

A LITTLE OF EVERYTHING

Oregon's oldest cherry tree is in Clackamas county and is 52 years of age. This tree is eight feet in circumference and has never failed to bear a good crop.

At Solinas, California, two men quarreled about the justice of the killing of Grand Duke Sergius. One was punched on the nose, creating a hemorrhage the doctors cannot control and he is dying.

Carrie Nation and her little hatchet has not yet appeared in the Kansas fight against Standard Oil. When Carnegie gets started Rockefeller will be ready to compromise.

The president has approved a joint resolution passed by congress providing for the return of battle flags captured during the civil war. We are the only people on earth who would do this.

Three hundred tons of canned beef is to be shipped from Portland to the Orient. The beef is evidently for the Japanese army, as it is not thought there would be a demand for so large a shipment on any other account.

Life to some people is a continuous 7, to others it is 0, to many it is simply a succession of short - , to a very few it is a heavenly-guiding, but to the great majority it means the accumulation of 8.

The countries of the world must come to the United States for superior knowledge of man and affairs. Argentina has just sent seventeen young men to "The Land of the Free and the Home of the Brave" to be educated in our universities.

No man is in rich till he can lift himself out of bondage to the material. In other words—till he is able to perceive clearly and with conviction that the possession of worldly goods does not constitute wealth, any more than the lack of them implies poverty.

J. Wendell, Lakeview's butcher, informs us that himself and M. Lauritzen, a stockman of Paisley, were soldiers together for three years in the same company in Germany, and had not met since till they met in Lakeview within the past two years.

Lakeview men, according to the Herald, went fishing eight miles from that town, cut holes in the ice and succeeded in catching about forty fish, the largest one being about sixteen inches long. They used spaw for bait and say that the holes in the creek are full of fish, catching sixty-four out of one small hole.

Three attorneys in succession who have undertaken the prosecution of the damage suit of Dr. Isadore Fround against the Great Northern railway at Butte, Mont., have died, and the case is regarded as having a "hoo-joo" upon it. The case was begun in 1887 and in three instances the attorney for Fround has died just before trial was to be had. John J. McAlton, one of the prominent attorneys of Montana, declined the case after learning of the effect it had had upon his predecessors.

Two Baltimore architects have drawn plans for a building entirely without wood. It will be six stories and will have a frontage of 41.5 feet. The entire structure is to be of reinforced concrete and steel. Even the doors, windows, window sashes and door-jams

ITCHING ECZEMA

In July, 1883, I began to break out with eczema on my head, legs and arms, and began treatment with local doctors, but did not get much relief. I then quit the disease had become chronic. I then tried and tried various ointments and soaps for another two years, but as soon as cold weather came I was as bad off as ever, so I finally decided to let medicine alone, and for twelve or thirteen years did nothing towards curing the eczema, except bathing. This seemed to do about as much good as anything I had tried.

During the time I lost about one-half of my hair. I began S. S. S. doubtful of a cure, because the disease had run so long, but soon discovered your medicine was doing me good, and continued to take it. I used seven bottles, when I was completely cured, not having a single spot on my body, which before was almost completely covered. F. C. NORFOLK, 1017 Hackberry St., Ottumwa, Ia.

The head, feet and hands are usually the parts affected, though the disease appears on other parts of the body. While external applications allay the itching and burning temporarily, it is the acids thrown off by the blood that cause the irritation and eruptions upon the skin. The acids must be neutralized and the system cleansed of all humors and poisons before the cure is permanent. S. S. S. is guaranteed entirely free of Potash, Arsenic and other minerals. Book on the skin and its diseases sent free. Medical advice furnished free.

SSS

The Swift Specific Company, Atlanta, Ga.

are to be of metal. The windows will be glazed with wire glass. The frame for the show windows will be of steel, into which the plate glass will be fitted. The side walls, columns and rear walls, as well as the supporting columns of the front walls, will be of concrete. The floors will have a top dressing of cement one and a half inches thick. The stairs will be of concrete with slate treads and wrought iron balustrades.

It is obvious that a war conducted on a system of such magnitude as that in the East must be terribly costly. From the latest official figures given out in Russia it appears that the Czar's government has spent, up to the end of 1904, over \$300,000,000. This is, of course, exclusive of the loss represented by her fleet which is out of action and by the artillery which has been captured by the Japanese. These two items have been estimated in round figures at \$20,000,000, so that the cost of the war to Russia has been practically \$7,500,000 per week since the war began. As regards the expenditure of the Japanese, the Mikado's financiers have calculated that to March 31st of this year the war will have cost, including outlays \$288,000,000, or \$25,000,000 a week. On this basis it will be seen that the war has cost in twelve months over \$225,000,000. The total cost to this country of the South African war, it will be remembered, was estimated at \$1,140,000,000. It is fairly safe to assume that for so long as the present struggle lasts the expenditure will continue on something like the same gigantic scale, draining the resources of both countries to the utmost.

A Dinner Invitation.
After a hearty meal a dose of Kodol Dyspepsia Cure will prevent an attack of indigestion. Kodol is a thorough digestant and guaranteed cure for indigestion, Dyspepsia, Gas on the stomach, Sour Rinsings, Bad Breath and all stomach troubles. N. Watkins, Lesbury, Ky., says, "I can testify to the efficacy of Kodol in the cure of Stomach Trouble. I was afflicted with Stomach Trouble for fifteen years and have taken six bottles of your Kodol Dyspepsia Cure, which entirely cured me. The six bottles were worth \$1.00 to me." Kodol Dyspepsia Cure will digest any quantity of all the wholesome food you want to eat while your stomach takes a rest—recuperates and grows strong. This wonderful preparation is justly entitled to all of its many remarkable cures. Sold by Chas. Strang.

Klamath County News.
Klamath Falls Republican.
Dr. Hemenway arrived Sunday evening from the Blackfoot reservation at Browning, Mont., where he has been stationed the past winter. He has been transferred to the Klamath reservation and left for the Agency Monday morning. The doctor says he is glad to return to Klamath county.

J. W. Siemens this week completed the annual school census for the Klamath Falls district. The census is taken in February of each year and includes all persons between the ages of four and twenty years. The report for this year shows that there are 318 persons of school age. Of these 168 are males and 150 females. This is a gain of 55 or nearly 21 per cent over last year, and proves that our increase in population has been a permanent one.

I. Katz, of Port Townsend, Washington, arrived in the city the first of the week. Mr. Katz holds a deed from Quiney A. Brooks for blocks 71, 72, 73, 86 and 87 in the town of Klamath Falls, which blocks are now being advertised for sale by the sheriff on a judgment entered of record on November 18, 1896, in favor of George Von L. Meyer. Mr. Katz claims that he took a mortgage on the property in 1892 and that later the property was transferred to Edward C. Brooks subject to the mortgage. In 1898 Quiney A. Brooks as attorney in fact for Edward Brooks gave him a deed. This Mr. Katz considered a good title to the land until he was served with notice of the sale. He has employed Attorney J. C. Rutledge and the case will probably come up at the next term of the circuit court.

There was only one bid submitted to the county commissioners last Saturday for the excavation work on the new high school grounds, and this bid was considered too high by the board and was therefore rejected. As it was deemed necessary that the work be done at once and without any delay it was ordered that Judge Baldwin be given full supervision with authority to hire a foreman and the necessary workmen to put the ground in shape by the time the contracts are let for the construction of the building. The county clerk was also ordered to advertise for the construction of the high school as soon as the plans were received from Architect Burgrafs.

Hon. H. V. Gates, of Hillsboro, Oregon, arrived in the city the first of the week on business in connection with the improvement of the Electric Light & Water Works plant. Mr. Gates states that his company will spend about \$25,000, in improvements this summer. A 400-horse power motor is already on the way and will be brought in here as soon as the roads are in condition. When he leaves

HUMOROUS PICTURES AND TYPES ARE THESE.

A Dire Threat.
"Here's a letter from Mr. Smith saying he can't pay his bill this month."
"Just write him a note and say if he doesn't pay up within a month we'll quit sending him bills."—New York American.

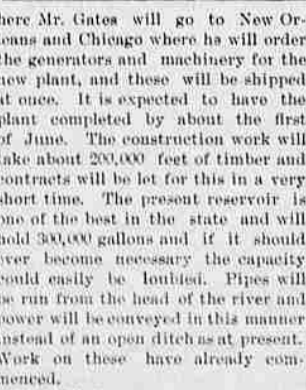

With the Bugs.
Recruiting Officer—No, I guess you're too short for the Bugville army. The regulation height is one inch.—San Francisco Examiner.

A Big Order.
Mrs. Graffe—I want a hundred yards of fannel, please—very thick. My husband has a sore throat.

Poor Algy!
Algy—I believe you are making a fool of me.
Hazel—Impossible.

here Mr. Gates will go to New Orleans and Chicago where he will order the generators and machinery for the new plant, and these will be shipped at once. It is expected to have the plant completed by about the first of June. The construction work will take about 200,000 feet of timber and contracts will be let for this in a very short time. The present reservoir is one of the best in the state and will hold 300,000 gallons and if it should ever become necessary the capacity could easily be doubled. Pipes will be run from the head of the river and power will be conveyed in this manner instead of an open ditch as at present. Work on these has already commenced.

Klamath Falls Express.
D. V. Kuykendall, of Eugene, came in on the stage Friday evening. Mr. Kuykendall has been employed by the U. S. Irrigation committee as their attorney.
All the members of the U. S. Irrigation Committee, except C. T. Silvers, of Picard, Calif., met Saturday afternoon at the court house and examined and considered the articles of incorporation of the Klamath Water Users Association which had been drawn up by their attorney, D. V. Kuykendall, and after some discussion it was decided to make the capital stock of the association \$2,000,000, based on a valuation of \$20 an acre for the land subscribed. The fee for incorporating with a capital stock of \$2,000,000 was ascertained to be \$110.30, and as the committee had no funds on hand they advanced the money individually, expecting to be reimbursed when

Revenge is Sweet.
Fly—Hooray! Here's where I get revenge!—San Francisco Examiner.

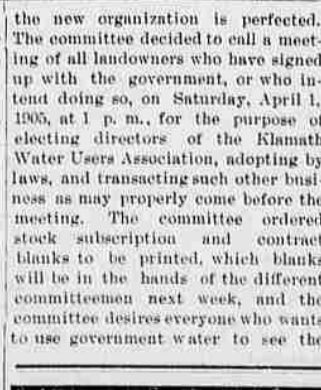

Ungrammatical, but Sincere.
"And don't you think you could learn to love me?"
"I—I—don't know."
"If you could learn to love me I should love to learn you too."—Chicago Tribune.

Womanlike.
"Please, ma'am, the florist's man left some roses addressed, 'To the most beautiful woman in the world.'"
"Yes. Where are they?"
"Why, you see, I didn't know whether they were for me or for you. Suppose we divide them."—Boston Journal.

A Double Pleasure.
The Lion—If I had your figure I'd go to the theater every night.
The Giraffe—Why so?
The Lion—You have the advantage of being able to sit in the orchestra and see from the balcony at the same time.—Leslie's Weekly.

The Old Story.
Young Wife—Oh, Henry, isn't baby just the brightest child in the world?
Hubby—I guess so. But he's not so bright as the one mother used to have

The Bug View.
Bug—Now I know why men swear when they drop a collar button. It must drop on their toes.—New York Evening Journal.

A Timely Suggestion.
"Are you reading 'Home Hints' ma'?"
"Yes."
"Turn to page 41, then, 'cause that tells how to take ink spots out of the carpet."

The Real Thing.
"Looking for work? Why, I advised for an all round man."
"Reckin' dat's whad I am, boss. I shuh ben all roum' town lookin' fo' a job."—Leslie's Weekly.

The Old Story.
Young Wife—Oh, Henry, isn't baby just the brightest child in the world?
Hubby—I guess so. But he's not so bright as the one mother used to have

Sour Stomach
No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membrane lining the stomach.
Mr. S. S. Ball, of Ravenswood, W. Va., says: "I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in my family."
