There are many now living in Jackson County who formerly resided in Yolo and Colusa Counties, California, and who will be pained to hear of the sad news that reached us last week of the death of I. W. Brownell. He died at his home on Stoney creek, on November 28th, after only a few days' illness with pneumonia, aged seventy-four years.

The funeral took place at Woodland on Thanksgiving day. He leaves a devoted wife and three sons to mourn for him. Mr. Brownell and Mrs. Pendleton's stepfather, Mr. Frierson, were intimate friends in '52, and the close friendship then established between the two families has continued to the present. One of nature's noblemen, an ever true friend, a husband who was always a lover and a most devoted father has been called home, and his going leaves grief in more than one household.

Talent News Items.

The people of Talent and vicinity were very pleasantly entertained on the 7th inst. by an entertainment given by our public school children for the benefit of the public school organ fund, under the supervision of the teachers, Misses Beebe and Gowland, who are undoubtedly deserving of much credit for the ability they possess. While it is not necessary to give details, we would say that the Greek posings were of a very impressive character and very pretty. Our people certainly appreciate the kindness of Mr. Watson, of Ashland, with his "Trip to the circus," and feel more than grateful to Mr. Coss, of the Medford piano house, for courtesies shown us. The selections rendered by Miss Ross and Prof. Boffa were duly appreciated also. We certainly know how to enjoy good music when we hear it and regret that we are unable to command the English language in a way by which we could show our appreciation more. Our entertainment was also a success financially.
