Merits of Avenarius Carbolineum Recognized by National, State and Municipal Governments.

The fame of Avenarius Carbolineum has steadily extended, as the only bona fide preserver of wood, since its discovery in Germany thirty years ago. It has stood all tests of climate, soil and water and steadily lived down all pretended rivals. Today it is not only employed in all countries for the preservation of wood used for household articles, such as houses, barns, fences, etc., but the national governments both of Europe and America have recognized its value in saving public constructions from decay. Following their example cities and counties have also adopted Avenarius Carbolineum for bridges, pavements, etc., and the leading ship builders and railroad companies have shown their faith in its merits by treating ship timbers, cars, telegraph poles and ties with the same never failing preventative against climatic decay and rapacious wood boring vermin, both of land and water.

Great bodies move slowly, and only act after mature deliberation. It may therefore be safely stated that governments and corporations did not employ Avenarius and Carbolineum until fully convinced of its money saving as well as wood preserving qualities. Private individuals desirous of lengthening the life of wood work and the same time curtailing expenses, need not fear to follow the precedents established.

Recent local examples proving the truth of the above statements are not wanting. The reconstructed Madison street bridge in Portland has been treated with Avenarius Carbolineum, as has also the pavement at the intersection of third street in that city where the heaviest street car and wagon traffic converge. The latter use of the compound was made at the earnest solicitation of street managers who confidently look for gratifying results.

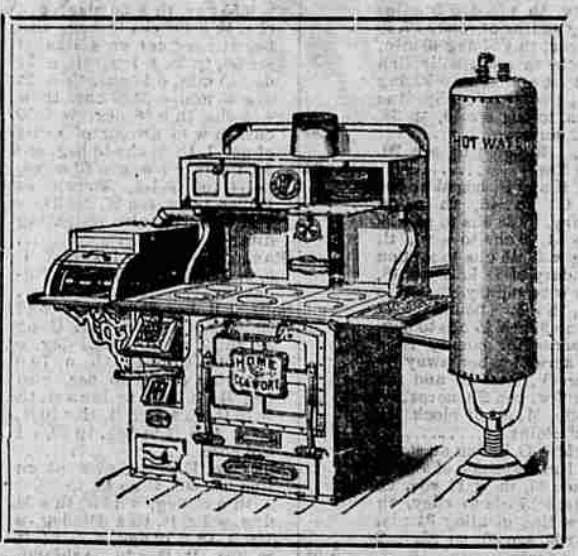

The gentlemen in charge of the United States engineer department for Oregon are now applying Avenarius Carbolineum to the dams and lock work on the Yamhill river, a flattering tribute to its merits which was certainly not extended until searching investigation satisfied the authorities that it was a measure of practical economy.

With such examples before them it would appear that the individual is foolish and the official almost culpable who does not protect his own, or the taxpayer's pockets by using this compound, thus saving from decay, and lengthening the life of all frame structures for which he is individually or officially responsible.

Fisher, Thorsen & Co., of Portland, Ore., are sole Pacific coast agents for Avenarius Carbolineum, and it can be found at D. H. Miller, Medford, Ore., who will gladly supply information regarding its accomplishments.

Millions Given Away.
It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on Chas. Strang, druggist, and get a free trial bottle. Regular size 50c and \$1. Every bottle guaranteed, or price refunded.

"HOME COMFORT"

FAMILY AND HOTEL RANGES

Are unequaled because they are made of malleable iron and wrought steel. Will not break by overheating or rough usage. Waterbacks bear 20 pounds of pressure; no danger of explosion by freezing. Flues lined with asbestos. Bakes quickly; economical in fuel; abundance of hot water; burns hard or soft coal or wood; convenient and ornamental; will last a lifetime with ordinary care. Fully Guaranteed.

Over Half Million Sold to December 1, 1898
The accompanying style of Range, No. 1900, is sold from the company's wagons by their own salesmen, at a uniform price throughout the United States and Canada.

TO THE PUBLIC
The Wrought Iron Range Co., of St. Louis, Mo., are canvassing this country with their "Home Comfort" Steel Ranges, which are sold only from their wagons by traveling salesmen throughout the United States and Canada, at one uniform price. We invite everyone to examine our improved "Home Comfort" when we call, and be your own judge as to its merits.

THE ABOVE HONORS WERE RECEIVED BY

Wrought Iron Range Co.

19th and 20th Streets, St. Louis.
FOUNDED IN 1864.
Our Notes are Always Payable at Your Door and Not at the Banks.
LIMITED LIABILITY.

Those Who Have Used "Home Comfort" Ranges.

Fourteen years ago I bought a range from the company's wagon and have used same constantly since, without one cent repairs. I was told at the time that I was swindled, but to the contrary I have proven the best investment I ever made. My range has paid for itself in saving fuel, and is as good as the day I bought it. My neighbors have all bought the Improved Home Comfort from Co.'s wagon recently and are highly pleased. To the public I would say that from my experience the Home Comfort is the cheapest range ever put upon the market.

H. G. MORROW,
Cowlitz, Wash., May 2, 1900.

August 17, 1900.
This certifies that we each bought Home Comfort steel ranges six years ago and we are indeed satisfied with them in every way. They have not needed a penny's worth of repairs and are as good as new today. With or-

inary care they will last a lifetime. They bake very quickly and perfectly and require less fuel than any ordinary stove. We would not part with them now for the purchase price and go back to the cast iron stoves. The Wrought Iron Range Co. is perfectly reliable and you will never regret it if you buy one of the Home Comforts. Respectfully,

MR. AND MRS. GEO. CONNOR,
Jefferson, Oregon.
MR. AND MRS. L. C. STRATTON,
Millsburg, Oregon.
MR. AND MRS. D. E. BERDAN,
Soio, Oregon.

Our ranges, bought from Company's wagon six years ago, have proven to be the handiest, most economical in use of fuel and in every respect the best range we ever used, and we take pleasure in recommending same to our neighbors and friends. Mrs. J. W. M. BONNY,
Mrs. S. M. INGLE,
Woodburn, Ore., July 24, 1900.

RIDDLE, ORE., Dec. 1, 1900.
Twelve years ago we were induced to buy a "Home Comfort," which we are happy to say, done away with the vexation and annoyance so frequently caused by the use of inferior stoves and ranges. Our neighbors and friends will make no mistake in buying the "Home Comfort," and as we are convinced of its merits in every respect, take pleasure in recommending same to the general public.

MR. AND MRS. J. B. RIDDLE.

MILLWOOD, ORE., Nov. 26, 1900.

We have used the "Home Comfort" 12 years without one cent for repairs and feel confident in saying no woman will ever use anything else after having once used the "Home Comfort," which is no doubt the cheapest range in the long run on the market.
MR. AND MRS. W. B. CLARK.
