

# Home Made

Have your cake, muffins, and tea biscuit home-made. They will be fresher, cleaner, more tasty and wholesome.

Royal Baking Powder helps the house wife to produce at home, quickly and economically, fine and tasty cake, the raised hot-biscuit, puddings, the frosted layer-cake, crisp cookies, crullers, crusts and muffins, with which the ready-made food found at the bake-shop or grocery does not compare.

Royal is the greatest of bake-day helps.

### Eagle Point Eagle:

BY A. C. HOWLETT.  
Mrs. Lizzie Betz was visiting Mrs. Amy Brown several days last week.

John Williscroft was smiling on his friends in Eagle Point last Monday.

Mr. Messenger, of Ashland, was the guest of A. J. Daley last Sunday night.

Almost everybody that has farming to do is taking advantage of the fine weather to do their work.

J. A. Jones, of Ashland, came down last Sunday evening to his old home place to visit his son, Robert.

Letters received from our neighbor, N. A. Young, announce his safe arrival at Burns, but he writes that he thinks of going on still farther.

There was but little interest manifested over the presidential election and several of the Democrats did not vote at all, and many only voted on the liquor question.

The Snowy Butte Lodge of A. O. U. W., will hold an open lodge next Saturday night, and we expect to have a fine time, as a splendid program has been arranged for the occasion.

The ladies of the Prohibition faith served a free lunch on election day in A. J. Daley's addition to his store. They served a good dinner and everything passed off very quietly.

T. A. Fleck has moved into the house belonging to Mrs. Amanda Griffith. Her health is so poor that she has given up housekeeping and is living with her daughter, Mrs. John Hart.

Last Saturday night a company of the young folks met at the residence of G. N. Daley, Sr., and spent several hours having a good time, having music of almost all kinds and a good social time generally.

Parties that neither fear God or the powers that be, went into T. E. Nichol's potato patch on Rogue river one night last week and "grabbed" about a ton of his spuds. He is on the track and expects to bring the parties to justice.

Last week Mrs. A. M. Thomas and Mrs. Jack had a fishing contest and the agreement was that the one who

caught the most fish was to sell them and give the proceeds to the Ladies' Aid Society for a church building fund, but I have not learned the final result.

Mr. Abbott gave us a very sensible talk last Sunday night and next Sunday night A. C. Howlett will conduct the meeting. Services commence at 7:30. Rev. Austin will commence a series of meetings here on Tuesday next and continue over Sunday.

I omitted to state in my last that our road supervisor, J. J. Fryer, has been doing some fine work on our streets. He has hauled fine gravel and put it on the stones, so that now one can ride with some satisfaction.

Beginning Sunday, November 27th, Rev. Austin will preach in the hall every night until announcement is made to the contrary. Special arrangements have been made to have good singing and music of profit at all the services. Come and bring your Bibles. Don't forget the hour, 7:30 p. m.

Owing to sickness in the family of Miss Zuda Owen's sister she was compelled to resign as teacher in our school and the board has employed T. A. Fleck as principal of the school. Several new pupils have been enrolled of late. Miss Josie Riley and Joseph Pool, of Antelope district, started last Monday and Master Austen Green, recently of San Francisco, also entered the school.

### FROM SOUTH AFRICA.

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman writing from Durban, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy at the baby was sucking it would no doubt cure the child. This they did and it brought about a quick relief and cured the baby." This remedy is for sale by Chas. Strang.

### Big Sticky Items

BY PECK'S BAD BOY.  
Mrs. Wright, of Lake creek, spent Friday night with friends in our neighborhood.

Nye Turpin, of Climax, spent Friday night with his parents while en route to Medford.

Frank Roberts, who but recently returned from Klamath county, is again at work on the Hanley ranch.

L. E. Hoover, of Medford, and Mr. Kendall, of Minnesota, were out looking after business interests on sticky last Thursday.

Albert Gall and family, of North Bend, have returned home after a pleasant visit with relatives and friends on Sticky.

John Wiley, of Medford, has leased the Ball place and will pasture his sheep here this winter. His herder and family are occupying the house, which is in a fearfully delapidated state.

Mr. and Mrs. Al. Turpin have moved back to the Ish ranch, after harvesting their fruit crop on the Heimroth place, and now are farming with a vengeance, keeping three four-horse teams busy all the time.

Messrs. Wilson and Chapman, of Central Point, the expert carpenters, have completed a neat little six-room cottage and substantial barn for Mr. and Mrs. Ellis Gall and they are now comfortably located in their new home.

V. T. McCray is doing some excellent work on the company's ranch. He is having a body of land levelled so it can be properly irrigated and will then sow a number of different kinds of grass seeds, a few acres of each for experiment. This will be of

great value to our farmers as it will be proven which are the best grasses for our soil without the trouble and expense of our personal experiments.

Mr. and Mrs. Ellis Gall spent a couple of days last week at the home of Mr. G. G. G. father, Justice Gall, of Sams Valley. His sister, Mrs. Rowe, of California, and Mrs. Myer, of Ashland, were also visiting their father, and all enjoyed a pleasant visit.

Mrs. Erdman and son-in-law, of Wisconsin, who recently purchased the Mathie place, will have the house re-painted and other improvements made, after which they will move out to the ranch. They now have teams at work putting in grain and have given L. E. Hoover the contract for setting fifty acres of apple orchard, which work will be commenced right away.

### Yankee Creek.

BY X

G. W. Smith has just finished harvesting his apple crop, which amounts to nearly ten thousand boxes.

The Walch Bros. are taking advantage of the dry spell by re-sowing the ground harvested last year.

We are glad to learn that the little son of D. W. Meyer is again convalescing. The doctor reports that the chances for his ultimate recovery are favorable.

Capt. H. C. Shipp is enjoying a visit from his son-in-law, L. W. Steinbock, and family, late of New Mexico. Mr. Steinbock is pleased with the Rogue river country and we hope to be able to retain him permanently.

Rev. Mr. Kinney delivered an excellent sermon at our school house last Sunday, to a large and attentive audience. We hope to hear from Mr. Kinney again and have partly secured a promise from him to make appointments with us during next summer.

Our hopes for a near market brighten as each step toward the beginning of the new railroad is made, as it is an assured fact that the road will go through; the only thing we have to fear is that the connection with the Southern Pacific will not be at Medford. Should it be otherwise it will make a difference of several miles in our valley.

Chamberlain's Stomach and Liver Tablets are becoming a favorite for stomach troubles and constipation. For sale by Chas. Strang.

### Antioch Items.

Wednesday of this week Rev. Austin, the missionary for the Rogue River Association began meetings at Antioch school house. The meeting will be conducted for a week or ten days. A large gathering of people is expected. Evangelism is the object of the meetings. Every one is cordially asked to attend. The hour, 7:30 p. m.

## Proverbs

"When the butter won't come put a penny in the churn," is an old time dairy proverb. It often seems to work though no one has ever told why.

When mothers are worried because the children do not gain strength and flesh we say give them Scott's Emulsion.

It is like the penny in the milk because it works and because there is something astonishing about it.

Scott's Emulsion is simply a milk of pure cod liver oil with some hypophosphites especially prepared for delicate stomachs.

Children take to it naturally because they like the taste and the remedy takes just as naturally to the children because it is so perfectly adapted to their wants.

For all weak and pale and thin children Scott's Emulsion is the most satisfactory treatment.

We will send you the penny, i. e., a sample free.

Be sure that this picture is the form of a label on the wrapper of every bottle of Emulsion you buy.

### Mothers Praise It.

Mothers everywhere praise One Minute Cough Cure for the soothing it has relieved and the lives of the little ones it has saved. A certain cure for coughs, croup, and whooping cough. A. L. Spafford, postmaster of Chester, Mich., says: "Our little girl was unconscious from strangulation during a sudden and terrible attack of croup. One Minute Cough Cure quickly relieved and cured her, and I cannot praise it too highly." ### Only Makes a Bad Matter Worse.

Perhaps you have never thought of it, but the fact must be apparent to every one at constipation is caused by lack of water in the system, and the use of drastic cathartics like the old-fashioned pills only makes a bad matter worse. Chamberlain's Stomach and Liver Tablets are much more mild and gentle in their effect, and when the proper dose is taken their action is so natural that one can hardly realize it is the effect of a medicine. Try a 25 cent bottle of them. For sale by Chas. Strang, Druggist.
