Our little city was enlivened about noon Saturday by the sound of the fire alarm. The roof of the residence occupied by Gus Newbury and family had caught fire,

but the blaze was extinguished before any serious damage resulted.

Prof. and Mrs. Van Scoy, who have been residents of our city during the past year, left for Medford Wednesday, where the professor will have charge of the academy the citizens of that city have in view. Mr. and Mrs. Van Scoy leave Jacksonville with the best wishes of their many friends here, who are interested in their success.

#### Does It Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectorations, gives a good night's rest and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Get Green's prize almanac. Chas. Strang, druggist.

#### Table Rock Items.

Wm. Shoults and family returned to Medford the first of the week.

Deputy Assessor Whipple spent Sunday at Table Rock, having completed the work assigned him.

S. F. Morine and family are rustling in the wilds of Elk creek. They say that both hunting and fishing are good.

John Williams has sold and delivered his entire hay crop to his brother, J. F. Williams, the livery man, at Central Point.

W. R. Dickson, who fell from a load of hay some days ago and was quite seriously bruised up, is around again and able to look over his farm. He had a very narrow escape.

Harry Neslon is running his binder every day and proving himself quite a machinist. Most anybody can cut grain pretty low, but he is the first one we have seen who could make a success grubbing it.

Mr. Berrian, superintendent of the U. S. Hatchery, is trying to make arrangements to start a new hatchery at the head of the Table Rock irrigating ditch. This was the site selected by Mr. Hubbard some years ago.

In our travels over the county we hear a general complaint of short crops. While there are some small crops that will turn out fairly well, the general average will certainly fall far short of the estimates made a month ago.

We received a letter a few days ago from Rev. Robt. McLean, of Portland, asking for accommodations for himself and one or two others, who will try the fishing in the valley. Mr. McLean declares there is no stream on the coast like Rogue river.

Farm hands have been scarce this harvest, but so far no one has suffered any loss, only in some cases where the hands become too independent. Some of these fellows tried to run a ranch to suit themselves for one of our farmers, and as a result they had to hit the road in double quick order.

J. C. P.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail.—Mrs. Curtis Baker, Bookwalter, Ohio. Sold by Chas. Strang, druggist.

Melrose hall at Bedford avenue and Winthrop street, Brooklyn, was once headquarters of Whig and Tory, and George III. was toasted and honored by loyal subjects. Its glory has departed, however, and the other day it resounded with the crash of the auctioneer's hammer. The price paid was \$2,700. The term "hall" has clung to the old building, although it is a dwelling house. The hall was built in 1748 by John Lane, an Englishman.

It's Hot in the East.

KANSAS CITY, July 22.—The heat is intense. Fifteen prostrated in the past thirty hours, nine fatal. Everybody suffering. The corn is literally burning up as are all vegetables. Horses and cattle are also dying. Des Moines, Iowa.—The heat is worst today than ever. Two deaths from heat today. The crops are being ruined. New York.—Seven deaths here before noon today from the terrific heat. Men are falling down everywhere and so are horses. Chicago.—Up to 11 o'clock this forenoon six fatalities from heat. Lake breeze is coming.

## DR. DARRIN WILL REMAIN

### In Medford at Hotel Nash until September First.

During the past two months Dr. Darrin has made a great furor among the afflicted of this vicinity. His offices have been crowded night and day, and phenomenal cures have been reported. It is to be regretted that his visit in this city will so soon expire as he will close his offices here September 1. The opportunity to consult this eminent physician should not be lost.

Dr. Darrin has practiced in Paris, London, New York and Portland, and while abroad discovered certain remedies for many of the most dreaded diseases, and his treatment of them gives entire satisfaction.

Numerous testimonials have appeared in this paper during the past few weeks from those who thought they owed it to the doctor, as well as hundreds of like assurances, to speak of the good work that had been done for them.

Many of these are well known to the editor, having been cured when the doctor was here before, he having spent two months in this city at that time, when we became favorably impressed with his good work.

Few doctors have had such a large practice as this physician, who is visited by scores of people every where he stops, and it is well to note that the doctor is not out for money alone, as is proved by numerous cases of poor people he has cured, who are unable to pay for the restoration of their health. The doctor owes his great success partly to the mysterious power of electricity, in which he has become so well versed. Electricity is the wonder of the age, and the mode of treatment is the acme of perfection. It penetrates the secret ambush of disease and exterminates it, root and branch, forever. It removes the wretched symptoms of loathsome maladies and averts their dreadful effects. It cures many of the most hopeless cases and relieves pains that every known remedy failed in, and can be substantiated by the evidence of hundreds who have been cured by Dr. Darrin. We could say more which we feel is due this eminent physician, did space permit.

#### DEAFNESS CURED.

Mr. Editor:—For years I have heard of Dr. Darrin's "Ten Minute Cures," but I confess I had little faith in him or the reported cures until lately, when I mustered up faith enough to try him for almost total deafness. I had been bothered with deafness for about six years. The past few days I was quite unable to hear any conversation and was nearly run over by a team. Dr. Darrin cured me with electricity so I can hear a whisper. I can never thank Dr. Darrin enough and most emphatically recommend him to all. I have lived in Tolo, Jackson County, Ore., the past three years and will gladly answer all inquiries by letter or in person.

J. P. HARR.

To the Editor:—For two years I have been troubled with a cough, bronchitis and sciatic rheumatism. I have been under Dr. Darrin's treatment one month and feel no effects of cough or bronchitis, and my rheumatism is rapidly leaving me. Refer any one to me at Gold Hill, Ore.

M. H. ROUNDTREE.

**MORE CURES BY DR. DARRIN.**

Senator Geo. Chandler's son Charles, Baker City, Ore., heart trouble and general nervous debility, cured and gained 30 pounds.

J. W. Keeney, Long Creek, Grant County, Oregon, kidney complaint and pains in the back and down the sciatic nerves, restored.

Mrs. P. Hayes' daughter, southwest corner 20 and Marshall street, Portland, got (large neck) for years, cured with electricity alone.

Ex-Sheriff A. T. Schoops' daughter, 514 Third St., Portland, loss of appetite, liver complaint and rheumatic neuralgia for six months, cured.

D. J. Graham's child, Springfield, Or., painfully afflicted with granulated conjunctivitis, complicated with ulcers of the eyeballs for nine months, cured.

J. A. Lindsey, news agent on the N. P. R. R., residence Mt. Tabor, Oregon, consumption, bronchitis and catarrh, cured and gained fifteen pounds.

Ernest Rhodes, Pendleton, Or., kidney trouble and diabetes; he had to relieve his bladder hourly, night and day, all his life, cured in seven months by Dr. Darrin.

W. Hays, 490 Commercial street, East Portland, Or., inflammation neck of bladder and sciatic rheumatism; came on crutches to the doctor—cured, and left crutches at the doctor's office.

F. D. Henrich, Montavilla, Ore., formerly St. Helena, Ore., lame back and kidney trouble 4 years, cured; also his wife was cured of discharging ear and deafness.

Henson McCoy, Boyd, Oregon, deafness and terrible pain in the ear and head for six months, until he was nearly crazy, restlessness and insomnia. Restored to health by electricity after all other treatments had failed.

Mrs. J. Ellis, 325 Clay street, Portland, Or., deafness and diseases peculiar to her sex, cured.

R. C. Cook, Portland, stricture of the urethra, cured after five doctors failed to cure him.

C. A. Vanderford, North Yamhill, Or., deafness and ringing noises, cured in ten minutes.

Chas. B. McCracken, Dalles, Ore., consumption, catarrh and bronchitis, restored to health.

Wm. A. Hall, Astoria, Ore., discharging ear 20 years, from scarlet fever; cured 10 years ago.

Captain Parker, proprietor Parker Hotel, Astoria, catarrh for years, cured eight years ago.

E. F. Tice, Summerville, Or., pain in head from sunstroke, cured and gained 10 pounds.

Miss Rose Berry, sister of Mrs. Miller, postmaster at Hillsdale, Or., tumor in the month, removed.

Stephen Wilco, Naeel, Pacific Co., Washington, liver complaint and an aggravated case of piles, cured.

C. E. Knote, Mullino, Clackamas County, Oregon, nervous debility and pimples on the face, cured.

Scores of others might be mentioned if patients would allow their names to appear in print.

#### CATARRH

Symptoms, Effects, Treatments and Cure, by Dr. Darrin, the Electro-Magnetic Physician.

Among the chief chronic diseases, which affects the human frame, catarrh is the most prevalent, most offensive, most productive of discomfort, and a variety of distressing and dangerous complications. Its earliest and most prominent symptom is a discharge from the head, varying in its nature in different cases, and even in the same individual at different times. It may be a thin, colorless, acid fluid, or a glairy, starch-like substance. Generally, however, it is thick, purulent, or mucopurulent matter, either ash-colored, greenish yellow, or of a deep green tint, occasionally streaked or flecked with blood. So copious and offensive is the discharge in many cases, that patients express the belief that their heads are one "mass of corruption."

#### "HAWKING."

Much of the discharge passes backward, either dropping in the throat or collecting as a tough, viscid, tenacious phlegm, behind and above the soft palate to the passage between the throat and the head. Its lodgment embarrasses respiration, and creates a constant and irresistible desire to relieve the discomfort by drawing the offensive substance into the throat, by a loud insufflation through the nose, so as then to be able to eject it by a disagreeable "hawking."

#### OFFENSIVE BREATH.

In the most advanced stages, the discharges are generally of an offensive odor, causing great annoyance to one's friends and to the patient himself, while his sense of smell remains. This annoyance from the odor becomes almost beyond endurance, more especially when the disease assumes the form of ozema, and the delicate bones of the nose become diseased.

#### DEFORMITY OF THE NOSE.

In cases where the bones of the nose become diseased, not only is the offensiveness of the breath greatly increased, but there is a liability to serious personal deformities, among which are flattening of the nose.

#### FATAL EFFECTS OF CATARRH.

The swallowing of catarrhal secretions deranges the functions of the stomach, causing indigestion and loss of appetite and health. Debility, paleness, lassitude, headache, and disturbance of mind soon follow. In some instances the mental affection is one of irritability, the patient being unduly annoyed by all the little perplexities of life. In others the prominent feeling is that of melancholy or depression of spirits, when the invalid can see no hope in the future for himself or his affairs. Catarrhal deafness is almost sure to follow in a majority of cases.

#### CONSUMPTION AND DEATH.

Catarrhal affections, unchecked by treatment, are prone to extend by continuity of surface along the natural air passages to the substance of the lungs, thus causing consumption and death. In this connection it should also be remembered that the air which enters the lungs, of a catarrhal patient is, every breath of it, poisoned by exhalations from the foul secretions of the diseased surface. By such air the blood can not be properly purified and made fit to impart healthy vigor in its unending circuit to all and every part of the animal mechanism. One would suppose that this consideration alone would be sufficient to induce every person, thus afflicted, to make early application for relief.

#### TREATMENT AND CURE.

By the medicinal and electrical system of treatment, which Dr. Darrin has adopted and pursued for years with uniform success, a complete and permanent cure of this repulsive disorder can be effected. This he has demonstrated in thousands of cases, representing the disease in every form and all its various stages of development. His applications are made to reach the diseased parts in the most direct and positive manner, instantaneously penetrating every cell and cavity of the head, communicating with the nostrils, and subjecting every portion of the membrane to the healing action of the remedy employed, with the most beneficial result, without causing the least pain or unpleasant sensation. The affected cavities are thoroughly cleansed from incrustations of morbid matter, the offensive smell is removed and relief from other troublesome symptoms is almost immediately experienced. The discharge soon diminishes, irritation is allayed, the inflammation subsides, ulcerations are made to heal, and finally a radical and permanent cure is effected.

#### Dr. Darrin's Place of Business.

Dr. Darrin, at Hotel Nash, Medford, gives free examination to all, and when necessary gives medicines in connection with electricity. The poor treated free from 10 to 11 daily, except Mondays. Those willing to pay, 10 to 5; evenings, 7 to 8; Sundays, 10 a. m. to 5 p. m.

Deafness, catarrh, eye, nose and throat, heart, liver, stomach, lung troubles, erysipelas, blood taint, gleet, impotency, varicose, hydrocele, tumor and stricture a specialty. Surgical operations performed when necessary. All chronic male and female and private diseases treated at half their former prices, for home treatment, or in that proportion of time, as the case may require. No cases published except by permission of the patient. All business relations with Dr. Darrin strictly confidential. Letters of inquiry answered. Circulars and question blanks sent free. Patients unable to visit Dr. Darrin during the week can do so on Sunday, from 10 a. m. to 8 p. m. The doctor will remain until September 1st. Seldom more than one visit is necessary—after that the patient can take home treatment. Patients desiring to see the doctor should not delay. He will furnish batteries and electric belts for any patient requiring them, and will give full directions for their use. Eyes tested free and glasses fitted.

#### Meadows Items.

I. J. Chapman returned from the valley Thursday.

J. B. Welch made a business trip to Medford Friday.

James Musty made Moonville a business call Monday.

The farmers in the Meadows are all busy with their hay.

Elmer Gall, of Sams Valley, visited friends in the Meadows Sunday.

Mr. and Mrs. John Walker were in Central Point Monday—business.

Mr. Biden and daughter, Violet, made a trip to Medford last week.

Mr. and Mrs. J. H. Gardner were doing trading in Central Point Saturday.

Mrs. Fanny Chaffey and daughter, Nellie, of Medford, are visiting relatives here.

Mrs. D. P. Greninger and daughter, Audrey, visited Medford Sunday and Monday.

E. C. Pomeroy went to Medford Tuesday to get the doors and windows for his new house.

J. H. Farleigh and brother left for Klamath County Wednesday with a load of vegetables.

Mr. and Mrs. Jap O'Hara and daughter, Lelab, of Tolo, visited L. Love and family for a few days last week.

Wm. Carter and daughter, Miss Allie, went to Medford Monday, where the latter will remain for some time.

F. X. Musty and family, late of Washington, have moved onto the place they recently purchased of Geo. Lawrence.

Wm. Mayfield and son, Joe, made a business trip to Central Point last week and while there purchased a mower, rake and bicycle of Wm. Freeman.

There will be a school picnic at the Meadows school house on Friday, Aug. 2d, followed by an entertainment in the evening. All are cordially invited to attend both exercises.

#### WHAT DO THE CHILDREN DRINK?

Don't give them tea or coffee. Have you tried the new food drink called GRAIN-O? It is delicious and nourishing and takes the place of coffee. The more Grain-O you give the children the more healthy you distribute through their systems. Grain-O is made of pure grains, and when properly prepared tastes like the choicest grades of coffee but costs about 1/2 as much. All grocers sell it. 15c and 25c.

A New York newspaper remarks that "ferries come and ferries go, bridges rise and bridges fall, but tunnels last forever." There is a scientific truth in the observation. Of all works of man earthworks—plain earth mounds sodded over—are about the most enduring. A properly constructed tunnel is essentially a work in earth, and so almost as permanent as the great globe itself.

The Best Prescription for Malaria. Chills and fever is a bottle of Grove's TARTARLESS QUININE TONIC. It is simply iron and quinine in a tasteless form. No cure—no pay. Price 50c.

#### Central Point Items.

Allen Stricklin, of Sams Valley, spent Tuesday in town.

W. A. Mann is having lumber hauled for a new residence.

W. T. Leever is lying very ill at the family homestead near town.

Mrs. N. P. Thompson made a business trip to Medford Monday.

Mrs. W. B. Kincaid is lying very ill at the family home near town.

David Pence, of Elk creek, was trading with our merchants Monday.

Walker Lewis, who is working at the Sterling mine, spent Wednesday here.

J. J. Fryer and family, of Eagle Point, were trading here the first of the week.

Mark Applegate passed through here Monday en route to his mines at Elk creek.

L. Kelsee and sons have took a contract to cut fifty tier of wood for Wm. Gibbon.

James Cornutt, of Pokegama, spent a couple of days here with old friend this week.

J. S. Sims and family, who have been visiting relatives at Klamathou, arrived home Tuesday.

Mrs. Hull, of Sioux City, Iowa, is spending the summer with her daughter, Mrs. W. H. Norcross.

Miss Mary Jacobs left for Waldo, Josephine County, Tuesday, where she will spend the summer with her aunt, Mrs. Geo. Wimer.

**SICK HEADACHE ABSOLUTELY AND** permanently cured by using Moki Tea. A pleasant herb drink. Cures constipation and indigestion, makes you eat, sleep, work and happy. Satisfaction guaranteed or money back. 25 cts. and 50 cts. Sold by Chas. Strang, druggist.

#### WANTED THEM CHAINED.

Shrewd Trick Upon English Scouts Who Gave De Wet Too Much Trouble.

Grim as he is reported to be, the Boer commandant, Christian De Wet, who is just now giving the British in South Africa no end of trouble, is capable of humor, though of a sort that does not always please his antagonists. Some time ago three yeomanry scouts were taken prisoners by him. The Boer, who does not care to be burdened with prisoners, told these three yeomen, on being brought before him, that he had an important dispatch for Gen. Rundle and if they would undertake to personally deliver it to the general he would give them back their liberty. Naturally they were elated at the proposal, and all three gave De Wet their word of honor to deliver the message into Gen. Rundle's own hands. They received it, a large envelope, well sealed, and with all the outward appearance of containing some important document. Possibly they may have thought it contained a proposal from De Wet to Rundle to surrender. In any case they lost no time in adding up and covered the ground in haste. On reaching Rundle's headquarters they insisted on handing the letter to the general personally, and on his opening it—the three yeomen still standing as his audience—he read aloud the contents as follows: To Gen. Rundle—Dear Sir: Please chain up these three devils, as I can't catch them every day. Yours, DE WET.

## Hair Falls

"I tried Ayer's Hair Vigor to stop my hair from falling. One-half a bottle cured me."

J. C. Baxter, Braidwood, Ill.

Ayer's Hair Vigor is certainly the most economical preparation of its kind on the market. A little of it goes a long way. It doesn't take much of it to stop falling of the hair, make the hair grow, and restore color to gray hair.
