Klamath County Items.

From the Klamath Falls Republican.

The Oregonian reports the dismissal of Gilbert C. Lapham's appeal to the supreme court from Judge Benson's decree in the Fish Hole creek water suit, thus leaving the decree as first entered.

Royal Aubrey, aged 16 years, son of Irvine Aubrey, of Merrill, was drowned in Lost river about 300 yards above the bridge at Merrill on Sunday afternoon at 1 o'clock. The young man was bathing in the river and was alone. He could not swim and stepping into a hole over his head he could not save himself. People living in the vicinity saw

him go to the river but no one witnessed his unfortunate fate. His failure to arrive home aroused the anxiety and search of his parents and others, with the result that his dead body was found on Monday in Lost river.

Myriads of little toads were frisking along Main street Monday. They were thickest near the river. It is said they were migrating from the lower swamps to Upper Klamath lake, and we are told that a million toads passing through town is not unprecedented. One day, some years ago, the sidewalks were black with them and they often stamped and piled up in a jumping, kicking mass a foot deep. They are as harmless as our snakes and nearly if not quite as beneficial. While the snakes destroy rattlesnakes and noxious vermin, toads devote particular attention to atomic poisons in the air. Both are indispensable contributors to the good health and comfort of the country and it would be unfair and unjust to discriminate in favor of either and against the other.

Thousands of People Killed. Annually from catarrh of the kidneys and bladder. A peculiar acid is generated and set at liberty by this disease which permeates the blood, weakens and destroys its renovating power and allows the system no opportunity to throw off this malady until the poison is neutralized and expelled from the system. Brick dust sediments indicate uric acid poisoning. It is here that S. B. Catarrh Cure becomes of the most vital consequence, because unless arrested at this stage the disease makes rapid progress to an early grave. S. B. Catarrh Cure permeates every fluid of the body, cleanses it from all impurities and is the greatest uric acid solvent ever discovered. One bottle will convince the most skeptical of this fact. For sale by all leading druggists. Book on catarrh free. Address Smith Bros., Fresno, Calif. For sale by Medford Drug Company.

Southern Oregon State Normal. The Southern Oregon State Normal School is making thorough preparation for the coming year's work. The buildings are being remodeled and repaired, and extensive additions to the chemical and physical departments are being made. The faculty is composed of strong teachers consecrated to the work, and each department is in the hands of a specialist.

A year's course in Latin and in Economics has been added to further prepare teachers for high school work. The training department will be especially strong. A man of splendid education and wide experience will be at the head of this department. Much attention will be given to oratory, and athletics will be made prominent. The citizens of Ashland have guaranteed some \$200 as prizes for excellence in these lines. The City Library of 2000 volumes is thrown open to students of the institution. Board and lodging can be had at from \$2.50 per week to \$4. Climate healthy. Course of study practical and exhaustive. For catalogue of announcements, write B. F. Muirkey, President, or Clifford Thomas, Secretary, Ashland, Oregon.

Chamberlain's Colic, Cholera and Diarrhoea Remedy has a world wide reputation for its cures. It never fails and is pleasant and safe to take. For sale by Chas. Strang, druggist.

A Kansas town has a new way of feeding tramps. The town council has passed an ordinance by which the citizens are furnished with meal tickets, which they are requested to give to tramps when they ask for something to eat. The ticket is good for one meal when presented to the marshal and the proper amount of public service rendered before meal is administered. No citizen is allowed to feed a tramp free. It is said to have had the desired effect.

To My Friends. It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol, I did so, and words cannot tell the good it has done me. A neighbor had dyspepsia so that he had tried most everything. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it.—Geo. W. Fry, Viola, Iowa. Health and strength of mind and body depend on the stomach, and normal activity of the digestive organs. Kodol, the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests any good food you eat. Take a dose after meals. Chas. Strang.

The new style of postal cards have been issued and are coming through the mails. These are known as the McKinley cards. A vignette best picture of the late President McKinley in the stamp replaces that of President Washington. Beneath it is the inscription: "1843—McKinley—1901." In the upper left hand corner is a vignette of the American eagle.

HOI FOK NEWPORT.

Oregon's Favorite Seaside Resort.

Recognizing the advantage of Newport as a summer resort over other seaside resorts in the northwest, and to make it possible for all who desire to do so to spend their vacation by the ocean waves, the Southern Pacific Company, in connection with the Corvallis and Eastern railroads, will place on sale, effective June 15, round-trip tickets from all points in Oregon, on the Southern Pacific, to Newport, good for return until October 10th, at specially reduced rates. For full information inquire of your local agent.

The rate will be \$13.50 from Medford and return and will take effect June 15, 1902. Tickets good to return until Sept. 30th. Both dates inclusive.

A New Fruit Pest.

From the Dallas Chronicle:

A new menace to fruit trees and all kinds of foliage has made its appearance in the orchards on Five Mile, south of the city. It is a bug somewhat resembling a large ant; is about three quarters of an inch in length, with a slick green back. While they can evidently fly, instead they crawl about, on the prune trees especially, by the thousands, devouring the foliage in no time. No one who has seen them can name the little pests, but they are evidently doing a great deal of damage, and they multiply rapidly.

VOLCANIC REGIONS.

The Five Active Groups of the Western Hemisphere.

The active volcanic groups of the western hemisphere occur in five widely separated regions:

First.—The Andean group of volcanoes of the equatorial region of western South America.

Second.—The chain of some twenty-five great cinder cones which stretches east and west across the south end of the Mexican plateau.

Third.—The Central American group, with its thirty-one active craters, extending diagonally across the western ends of the east and west folds of the Caribbean corrugations, fringing the Pacific side of Guatemala, San Salvador and Costa Rica. This is separated from the Mexican group on the north by a large nonvolcanic area, the isthmus of Tehuantepec, and on the south from the Andean volcanoes by the Isthmus of Panama, where no active volcanoes are found.

Fourth.—The chain of volcanoes of the Windward islands, marking the eastern gate of the Caribbean sea, standing in a line directly across the eastern terminus of the Caribbean mountains, trending east and west and parallel to the Central American group, similarly situated at the western terminus.

Fifth.—The volcanoes of Alaska and the Aleutian Islands.—Professor Robert T. Hill in Century.

Hair Splits

"I have used Ayer's Hair Vigor for thirty years. It is elegant for a hair dressing and for keeping the hair from splitting at the ends."

J. A. Gruenfelder, Grantfork, Ill.

Hair-splitting splits friendships. If the hair-splitting is done on your own head, it loses friends for you, for every hair of your head is a friend.

Ayer's Hair Vigor in advance will prevent the splitting. If the splitting has begun, it will stop it.
