## A LITTLE OF EVERYTHING

Workmen attending the pans in salt works are never known to have cholera, smallpox, scarlet fever, or influenza.

Senator Proar, of Wisconsin, is the author of a bill requiring the state to provide life insurance for all persons residing therein.

The influx of undesirable immigrants from all parts of Europe continues to show a steady increase over the same months last year. During July about 480,000 entered the United States as against 33,000 for the same period last year.

The eastbound travel over the Southern Pacific line for the first six months of 1905, from California, was 86,291, or 5.5 per cent less than that of 1904, which was 91,346. On

the other hand, the west bound through travel to California, for the first half of 1905 was 16.5 per cent more than that of 1904, or 109,575 for the first six months of 1905 as compared with 94,539 for the first six months of 1904.

Creditors of Mrs. Cassie L. Chadwick will receive a total dividend of about seven mills on the dollar when the matter is finally settled. Not assets will amount to about \$250,000, against \$2,000,000 indebtedness.

An American journalist returning after an absence of some years abroad comments upon the profane application of titles which is becoming frequent in this country. The practice is essentially a modern one. Daniel Webster in his life time was never spoken of as "Senator" Webster, but always as plain "Mr. Webster. Nowadays, however, it is invariably "senator" this and that, and almost every body has some kind of a handle to his name. Thus we have "Forecast" Jones, "Undertaker" Smith, "Conductor" Robinson, "Superintendent of the Poorhouse" Brown, "Common Councilman" Shucks and "Selectman" Bumps, and so on. If

this kind of thing keeps on we shall end by resting our claims to respect and consideration upon those painful minute social distinctions which prevail in Germany, where men and women inscribe their names in hotel registers with the addition of such descriptive phrases as "cousin to an apothecary" or "brother-in-law to a corporal."

G. B. Burhans Testifies after 4 years.  
 G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble." For sale at the Medford Pharmacy.

### Klamath County News.

Klamath Falls Express.  
 Mike Brode and Miss Louise LeClairo were united in marriage Tuesday by Justice Graves at the residence of Antonio Patrie.

W. R. Boyd, one of our leading dentists, and a most popular young man, was united in marriage to Miss Lulu Forrer, of Portland, Sunday morning at 7:30 at the residence of L. B. Yaden by the Rev. Clay Starr. After partaking of a wedding breakfast at the residence of the groom's mother, the happy couple left for the home-stand, near Lily, where they will spend their honeymoon.

As Klondorfer's team was standing in front of the brewery Saturday afternoon the government chug wagon came along and seized them. The team ran east to Main street and turning down Fourth at the court house wagon struck a brace telephone pole beside Baldwin's harness shop and turned over. The horses were caught by Fred Jassen. Damage slight.

The regular monthly meeting of the city council was held Monday evening. After the reading and approval of the minutes of the previous meeting and of the bills presented for payment the bonds of Recorder Brower for \$1000 and of Treasurer Siemens for \$5000 were approved. The Langell Valley Telephone Company, through its attorney, C. T. Bonney, petitioned

for a franchise granting it the right to erect poles and string wires on the streets of Klamath Falls, no particular streets being designated. The council was not averse to granting the request of the company, only it wished to know which streets the company desired to use. One member of the council was decidedly opposed to permitting this, or any other company to erect poles on the north side of Main street. O. B. Gates of the Midway Telephone Company, who was present stated that two lines could not occupy the same street without interference; that a conversation on one could be heard on the other. For that reason he would object to the council's granting any right of way to this or any other company on Main street or Klamath avenue. As Pine street is occupied by Ft. Klamath line it would seem that the farmers are pretty effectually shut out of Klamath Falls. The petition was referred back to the company to be made more definite. The Langell Valley Telephone Company is a co-operative farmers company, instituted, built, equipped and owned by the farmers and established for the purpose of putting the up-to-date farmers not only in touch with each other but with the world. While, as we have stated, the city council manifested no disposition to shut this people out, yet it would seem the existing lines would not go out of their way to accommodate the farmers. Surely the latter have as much, or more right, to the use of our streets and some way must be found by which they can come in and connect with our business houses. The farmers have built their line in good faith from Langell and Yonka valleys to our city limits and it is incumbent upon our city fathers to grant them any special privileges that may be granted to the most favored corporation.

Sick headache results from a disordered condition of the stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale by Charles Strang.

Lard, per lb	10
Hogs, live, per lb	4 to 5c
Beef, live, per lb	2 to 3c
Mutton, per head	\$2.00 to \$3.00

Steamer "Klamath" Launched.  
 From Klamath Express.  
 The new steamer for the Lower Klamath lake, the "Klamath," was successfully launched last Saturday morning, just below the bridge on Link river.

The hour set for launching was 8 a. m., and in anticipation of the event a large number of our citizens had assembled in the vicinity by that hour. As usual on such occasions there was some delay and the "Klamath" did not slide into the waters of Lake Ewauna until 9:08. Numerous row boats and three gasoline launches, filled with sightseers, dotted the waters in the vicinity and added to the picturesque scene.

After the ropes were cut the beautiful new craft slid gracefully into the water amid the applause of the assembled spectators. No formal ceremony attended the launching; it was strictly a business affair. The new steamer was hauled up to the wharf after the launching, where the finishing touches will be put on her.

The "Klamath" is 80 feet in length, beam 15 feet, draft two feet, capacity 75 tons, will develop 150 horse power and probably show a speed of fifteen miles an hour. She has a freight and passenger deck, a dining room and four state rooms, will be allowed to carry from seventy-five to one hundred passengers on regular trips and cost approximately \$10,000. Her propeller is forty-four inches in diameter.

The steamer will begin her regular runs between the Falls and Laird's landing sometime between the 10th and 15th inst.

If you are troubled with dizzy spells, headaches, indigestion, constipation, HOLLISTER'S ROCKY MOUNTAIN TEA will make you well and keep you well. If it fails, get your money back. That's fair. 35 cents. Dr. Hinkle's drug store Central Point.

Making Matters Worse.  
 The English papers tell a quaint story of Lord Leighton, the painter. Two women were looking at his picture of "Helen of Troy." "It is a horrid picture," one remarked to the painter. "I'm sorry, but it's mine," said Sir Frederick, as he then was. "Oh," said the woman, "you don't mean to say you've bought it?" "No; I painted it," was the reply. "Oh," declared the woman, "you must at least what we say. We are only saying what everybody else says."

Peculiar Disappearance.  
 J. D. Runyan, of Battleville, O., laid the peculiar disappearance of his painful symptoms of indigestion and biliousness; to Dr. King's New Life Pills. He says: "They are a perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed at Chas. Strang's drug store, price 25c.

Glamour of the Footlights.  
 Mary Anderson Navarro talked also a good deal about the stage and told me that no one who had not lived behind the scenes could have any idea how utterly hopelessly wearisome it was to live in a world where all things from the sun and the moon downward were shams—Grant Duff's "Notes From a Diary."

A little forethought may save you one day to trouble. Any one who makes it a rule to keep Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand knows this to be a fact. For sale by Charles Strang.

It will wash and not rub off. This complexion all envy me. It's no secret so I'll tell. Take thou Rocky Mountain Tea. Dr. Hinkle's drug store Central Point.

## Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour flatus, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Mr. S. S. Hall of Rosemead, W. Va., writes: "I was troubled with sour stomach for many years. Kodol cured me and we are now using it in my family."

Kodol Digests What You Eat.  
 Bottles only \$1.00 Size holding 3 1/2 times the amount, which sells for 50 cents.  
 Prepared by E. C. DEWITT & CO., CHICAGO

For Sale by Chas. Strang

The Charge.  
 "What do you think that man who is now under investigation for graft ought to be charged with?"  
 "It seems to me," answered Senator Sorghum, "that he ought to be charged with criminal carelessness."—Washington Star.

Esopoeic Member.  
  
 She—Do you notice, dear, what beautiful azure tints the sun lends to the bosom of the ocean?  
 He—That, my dear, is the dye out of some of those cheap bathing dresses.

Forced to It.  
 "That after dinner speaker took everybody off his feet, didn't he?"  
 "It was the only thing left for him to do. They were off in their heads before he began to talk!"—Detroit Free Press.

Connected.  
 The Dude—I am connected with nearly all the county families, bah Jove!  
 Flossie—Really? By telephone, I suppose?—Ally Sloper.

Diplomacy.  
 "What did papa say?"  
 "He showed me the door."  
 "And what did you say?"  
 "I said it was certainly a very handsome door, but not what I had come to talk about. That made him laugh, and a minute later you were mine."

London's Intensity.  
 London is the most intense of all cities. New York is noisier; there is more rattle in Paris; in London alone you have that subdued roar, that indescribable murmur which suggests an irresistible volume of life that is deep as well as strong.—Christian.

"DIAMOND EDGE" TOOLS  
 Are the favorite tools of good workmen. Their all-around goodness has made them so, and all who ever use any other kind if you want to do the best work!

**Swift's Little Early Risers**  
 The famous little pills.

## MALARIA A Poison Breathed into the System

The air arising from low, marshy places, damp cellars, stagnant ponds and pools and from decaying vegetable matter, as well as the gases from sewers, is loaded with germs of malarial poison. The water we drink, that has not been properly filtered and purified, is also full of these germs and microbes, and as we daily breathe and drink millions of these into the system, to be absorbed by the blood, the entire body begins to feel the effects of the poison. The most common form of Malaria is "chills and fever," but when the blood is thoroughly saturated with the poison it becomes so weak and polluted that abscesses, carbuncles, boils, sores, ulcers and other skin diseases result. Malaria also affects the liver, kidneys, bowels and stomach, producing a chronic state of biliousness that often results in jaundice or some malignant fever. In cases of Malaria the blood must be purified before the body can regain its natural health. S. S. S. contains purifying and tonic properties possessed by no other blood medicine, and is the ideal remedy for the treatment of Malaria. It destroys the germs of the disease and builds up the weakened, polluted circulation. It enters into the blood and forces out every particle of poison and waste matter and adds strength and activity to it.

**SSS**  
 S. S. S. improves the appetite and digestion, tones up the entire system by its alterative and purifying action, and Malaria, with all its bad effects, is permanently driven from the system. Book on the blood and any medical advice, without charge.  
**THE SWIFT SPECIFIC CO., ATLANTA, GA.**
