### Eagle Point Eaglets

BY A. C. HOWLETT.  
Mrs. A. M. Thomas made a business trip to Medford last Sunday.

Miss Floy Florey, our postoffice clerk, spent a few days with the Misses Nichols last week.

This cold snap is causing stock men to gather up their cattle and prepare to feed. The fine fall has been favorable, not only for the farmers, giving them an opportunity to put in their fall grain, but also has started the grass so that stock is doing fine. There is more grain already sowed in this section than has been sowed at this time of year for several years.

The entertainment given by the Ladies' Aid Society was a crowning success. The part performed by the school children was well rendered and the committee on arrangements are entitled to a great deal of credit. The lunch was, as to be expected, up-to-date, and everything passed off pleasantly. The receipts of the evening after all expenses were paid, were \$18.65.

In order to correct an erroneous idea with regard to Miss Zada Owens, who was engaged to teach our school in the principal's room and was compelled to resign on account of her sister's sickness, as it was reported that he had failed to pass the necessary examination, but that is a mistake for she has a state diploma and the entire community regretted she was unavoidably called away.

The men working in the interest of the railroad movement from the Southern Pacific to the timber belt pitched their tents here on Thursday of last week and Mrs. Howlett is trying to keep them supplied with the necessary amount of food. They are setting the location stakes now from the mill sight to this section of the country, but when the road will be built or where the terminus will be is a question to be settled in the future, so far as the outside world knows.

J. W. Lawton and Mr. Rochford were out here and stopped for dinner at the Sunny Side hotel one day last week, working in the interest of the Breeders' Association and on last Monday he was here again with his nephew, H. F. Platt, of Minnesota, and he informs us that they have the organization of the association about completed and the prospect is favorable for us to have some of the best horses in this valley to be found in the state. A move in the right direction.

The Snowy Butte Lodge of A. O. U. W., held the regular election of officers at their regular meeting last Saturday night. The following officers were elected: M. W., Henry French; foreman, Artie Nichols; overseer, Carl Ringer; financier, Wm. Brown; recorder, J. F. Brown; recorder, J. H. Inlow; guide, Wm. Von der Hellen; inside watchman, Ora Bellows; outside watchman, J. W. Grover; trustee for three years, Harry Carlton. Wm. Brown and J. H. Inlow were re-elected to fill the same office they were filling at the time of the election and J. W. Grover was elected as O. N. as a kind of a joke, as he has filled the chair with credit of M. N. P. M. W. and has been a delegate to the Grand Lodge and one of the most prominent and useful members in the lodge. Some of the boys thought they would put him in as O. N. and let him go right up to the top of the ladder again.

### No More Suffering.

If you are troubled with indigestion get a bottle of Kodol Dyspepsia Cure and see how quickly it will cure you. Geo. A. Thomson, of Spencer, Ia., says: "I have had dyspepsia for twenty years. My case was almost hopeless. Kodol Dyspepsia Cure was recommended and I used a few bottles of it and it is the only thing that has relieved me. Would not be without it. Have doctored with local physicians and also at Chicago, and even went to Norway with hopes of getting some relief, but Kodol Dyspepsia Cure is the only remedy that has done me any good, and I heartily recommend it. Every person suffering with indigestion or dyspepsia should use it. Sold by Chas. Strang."

### Entertainment at Eagle Point.

The entertainment given by the Ladies' Aid Society at Eagle Point Friday night, December 2d, was a decided success. A large crowd assembled at the meeting was called to order at 7:30 by President Mrs. Nettie Grover.

### The following program was rendered:

R. Cook; song, quartette, Mesdames Officer and Holmes, Misses Abbott and Taylor; recitation, "The Legend of the Organ Builder," Miss Clara Richardson; essay, "The Resources of Eagle Point," Johnnie Inlow; song, Misses Mattie and Lottie Taylor; recitation R. After the entertainment light refreshments were served and everybody enjoyed themselves to the fullest extent. The ladies deserved great credit for the efforts made and fully deserved the success which crowned their efforts. The receipts of the evening were \$18.00, which will be used to swell the fund already started. We will now say that the aim of the ladies is to make a collection of pieces of fancy work, clothing, quilts, or anything in that line which will be sold at a sale in the spring, to further swell our fund. We extend an invitation to every lady in Eagle Point and vicinity to be with us in our meetings which are in Wednesday afternoons of each week at 2 p. m., this week at Mrs. Haselton's and next week at Mrs. Lewis'. We wish to extend our thanks to all who took part in the entertainment, especially to the ladies who donated so liberally for the lunch, cakes that were so light that they seemed made by fairy hands were carried in until the table almost seemed to groan under the weight, but was soon relieved of its burden when lunch was announced. We also extend our thanks to Mr. Heckathorn for the use of the hall and lights, and numerous other acts of kindness. We will say we hope ere the leaves fall again to have our church ready to hold services in, as we have encouragement from many sources. The future efforts which will be made to further this good work, deserve the support of everyone.

## For Thin Babies

Fat is of great account to a baby; that is why babies are fat. If your baby is scrawny, Scott's Emulsion is what he wants. The healthy baby stores as fat what it does not need immediately for bone and muscle. Fat babies are happy; they do not cry; they are rich; their fat is laid up for time of need. They are happy because they are comfortable. The fat surrounds their little nerves and cushions them. When they are scrawny those nerves are hurt at every ungentle touch. They delight in Scott's Emulsion. It is as sweet as wholesome to them.

Send for free sample.
