A cable to the New York Sun from London says: The South African syndiate, consisting of former associates of the late Cecil Rhodes, has taken some apperties in Alaska, near the Klondike cary, where the members of the syndicate intend to invest £1,000,000. William F tzhugh of San Francisco will go out to inspect the properties. He will receive a fee of \$10,000. This is probably the largest fee of this kind ever

Mrs. Kingdon, mother of Mrs. George tional, was robbed of jewels valued at \$10,000 by threves who entered her apartments in the Waldorf-Astoria in New York, When Mrs. Kingdon returned from the theater in the evening she gave the jewels she wore to a maid, who locked them in a case, which was then concealed in a place known only to the maid and Mrs. Kingdon. Two hundred thousand people, including the king and queen of England, saw Ard Patrick win the English Derby, superbly ridden by "Skeets" Martin, an American jockey. Martin, on being lifted from his horse, was the center of a cheering throng, and congratulations were hurled at him from every quarter. Ard Patrick, against which the betting was 100 to 14, is owned by J. C. Gubbin. Colonel H. McCalmont's Rising Glass was second and the duke of Portland's Friar Tuck third.

A cable to the New York Herald from London says that Senor Clemente Fi- marks. gueras, engineer of woods and forests; in the Canary islands, and for many years professor of physics at St. Augustine's college at Las Palmas, has for some time been working silently at a method of directly utilizing atmospheric electricity—that is to say, without chemicals or dynamos—and making practical application of it without the need of employing any motive force. Letson Balliet was found guilty in the federal court at Des Moines of using the mails to defraud investors in stock in the White Swan Mining company, whose property is situated near Baker City, Or. He was charged with having received \$220,000 from purchasers of stock and with having invested not to exceed \$25,000 in the property, and this was expended fargely in acquiring title to it after he had begun to sell stock. It was proved that Bulliet had expended \$25,000 in buying a newspaper at Baker City, and about \$35,000 in advertising the mine and himself as the Cecil Rhodes of America. BOERS DISARMING.

Impressive Ceremonies to Mark the End

of the South African War. Lord Kitchener, in a recent disputch, says that the disarmament of the Boers is proceeding satisfactorily and good spirit is displayed everywhere. Among authorities at Balmoral, Cape Colony, were four Americans, who will be were four Americans, who will be granted free passage to Delagoa Bay, A thanksgiving service for the ceturn

of peace was held in the princ pal square of Pretoria. The archbishop of Cape Town officiated at the service, and Lord Kitchener, General Baden-Powell and Lady Methnen, wife of Lord Methnen, and other prominent parsons were present. The massed bands of various regiments supplied the music, and the troops and people joined in singing the hymns with wonderful effect. The singing of "God Save the King" and Rudyard Kipling's "Recessional" closed the service. Lord Kitchener then monuted a dats and called for three cheers for King Edward. The response of everybody in the square was immediate and unrestrained. The open letter of the Boer Sole leaders, in which peace is announced, and in which the burghers are counseled to loyal acquiescence, is an eloquent and pathetic document.

The report of the committee on military education and training, just issued, furnishes the strongest corroboration of the inefficiency of the officers of the British army.
