Kindness.

Mr. D. P. Daugherty, well known throughout Eercer and Summer counties, W. Va., most likely owes his life to the kindness of a neighbor. He was almost hopelessly afficted with diarchoes; was attended by two physicians who gave him little, if any, relief, when a neighbor learning of his serious condiction, brought him a bottle of Chamberian's Colic, Cholera and Diarchoes emedy, which cured him in less than twenty-four hours. Life's Little Dutles.

It may be doubted if it is within the power of any one man, however great and powerful and gifted, to change the current of the world's affairs, but there is scarcely any one who will contend that civilization would not advance, the world become better and life for all grow more beautiful if each citizen

would perform the simple and apparent duty which he can easily do.

There is one sure way of reforming the world, and that is for each person to contribute his mile. - Kansas City World.
