Several accidents occurred in Jacksonville this week, which might have proven more serious than they did. Chris Keegan was in a runaway smashup last Sunday. He had just returned from Prvoit, a drive of about forty miles. After taking his sister home, he was returning with the team to the stable, when the horses became frightened and ran away. Chris jumped from the buggy and escaped with several bruises and a sprained ankle. The horses ran into a tree, one escaping uninjured, the other breaking his leg, which necessitated his being killed. This was one of the best teams Geo. Lewis, the liveryman, had and is quite a loss to

him. As Mrs. John White and a lady friend were driving to Jacksonville Tuesday, the horse became frightened at a steam roller and ran some distance, but passersby stopped him before anything serious happened. Mrs. Myrtle Puhl and Miss Kitto were out driving Monday afternoon, as they were coming down a slight hill, the horse stumbled and fell, throwing Mrs. Puhl out over the dashboard and under the buggy. Fortunately she was not hurt, the only damage being done was the breaking of the shafts of the buggy.

BY A. C. HOWLETT.

Last Saturday about 11:30 a. m., a young man rode up to the Sunny Side and announced that dinner was wanted for eleven boys, as the base ball team, from Talent, and they were going to play the Eagle Point team that afternoon and wanted dinner by 12 o'clock. The result was by one o'clock they were ready for business, but they had wrong calculation, for the Eagle Point boys were cooked and primed ready for them. The result of the game was: Eagle Point, 22; Talent, 10. The boys had a fine time and are a set of perfect young gentlemen and took their defeat all right, and next Saturday our boys are to

play at Talent and then the Talent boys are coming to Eagle Point on May 1st and play Eagle Point and attend the big ball at that place.

The people of Sams Valley are trying to interest the citizens of Table Rock, Antioch and the Meadows in a 4th of July celebration. If these neighborhoods will join hands and work together a general good time would be assured.

Apple orchards generally show a light bloom. Conditions very favorable for trees set this year and scarcely any will be lost. Alfalfa sown this spring is doing nicely and grain crops are the best in years. Range stock is in better condition than your correspondent ever saw them at this time of year and feed abundant.

Next Sunday, Easter, there will be a specially prepared program of songs, readings and recitations given by the Endeavorers at the school house at 2 p. m. Prof. Hanby, of Central Point, has consented to be present and add to the program, as he was here last Easter when the organization was started. A hearty invitation is extended to all those who are interested.

Last Thursday evening the young people to the number of fifteen gathered at Mr. Porter's and from there proceeded to "The Oaks," where their presence was a completed and joyful surprise to Verne Pendleton. Puzzles and the games of Lotto and house-keeping, with their accompanying merriment, passed away the time, during which they contentedly munch home-made candy and apples. The surprising party had not forgotten the good things and a bountiful lunch of cakes and lemonade was enjoyed by all. As a final fun-maker they blindly pinned the queue onto the Chinaman and departed in the gale of laughter resulting therefrom, the young host declaring he was willing to be surprised any time.
