Eagle Point Eagles.

BY A. C. HOWLETT.

Rev. Wilson, of Talent, preached here last Sunday.

Mrs. Oglesby and daughter are visiting at O. P. McGee's.

Mrs. Clara Rader is quite seriously ill, we are sorry to report.

The little people had a birthday party last Sunday at the home of Mr. Jacks.

Mr. and Mrs. Walker Lewis were visiting Mrs. L.'s father, Mr. Nunan, last Sunday.

Mr. Jack, who purchased the Parliament place, is making some improvements on the residence.

Marion Stewart, the real estate man of Medford, and Mr. Thornbrook were in this section last week.

Mr. and Mrs. R. G. Brown and Mr. and Mrs. J. N. Nichols returned last Wednesday from an outing up on Willow creek.

A. L. Hazelton has quite a lot of lumber on hand to make more flame as he expects to enlarge his acreage for onions and berries.

Miss Mae Millsap, of Ashland, is the guest of Mrs. Tavia Howlett. She will commence teaching school in the Antelope district Monday, Sept. 24.

Mrs. W. W. Miller and son, of Ashland, came up last Saturday and will visit with her parents, Mr. and Mrs. John Lewis, and her sister, Mrs. J. J. Fryer.

Ira Tungate, of Mt. Pitt precinct, came down last Saturday. He was accompanied by his mother, who will visit for a while here with her daughter, Mrs. E. Pool.

H. F. Mitchell, of Evans creek, was a visitor at S. F. Robinson's last Saturday night. Mr. Mitchell came up to take his son, Fred, home with him, as he was reported on the sick list.

Jas. Lewis and family, of Sterling, visited relatives here last Sunday. He reports that the mine is all shut down there at present and consequently there is but little doing in that section.

Last Sunday was the occasion of merry making in the Geo. Brown home, as most all of the children were home on a visit. Mr. and Mrs. Paul Van Scoy were up from Montague, Calif., and Medames Holmes and Carlton, of Central Point, were up for a visit.

While O. P. McGee and boys were putting up hay in the Mt. Pitt district, they, in company with Boyd Potter and Cephus Moomaw, ascended to the top of Mt. Pitt. They report quite a difficult journey on their way up but as the weather was fine and the sky clear, they had a grand view of the surrounding country.

Last Wednesday I took a trip to the Fish Lake ditch, and from all appearances the ditch will surely go through. On my return home I stopped at Brownsboro and had quite a pleasant chat with Brownsboro's prospective merchant, Geo. Brown. George is an excellent young man of good business qualifications and we predict success for him.

Last Thursday Mr. and Mrs. J. N. Larimore, cousins of O. P. McGee, and Charles and Mattie McGee, all of Josephine County, came up for a visit with the McGee family. Mr. Howlett and family were invited in that evening and were treated to some fine singing. The following evening the same party were at Mr. Howlett's and spent

Scotch Remedy

There are four good reasons why every household should use this remedy:

- First—It penetrates quicker and deeper than any known remedy.
- Second—It removes pain and soreness at once, and will not soil or discolor the skin or clothing.
- Third—It contains no chloroform, ether, ammonia, opium or iodine and is not volatile.
- Fourth—Because it is the only safe, quick and harmless remedy found on the market.

Sold by all druggists at 50 cents.

JOINTINGS ON THE WAY TO FORT KIAMATH.

The haying season will probably continue until the first of next month, although the hay crop is not so good as usual in the Fort Kiamath country. While there we found quite a number of our old acquaintances and of course spoke a good word for THE MAIL. Mrs. T. A. Cuthbertson, one of our old neighbors, formerly Miss Mary Wiley, as soon as I approached on the subject of subscribing for THE MAIL ordered it at once as she felt lost without the news from Southern Oregon. She and her husband have been in this section of the country for two years and now have 500 acres of land and this summer are milking twenty-five cows for the creamery. During our stay there John Cox, formerly of Medford, sold 400 head of cattle for \$1000 a year. The Hays are putting up hay for the ranchers on contract. Levi Murphy and family were putting up Mr. Fordyce's hay, and everybody seemed to be happy and prospering. Rev. Fysh is preaching at the Fort and is well liked and is doing well. Thursday morning, the 15th, we bade farewell to our daughter and friends and started on our return trip. On the way we met a number on their way to Crater lake and after passing the road leading to huckleberry mountain we passed a host of people en route thither. Many of them were strangers but most of them were from the valley, among whom were D. T. Lawton, daughter and nephew, of Medford, Mr. and Mrs. Reames, Mr. Cronmiller, Dr. Ruter, Mr. and Mrs. Cook and others from Jacksonville on their way to the lake and Pelican bay. George Jackson and a family from California were taking in the sights of Southern Oregon. We also met Mr. Damon and family, Messrs. H. C. Turpin, A. Wyland and one of his sons on their way to the huckleberry patch. There was nothing of interest occurred the rest of the way and we reached home at 5 o'clock the second day from the Fort.

Their Secret Is Out.

All Saddleville, Ky., was curious to learn the cause of the vast improvement in the health of Mrs. S. P. Whitaker, who had for a long time endured untold suffering from a chronic bronchial trouble. "It's all due to Dr. King's New Discovery," writes her husband. "It completely cured her and also cured our little granddaughter of a severe attack of whooping cough." It positively cures coughs, colds, la grippe, bronchitis, all throat and lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at Chas. Strang's drugstore.

Forest Creek News.

BY OPERA.

Fruit is fairly good on Forest creek though vegetables are rather scarce.

Mrs. Clara Stewart, of Fossil, Or., is visiting her sister, Mrs. Armpriest, here.

We learn that J. Broad will commence soon to crush ore from his Oregon Bell mine.

Fred and Walter Armpriest are hauling wood from their father's timber land on Griffin creek, to Medford.

J. D. Pearce and family and Rev. and Mrs. Hoxie will start in a few days for the huckleberry patch on Rogue river.

Fred and Walter Armpriest moved sixty head of hogs from Forest creek to a pasture near Central Point last week.

In an interview with Jacob Parks, a farmer of Little Applegate, we learn that the potato crop is very short in that section.

We believe there would be an opening for a good teacher to secure a school on Forest creek by applying to the directors soon.

Lea Cuckon and family will leave for the huckleberry patch on Rogue river this week. He will be accompanied by his father.

The Sunset mine owners are still blasting in hard bedrock to tap their lead lower down, though they had not succeeded at last accounts.

Miss Hattie Armpriest has been visiting with her sister, Mrs. Anna Davies. She is now with her parents on Forest creek and will return to Portland on Saturday's train.

The company that bonded the Isaac Coffman farm and mine for \$4000 failed to materialize. This is a good opening for some enterprising business man to invest in a paying proposition.

W. R. Stansell, the milling and mining man across the divide, tells me he has purchased the Lucky Queen mine and that he is running a tunnel to tap the ledge lower down and is expecting to strike it any day. He has a force of men at work on his mill site.

John Atterberry, a former resident of Forest creek, but now of Siskiyou County, Calif., is back on

business. He reports that business is booming over there in the mines and also in dairying, there being at the present time about 500 cows being milked in and around Fort Jones.

"Through the months of June and July our baby was teething and took a running off of the bowels and sickness of the stomach," says O. E. M. Holliday, of Medford, Ind. "His bowels would move from five to eight times a day. I had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house and gave him four drops in a teaspoonful of water and he got better at once." Sold by Chas. Strang, druggist.

Trail Creek Items.

Miss Richardson is visiting relatives near Central Point this week. Miss Julia Martin is visiting her mother and other relatives on Trail creek.

R. W. Hunter passed by here on his way up Rogue River on a fishing and hunting expedition.

O. E. Heatherly has returned from his trip to Crescent City and will move his family to Central Point.

James Richardson is now employed at the Nelson sawmill, six miles below here, at the mouth of Long Branch.

S. Wilson is hauling lumber from the J. B. Welch sawmill to put up a house on his tract of land on Canyon creek.

The fish hatchery is running in full blast now. United States Fish Commissioner J. W. Berrian is the right man in the right place.

Mrs. Geo. Phillip, of Gold Hill, has been visiting her parents, Mr. and Mrs. John Watkins, of the Rogue river ferry, for the past week.

Mr. and Mrs. J. L. Ragdale and son passed through Trail last week on their way home from a visit with Mr. R's mother, of Sans Valley.

T. B. Dawson and son, Robert, have returned from Fort Klamath, at which place they have been for the past six weeks putting up hay for Mr. Cronmiller.

Mr. and Mrs. Ed. Foster visited with relatives at Trail Sunday. Mrs. Foster has just completed a three months' term of school at Astoria, and has given general satisfaction.

Rev. Starmer preached two very interesting sermons here Sunday. In the forenoon he preached the funeral sermon of little Jackie Dawson, youngest son of Mr. and Mrs. Levi Dawson.

Cornelius Inlow and son, Bert, stopped at the Trail house one day last week on their return from visiting Mr. Tarbell's household, good to his new home that he has lately purchased, situated above J. G. Briceco's.

There was a special meeting of the school board of district No. 45, called last Saturday for the purpose of making arrangements to begin the erection of a new school house to take the place of the one that was burnt down four years ago. The directors also investigated the school books used the three years that S. Wilson was school clerk and found everything perfectly satisfactory.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. Chas. Strang, druggist.

A NUISANCE.

Measures Are Being Adopted in Europe for Removing Them into Retirement.

Whoever has traveled in Europe has doubtless met in some part of the continent a gang of Hungarian gypsies roaming over the various countries of Europe, from south to north and from west to east. As a rule, they travel in families, numbering from 25 to 100 souls and more, carrying along with them all their various and strange paraphernalia and domestic necessities. In most countries of Europe laws have been passed according to which these vagabonds are allowed to stay only a couple of days or a couple of hours in certain provinces or provincial districts, when they are escorted by gendarmes over the border. The principal business transactions consist of fortune-telling, begging and stealing. They are especially clever in the latter branch of business and take everything, from a pin and needle to a horse and carriage.

The gypsies have been a real nuisance for Europe for centuries and the Austro-Hungarian government is now considering a plan to force this most peculiar vagabond race into settlement, somewhere in the vast plains of Hungary.

Most characteristic of the gypsies is the fact that they never work. This is one of their first principles. For more than 600 years they have been roaming over Europe and the up-to-date gypsy is by all means the cleverest thief in the world. Where no cat gets through the little brown gypsy boy finds his way. They have no religion, no morals, no honor or no fatherland. But he is prouder, perhaps, than a Spanish grandee. He lies to perfection and is the greatest story teller in the world.

Many other efforts have been made from time to time to confine the gypsies to certain territories in Hungary, but always without any success.

WOMEN WAGE-EARNERS.

Female Workers in France Outnumber Those in America by 25.

The American woman, independent and energetic, occupies a unique position compared with her sisters of other lands. There is hardly a profession to which she has not the entire and an army of working women is to be found in all the larger cities. Yet the statisticians claim that out of 16,334,690 women over 20 years of age in this country but 2,787,265, or about 17 percent, represent the wage earners. In contrast are the statistics concerning the women workers of France. In that country nearly one-half the feminine population, or 5,381,069 out of a total of 12,907,112 over 20 years of age, are working women.

In addition to these millions of wage earners, it is computed that there are 500,000 women landowners who are independent of masculine support. In a scientific work, compiled for use at the recent exposition and treating of women and women's work in France, the following table appears: Physicians, 450; authors, 513; artists and sculptresses, 3,500; singers and actresses, 3,500; nurses, 15,000; milliners, 30,000; government employees, 50,000; members of religious orders, 95,000; teachers, 100,000; in business houses, 245,000; landowners, 500,000; factory girls, 575,000; domestic servants, 650,000; seamstresses, 950,000; farm laborers, 2,700,000.

Rheumatism GO EAST

Rheumatic pains are the cries of protest and distress from tortured muscles, aching joints and excruciating nerves. The blood has been poisoned by the accumulation of waste matter in the system, and can no longer supply the pure and health sustaining food they require. The whole system feels the effect of this acid poison; and not until the blood has been purified and brought back to a healthy condition will the aches and pains cease.

Mrs. James Kell, of 222 Ninth street, N. E., Washington, D. C., writes as follows: "A few months ago I had an attack of Rheumatism in its worst form. The pain was so intense that I became completely prostrated. The attack was an unusually severe one, and my condition was regarded as being very dangerous. I was attended by one of the most able doctors in Washington, who also a member of the faculty of a leading medical college here. He told me to continue his prescriptions and I would get well. After having filled twelve lines without receiving the slightest benefit, I decided to continue his treatment any longer. Having heard of S. S. S. (Swift's Specific) recommended for Rheumatism, I decided, almost in despair, to give the medicine a trial, and after I had taken a few bottles I was able to hobble around on crutches, and very soon thereafter had no use for them at all. S. S. S. having cured me sound and well. All the distressing pains have left me, my appetite has returned, and I am happy to be again restored to perfect health."

SSS the great vegetable purifier and tonic, is the ideal remedy in all rheumatic troubles. There are no opiates or minerals in it to disturb the digestion and lead to ruinous habits.

We have prepared a special book on Rheumatism which every sufferer from this painful disease should read. It is the most complete and interesting book of the kind in existence. It will be sent free to any one desiring it. Write our physicians fully and freely about your case. We make no charge for medical advice.
