**J. G. Van Dyke & Co.**  
Shoes--Ladies and Gents Furnishers.

discuss ways and means for providing fuel to operate the plants. Some of the councilmen are of the opinion that oil for fuel could be secured at a considerable less figure than is being paid for wood.

—For Sale—Three and one-fourth acres of land on Bear creek bottom, one mile north of Medford. House, barn and well, two acres in garden. H. Kelzur. 37-11

—W. P. Dodge and Fred Tice returned Tuesday from a trip up to where the Crater Lake National Park surveyors are at work, having gone thither with a load each of supplies for the surveyors. While out there they met Mr. Arrant, the superintendent of the park reserve. This gentleman has but recently recovered from a severe injury and sickness. He has completed a bridge across Anna creek 104 feet in length which shortens the distance between Crater Lake and Klamath Falls fully one and a half miles. He reports that he has looked out a route that will shorten the distance between Medford and valley points to the lake fully three miles and will do away with much of the heavy grade over which the travel is now going.

—Just received a carload of sash and doors, and screen doors. J. H. CHAMBERS, Medford. 19-11

—Mrs. E. E. Gore is organizing a children's preparatory music class, the first meeting to be held Monday, Aug. 31st at 1:30, continuing daily for two weeks. The class will take up the beginnings of "Mason's Touch and Technique," and also certain fundamental principals in ear training, rhythm, position and the necessary rudiments of notation. By means of stories, games and other devices these can be taught in classes in a more interesting and impressive manner than to individual children. The work is designed to awaken interest and to give necessary hand and arm control before actual practice at the piano is begun. Children taking lessons of Mrs. Gore, who have not finished the first grade, are requested to attend as the lessons will interest them as well as the beginners.

—Wells & Shearer have the best equipped outfit for draying and household moving in Medford. All kinds of wood for sale—full measure and prompt delivery.

—J. C. Mitchell, the cattle buyer, is said to have bought 1200 head of beef cattle in the valley. Among the largest bands purchased are those of the Barrows, the Neils and the Barnbergs. Several smaller bands have also been bought. Delivering is to commence about the 10th of September. The price paid for best grade is 31 cents. This was the price paid last year but it included fat cows and cull steers. This year, however it is claimed that only three cents will be paid for this grade of beef. There may be other buyers in the field later who will raise this price to what it was last year. The amount of money which Mr. Mitchell will pay for the cattle he has bought will probably be between \$300,000 and \$400,000. The work of rounding up will commence this week.

—Gore & Wortman are buying hogs—are in the market for feeders and fat hogs.

—Polk Hull, the gentleman who now owns the Lacy place on Griffin creek, has a new barn nearly completed. The size of the structure is 52x70 feet with thirty-foot posts. Nick Kimes is doing the carpenter work. Mr. Hull is also getting lumber on the ground for a fine residence. The main part will be 16x30 with an ell 14x24, and two stories high. While Mr. Hull is a new man to this immediate locality he is not new to Jackson county, he having lived in the Meadows section for a great many years. His faith in Southern Oregon is not waning in the least as is proven by his great expenditure of money at this time. Mr. Hull is a good man in any locality and the Griffin creek people may congratulate themselves because they have him for a neighbor.

—For Sale—Driving horse—heavy enough for farm work; also surry and single harness. Inquire at MAIL office.

—An Indian woman rode into Medford Monday on horseback, having come all the way from the Klamath reservation, a distance of one-hundred miles or more, to attend the circus. She came early, to avoid the rush. Said she had seen animals in pictures but she had never seen a real, live animal, save those found in the mountains of Southern Oregon, and she proposed to have one good look at the genuine article. It is expected that the entire reservation population will be here Saturday.

—Pure cider vinegar, manufactured by the Southern Oregon Cider Vinegar Co., on sale at Warner & Davis. 11

—Attorney M. G. Hoge, of this city, has been admitted a full fledged member of the Oregon bar, with license to practice in all the courts of the state. He has been practicing on a permit since his coming to Oregon several months ago. The laws of Oregon require that attorneys from other states must practice, if they practice at all, upon a permit for nine months and at the expiration of that time if no objections are filed they are admitted to full recognition by the courts of the state and the bar association.

—For sale—600 acres good stock and fruit land, six miles from Medford, \$5 per acre. Palm-York Co. 11

—M. L. Pellett, the Talent orchardist,

has shipped three carloads of his Bartlett pears. He is of the opinion he will have about 3000 boxes of this variety of fruit. The price he received was \$1 per box f. o. b. Talent. His apple crop he has sold at \$1.50 per box, f. o. b. Talent—and as a guarantee of good faith, the purchaser has paid \$1000 on the contract.

—Closing out at cost, the T. J. Goodwyn's Westside Grocery stock. Sale to begin Monday, August 31, 1903. W. T. York, trustee. 35-11

—Horace Mann, formerly publisher of the Medford Enquirer, is making desperate efforts to collect his subscription accounts. He sued one subscriber this week in Justice Purdin's court for a \$10 account and got judgment by default.

—For sale—Four milk cows and one two year old heifer, Jacob Walz, three miles south west from Medford. 11

—Monday was street cleaning day in Medford and the merchants were all out with hoes, shovels and broom. There was a great army of them when all were out and when they were all out of work there was a decided improvement in the streets' appearance. This affords a few hours of recreation, saves quite a bill of expense to the city and makes things look a power sight better.

—Call and see me if you wish bargains in groceries. W. T. York, trustee, Westside Grocery. 35-11

—The Portland Telegram throws all kinds of bouquets at Ringling Bros.' circus, which showed in Portland Monday and Tuesday. It says the entertainment is better in every particular than it ever was before—more of it, more marvelous feats performed, and more colossal in every particular.

—After this date the Russ mill will grind Fridays and Saturdays. Please bring your gristle on these days.

—Mrs. M. L. Tripp has sold a piece of land in Cottage Home addition, east Medford, to Al. Furgeson, the bridge carpenter for the Southern Pacific Company, and upon which he expects to soon commence the construction of a fine residence. The land in question is 92x1184 feet in size and is situated just east from Mrs. Tripp's residence. The price paid was \$300.

—Three men wanted at the Goresline saw-mill near Roxy Ann, O. E. Goresline, Medford. 27-11

—Wheat is quoted at eighty-five cents per bushel in Medford—and it is not plentiful at this price. This is an all right good condition of affairs for the producers of this particular article, but it sort o' works a hardship on the consumers—with flour retailing at \$21 per ton.

—Cards are out announcing the marriage of Mr. O. W. Whitman and Miss Centenna Rothermal, at the home of Miss Rothermal's mother, Mrs. C. L. Corwin, in this city, on Tuesday, September 8th, at nine o'clock p. m.

—For Sale—Full blooded Berkshire brood sow. H. H. Howard. 11

—Medford oculists will do business next week straightening eyes that will go crooked tomorrow looking at the several ring entertainments given by Ringling Bros.

—The Board of Underwriters of the Pacific coast has offered a reward of \$300 for the arrest and conviction of the parties who set the recent Ashland fires.

### PURELY PERSONAL.

M. O. Warner, the piano tuner, of Eugene, is in the city.

Miss Mary Calkins was visiting Ashland friends last week.

Mrs. D. T. Cox and the children returned Sunday from Coletstin.

E. E. Van Antwerp returned Tuesday from his visit to San Francisco.

Dr. and Mrs. E. B. Pickel enjoyed several days of this week at Coletstin.

Miss Ella Perdue returned to her home at Woodville Tuesday evening.

Mrs. H. G. Wortman and children returned to Coletstin Monday morning.

Booth Lee, of Central Point, was a pleasant caller at THE MAIL shop Monday.

Mrs. W. I. Vawter and sons and Mrs. Hill were at Coletstin several days this week.

Mr. and Mrs. C. B. Gay spent Sunday in Central Point with Mr. Gay's parents.

W. H. Gore and H. G. Wortman left Wednesday for a week's visit in San Francisco.

Mrs. C. W. Wolters and son, Chester, of Talent, were visiting Medford friends Wednesday.

Mrs. B. P. Theiss and daughter, Miss Geraldine, returned Monday evening from Coletstin.

Mrs. G. L. Schermerhorn returned Tuesday evening from her few weeks' visit in San Francisco.

Mrs. J. G. Van Dyke, Mrs. T. E. Pottenger and Mrs. J. A. Perry returned Tuesday evening from Coletstin.

George W. O'Neal, of Harrison, Ark., was in Medford for a couple of days this week looking after timber land matters.

Mrs. Marion Reznor, of Buffalo, Wyoming, is in Medford upon a visit to her brothers, City Recorder J. E. Toft and J. H. Toft.

Miss Hattie Eaton, saleswoman in F. L. Grandill's dry goods store, enjoyed a week's vacation at her father's mine, near Gold Hill.

country just to see what it's like. Both are good, jovial fellows to meet, and the MAIL is glad of their coming.

M. F. McCowan came in from Klamath county Tuesday. He is in the employ of the government, with the park surveying party, and just stole away for a couple or three days to visit home folk.

H. H. Howard was in from the mountains last week. He reports that the work of surveying the Crater Lake National Park is progressing finely and that another six weeks' work will complete the job.

Misses Lucy and Amy Kent returned Tuesday evening from a three months' visit with relatives at Costella, Calif. They were met in Medford by their parents, Mr. and Mrs. James Kent, of Wellen.

Mr. and Mrs. W. H. Wortman, of London, Ontario, were visiting over Sunday with H. G. Wortman and family, of this city. Mr. W. is a member of the firm of Wortman & Ward, large manufacturers of London. He is an uncle of H. G. Wortman.

Mr. and Mrs. A. Z. Sears, Mrs. N. R. Washburn and Miss Allie Klippel left Tuesday for a trip into Eastern Oregon. They went with team and expect to be absent about six weeks. They will visit at Silver Lake, where Mrs. Washburn will probably remain. From there they will go to Ontario and Vale where Mr. Sears has sisters residing, whom he has not seen for a great many years.

W. W. Smith, of Dysart, Iowa, stopped off in Medford Monday for a few days' visit with his old-time friends, W. H. Meeker and family. Mr. Smith had been in attendance at the Grand Army encampment at San Francisco, and from here will go to Hood River, where he has daughters living. Mr. Meeker gave the gentleman a ride through the fruit and farm sections of our valley—and of course he marveled at the sights presented to him.

# EXCELLENT OPPORTUNITIES

Exist in every department to make advantageous purchases. After an unusually brisk season we are closing out all broken lines. Our selling season is over; your wearing season has little more than commenced. Every department is alive with money-saving values.

\$1.00 Golf Shirts, 84 cts.

### CITY HAPPENINGS.

—The Gold Hill city council has decided upon plans and specification for a sewerage system for that town. The contract for the construction of the portion of the sewer to be put in now has been let to Stickle Bros., and the work is to be completed by November 1st. The sewer is to run from the N. E. corner of D street down 4th street to the river and will be 1100 ft. long and 16 inches in the clear and cemented.

—Four thousand rolls of wall paper—the very latest patterns—and at prices that are within reach of all—received this week by Weeks & Baker, the West Side furniture dealers.

—Contractor E. W. Starr has the Will Stewart farm residence, east of Medford, ready for the plasterers. Mr. Starr has worked on the house forty-four days and has ridden his bicycle from Medford to his work each morning and returned again in the evening. Con-

sidering the fact that Mr. Starr is sixty-five years old the feat is indeed a stunner. There are few men much younger in years who would think of tackling a job of this kind. The road over which he has traveled is quite hilly and the early morning rides which he has taken have been anything but an easy task. THE MAIL knows full well that Mr. Starr has put in good work for every hour's time he has charged on this job—he couldn't be anything but honest if he was to try. The entire distance traveled by Mr. Starr on his wheel during this time was 264 miles.

—I have 200 black walnut trees for sale. These trees were grown in Jackson county, from Tennessee seed. They are guaranteed to grow. L. E. Hoover, Medford. 30-11

—The Medford City Council is having a strenuous time these days providing fuel to operate the electric light and pumping plant. There is only wood enough on hand to run for a few weeks at best and the price at which it is held by those supplying it is \$4.50 a cord—a price which is considered by far too high to be paid with any degree of assurance that the business of the two plants will warrant the outlay. Chairman Wilson endeavored to have a special council meeting Monday night, but so many of the councilmen were out of town that a quorum could not be gotten together. The object in calling this meeting was to
