In China spurious coin may be lawfully manufactured when it is intended to be placed in the coffins of the dead. The Chinese believe that these bad coins make the dead just as happy as good coins would.

The bank clerks of England are planning the formation of a union in order to secure an increase in wages, which virtually condemns the clerks to "cellar, lodgings and sixpenny lunches" for life.

A Birmingham jewelry firm is said to be engaged upon the manufacture of a magnificent cigar case for the shah of Persia. On the top are portraits of the shah's eight sons. The total cost will reach nearly \$15,000.

The Vienna police are about to experiment with a phonograph in taking a prisoner's answers to questions asked in the preliminary examination, so that when the actual trial takes place there may be no dispute as to what was said.

It is said that our American Indians were never so good at bearing pain as the aborigines of Australia. The Australians tell a story of a famous old chief who walked sixty miles with a spear sticking through him before he could get anyone to pull it out.

Japan's exports show their greatest gain in manufactured goods, in cotton goods it is most marked. Three cotton mill companies have ordered an aggregate of 1595 weaving looms to meet the expected further increased demand from China for cotton manufactures.

The Canadian maritime board of trade recently passed a resolution requesting the government to place such restriction on manufacturers as will compel them to mark plainly all woolen fabrics with the proportions of pure wool and adulterations contained in them.

Word was received that the herd of 150 elk which for the last fifteen years has been protected on the Miller & Lux ranch, near Bakerfield, Calif., is to be transferred to the government reservation thirty miles from Exeter. Dr. Miram, of the state Geological survey, will have charge of removing the animals, which com-

TAINED BLOOD

Columbus, Ohio, May 19, 1903. Some four years ago I was suffering from impure blood and a general run-down condition of the system. I had no appetite, was losing flesh, and had an aching tired feeling that made me miserable. I began the use of S. S. S., and after taking seven or eight bottles my skin was cleared of all eruptions and took on a ruddy, healthy glow that assured me that my blood had been restored to its normal, healthy condition. My appetite was restored, as I could eat anything put before me, and as I regained my appetite I increased in weight, and that "fired feeling" which worried me so much disappeared, and I was once again my old self. I heartily recommend S. S. S. as the best blood purifier and tonic made, and strongly advise its use to all those in need of such medicine. VICTOR STUBBINS, Cor. Bannan and Washington Aves.

Wheeling, W. V., May 28, 1903. My system was run down and my joints ached and pained me considerably. I had used S. S. S. before and knew what it was, so I purchased a bottle of it and have taken several bottles and the aches and pains are gone, my blood has been cleansed and my general health built up. I can testify to it as a blood purifier and tonic. JOHN C. STRAIN.

pose the only drove of elk in the wild state now outside government reservations. Thirty-five of the best vaqueros from all parts of the state have been engaged to corral the elk. There will probably be a great deal of excitement, as the animals are described as being very wild.

Chamberlain's Cough Remedy is Pleasant to Take.

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. L. Ronderick, of Pooksville, Md., in speaking of this remedy says: "I have used Chamberlain's Cough Remedy with my children for several years and can truthfully say it is the best preparation of the kind I know of. The children like to take it and it has no injurious after effect. For sale by Chas. Strang.

Klamath County News.

Klamath Falls Express.
C. W. Sherman, Jr., has started on a trip over the Cascades to visit his parents at Talent, and expects to bring over a load of supplies for the winter. Ralph Macumber went with him.

There has been an endless amount of trouble over the mail route between Bonanza and Yainax during the past month or more, but Contractor Yaden thinks he has the matter all fixed up now. The east and north part of Alkali valley is furnished with a free delivery system on this route, but the people haven't been getting it for sometime, because nobody could be found who would carry the mail for the price offered.

Caleb T. Oliver, of Merrill, who is in town this week in attendance on the circuit court as a jurymen, informs the Express that the McCloud River Railroad is building in the direction of Merrill. The present terminus of the road is Bartells, which is 30 miles from Merrill, but the company will extend the road to Toad lake 13 miles beyond Bartells, within six weeks, if the weather remains good. This would bring the road within 30 miles of Davis, which point is 20 miles from Merrill, making the distance between Merrill and the new terminus of the McCloud road 50 miles, against 70 miles to the terminus of the Weed road.

The case of the State vs. J. S. Stevens and Walter Lerbell, charged with stealing eighteen head of steers belonging to the Melhus Bros., of Ft. Klamath, was called in the circuit court Tuesday morning at 9 o'clock. The defendants were represented by Leavitt and Mills, while the state's interests were looked after by District Attorney Moore, ably assisted by Judge Drake. After a large number of would be jurors had been excused either by the attorneys for the defendants, those for the state or by the judge, the following twelve good men and true were finally selected to try the case: R. C. Cantrall, C. T. Oliver, Chas. Logue, C. T. Wilson, W. L. Welch, John Dixon, L. F. Willis, E. E. Casbeer, M. P. Orr, J. H. Collahan, W. G. Elliott and Fred Schallock.

Klamath Falls Republican.
Morey Applegate and parents, Capt. and Mrs. I. D. Applegate, left Tuesday morning for San Francisco, where they will spend the winter.

B. F. Brooks, secretary of the Wood Railroad Company, at Weed, Calif., and Benj. Bangs and F. B. Brery, of San Francisco, arrived in the city on a tour of inspection of the county. Mr. Brooks has visited our town and county before but this is Messrs. Bangs and Berry's first visit and although the condition of the weather at this season is not the best, they were very much impressed with our county. Tuesday, in company with Mr. W. S. Worden, they drove through the Klamath basin, visiting Merrill, Poe valley and Bonanza. Wednesday they were driven over the city to the upper lake and over the Klamath Canal Co.'s works by Major Worden and Judge Baldwin. They left this morning on their return to the railroad and will go over the proposed route through Siskiyou

county. The Weed railroad people are not saying much, but they keep working and we believe their road will be the first to reach Klamath Falls.

Chas. Graves, the Odell rancher, arrived in the city Saturday with the election returns. He remained over until Tuesday when he returned with a four-horse load of supplies. He says that he and all the ranchers in Odell precinct have always purchased their supplies at Eugene, but would prefer to come to Klamath Falls if the county would fix the roads a little. Quite a number of the residents in the vicinity of Silver Lake did their trading in Klamath Falls this year and he claims that all this trade could be secured by a little expense on road improvements. He drew attention to the fact that there now is about \$400,000 worth of taxable property in this precinct and that the northern part of the county is fast settling up. This settlement he believes would be greatly encouraged if they had a mail connection with the county seat by way of Fort Klamath. Their mail is now received by way of Lakeview and takes about two weeks. If the business men of Klamath Falls want the trade of northern Klamath and Lake counties they should do something at once.

The Klamath Canal Company have about 3700 feet of their tunnel completed. Last week connection was made between shafts seven and eight. At the rate of progress now being made by Saturday connection will be made between six and seven, and by next Wednesday, between five and six. This will make a continuous tunnel from Hank's flat to this side of the mountain, with the exception of 120 feet, which will be left to take out of shaft No. 4. They are now working on the approaches, cutting some and tunneling some. By the present rate of procedure water will be running through by the holidays. The tunnel on which they are now working, without enlarging, will discharge about 10,000 inches of water, or about four times the carrying capacity of the present Ankeny & Henley ditch. About two miles of the main canal have been practically completed. The section around the hot springs, which was the most difficult piece of construction on the entire line, is completed. The section around the hot springs, which was the most difficult piece of construction on the entire line, is completed. They have three camps in operation. Camp 1 is located at the foot of the tunnel in fairview addition to the town. Camp 2 is near the Mitchell ranch and Camp 3 has recently been established near the Harpold dam, where the commencement of the ditch is being made, which will irrigate a portion of Poe valley.

It is Now Time.

Now is the time to buy a piano. The long winter evening are here again. What better enjoyment can you get than music and the place to buy that piano, or organ, is at the Coss Piano House, because H. M. Coss can sell you a better piano for the money than any other dealer in Southern Oregon. Come and see for yourself. Goods is displayed at H. B. Nye's Reuket Store.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.
Mr. S. S. Hall of Ravenswood, W. Va., says: "I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in our baby."

TWO FAMILIES MIXED.
Peoria, Ill., Nov. 19.—Death has revealed an extraordinary case of double life led by Dr. C. W. Conklin, a prominent physician of Farmington, who died November 8. The wife with whom he was living at the time of his death went to Lewiston to have herself appointed administratrix of his property and found that the records showed that many years ago her husband had been married to a Miss Steele and that the first wife, together with four children, was still alive. Children of the first wife will make a right for the estate, which amounts to about \$10,000. Dr. Conklin had two children by his second wife.

DAMAGE SLIGHT TO JETTY.
Astoria, Or., Nov. 19.—It develops upon investigation that there was but very little actual damage done to the jetty at the mouth of the Columbia river by the recent storms. Considerable of the superstructure has been carried out, but most of it had been so badly eaten by the teredoed that it would have been necessary to rebuild it. The momentary loss is therefore insignificant. The completed portion of the jetty has withstood the force of the storms perfectly.

Only Makes a Bad Matter Worse.
Perhaps you have never thought of it, but the fact must be apparent to every one at constipation is caused by a lack of water in the system, and the use of drastic cathartics like the old-fashioned pills only makes a bad matter worse. Chamberlain's Stomach and Liver Tablets are much more mild and gentle in their effect, and when the proper dose is taken their action is so natural that one can hardly realize it is the effect of a medicine. Try a 25 cent bottle of them. For sale by Chas. Strang, Druggist.

MAY RECOVER.
Los Angeles, Nov. 19.—The condition of Miss Minna Rudolph, the leading lady of James Powers' "San Toy" company, who was seriously injured in an automobile accident, was reported favorable yesterday. Miss Rudolph has not yet entirely recovered consciousness, and is still having slight hemorrhages of the ears. The attending physician states that unless more serious complications arise she will recover.
