

A LITTLE OF EVERYTHING

Whether money is tainted or whether 'tint' there seems to be no appreciable cessation in the demand for the stuff.

Cassie Chadwick might make a great hit with her promised volume if she would put it in the shape of a check book.

School authorities of Huron, S. D., want to secure some "unarrangeable" girls as teachers. There are no such girls.

A fool with a pistol in his pocket and whiskey in his insides can cause more trouble in five minutes than generations can outlive.

The Klondike's output of gold for this year is estimated at \$22,000,000, a more drop in the bucket than Mr. Rocketeer would ever miss.

The human heart is said to beat 92,100 times a day. Hard to believe that there's any such activity in the immediate vicinity of Russell Sage's association.

A Pennsylvania city council will from now on open its meetings with prayer. It will no doubt continue to open the town treasury in the old-fashioned way.

The statisticians have estimated the average number of children in an American family to be two and three-eighths. No wonder there are so many fractious children.

Luther Burbank, the California wizard, has produced a yellow calla lily. When Mr. Burbank can produce an onion without a breath there is going to be genuine rejoicing in this country.

A woman in Jersey chose prison rather than live with her husband. This seems incredible until you have looked up the history of the Jersey husband in general; then you understand.

The New Jersey justice of the peace who tartly ruled that a woman's tongue is a concealed weapon, with the meaning of the law, was promptly overruled by a higher court. Of course! The mean thing he ought to be ashamed.

According to the Pittsburg Gazette a young man, aged 119, of West Virginia, is going west to grow up with the country. We dislike being final, but it is incorrect to speak of him as a young man. He must be in his third childhood.

A bachelor says that the average young woman seems to think life is one grand waltz, with ice cream and new gowns in the breathing spells. After a man marries he is greatly embarrassed to explain the cynical remarks made when he was a bachelor.

Quality vs. Quantity.
Hard muscles and strong body do not depend on the quantity of food you eat, but on its perfect digestion and proper assimilation. When you take Kodol Dyspepsia Cure your system gets all the nourishment out of all the food you eat. It digests what you eat regardless of the condition of the stomach and conveys the nutrient properties to the blood and tissues. This builds up and strengthens the entire system, overcomes and cures indigestion, dyspepsia, belching, sour stomach, etc. Kodol Dyspepsia Cure for what is sometimes called America's national disease—Dyspepsia—is deemed to eventually work a wonderful and lasting benefit to sufferers from this distressing and mind harassing condition. Sold by Chas. Strang.

Klamath County News.
Klamath Falls Express.

Joe G. Pierce returned to the Falls Monday with his bride from the East.

The well-known Gleim ranch of 1800 acres, two and one-half miles from Klamath Falls, was recently purchased by Col. W. H. Holabird and Walter C. E. Worden, is now being surveyed and platted in forty-acre tracts and will soon be offered to actual settlers on time payments. The Wood railroad will pass through this tract. Depot grounds are reserved, as it is the intention to make this the supply station and feeding grounds for cattle for Southern Oregon.

At 6:30 last Thursday evening the fire bell rang out its wild alarm and the hose cart and the hook and ladder wagon were out of the house by the time the editor of this paper could get across the street from his place of business to the town hall. Within five minutes after the first alarm the fire ladders had a stream of water plying on the flames which had spread to the roof of Goeller's planing mill from the smoke stack, which had burned out. The damage was only nominal, a few shingles and rafters burned, but if prompt assistance had not arrived there is no telling what the fire would have ended.

As Mrs. and Miss Griffin, of Grants Pass were being driven over from Paoli on Sunday, the horses attached to the vehicle in which they were riding became alarmed at the discharge of a gun in the hands of the driver, who had gotten out of the conveyance to shoot at a coyote. As the horses started to run the driver grabbed the reins of the near horse and in his efforts to stop the team the bit in the horse's mouth broke. The horses, thus freed from control,

ran up the bank on one side of the road and the ladies were thrown from the partly seized vehicle. Mrs. Griffin sustained a fracture of the right wrist, while Miss Griffin's back and head were injured.

A grand jury, consisting of J. G. Stevenson, foreman; Jos. Nichols, R. C. Short, P. Van Meter, A. M. Jamison, Fred Jamison and E. G. Wilson was sworn in Monday morning in the circuit court and on Tuesday morning reported not a true bill in the case of the state of Oregon vs. Arthur Farrow and Felix LaFrance, the young men who had been held to the circuit court by Justice Graves on the charge of robbing Slaughter's saloon, the "Sparry of the Falls."

Judge Henson ordered the discharge of the prisoners from custody. In the case of the state of Oregon vs. Albert Fitch, the grand jury brought an indictment against Albert Fitch for assault with intent to kill. In the case of the state of Oregon vs. Stella Watson a criminal indictment was brought against defendant of keeping a bawdy house. The witnesses examined by the grand jury in this case were: W. G. Smith, private prosecutor; Walter Lennox, Frank Fox, L. P. Shallock and Mrs. N. Bateman. This case will probably come up for hearing this afternoon or tomorrow morning. Miss Watson has retained J. W. Hamaker and Thos. Drake as her attorneys.

Klamath Falls Reunion.
Jerry Martin, of Oakland, Calif., arrived in the city Friday on his annual trip to Klamath Falls. Mr. Martin spends several months of each year here looking after his business interests. He is very much interested in the success of the government irrigation project and is doing everything in his power to induce those holding out to sign up at once.

E. W. Huso, formerly editor of the Republican, arrived in the city Tuesday evening from Wayne, with a party of Nebraska men who are looking over our county. Mr. Huso says the living expenses are greater in the east than in Klamath Falls. Flour, meat and even rent being higher than here. He has sold the Wayne Herald, the paper he has been running since he left here and may decide to locate somewhere on the coast.

The town of Klamath Falls has nearly doubled in population in the past two years. According to the census of the county assessor our city now has a population of 1102 and is still growing rapidly. Linkville precinct, which includes this town, has 1020 inhabitants. The next town in size in the county is Merrill with a population of 127. The census of the county is incomplete yet, but we hope to be able to get the complete population by next issue. The growth throughout the entire county shows the greatest increase in its history.

Worland City is the name of the new city to be started in Delta creek valley, about three miles this side of Picard. The town is to be platted and laid out on a 160-acre tract of land recently purchased by Major C. E. Worden, of this city, and it is believed that the new town will be along the route of the proposed Wood railroad. It is probable that the town of Picard will be moved to this new location, as the owner will give each property owner in Picard a lot or location in the new city. Major Worden, who was seen by a representative of the Republican, stated that he was not ready to publish the matter, but later admitted that the above account was true.

Twenty-six applications were presented to the city school board for positions as teachers in the Klamath Falls schools. The school board met Tuesday to select teachers for the coming year. The principal was not selected at this time. This office will be filled later. The school will have nearly all new teachers next year. Professor Slough has engaged in other business. Miss Galloway has accepted a position in Alaska and Miss Cogswell is in Portland. The following teachers were engaged: Miss Hazel Hayden, of Picard, assistant principal; Miss Stella Campbell, fourth and fifth grades; Miss Adalite Horning, second and third grades; Mrs. W. S. Slough, primary.

The \$100,000 railroad bonus has been raised. Woodbury & Wilkins have the honor of contributing the last amount which makes the bonus complete. Last evening the bonus was \$500 short and Major Worden, W. S. Worden and Woodbury & Yaden each raised their contributions \$200 so as to make the necessary amount. We are now \$100 to the good. The Wood railroad people have not been officially notified of the raising of the bonus, as it will first be necessary for the Board of Appraisers to pass on the value of the land contributed. This board consists of Alex. Martin, Jr., of the Klamath County Bank, G. W. White, of the First National, and C. E. Worden.

Dying of Famine
is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. When I had consumption in its first stages, writes Wm. Myers, of Cearloss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cures for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at Chas. Strang's drug store, price 50c and \$1.00 a bottle. Trial bottle free.

Humor and Philosophy

By DUNCAN M. SMITH
PERT PARAGRAPHS.
Never be serious when you have a chance to be foolish; then you can slide step with dignity if necessary.

A good many women marry because a husband looks better than a poor job.

There are men who have the names of their friends tattooed in their memory under the caption, "Working List."

It is easy to play fair when everything is coming your way.

Man wants a whole lot here below and wants it more and more.

Some people consider it an absolute waste of money to use it to pay debts.

If you want a recounting of all the meanness you have ever been guilty of, have a quarrel with a lifelong friend.

Although hustling is good for the pocketbook, it is apt to be bad for one's dignity.

The fellow who is always lading out good advice is apt to have a lot of secret enemies.

He who boasts about himself is no doubt impelled to do so by the feeling that it is necessary for some one to make known his virtues.

Sunrise.
When the splendor of the morning
Lies along the eastern hills
As the first slant rays are warming
Or the shadows night distills,
Then again I hear the laughter
Of the softly rustling leaves
And a gentle murmur after
As some nestling wakes and grieves;
Hear the lapping of the river
Down along the road and fern,
Where the lone waves softly shiver,
Slow depart and swift return.
Now the lark, green hills are waking
And their sides begin to glow,
While the wild marionade is shaking
Where the west wind whippers low.

Maud Muller.
Once upon a time there lived a Fair
Maiden in a Rural District. Her Ways
Were Fresh and unstudied, and her
Salle was Divine.
Appeared upon her in a Vision a
Shade which said, "Gentle Maiden, if
a single wish were to be granted you
which would you choose—Beauty, Power
or Riches?"
Maudie then showed that she had
learned wisdom since the day when she
landed up a gourdful of Adam's best to
the Judge of her precinct, for she made
reply:
"Neither Transportation to South
Dakota and the address of a good div-
ergent lawyer."
The shade was delighted at her per-
spective and told her that Annual Pass
would always be honored and that any
old lawyer in the Prairie State was
good enough.
Maudie took up her residence in Chi-
cago and lived Happy Ever Afterward.

cases gives comfort and relief. Slight
disorders are cured in a few days. "I

Remembrance.

REMEMBER the bonnet my mother
wore out
When she
Went forth on her usual afternoon
bout
To see
The friends that she loved and sometimes
to scout
For tea.
I remember the clothes that my mother
wore out
When she
Appeared on the street, and us children
would shout
To see
Our well dressed mamma—but wasn't she
stout?
To heel!
I remember the slippers my mother wore
out
When she
As firm as the very best mothers ought
To be.
Mad made up her mind beyond every
doubt—
Oh, gee,
I remember the slippers my mother wore
out
On me!

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membrane lining the stomach.

Mr. S. S. Ball, of Ravenswood, W. Va., writes: "I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in our family."

GOOD BLOOD TELLS ITS OWN STORY

And tells it eloquently in the bright eye, the supple, elastic movement, the smooth, soft skin, glowing with health, a body sound and well, an active brain, good appetite and digestion, refreshing sleep, energy to perform the duties and capacity to enjoy the pleasures of life. The blood is the most vital part of the body; every organ, muscle, tissue, nerve, sinew and bone is dependent on it for nourishment and strength, and as it circulates through the system, pure and strong, it furnishes to these different parts all the healthful qualities nature intended. When, from any cause, the blood becomes impure or diseased, it tells a different story, quite as forcible in its teaching, burning skin diseases, muddy, sallow complexions, disfiguring sores, boils, carbuncles, etc., show the presence, in the blood, of some foreign matter or poison. Rheumatism, Catarrh, Contagious Blood Poison and Scrofula, are effects of a deeply poisoned blood circulation. These may either be inherited or acquired, but the seat of trouble is the same—the blood. S. S. S., a purely vegetable blood remedy, cleanses and purifies the circulation and makes it strong and clean. Under its purifying and tonic effects all poisons and impurities are expelled from the blood, the general health is built up, all disfiguring eruptions and blemishes disappear, the skin becomes soft and smooth and robust health blesses life. Rheumatism, Catarrh, Scrofula, Contagious Blood Poison and all diseases of the blood are cured by S. S. S. Book on the blood and any medical advice, free of charge.
