Mr. and Mrs. Wm. Barnum left Tuesday evening for a weeks' business visit to Portland.

Landlord W. E. Connor, of Hotel Oregon, was down from Ashland Tuesday evening upon business.

Dr. J. G. Goble left for Hornbrook last Sunday on professional business. He will be absent several days.

Dr. J. M. Keene returned last Friday evening from a business trip to Sacramento and San Francisco.

Chas. Bates and family, of Myers Falls, Wash., arrived in Medford Wednesday and may locate here.

John Leever, formerly of Central Point, but now of Redding, Calif., was in the city this week visiting friends.

H. C. Kenny, of the Grants Pass Sugar Pine Door and Lumber Company, was in the city one day this week upon business.

John Hunter, of Albany, arrived in Medford Monday evening and will visit here for some time with his friend, J. A. Perry, the warehouse man.

Wm. Russell, of Oakland, this state, just returned from an extended visit to California.

Arthur Mahoney left Tuesday for a trip through the northern and eastern portion of the state in the interest of the oil company which he represents.

W. P. Counts, of Tolo, was in the city last week upon business—a part of which was the purchasing of a 2000 gallon windmill tank from E. S. Wolfer, the tinner.

Archie Spence, of Rock creek, Klamath County, was in the city last Saturday visiting his father, Wm. Spence, who is temporarily undergoing medical treatment here.

Mrs. T. W. Terwilliger, of Los Angeles, and her sister, Miss Anna Wait, are in the city visiting their mother, Mrs. Elizabeth Wait. They will be here for several days.

A. A. Davis and J. D. Heard have returned from a trip to California where they went to investigate the oil lands in that state and secure some information regarding the oil industry.

Mrs. E. Wilkinson, accompanied by her sister, Miss Ella Orth, of Jacksonville, left for San Francisco Monday, where they will remain for some time for the benefit of Mrs. Wilkinson's health.

R. Vinton Beall, Jr., was in Medford several days this week visiting relatives and friends. He has lately returned from New Orleans, where he has been engaged in the photographing business, and will remain here until fall.

D. Brooks, who has been in the Willamette valley for the past three months, introducing a new spray pump for which he is agent, returned to Medford last Friday and will probably remain. Since leaving here his health has improved very much.

J. F. Wait, who is now employed in

**The COSS PIANO HOUSE**

Established at  
**Medford, Oregon,**

May 21st, 1900, has become a well-known place of business, deservedly noted for its good pianos and organs, and fair treatment of everyone. The business has increased until a branch house has been established at

the car shops at Point Richmond, just across the bay from San Francisco, was in Medford a few days this week, having come up to attend the funeral of his uncle, Dr. J. B. Wait. He returned to his work Wednesday.

Thos. R. Phelps, of Harrisburg, Ky., and his son, J. R. Phelps, of Red Bluff, Calif., were in the city this week. Mr. Phelps, Sr. is visiting the Coast for the first time and was desirous of visiting Southern Oregon and the Rogue River valley before his return east.

F. C. Ladd, formerly a resident of the upper Rogue river country, returned last week from Bohemia, Or., where he has been mining during the past winter. He will probably remain in Southern Oregon for some time—and his many friends will be glad to hear this bit of news.

Uncle Dick Williamson, who was formerly engaged in the restaurant business in Medford, was here this week visiting his old-time friends. He is now employed near Grants Pass as foreman in one of the Sugar Pine Lumber Company's mills. He is getting good wages, looks hale and hearty—and is happy.

T. Dungey and family, of Gold Hill, were in Medford Tuesday upon business. Mr. Dungey is a Galls creek mining man of no mean repute. He can follow up more leads and locate more ledges than most men in the business. He has recently located a ledge near his residence which is proving of good value. The seam of pay rock was only an inch in thickness on the surface but ten feet down it has widened to five inches and the rock mills from \$25 to \$50 to the ton. Mr. Dungey recently sold a quartz ledge in the same locality, which is the fifth proposition of the kind which he has disposed of in that district. He also has a good paying placer mine on Galls creek.

—Last week these columns told that Ed. Pottenger and Delbert Terrill would open a meat market in this city. The item is as true now as it was then except that Mr. Pottenger will go at the business single handed. He has rented the J. R. Wilson brick building, just south of THE MAIL office, and within a few days—just as soon as the room can be gotten ready, he will open for business.

—If you can't find what you want go to G. L. Davis—he's got it.

—W. T. York this week sold to Mrs. Elizabeth Wortman the Kelley-Dunne two and one-half acre tract of land, for \$550. The land adjoins Prof. Narreagan's home property on the east and is considered very desirable because of its fine location for residence purposes. Mrs. Wortman will erect a cottage thereon this summer.

—With the new facilities that B. N. Butler put in his shop, he turns out as good work in repairing watches and jewelry as any one in Southern Oregon.

—There is a new boy baby at A. C. Nicholson's home since Monday of this week—and Art is all smiles and pretty ways since the day and date above mentioned—and joy unlimited is everywhere noticeable in that pleasant household.

—Carpets and wall paper at Webb's furniture store.

—Uncle Thos. West, who has been ill for several months past, is able to be about the streets again—and his multiple of friends are rejoicing thereat.

—A visit to the millinery parlors of H. A. Medynski & Co. will convince any lady in Medford that their stock is the most tasteful in the city and that everything in the very latest novelties and styles there abounds—and in abundance to select from.

—J. T. Wiley has purchased G. L. Davis' delivery team and wagon and is now doing a general delivery business about the city, he having sold out his second hand business a few weeks ago to his partner, Mr. Eads.

—All kinds of sash and doors and screen doors, at lowest market price, W. Woods.

—A new lot of Japanese goods just received. Call and see them. G. L. Davis.

—Merchant John Norris has rented Dr. Pickel's beautiful new residence, on West Seventh street, and as soon as completed he will move thereto.

**ADDITIONAL LOCAL**

—On the afternoon of April 17th the Women's Relief Corps of Medford will serve refreshments at Woodman hall. The refreshments will consist of ice cream and cake and tea, and the charges will be 25 cents for all. The ladies of the corps, as is well known, have afforded much relief to the deserving poor of our community during the past few years. While it is true we have but few poor people with us it is just as true that there are some families who have needed attention, and again it is true that the kind hearted ladies of the corps have given them the assistance necessary and no demands have been made on the general public for the necessary means. It is largely because of the quiet manner these ministering ladies assume that the public has not known of the existence of actual want in our city. The funds for this relief have run low and it is necessary that something be done to replenish the treasury, and the ladies have adopted the means above mentioned. The refreshments will be served during the entire afternoon, commencing at 2:30 o'clock. Let everybody get in and give a little help to this worthy cause.

—Fine line of very nice jardinières—received this week—at G. L. Davis.

—Messrs. John Barnoeburg and John Arnold, having purchased the meat market fixtures of Ed. Wilkinson, and also having rented his building, opened the doors Thursday under the new management, with Henry Orth, of Jacksonville, at the block. These gentlemen are both well known in this locality. They are both men of honor and integrity and will, without a doubt, restore confidence to a business which for several weeks has had hard sailing over a decided rocky surface in public sentiment. They promise to butcher only the very best of stock and at all times put on the block for their customers nothing but clean, wholesome meat. They now have several head of good stock purchased and are on the trail of several more which will be brought in when necessary. They are now thoroughly renovating their shop and slaughter pen and propose keeping everything about both these places in a clean, sanitary condition.

—Carpets and wall paper—at Webb's furniture store.

—The ladies of Chrysanthemum Circle gave an entertainment to several of their friends at Woodman hall on Tuesday evening of this week. The hall was well filled with Woodmen and their families and many invited friends. A splendid musical and literary program was presented. This was made up of some of the very best talent in our city and that it was appreciated throughout was demonstrated by the repeated round of applause. After the program a splendid lunch was served and every person present went home with a feeling of good will for the order, while compliments for its members were lavished profusely. The Circle, Women of Woodcraft, has grown to be the largest order of the kind in the city—which fact is largely due to the untiring efforts of its members in providing amusements from time to time and their persistency in maintaining by words and acts the redeeming features of the order.

—We want all the eggs we can get; cash or trade. H. H. Howard & Co.

—D. T. Lawton, of this city, recently purchased a 75x145 foot tract of land situated at the back of his large implement house and facing north on Sixth street. The purchase was made from Faber, of the Albany Brewing Company and the price paid was \$550. Mr. Lawton will probably erect a warehouse on the land during the coming summer—the same being for use in connection with the Mitchell, Lewis & Stavor company's machinery and vehicle business.

—For Sale—The Geo. Davis property corner Ninth and A streets. Cheap. If sold quickly. Brick house, new barn. C. L. Corwin.

Dr. C. C. Fletcher and family arrived in Medford this week from Indiana. These good people were former residents of our city, but for the past couple of years they have been at various places on the coast and also in the east. Mr. Fletcher is a dentist and practiced his profession here for four years, during which time he made many friends, both socially and in a business way—

**I. A. Webb**

Has Wall Paper in stock at  
**4c per Roll**

and all of these friends will be pleased to learn that he proposes re-establishing his business in our city. He has secured office rooms in the Medford bank block and will be open for business after April 15th.

—I will furnish new sewing machines warranted for 5 years, prices \$20 to \$25. Give me a call before sending away orders. Jno. F. White, Medford.

—The Fraternal Brotherhood lodge, of this city, gave an entertainment at their hall in the F. K. Deuel block last Friday evening, which proved a very enjoyable occasion. The musical program was particularly good. About fifty members of the order came down from Ashland in a special car, to attend the entertainment, returning on the midnight train.

—H. G. Nicholson sells hardware for cash—but he sells it at the right price.

—The United Brethren have changed their place of worship from the old Salvation army hall on D street, to Woolf's hall on C street. There will be prayer meeting every Wednesday evening at 7:30. Union Sunday school every Sunday at 3 p. m. Preaching next Sunday at 7:30 p. m. by Rev. J. E. Kenworthy. A cordial invitation is extended to all.

—We have an immense stock of men's negligee, golf and dress shirts, at prices which will astonish you. W. H. Meeker & Co.

—Frank Davis and family, of Asbestos, have moved to the Northrop place, at Davisville, just west of Medford, which place he will farm during the coming summer. Mr. Davis has resigned his position as postmaster at Asbestos and has recommended that Henry Mitchell be appointed.

—When you want drying done get Slover to do it. He's always ready—always reliable and his charges are always just right.

—Last Monday was the occasion of a pleasant little farewell party at the home of Mr. and Mrs. Chas. Milligan, in honor of Miss Anna Milligan, who, with her parents, has gone to Galls creek to locate. A number of her young friends were present and a good social time was had.

—Dr. Goble, the optician, will be at his residence in Medford on Saturday of each week. Eyes tested free of charge. Corner Fourth and D streets.

—Real Estate Agent W. T. York has moved to his new home in West Medford. Billie has one of the finest and coziest homes in the city—and both himself and his good wife are as proud of it as the small boy with his first pair of red top boots—and the grounds for this pride are well taken.

—If you need a new set of harness see J. G. Taylor—he is selling out at cost.

—The itinerary for the President's western trip has been arranged, and as far as we can learn, there will be no obstacle in the way of Medford people sitting on the fence and watching the train go by, for all of which we are duly thankful.

—Do you know that the cheapest place in town to buy good jewelry is at Elwood's?

—W. A. Countryman, a Free Methodist minister, will hold services at Woolf's hall next Sunday afternoon at 2 o'clock. Everybody is invited to attend. At this meeting it is expected that dates will be fixed for regular services hereafter.

—Barred Plymouth Rock eggs for sale—\$1 for setting of 15. Will deliver at Davis' grocery store, Medford, each week. J. W. Smith.

**DR. DARRIN.**

**His Phenominal Record of Cures of all Manner of Chronic Diseases is Attested by the Following Facts:--The Nervous System--The System Which Controls the Whole Body.**

The most wonderful part of man and most difficult to comprehend, perhaps, is the nervous system, which touches and controls every part of the body. Having its roots in the brain, its trunk in the spine, and its branches extending into and throughout every muscle, limb and organ of the animal frame, it carries either life and health or disease and death along its course.

The brain secretes a nervous fluid which is magnetic in its effects and influences. The magnetic element travels along the nerves like electricity, from the roots of the hair to the tips of the fingers, and through its telegraphic communication permeates the whole system. When the nervous fluid is deficient or when the nerves do not properly transmit it, weakness and disease are the inevitable result; electricity, the wonder of the age, roots the disease from its stronghold. It permeates the secret ambush of disease and exterminates it root and branch. It removes the wretched symptoms of loathsome maladies, and averts their dreadful results. It relieves more agony and suffering than tongue can tell, as the following cures by Dr. Darrin show:

- TESTIMONIALS OF CURES.**
