NEW RAILWAY FOR CANADA

ONE HUNDRED MILLIONS TO BE EXPENDED IN RAILWAY CONSTRUCTION.

Montreal, Nov. 24.—Canada is to have a second transcontinental railway, extending from ocean to ocean. The announcement was made today by Charles M. Hayes, second vice president and general manager of the Grand Trunk railway. Construction will begin as soon as the necessary legislation can be obtained from the Canadian parliament. The Grand Trunk will be behind the new road and will operate it, but, as in the case of the Grand Trunk lines west of the Detroit river, it will be constructed under a separate corporate name—the Grand Trunk Pacific Railroad company.

The new line, according to Mr. Hayes' statement, will have mileage of about 3,000 miles and the construction, including equipment, stations, bridges, ships and other facilities, will involve an expenditure of from \$75,000,000 to \$100,000,000. According to the present arrangement the new system will run through that portion of Northern Ontario known as New Ontario, starting from North Bay of Gravenhurst, Ont., and extending through Manitoba, the northwest territories and British Columbia to Butte Inlet, or Port Simpson, B. C., as later may be determined upon.

The line will be one of the most modern and up-to-date, having in view especially low grades, long tangents, steel bridges and heavy rails, as well as ample station facilities and equipment for the handling of freight and passenger traffic.

"No one," said Mr. Hayes, "who has been studying the wonderful development that has taken place in the Northwest during the last few years can fail to be deeply impressed with the growth of that extensive and rich territory and our directors feel that in view of the apparent need of additional railway facilities and in order to guarantee to the present Grand Trunk system direct connection with that very important and growing section of Canada, the only wise policy is to take active steps toward this extension."

The building of this transcontinental route has been under consideration by the Grand Trunk directors for some time, but it was only during Mr. Hayes' recent visit to England that it was decided to carry out the project at as early a date as possible.

All Well at Point Loma. San Diego, Nov. 24.—Commissioner General Frank P. Sargent, after investigating the institution of Mrs. Tingley and her followers at Point Loma, says that, to all appearances, it is all right. He adds that he was unable to uncover anything of a mysterious nature.

A Kidnaping Story. Salinas.—From the sugar factory town of Spreckels, four miles from here, comes the story of an attempted kidnaping, in which the nine-year-old son of Thomas Jones was the object of the dispute. It is claimed that the attempted stealing of the child was instigated by the boy's mother, who is divorced from Jones.

A Brave Mother. San Bernardino.—A Mexican mother in the San Bernardino forest reserve several days ago fought a hand-to-hand battle with a bear that was crushing her child. The bear made a vicious attack on the brave woman, but was slain by the woman's husband as the beast was about to crush her life out.

Many Miners Idle at Keswick. Redding.—Seven hundred and fifty miners and smelters are now idle at Iron Mountain and Keswick. Saturday the miners in the Mountain Copper company's big mine laid down their picks, shovels and drills, and in sympathy with their co-laborers, the smelter employees, refused to return to work until the Mountain Copper company agreed to recognize the union.

After the Red Spider. Berkeley.—In a pamphlet which has just been issued by the College of Agriculture of the University of California, Professor C. W. Woodworth gives an account of the red spider on the citrus trees of Southern California, which was made in response to an urgent call by the horticultural commissioners of Los Angeles county. The spiders have done great damage to the orange industry in the south, but the pest has been given but little attention owing to its minuteness.

MISS HOWELL UNDER ARREST

SENSATIONAL DEVELOPMENTS IN STRANGE LOS ANGELES CASE.

Los Angeles, Nov. 24.—Miss Priscilla Catherine Howell, the plucky Tennessee girl who tracked Hugh Bryson for four years and caused his arrest here Thursday on a charge of kidnapping her child, was arrested late yesterday along with Harry E. Saphir, a detective employed by her on the case. She is charged with extortion and he with burglary. They were compelled to spend the night in the county jail.

This sudden turning of tables in the sensational case was caused by warrants sworn out by Bryson at the little town of Oxnard late Saturday. Constable Eason delayed service until last night, when he went to the Clarendon hotel and found Miss Howell sick in bed with nervous prostration. She was attended by her sister, Mrs. L. Hardy of Texas. The officer was accompanied by Bryson's father and several friends.

The officer created a scene by ordering Mrs. Hardy out of the room and demanded that Miss Howell leave her bed and take a train for Oxnard. The women summoned Detective Saphir and Attorney J. W. McKinley and these persons prevented immediate removal from the city. Miss Howell departed for examination in the justice court there early this morning. The hearing of the charge against Bryson of being a fugitive from justice will come up in the township court here today, but for lack of her testimony will probably be postponed. Meanwhile the attorneys for Bryson are planning a strong fight to prevent his being taken back to Memphis, Tenn. Deputy Sheriff J. C. Hancock of Memphis is due this afternoon with requisition papers for Bryson on the kidnapping charge.

The charge of extortion Bryson bases on the acceptance of \$225 from him by Miss Howell, when she first surprised him here. The burglary charge is said to rest on a story of the detective going through another's trunk in search for evidence. When the girl caught Bryson she arranged his arrest to suit his conveniences so that he could secure bonds and not have to go to jail. The object of the present action is apparently to make her stay over night behind the bars, and her friends are indignant. Mrs. Hardy voluntarily went to jail to care for her sick sister.

NEW RAILROAD BEING PLANNED TO SAN DIEGO

San Diego, Nov. 24.—George W. Marston, president of the San Diego and Eastern railway, returned last night from New York, and in a statement over his signature says:

"Several New York capitalists are actively planning to build the new line. They have an object in view which will require twenty-five millions of money and they are moving cautiously, but the outlook is decidedly encouraging."

"The men who are interested are able financiers and experienced railroad organizers. I am not at liberty to make their names public, but can vouch for their stability and earnestness."

DYNAMITE USED WITH DISASTROUS RESULTS.

Mahoney City, Pa., Nov. 24.—The most destructive dynamiting outrage that has occurred in the coal regions since the strike began was perpetrated here yesterday morning.

Dynamite with a fuse attached was placed on the bar of the saloon of Christopher Portland. The front part of the building was blown across the street, the adjoining buildings on each side were wrecked and windows in every house in the square were broken.

Portland and his family who were asleep on the third floor, escaped without injury.

TEXAS FLOOD SITUATION IS STILL VERY SERIOUS.

Dallas, Tex., Nov. 24.—The flood situation in Texas is still serious, although rain has ceased falling. Passenger traffic is interrupted with a large extent and hardly a road in the state is able to run trains on time.

COMMUNALITY SHOTS HIMSELF AS HE SLEEPS.

Lexington, Ky., Nov. 24.—George T. Shelby, aged 26 years, great-grandson of Isaac Shelby, first governor of Kentucky, killed himself last night with a revolver as he lay in bed. He was subject to somnambulism, and it is said he fired the fatal shot while in this state. He always kept a pistol under his pillow.

RAILROAD MEN INJURED.

Pittsburg, Pa., Nov. 24.—A trainman was killed and seven others seriously injured by the explosion of a locomotive boiler at Thompson, on the Monongahela division of the Pennsylvania railroad yesterday afternoon.

TELEGRAPH BRIEFS

Arizona Snow Storm.

Prescott.—The heaviest rain and snow storm in twenty years raged here Saturday and Sunday. In this city 18 inches of snow on the level has fallen.

Stocks Take a Tumble.

New York.—Figures of the bank statement fell considerably below expectations and a general selling movement was started. Previous to its publication the market was strong.

Many Horses Burned.

Dallas, Texas.—Fire Saturday morning destroyed Bell & Warner's livery stable. Fifty-three head of horses perished, many of them valuable animals.

Former Sheriff and Marshal Drowned.

Butte.—R. L. Conner, former sheriff of Valley county, and Marshal of Glasgow, was drowned Saturday in the Missouri river, near Glasgow.

Given Historic Chairs.

Washington.—President Roosevelt has sent to each member of the cabinet one of the historical mahogany chairs which since President Grant's time have been used in the cabinet meetings.

Transport Goes Ashore.

Manila.—The United States transport Ingalls, with General Miles on board, struck a reef while entering the harbor of Legaspi, Albay, Southeast Luzon, Saturday, and is still aground. The vessel is in no danger.

Students Have a Hot Time.

Iowa City, Ia.—The worst class fight in the history of the state university raged all Saturday night. Several students were injured, property loss approximating \$700 resulted, and the local police force was routed.

A Chinese Hospital.

New York.—Steps are being taken in this city for the establishment of a Chinese hospital, which, it is believed, will be the first regular institution of its kind in the country. The staff will consist of Chinese who have completed their studies in this country.

President Helps Dedicate a School.

Philadelphia.—The dedication Saturday of the new buildings of the Central high school was rendered particularly notable by the presence of President Roosevelt and several members of his cabinet. Leading educators and men prominent in social and state affairs participated in the exercises.

Cited for Contempt.

Omaha.—On affidavit of William Canada, chief of the secret service of the Union Pacific railroad, and at the request of counsel for that road, twenty-seven strikers were cited for contempt, charged with having violated the injunction issued against them by the federal court some time ago.

Bandits Baffle Bloodhounds.

Davenport.—The chase of the posse and bloodhounds after the five bandits who robbed a Rock Island passenger train, has ended in a dismal swamp. While pursued and pursued were never more than a dozen miles apart, the pursued successfully eluded the pursuers.

Chaffee in Command of East.

New York.—Major General A. B. Chaffee has arrived at Governor's Island, N. Y., from which post he is to command the department of the east. A salute of thirteen guns was fired in honor of the new commander, who probably will remain at his post until his retirement from the army.

After Alleged Briber.

Lansing, Mich.—As a result of the investigation of charges of corruption of the jury that acquitted Colonel E. R. Sutton of complicity in the state military clothing frauds, a warrant has been issued for former State Senator Joseph Holbrook of Bay City for alleged attempted bribery.

Were These Men Buried Alive.

El Paso.—Information has been received here from Chihuahua, Mexico, which says that two men were buried alive, while under the influence of a powerful drug, by C. T. Richardson, agent of the New York Life Insurance company, and his alleged conspirator, William Nason; and also that the murder was committed to secure large sums of insurance upon their lives.

Twelve Killed in Ore Dock Fire.

Ashland, Wis.—The Wisconsin Central ore dock was destroyed by fire Saturday afternoon, and it is believed that at least twelve men were killed. In falling the dock carried with it a number of firemen and dockmen, but just how many lives were lost will probably not be known for several days. The loss will be more than half a million dollars.

—The MAIL has the news.

Miss Rose Peterson, Secretary Parkdale Tennis Club, Chicago, from experience advises all young girls who have pains and sickness peculiar to their sex, to rely on **Lydia E. Pinkham's Vegetable Compound**.

How many beautiful young girls develop into worn, listless and hopeless women, simply because sufficient attention has not been paid to their physical development. No woman is exempt from physical weakness and periodic pain, and young girls just budding into womanhood should be carefully guided physically as well as morally.

If you know of any young lady who is sick, and needs motherly advice, ask her to write to Mrs. Pinkham at Lynn, Mass., who will give her advice free, from a source of knowledge which is unequalled in the country. Do not hesitate about stating details which one may not like to talk about, and which are essential for a full understanding of the case.

Miss Hannah E. Merston, Collingswood, N. J., says:

"I thought I would write and tell you that, by following your kind advice, I feel like a new person. I was always thin and delicate, and so weak that I could hardly do anything. Menstruation was irregular."

"I tried a bottle of your Vegetable Compound and began to feel better right away. I continued its use, and am now well and strong, and menstruate regularly. I cannot say enough for what your medicine did for me."

How Mrs. Pinkham Helped Fannie Kump.

"Dear Mrs. Pinkham:—I feel it is my duty to write and tell you of the benefit I have derived from your advice and the use of Lydia E. Pinkham's Vegetable Compound. The pains in my back and womb have all left me, and my menstrual trouble is corrected. I am very thankful for the good advice you gave me, and I shall recommend your medicine to all who suffer from female weakness."

—Miss Fannie Kump, 1333 Chester St., Little Rock, Ark. (Dec. 16, 1900).

Lydia E. Pinkham's Vegetable Compound will cure any woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, nervous prostration, etc.

Why Tennessee Wrote No Letters. Tennessee once told Sir Henry Taylor that he thanked God Almighty with his whole heart and soul that he knew nothing and that the world knew nothing of Shakespeare but his writings and that he knew nothing of Jane Austen and that there were no letters preserved either of Shakespeare or of Jane Austen; that they, in fact, had not been "ripped open, like pigs."

Time For Business. Pa.—Has that young man who has been calling on you rather frequently of late any steady occupation?

Daughter.—Oh, yes, pa. He's a traveling man.

Pa.—Indeed! Well, please tell him when he calls again I'd like to have him attend strictly to business when the clock strikes 10.—Richmond Dispatch.
