Eagle Point Eagle.

BY A. C. HOWLETT.
Rev. W. W. Smith was in our town on Tuesday of last week.

J. W. Grover has been repairing his fence between his and A. J. Daloy's place and getting his place in shape for next year's crop.

Dr. W. B. Officer's little girl bit the thermometer in two while her father was trying to take her temperature on Tuesday of last week.

John Allen, of Derby, passed through town one day last week, with his mother and sister, Mrs. Eli Williams, on their way to the railroad. Mrs. Allen accompanied her daughter to her home at Oregon City, where the will remain an indefinite period.

On Wednesday morning of last week your Eagle Point correspondent, accompanied by his daughter, Agnes, started for Fort Klamath. I discovered that quite a number of changes had taken place along the route since my trip last year. John Allen, of Derby, has been improving his place by putting additional buildings on it; T. B. Higginbotham has built a fine residence on his place; Mr. Stewart, the orchardist, has greatly improved his place by clearing away a large amount of timber and brush and putting out about thirty acres to pear trees; Mr. Peyton, postmaster at Peyton, is making several changes on his property; Mr. Swanson has sold his farm to Mr. Grieve, who is making a nice home of it, and the general drift shows that the part of our county lying along Rogue river is being rapidly developed and improved. Newcomers are being attracted by the productiveness of the soil, and present indications are that in a few years that part of the country will be noted for its abundance of delicious fruit. Farther on we met quite a number of tourists who were attracted by the beauties of nature that are shown in and around Crater Lake, Castle creek canyon, etc. We arrived at the home of my daughter, Mrs. C. E. Hoyt, in Fort Klamath, on Friday morning. The town has improved considerably during the past year, several new buildings having gone up during that time. There are four stores, one blacksmith and wagon shop, three hotels, two feed stores, two meat markets and a good schoolhouse. On Friday night, about three o'clock, the alarm of fire was sounded, and had it not been for the prompt response of the citizens all the business portion of the town would have been burned. The fire originated in the ice house of the Chinese storekeeper and spread from there to a warehouse, but before that was consumed the fire was extinguished. Had there been any wind, however, it would have swept away the other business buildings; but as it was the loss was trifling. The citizens are now talking of erecting a large tank, to be filled with water by a wheel in Wood river, so that in case of fire they will have a good water supply. Stock in the vicinity of Fort Klamath is doing well this season. The farmers are about through with their haying. Considerable damage was done to the hay by the rain, but the crop is so abundant the farmers think little of the loss.

We are having warm days and cool nights.

Fred Inlow is working on a hay ranch near Grizzle, Calif.

No! I don't want a bottle any cheaper, or twice as large, or one made by yourself. I do want

Ed Briscoe, accompanied by his sisters, Lulu and Ella, drove down to Eagle Point after supplies one day last week.

J. L. Ragsdale was taken quite sick from the effect of a bad cold and was taken to Medford Wednesday to consult a physician.

Frank Hammond passed through Trail last Sunday on his way to the hatchery. Frank's business calls him up this way quite often.

Little Clara Sherman, daughter of Squire Sherman, is recovering from an attack of the chills. Dr. Officer, of Eagle Point, treated her.

There is a great deal of travel over the Rogue river road, timber men as well as a great many going to Crater Lake and other pleasure resorts.

Mrs. S. E. Inlow was visited Wednesday by Mrs. S. Wilson, Mrs. J. W. Warren, Mrs. T. J. Fry and Miss Anna Fry. Music and other amusements helped to pass away a very pleasant day.

George Leabo and Ira Dawson, took John Marden to Gold Hill last Tuesday. Mr. Marden, who has been working for Dr. Ray in the mine on Elk creek, seemed to have the measles. We all hope that it will not be serious.

His Sight Threatened.

"While picking last month my 11-year-old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Ia. "He rubbed the poison of his hands into his eyes and for awhile we were afraid he would lose his sight. Finally a neighbor recommended Dr. Williams' Kidney and Bladder Pills. The first application helped him and in a few days he was as well as ever. For skin diseases, cuts, burns, scalds, wounds, insect bites, Dr. Williams' Kidney and Bladder Pills are sure cure. Relieves piles at once. Beware of counterfeits. Chas. Strang.

A petition is being circulated here to have the schedule time changed on the Star route from Sams Valley to Prospect and is numerously signed by the patrons on the route, so that all weekly mail will reach its office Saturday.

We have just received the sad intelligence of the sudden death of

our friend Mr. Geo. W. Smith, a former resident of this place, but now located in Red Bluff, Calif. He leaves a wife and a large family of grown-up children to mourn his death.

Thousands of People Killed.

Annually from catarrh of the kidneys and bladder. A peculiar acid is generated and set at liberty by this disease which permeates the blood, weakens and destroys its renovating power and allows the system an opportunity to throw off this deadly until the poison is neutralized and expelled from the system. Brick dust sediments indicate uric acid poisoning. It is here that S. B. Catarrh Cure becomes of the most vital consequence, because unless arrested at this stage the disease makes rapid progress to an early grave. S. B. Catarrh Cure permeates every fluid of the body, cleanses it from all impurities and is the greatest uric acid solvent ever discovered. One bottle will convince the most skeptical of this fact. For sale by all leading druggists. Book on catarrh free. Address Smith Bros., Fresno, Calif. For sale by Medford Drug Company.

Man's Greatest Enemy.

"Fatigue is one of the greatest enemies of the human race," says a writer in Ainslee's. "Modern physiology shows that it is the cause of nearly half and perhaps more of the several hundred catalogued diseases that prey upon man. In our age, with its high pressure, its hot and bitter competition and the unrelenting struggle for survival, its moral and physical ravages are steadily increasing. Cities, in which an ever larger proportion of our people dwell, are biological hothouses, and for some, furnaces, forcing development prematurely and encouraging late hours and excitement and consuming nerve and brain."
