Frank Johnson and family met with quite a misfortune Friday morning. At a very early hour the house was discovered on fire, giving the family barely time to escape. The fire caught from the chimney on the roof, among a lot of dead leaves. The house and contents were an entire loss.

Tuesday night, while Geo. Lewis was fishing with a party in Batte creek some one entered Jerry Heckathorn's confectionary store by using a ladder to climb into the back window, robbing the slot machines. It was undoubtedly a new hand at the business, for a considerable amount of money was left in the machines.

Ayer's

Hair Vigor

Why is it that Ayer's Hair Vigor does so many remarkable things? Because it is a hair food. It feeds the hair, puts new life into it. The hair cannot keep from growing. And gradually all the dark, rich color of early life comes back to gray hair.

When I first used Ayer's Hair Vigor my hair was about all gray. But now it is a nice rich black, and as thick as I could wish.
