Mrs. J. P. True, who has been quite feeble for some time, has been confined to her bed this week.

Miss Sophia Davis, who is staying with Mr. and Mrs. Samuels, is suffering from a severe attack of tonsillitis.

School opened Monday week with an enrollment of fifty pupils. Quite a number have not started yet on account of prune picking and other work.

There was a social dance at the home of F. T. True on Thursday night of last week, given in honor of Mrs. True's brother, Perry Ran-

dall, who was married the same day to Miss Etta Faith, of Jacksonville.

The ladies of this vicinity gave Mrs. Land, one of our goodly neighbors, somewhat of a surprise Tuesday afternoon, the same being that estimable lady's birthday. There were between twenty and twenty-five guests, and all had contributed toward purchasing a nice present. All who went had prepared a basket of eatables, and a fine dinner was spread. After wishing the kind lady many years of happiness and prosperity, all returned home, having spent a most enjoyable afternoon.

Central Point Items.

Gold Ray News.

A part of the crew were layed off during the last few days.

With last Sunday came over a hundred visitors to the dam.

The timbers are all in, there remaining the concrete and filling to be put in.

A new pump has been installed in the mine on the river bed below the dam. A small coffer-dam was built and the pump will be used to pump the water therefrom in order to get at the bed, where the gold is in the crevices.

Catarrh Cannot be Cured. With local applications as they cannot reach the seat of disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. A BIG TRUST GONE.

Ruin, complete and irremediable, has overtaken the corporation famous all over the country as the Consolidated Lake Superior Company, formed only a few years ago with a capital of \$100,000,000 to foster the manufacture of steel rails on Canadian soil.

For a debt of over \$5,000,000 owing to Speyer & Company, the vast concern in which upwards of \$100,000,000 has been invested in one way or another, will be thrown upon the market, and the last powerful rival of the United States Steel Corporation will be finally crushed out of existence. Among the liabilities of the company is one for \$200,000 for wages owing its employees.

A huge log raft consigned to the Hammond Lumber Company, of San Francisco, is now on its way down the coast from Stella, Washington. The raft, which contains 8,000,000 feet of telegraph poles, is in tow of the steamer Francis Leggett, and until it is safe within the San Francisco harbor shipping men will have no cause to worry. Several attempts have been made to stop the practice of towing log rafts on this coast, by legislation, but so far all efforts have failed. The log raft is a menace to navigation because of the danger of its going to pieces in heavy weather. The raft in tow of the Francis Leggett is one of the largest that has ever come down the coast.

Jailbird Captured.

Joseph Fidler, a notorious character who has been serving a sentence in the Yreka, Calif. jail for beating his wife escaped last week, but was recaptured at Grants Pass Sunday. Fidler had taken a revolver from the jail when he escaped and it was his attempt to sell this that led to his recapture.

ADDITIONAL PERSONAL.

Mrs. C. K. Frunk, of Albany, is visiting relatives in Medford.

Joe Parker made a flying trip to Grants Pass Wednesday.

Frank Loder, who is employed as one of the engineers at the Ray dam, spent Wednesday in Medford visiting friends.

Mrs. C. R. Ray, of Gold Ray, was in the city yesterday. The lady and her children expect to reside in Medford this winter.

L. E. Westbrook, of Albany, arrived in Medford Wednesday, and has taken a position as salesman in Warner & Davis' grocery.

H. M. Crowell returned Monday evening to Mare Island where he will resume duties on the U. S. Steamship Adams, after a couple of weeks' visit with relatives in Medford.

C. M. Pence, of Trail, was in the city Thursday. He is in the employ of Supt. Berrian, of the government fish hatchery, and reports that the catch of fish eggs is large this season. In one night recently 100,000 eggs were taken. In all over a million and a half have been taken.

J. N. Wright, of Central Point, was in the city Saturday and while here laid in a stock of trespass notices, which he will post on his farm. He relates that last year he had one hog killed by some careless hunters, and as he has stock in his pasture all the time he naturally feels uneasy lest more stock is killed in a similar way—hence the notices.

Mrs. M. Caldwell and son, Charlie, returned Wednesday evening from a sixteen months' stay at Lawen, in Eastern Oregon. They will remain in Medford and Charlie will take a position as salesman in some one of the grocery stores of the city. Charlie reports the county full of cattle but there seemingly are but few buyers who figure on going that way. Hay is \$10 per ton—and scarce at that figure.

Capt. T. J. West was in from Brownboro Tuesday. The gentleman is endeavoring to get the roads in his district in better shape for winter travel. The road tax has all been worked out in that district but there is still one place badly in need of repairs and it is this that is now being worked on. The people of that locality have volunteered a goodly amount of work and the county commissioners have agreed to donate an equal amount in cash.

Attorney G. W. White, formerly of Medford, later a banker in Coquille City, and his son, Floyd, of Myrtle Point, arrived in Medford Wednesday and after a few days' visit with old-time friends here will go to Klamath county upon business. Mr. White has but recently sold his bank in Coquille, and expects to locate in Berkeley, Cal., where Mrs. White and the children are now residing. Since leaving Medford both Mrs. White and Floyd have graduated from a medical college, and Floyd is practicing medicine in Myrtle Point. Mrs. White is not now practicing.

Dr. and Mrs. Chas. Brown, of Chicago, Ill., are visiting Medford and vicinity, the guests of Dr. and Mrs. W. L. Cameron. The first intention of Mr. and Mrs. Brown was merely to make a visit to the coast, but they have formed such a favorable opinion of this section of the country that it is not at all improbable that they will finally settle among us. They expect to make a trip to Crater Lake and other points before returning east. On Tuesday, in company with Dr. and Mrs. Cameron, they made a trip to the Ray dam, where for the first time the easterners saw the process of panning out gold. Dr. Brown is an enthusiastic sportsman and enjoys the distinction of being the champion fly-caster of Chicago. The immense numbers of fish to be seen at the dam "looked good" to him.

Judge R. S. Dunlap, of Jacksonville, was in Medford Tuesday. Mr. Dunlap is one of the oldest surviving veterans of the Mexican war. He was a member of Col. Doniphan's regiment, enlisted at Fort Leavenworth, Kansas, and with his comrades marched 3000 miles to Chihuahua, Mexico. Then were ordered to New Orleans to be disbanded. At New Orleans when paid off—"we had been ahead of the paymaster and every body else," he said—Mr. Dunlap had \$376 coming to him. It was more money than he had ever seen before, and he had to have the Captain of his company help him count it. In 1849 he came to California and in 1852 migrated to Oregon, where he has been ever since. Mr. Dunlap was engaged while here in perfecting his papers of application for admission to the Soldiers' Home at Roseburg, and expects to spend his remaining days there.

Coss Piano House Moved.

The Coss Piano House, of Medford, has moved its office to Mr. Coss's residence on West, 10th street, one block south of the public school building, where the business will be carried on as usual, selling good, reliable makes of pianos, organs, and musical merchandise. Mr. Coss has made this move so that his wife could handle his business here, during his absence on his trips, as his business calls him away quite often. His business is growing larger every year.
