

# PRESIDENT NOW IN COLORADO

**ROOSEVELT ARRIVES IN CENTEN-  
NIAL STATE AND IS GIVEN  
SPECIAL LICENSE TO HUNT**

Although the Snow Is Deep In Game  
Country All Provisions Have Been  
Made for a Good Time.

Trinidad, Colo., April 15.—President  
Roosevelt crossed the Colorado-New  
Mexico line at 11:50 a. m., and his  
train reached Trinidad at 1:30 p. m.

Governor Jesse F. McDonald of Col-  
orado and his party met the president  
at Emery Gap, N. M. After greetings  
were presented Governor McDonald  
presented the president with a spec-  
ially engrossed carte blanche hunting  
license, giving him permission to kill  
any game he may want in Colorado.

The president's trip through Colo-  
rado was a continuous ovation, for al-  
though the train did not stop at small  
stations, there were crowds at all of  
them, who let out a good western yell  
for the nation's chief executive.

Newcastle, Colo., April 15.—With the  
snow two feet deep in every direction  
from camp and from three to five feet  
deep in the hills, with the snowstorm  
still continuing, it is possible that  
President Roosevelt will be compelled  
to delay his hunt here or content him-  
self with smaller game than the griz-  
zles he has planned to kill. For a  
week now the snow has fallen day af-  
ter day. Not twenty-four hours have  
passed without its storming. All that  
prevents the roads and trails from be-  
ing absolutely impassable is the  
warm weather that has intervened and  
to a great extent melted the snow.

P. B. Wells, a Meeker hunter, who  
is one of the party, has just arrived  
here. It took him nearly five hours  
to make the twenty mile ride from  
Camp Roosevelt, and his horse was  
worn to exhaustion when he reached  
here.

"The weather is at least three weeks  
behind the normal," he said. "There  
has been an unusual fall of snow here  
this winter, but not in ten years have  
I seen the conditions so bad as this  
season."

According to Wells, the camp is  
now in perfect shape. It has been  
practically decided to track the game  
with dogs and to follow with horses.  
This is considered one of the most  
dangerous sports and the bad condi-  
tion of the ground makes it doubly  
dangerous now.

A full grown grizzly can easily race  
away from a horse, and can almost  
equal the speed of the dogs.

Hunters here point out that to hunt  
from horses at all a dead gallop must  
be kept up all the time to close in on  
the quarry, and that this speed must  
be maintained over gullies, through  
caches, around rocks, over broken  
logs, through thickets and brush and  
up and down mountain sides, and  
they pessimistically add some one is  
sure to be hurt.

Now that the reception to Presi-  
dent Roosevelt and the parade is as-  
sured, the women of Newcastle have  
decided to do their share.

As soon as the president alights  
from the train a committee from the  
Women's Reading club will surround  
him and will escort him to the club  
rooms, where on behalf of the wo-  
men folk of Garfield county he will  
be presented with a horsehair bridle  
or the use of Miss Alice Roosevelt.  
"If of the straps, including the reins,  
be made of pure white horse hair  
and the buckles are of solid silver.

**About Rheumatism.**

There are few diseases that inflict  
more torture than rheumatism and  
there is probably no disease for which  
such a varied and useless lot of reme-  
dies have been suggested. To say that  
it can be cured, therefore, a bold  
statement to make, but Chamberlain's  
Pain Balm, which enjoys an extensive  
reputation, has met with great success  
in the treatment of this disease. One ap-  
plication of Pain Balm will relieve the  
pain, and hundreds of sufferers have  
obtained permanent cures by its use. Why  
then when Pain Balm affords such  
quick relief and costs but a trifle? For  
it is by Chas. Strang.

**SECOND PEACE CONFERENCE.**

Delegates Accept Roosevelt's Invitation  
to Discuss Disarmament.

London, April 15.—In the house of  
Lords Lord Roxy (Liberal) asked if  
President Roosevelt's invitation to  
attend a second peace conference would  
be accepted and whether the question of  
extraband of war would be brought  
before the conference. Foreign Sec-  
retary Lansdowne, replying, said the  
invitation had been accepted. The gov-  
ernment had placed itself in President  
Roosevelt's hands with a reservation  
that the subjects which might  
be submitted to the conference. All  
other powers had accepted the invita-  
tion with equal cordiality and with  
the same reservations.

### Given Up to Die With Croup.

Mrs. P. I. Cordier, of Mannington, Ky., writes: "My three-year old girl had a severe case of croup; the doctor said she could not live and I gave her up to die. I went to the store and got a bottle of **Foley's Honey and Tar**. The first dose gave quick relief and saved her life."

### RUSSIAN SHIPS LOCATED.

The Vessels Are Preparing for the  
Coming Engagement.

Berlin, April 15.—Admiral Rojest-  
vensky's squadron is believed by the  
intelligence division of the German  
navy department to be lying off the  
Cuyo Islands, eighty miles south of  
Mindoro, Philippine Islands, receding  
and preparing for the last stage of its  
long journey. Although these islands  
belong to the United States they have  
fine anchorage outside the three-mile  
limit, with hard bottom at twenty to  
twenty-five fathoms. The German  
navy department has received in a  
telegram from one of the East Indian  
ports an indication that the Russians,  
when off the southern end of Coch-  
China, April 11, changed their course  
and headed on a course which  
would bring them to the Cuyo  
Islands, in the northern part of the  
Sulu sea, 800 miles distant, in four  
days at the rate of eight knots an hour.  
The Cuyo Islands lie tactically in  
such a position that the approaches  
can easily be watched by the Russian  
scouts. Three cruisers, it was added,  
had been detached, presumably for a  
diversion on the coast of Japan, prob-  
ably in the hope of calling off Admiral  
Togo in pursuit.

### Cheated Death.

Kipney trouble often ends fatally,  
but by choosing the right medicine,  
E. H. Wolfe, of Bear Grove, Iowa,  
cheated death. He says: "Two years  
ago I had Kidney Trouble, which  
caused me great pain, suffering and  
anxiety, but I took Electric Bitters,  
which effected a complete cure. I  
have also found them of great benefit  
in general debility and nerve trouble,  
and kept them constantly on hand,  
since, as I find they have no equal."  
Chas. Strang, druggist, guarantees  
them at 50c.

### GREENER REPLACED.

American Commercial Agent at Vlad-  
ivostok Caused Embarrassment.

Washington, April 15.—Richard T.  
Greener, who has just been replaced  
as American commercial agent in Vlad-  
ivostok, figured in an incident at Vlad-  
ivostok some months ago which caused  
embarrassment to the Washington  
government and induced Secretary  
Hay to send a note officially expressing  
the regret of this government to Japan.  
Without asking leave of the American  
ambassador at St. Petersburg or any  
one else, Mr. Greener turned over the  
Japanese consular office at Vladivostok  
in his charge to the Russian port ad-  
miral, who removed the furniture and  
used the building for the Red Cross  
association. Japan later gave her con-  
sent to the use of the buildings for  
Red Cross purposes.

### A Dandy for Burns.

Dr. Bergin, Pana, Ills., writes: "I  
have used Ballard's Snow Liniment,  
always recommended it to my friends,  
as I can confidently there is no better  
made. It is a dandy for burns." Those  
who live on farms are especially liable  
to many accidental cuts, burns, bruises  
which heal rapidly when Ballard's  
Snow Liniment is applied. It should  
always be kept in the house for cases  
of emergency. 25c, 50c, \$1.00 bottles at  
Strang's drug store.

### MRS. CRAVEN INSANE.

Attempted to Burn Hotel in Which She  
Was a Guest.

Burlington, Iowa, April 15.—Mrs.  
Nettie Craven, who figured in a suit  
for a share of the late Senator Fair's  
estate on the ground that she was  
his common law wife, has been ad-  
judged insane here. She will be sent  
to a sanitarium.

Mrs. Craven has been here a week,  
staying at different hotels. She be-  
came violent last night and it is al-  
leged attempted to set fire to the Ho-  
tel Delano.

San Francisco, April 15.—Mrs. Cra-  
ven's sensational attempt to secure a  
share of the Fair millions occupied the  
courts and public interest for sev-  
eral years in this city. After the fail-  
ure of her plans she left San Francisco  
and dropped out of sight, and little has  
been heard of her in the past two

# REMAINS OF PAUL JONES FOUND

**AMBASSADOR PORTER SUCCESS-  
FUL IN SEARCH FOR BODY  
OF GREAT NAVAL HERO.**

Identification is Complete and Body  
Said to be in Excellent State  
of Preservation.

Paris, April 15.—The remarkable  
search which Ambassador Porter has  
conducted for the body of Paul Jones  
has been crowned with success by the  
discovery of the body and its identi-  
fication by the French medical experts  
as unquestionably that of the famous  
American admiral who founded the  
American navy.

Ambassador Porter has cabled to  
Washington announcing the successful  
results of his long and difficult search.  
The body is in a good state of pres-  
ervation, considering that the internment  
took place over one hundred years ago.

The circumstances leading to the final  
discovery of the body are particu-  
larly interesting. General Porter has con-  
ducted the search for the last five  
years, and when congress recently  
took no action upon the president's  
recommendation for the expenses in-  
cident to the search, the ambassador  
continued the extensive labors at his  
own expense.

A large force of workmen has been  
engaged night and day tunneling and  
cross-tunneling the old St. Louis ceme-  
tery, embracing nearly a block covered  
with buildings and requiring a system  
of subterranean mining.

Care has been taken to keep the  
body in its present state of pres-  
ervation. It will be placed in a hand-  
some casket and deposited in the re-  
ceiving vault of the American church  
on the Avenue de l'Alma until the  
ambassador can learn the opinion of  
the government concerning the most  
appropriate means of transporting it  
to the United States and giving a fit-  
ting sepulcher to the illustrious sail-  
or, whose place of burial has so long  
remained a mystery.

Will be Placed in National Cemetery.  
Washington, April 15.—Ambassa-  
dor Porter's dispatch announcing the  
finding of the body of John Paul  
Jones reached the state department  
yesterday. It is probable that a rec-  
ommendation will be made to congress  
at its next session looking to Ambassa-  
dor Porter's reimbursement. The  
remains of John Paul Jones are to be  
brought here and interred in the na-  
tional cemetery at Arlington, and it  
is likely that the transfer will be  
made the occasion of an interesting  
demonstration. It is probable that  
Secretary Morton will send a battle-  
ship to France to bring the body  
home.

### For a Weak Digestion.

No medicine can replace food but  
Chamberlain's Stomach and Liver  
Tablets will help you to digest your  
food. It is not the quantity of food  
taken that gives strength and vigor to  
the system, but the amount digested  
and assimilated. If troubled with a  
weak digestion, don't fail to give these  
Tablets a trial. Thousands have been  
benefited by their use. They only cost  
a quarter. For sale by Chas. Strang.

### Gorky Will go Free.

St. Petersburg, April 15.—On ac-  
count of the condition of his health  
and the fact that the evidence against  
Maxim Gorky is not stronger than  
against hundreds of others who have  
not been arrested in connection with  
the disturbances of January 22, it is  
understood the government has aban-  
doned its intention of bringing him to  
trial.

### STRUCK BY TRAIN.

Man and Horse Thrown Thirty Feet  
and Escape Serious Injury.

New York, April 15.—Michael Whol-  
an of 906 Fulton street, Brooklyn, and  
his horse and wagon were thrown a  
distance of thirty feet by a Long Island  
passenger train at Washington and At-  
lantic avenues, Brooklyn, yet man  
and horse escaped with a few  
scratches.

The train was running at about twen-  
ty miles an hour and demolished the  
wagon. Wholan, rendered unconscious  
by the shock, caused a laugh among  
the anxious passengers who crowded  
about him by sitting up and asking,  
"Waere is Katy?"

Katy was the horse, and was found  
to be doing very well under the  
wreck of the wagon.

### "Squatters" Killed.

Portland, Or., April 15.—An Oregon-  
ian special from Wallula, Wash., says  
that J. H. McBane of Grand Junction,  
Colo., who last Sunday shot and killed  
two "squatters" named Theodore and  
Charles Trost, who had located on Mc-  
Bane's ranch at West Grossman,  
Wash., has been charged with the  
murder of Charles Trost by a coroner's  
jury. The jury found that the  
shooting of Theodore Trost was in  
self-defense. According to evidence  
introduced before the jury McBane  
had made threats against the Trost  
brothers.

It is the most wonderful healing salve  
in the world. Beware of counterfeits.

### Two Boys Drowned.

Oronville, April 15.—Two boys, 8  
years of age, were drowned here late  
yesterday afternoon. They had gone  
to a reservoir, some distance from  
their home, and one of the boys,  
named Cheshire, took off his clothes  
and waded into the water. He stepped  
off a bank and went in where it  
was deep. He was struggling in the  
water, when his playmate, named Rich-  
ardson, sprang in to help him. The  
other boy caught him and pulled him  
under, and both children were drown-  
ed. The water was drained from the  
reservoir and both bodies recovered.

# STRICKEN BY A STRANGE MALADY

**OVER A SCORE OF MEN DIE DAILY  
IN THE FAMOUS BONANZA  
CAMP OF TONOPAH.**

The Governor Will Appoint a Special  
Commission to Investigate and if  
Possible Check the Disease.

Reno, Nev., April 15.—Hundreds of  
people flocked into Reno on the Vir-  
ginia and Truckee train last night  
fleeing from the sickness now so prev-  
alent at Tonopah. Every train for a  
week has been crowded, and, strange  
as it may seem, the ingoing trains  
have been filled also.

That people are dying in the bonan-  
za camp is now generally admitted  
but the theory that their deaths have  
been caused by wood alcohol poison-  
ing is scouted. The people of the  
town have taken the matter in hand  
and the Nevada State Journal of this  
city will send in Dr. Heppner, late of  
the United States army, and a man  
who has been through a number of  
plagues. He goes to investigate the  
true conditions in the camp and will  
submit a report soon after his arrival  
there.

Governor Sparks will appoint a  
special medical commission and send  
two members into Tonopah. These  
men will co-operate with the phys-  
icians of the camp, and at once begin a  
campaign to check the disease that is  
mowing down people at the rate of  
from five to twenty-five each day.

Yesterday twelve bodies were  
stretched out on slabs in the only un-  
dertaking establishment in the camp.  
An equal number at least were dead  
around the town. The disease strikes  
without warning, the healthy are the  
most susceptible, and in from twelve  
to twenty-four hours are dead, the  
bodies blackened by the mysterious  
poison that saps their lives away.

A quarantine has not been declared  
as yet, but probably will be within the  
next twenty-four hours.

### Ballard's Horsehound Syrup

Immediately relieves hoarse, croupy  
cough, oppressed, rattling, rasping and  
difficult breathing. Henry C. Stearns,  
druggist, Shullsburg, Wis., writes, May  
20, 1901: "I have been selling Ballard's  
Horsehound Syrup for two years, and  
have never had a preparation that has  
given better satisfaction. I notice that  
when I sell a bottle they come back for  
more. I can honestly recommend it."  
25c, 50c, \$1.00. Sold by Chas. Strang.

### TWO SAILORS INJURED.

Explosion on Yacht Soon After Being  
Quitted by President's Family.  
Norfolk, Va., April 15.—The Mor-  
gan line steamship El Cid has passed  
the Virginia capes towing the presi-  
dent's yacht Sylph, aboard of which  
an explosion occurred, seriously in-  
juring two men.

The Sylph was at the time of the  
accident on her way to her regular  
station at Washington from Florida  
waters, where she recently had on  
board Mrs. Roosevelt and her chil-  
dren. Mrs. Roosevelt and party, how-  
ever, left the Sylph at Jacksonville,  
and proceeded to Washington some  
days ago. The Sylph on sighting the  
El Cid at sea gave signs of distress  
and the Morgan liner immediately  
came to her assistance and towed her  
into the harbor.

DRUGGISTS FOR CALL PEOPLE

# ON VERGE OF REVOLT

POPULAR DEMONSTRATIONS IN  
RUSSIA GIVE AUTHORITIES  
CAUSE FOR ALARM.

St. Petersburg, April 15.—Develop-  
ments all point to a crisis in the pres-  
ent agitation among the workmen of  
the cities and the peasants in the  
country on May day, and appeals are  
pouring in from all quarters of Rus-  
sia for military protection. The St.  
Petersburg workmen are preparing a  
great demonstration.

Arms and bombs in large quantities  
have been smuggled in and bloodshed  
on a large scale is feared. Wealthy  
persons who ordinarily go to villas on  
the islands of the Neva or to neigh-  
boring country places, this year are  
going abroad.

The government has taken few spe-  
cial measures to meet the situation,  
evidently relying on the troops and  
police to guard the capital. The lat-  
ter are extremely active. All the  
prominent agitators are being arrest-  
ed or have already been sent back to  
the villages from which they original-  
ly came. The prisons are full to over-  
flowing.

There have been fresh disputes be-  
tween the workmen and the manag-  
ers of the Putiloff, Baltic and Nevsky  
works and between the employes and  
the management of the government  
cartridge factory. At the latter place  
the men refuse to continue to donate  
any portion of their pay to assist in  
the support of families of the soldiers  
at the front, claiming that the money  
is used to prosecute the war to which  
they are opposed.

The news received from the inter-  
ior is alarming, especially from the  
Baltic provinces, while the entire  
population is in a state of intense ex-  
citement. The cities are being flood-  
ed with revolutionary proclamations  
calling on the people to rise on May  
day. The criminal classes are taking  
advantage of the situation to pilage  
and plunder, while in the country the  
landlords are powerless to cope with  
the peasants and are demanding the  
stationing of troops at every station.

From Danaburg, government of  
Vitebsk, comes reports that the Jews  
are in a state of panic over the cir-  
culation of proclamations similar to  
those which preceded the outbreaks  
at Kishineff and Gomel.

At Ekaterinoslav three revolution-  
ists who were surrounded by police  
fought their way to liberty, killing or  
wounding several of the latter. A dis-  
patch from Kara says that the em-  
ployes of the trans-Caucasian railroad  
are on strike and that 100 miles of  
the track has been damaged.

Tiflis, April 15.—A proclamation of  
Count von Voritzoff-Dashkoff, the  
new governor general of the Cau-  
casus, was gazetted yesterday, an-  
nouncing that in accordance with the  
intentions of Emperor Nicholas, the  
governor general will when he as-  
sumes office convene conferences of  
representatives of the towns, peasant  
communities and orthodox, Armenian  
and Mohammedan churches, with a  
view of conceding measures for the  
establishment of public security de-  
fining the amendments necessary to  
the judicial procedure of the Cau-  
casus and introducing Zemstvo ad-  
ministration.

The governor general also proposed  
to hasten the surveys of the crown  
lands available for cultivation, that  
they may be allotted to those in need  
of land. The proclamation adds that  
the emperor has ordered a revision of  
the question of the confiscation of the  
Armenian church property and con-  
cludes with urging the maintenance  
of tranquility so that conditions in  
the Caucasus may speedily be improv-  
ed in accordance with the imperial  
rescript of March 8.

### A Daredevil Ride

often ends in a sad accident. To heal  
accidental injuries, use Bucklen's Ar-  
nica Salve. "A deep wound in my  
foot, from an accident," writes Theo-  
dore Schuele, of Columbus, O., "caused  
me great pain. Physicians were help-  
less, but Bucklen's Arnica Salve quick-  
ly healed it." Soothes and heals burns  
like magic. 25c at Chas. Strang's,  
druggist.

### Secret of Longevity.

A London newspaper has been asking  
a number of very old men for the se-  
cret of their long life. The replies are  
of the sort commonly heard. One lives  
long because he has taken wine every  
day in moderation, another because he  
has never tasted wine. One finds sov-  
erign virtue in moderate physical ex-  
ercise, another is convinced that he lives  
long because he keeps his body quiet  
and his mind active, all of which  
means that each man has followed his  
natural inclination, never exceeded the  
measure fixed by good sense and really  
thought little or nothing about it.—St.  
Louis Post-Dispatch.

### Won a Name of Fame.

DeWitt's Little Early Risers, the fam-  
ous little pills, have been made famous  
by their certain yet harmless and gen-  
tle action upon the bowels and liver.  
They have no equal for biliousness,  
constipation, etc. They do not weaken  
the stomach, grip, or make you feel  
sick. One used always preferred.  
They are sold by Chas. Strang.

### DeWitt's Little Early Risers

Uncle George—I have read your arti-  
cle over, and I must say it shows a  
great deal of originality. Arthur—  
Thanks, I'm sure I flattered myself  
there were some ideas in it. Uncle  
George—Oh, I was not speaking of the  
composition, but of the spelling.
