# A LITTLE OF EVERYTHING

A Chicago man wants to be John D. Rockefeller with his loveable personality. A Portland paper announces this fact over a report of an advance of five cents in oil by the Standard Oil Co.

If the recording angel has kept a careful account of the remarks made by the 80,000,000 of the American people about the weather recently, he must have a busy set of shorthand clerks.

Of course we all know what ought to have happened to the ailing small boy whose mother gave him ten cents to go the drug store to get a dose of castor oil and who spent it for an ice cream soda.

For the first time in 200 years the governor of St. Pierre-Miquelon is visiting the governor of Newfoundland for a couple of days. Of course it has not been the same governor all the time on either side.

Annie Besant's assertion that she knows what becomes of us when we are asleep reminds us of the widow who said there was some consolation in the fact that, now she had buried her husband, she knew where he was nights.

Massachusetts requires some work from tramps if they receive food, and it reduced the number in the state last year from 800 to 300. Work seems to be one of the best remedies for the tramp disease that has yet been discovered.

Russia wants to borrow some more money. That has been about the principal business of the Russian government recently. It will have a load to bear which will be colossal, and the stripes will increase on the backs of the common people.

These reigns of terror in Moscow and other Russian cities look like pretty barbarous affair. Perhaps some of our United States mobs also look pretty uncivilized to the Russian by the time the accounts of them have crossed the Atlantic and been translated into the Slav.

A suit is to be brought as an example against the New York Life for the money spent by the company to influence the last election. This is to be done in the interest of the stockholders, entitled to the money. The case should be a very interesting one, one which will present a novel point for the court to decide. The stockholders should recover.

In 1862 Michael Tracey, of Portland, paid $1,000 for four lots. He kept them and continued to work by the day. He just sold one of them for $20,000 and the other three are worth at least $60,000. Michael is all right in his old age.

John L. Sabin, whose death was announced Wednesday, invented the electric signal for calling "central." It is a miniature electric lamp which is lighted by taking the receiver from the hook. Until this device came into use, "central" was called by turning a crank that dropped after the fashion of a hotel annunciator.

The British Columbia Electric Railway Company has just distributed $17,000 to the men in its employ in the shape of a co-operative dividend. The amount is sufficient to give each man in the service, $40, and will undoubtedly serve as a strong link in the chain of harmony which should bind capital and labor together, if both are to secure the best results for the effort made.

In 1805 the world had not a single steamship on the ocean, a single mile of railway on land, a single span of telegraph upon the continets or a single foot of cable beneath the ocean. In 1905 it has 18,000 steam vessels, 500,000 miles of railway and more than 1,000,000 miles of land telegraph, while the very continents are bound together in instantaneous communication by more than 200,000 miles of ocean cables, and the number of telephone messages sent aggregate 6,000,000,000 annually, and one-half of them in the United States alone.

### Plans to Get Rich.

are often frustrated by sudden breakdown, due to dyspepsia or constipation. Brace up and take Dr. King'r New Life Pills. They take out the materials which are clogging youe energies, and give you a new start. Cure headache and dizziness too At Chas. Strang's drug sore; 25 c., guaranteed.

### Klamath County News.

From Klamath Express.

The directors of the Water Users' Association at their regular monthly meeting last Saturday issued a call for a meeting of the stockholders of the association on November 3d to vote on the contract with the government. (A copy of this contract will be found on an inside page of this paper.) A resolution was passed declaring that the stock books shall close on December 31, 1905. Engineer Humphreys, of the reclamation service, stated to the directors that they had done all that was required of them to insure the construction of the Klamath project. The directors passed on a large number of contracts and trusts deeds which will be turned over to the county clerk for record. The Water Users' Association has purchased a share of stock in he Langell Valley Telephone Company.

The taxable property of Klamath county has increased this year nearly three quarters of a million dollars in valuation over the assessment of 1904. The increase as shown by the assessor's books is 712,308. The increase in the value of lands, lots and improvemens was $870,411, while the decrease in the value of horses and cattle was $102,056.

Joe Howard brought in 700 head of cattle this week; Pelton Bros. & Ryan, of Ft. Klamah, 600; A. A. Davis, of Klamath Marsh, 300; Harris Bros., of Summer Lake, 400 and Horace Dunlap, of Lake county, 200; to the Mitchell ranch. Of these Ankeny and Cantrall bought 375 head and Mitchell 1000. The later will go to Montague this week. J. Hotchkill brought in 200 to Merrill.

A young man named Hart, who has been living at Mr. Young's for some time past, died of consumption Saturday morning. He was from Arkansas and was very anxious to see his people before he died. He hoped, if he couled get as far as Ashland, he would regain enough of his lost strength to enable him to go on after a few months. When informed that the doctor did not forbid his going, he said: "Well, boys, we will start his evening." They told him he had better wait until morning, and when morning came his spirit had taken a long journey, leaving the tired body at rest. His remains were interred in the Poe valley cemetery Sunday.

F. D. Alexander and the old man who stole Jones' watch, escaped from the town jail early Monday morning. Someone probably aided the precious pair from the outside, as a box was found placed below the window through which they made their escaped. Their confederate probably provided them with a small saw with which the prisoners sawed in two five of the eight iron bars in the window. W. B. Foster, the painter, who occupies a tent back of the court house, heard the prisoners sawing and hammering during the night, but did not know at the time where the noise came from. No trace of the escaped prisoners has been found. Good riddence of bad rubbage.

Klamath Falls Republican

K. D. Jones returned Sunday from Medford, where he has moved his family. He will remain here until December, when he will return to Medford for the winter.

The case of Henry Anderson vs. E. L. Hopkins for assault and battery came up in the justice court Friday. The jury found the defendant guilty and he was fined fifty dollars and costs. The case was appealed to the circuit court.

Two more modern brick buildings will soon be adorning Main street, the cost of which will aggregate about $9000. H. C. Chamberlain, of Albany, has been given the contract by Major Worden, for completing the Mongold building and erecting another building on the opposite side of the street. The two buildings will be located opposite each other between Fourth and Fifth streets. The Mongold building as it has been started is 25 by 52 feet. The second story will be added to this and 20 feet built on to the rear. The building which is being constructed next to Willits' store will be a two story, 24 by 70. Both buildings will have plate glass fronts.

Work was commenced Monday on a new saw mill which is to be built by C. S. and R. S. Moore in West Klamath Falls. It is planned to have the new mill ready for operation by next spring. It will have a capacity of 75,000 feet of lumber a day. The building will be 36 by 156 feet and wil be equipped with all the latest improved machinery, including edger, trimmer, planers and moulding machines. A dry kiln will be added as soon as the railroad reaches here, so that freight rates will be reasonable for the pipes and material. A canal has already been cut into the inland from the lake and this will be used to store the logs in. The mill will face this canal and the lumber will be piled on the north side of the canal. There is only about ten acres in this enclosure, but the Moores own over 100 acres along the river and this will be filled and used when needed.

The Klamath Lake Nivigation Company will, the coming week, start the steamer Klamath on regular trips to Laird's Landing, where it will connect with stage from the terminus of the McCloud river railroad. Col. M. G. Wilkins and Capt. G. W. Woodbury, of the Navigation Company, who have been in Portland the past month, returned to this city last week. Mr. Wilkins stated to a Republican representative that they had engaged an engineer and that the Klamath would make a trip to the Lower lake in a few days Next week they would begin regular daily round-trips between Lairds Landing and Klamath Falls, and would be ready to handle freight and passengers for the Klamath country. A stage line is now in operation between Lairds and the terminus of the McCloud road. The stage company is composed of Messrs. Davis Laird and Martin, and they promise good service. Some freight has aready been shipped over this road and has been brought to this city by the launch.

Sick headache is caused by a disordered condition of the stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale by Chas. Strang.

### Frightful Wreck Averted.

Chicago, Oct. 14.—In a wild runaway dash an Illinois Central fast mail train that left for the South at 2:30 a. m. yesterday narrowly escaped wreck and destruction at Grand Crossing. The engineer, Frank A. Rugg, was struck by some projection after passing Sixty-third street, and fell unconscious at his post. Not until the destruction of the train was imminent was his condition discovered, and the wild flight of the fast mail brought to an end by Rugg's fireman. Tearing through darkness, the train approached a network of tracks at Grand Crossing with undiminished speed. Then Paul A. Wheeler, the fireman, found the engineer unconscious and bleeding from a jagged wound in the head, and brought the train to a stop at the verge of the danger point. Rugg's head had struck some object while he was peering from the cab window.

### THE ORIGINAL.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remey, and on account of the great merit and popularity of Foley's Honey and Tar many immitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same sasisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons.

### A Lawyer's Nerve.

A self satisfied young lawyer went over to Michigan from Ohio to represent a client of that state who was mixed up in some litigation over which the Wayne county court had original jurisdiction. In the course of argument the Buckeye lawyer became tangled, and the judge kindly advised him to back up and repeat with greater deliberation. Then the court let the youth down by saying, "If you do that I will be better able to follow the thread of your contention." "Glad to accommodate you, judge," said the young man as he recovered his confidence. "I am dealing with a very complicated point of law, and I suspected that it might be too intricate for your honor to follow at the rate I was going." The dignity of the court was knocked out, and he joined heartily in the general laugh.—Kansas City Star.

### Passport to the North Pole.

A passport to the north pole was issued some years ago by the governor of the province of Tobolsk, which stretches along the Russian shores of the Arctic ocean. The official was approached by two men who had been engaged to proceed to the north with an English expedition, then fitting out. Their petition was for a passport to the pole itself, but the governor pointed out that the pole was as likely to be in their home province as in any other, that it was extremely unlikely they would reach it and that, if they did, there were no police there to examine their credentials. At last, however, to satisfy them he ordered the issue of a document allowing them to pass without let or hindrance to the north pole.

### Chair of the Giant Idris.

One of the mountain peaks of north Wales is known as the Chair of Idris, or Cader Idris, as the Welsh people call it, because its top is hollowed out like an immense couch. According to local tradition, whoever spends a night in the Chair of Idris will on the following morning be dead, raving mad or endowed with the loftiest poetical inspiration. No one seems to know exactly who Idris was or when he lived, but he must have been a giant if his body was in proportion with his celebrated "chair." Mrs. Hemans has a fine poem with the Chair of Idris as the theme, and Tennyson also mentions it in "Æneid."

### Circassian Beauty.

Painting the eyes and eyelids is considered a great aid to the fascination of the female orbs. A Circassian to be really lovely must, in addition to being very corpulent, have golden hair and jet black lashes. Kohl is used by the Persian and Armenian women to lengthen their eyes. The bazaar women and hautch girls of most eastern countries dye their finger nails with henna, and where they wish to be thought great ladies they allow their finger nails to grow to an immense length and keep them in finely wrought gold sheaths.

### A Curious Tale.

This curious tale of the Venerable Bede is told in the mediaeval "Golden Legend:" One day, when he was old and blind, the desire to preach came upon him. An attendant led him to a spot where he faced a heap of stones, and Bede, believing that a human audience was before him, delivered an eloquent sermon. At the end, it is gravely recorded, the stones cried "Amen!" no doubt to save Bede's feelings.

### A PROMINENT TRAINMAN.

The many friends of G. H. Hausan, engineer L. E. & W. R. R., at present living in Lima, O., will be pleased to know of his recovery from threatened kidney disease. He says: "I was cured by using Foley's Kidney Cure, which I recommend to all, especially to trainmen, who are usually similarly afflicted." Sold by Medford Pharmacy.

### The Bridal Wreath.

The bridal wreath is usually formed of myrtle branches in Germany; it is made of orange blossoms in France as well as our own country; in Italy and the French cantons of Switzerland it is of white roses; in Spain the flowers of which it is composed are red roses and pinks; in the islands of Greece vine leaves serve the purpose and in Bohemia rosemary is employed. In German Switzerland a crown of artificial flowers takes the place of the wreath.

### New Cure for Cancer.

All surface cancers are known to be curable by Bucklen's Arnica Salve: Jas. Walters, of Duffield, Va., writes: "I had a cancer on my lip for years, that seemed incurable, till Bucklen's Arnica Salve healed it, and now it is perfectly well." Guaranteed cure for cuts and burns. 25c at Chas. Strang's drug srore.

# RACE SUICIDE CURE

## SAY IT IS WRONG TO GRANT SUFFERAGE TO IGNORANT MALE FOREIGNERS.

Detroit, Oct. 14.—Race suicide has been one of the principal topics under discussion at the district conference of the Women's Christian Temperance Union, which closes tonight at Wyandotte, a suburb of Detroit. Dr. Mary A. Willard of Detroit, addressing the conference, said that the most extreme type of race suicide was the investing of ignorant foreigners with the right to vote while the intelligent women of the country were denied this privilege.

Continuing, Dr. Willard said:

"I will not attempt to deny that fewer children are born to American homes, for it is a lamentable fact, too patent to be contradicted. There are two reasons for this. One of them is that life is becoming too strenuous for the modern woman and she has not vitality enough to make her prolific in child-bearing, and the other that men sacrifice upon the shrines of Bacchus and Eros until they are powerless to lay upon the altar of wedded love the tribue that would bless their homes.

"Give women the ballot and they will remove some of the temptations from the path of men, making it easier for them to live pure, strong, healthful lives, rendering them fit to continue the propagation of the race. And they will themselves become invigorated and ready to resume again the burdens under which they have fainted. A new impetus will have come into women's lives because they can do away with the brothel that claim their daughtors and the saloon that ruins their sons."

### Full of Tragic Meaning.

are these lines from J. H. Simmons, of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough, that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At Chas. Strang's druggist; guaranteed; 50c and $1.00 Trial bottle free.

## BANK OFFICER HEARTBROKEN.

### Bookkeeper Lines of Peoria National Bank Dies Suddenly.

Chicago, Oct. 14.—A dispatch from Peoria, Ill., says:

Heartbroken over the closing of the Peoria National Bank on account of the alleged defalcation of Professor Newton C. Dougherty, its president, Calvin C. Lines, for twenty-one years bookkeeper and officer of the bank, died last night at his home.

Mr. Lines resigned his position with the bank the first of last January, but has retained his connection as a stockholder and director. From the time that the alleged machinations of Professor Dougherty became known Mr. Lines began to sink.

He attended the meetings of the board of directors up to Wednesday night, when he was so weak and feeble from the strain that he was scarcely more than able to be present. He did not take any part in the deliberations, but sat with his head buried in his hands, the picture of abject despair.

### Dont Borrow Trouble.

It is a bad habit to borrow anything, but the worse thing you can possibly borrow, is trouble. When sick, sore, heavy, weary and worn out by the pains and poisions of dyspepsia, billousness, Bright's disease, and similar internal disorders, don't sit down and brood over your symptoms, but fly for relief to Electric Bitters Here youd will find sure and permanent forgetfulness of all your troubles, and you body will not be burdened by a load of debt disease. At Chas. Strang's drug store. Price 50c. Guaranteed.

### Moisture and Temperature.

A cubic foot of air at the temperature of zero (Fahrenheit) can contain only .5 of a grain of water vapor; at 32 degrees it can hold 2.13 grains; at 65 it can contain 6.8 grains, and at 98 it can hold 18.96 grains of moisture in suspension. These figures go to show that summer air can hold at least nine times the quantity of dampness that air can when reduced to the temperature of freezing.

### THE BEST DOCTOR.

Rev. B. C. Horton, Sulphur Springs Texas writes July 19th, 1899: "I have used in my family Ballard's Snow Liimennt and Horehound Syrup, and they have proved certainly satisfactory. The liniment is the best we have ever used for headache and pains. The cough syrup has been our doctor for the last eight years." 25c, 50c, $1.00. Sold by Strang's drug store, Medford.

### Origin of Graft.

Municipal corruption of various kinds is generally indicated by the word "graft." The origin of this term is obscure, but it is believed to have arisen from dishonesty in lowlier spheres. Bartlett's Dictionary of Americanisms defines "grafting" as pocket picking, and Hotten's Slang Dictionary suggests that the slang use of "graft" might be a corruption of "craft" or a generalization from the special work of gardening.

# LANE TO SUCCEED FIFER

## THE PRESIDENT HAS MADE AN OFFER OF BIG FEDERAL POSITION TO LAWER LANE.

Washington, Oct. 14.—Franklin K. Lane, who two years ago was Democratic candidate for the Governorship of California, has been offered the vacancy on the Interstate Commerce Commission, which will be created by the retirement of ex-Governor Fifer of Illinois on January 1st, next.

The President has had Mr. Lane in mind for more than a year. He is a Roosevelt type of Democrat, straight forward, fearless and willing.

In selecting Mr. Lane, the President understands that he has a majority of the Commission Democratic in politics. It is the view of the President, however, that politics should have nothing whatever to do with the work of the Interstate Commission.

Before offering the place to Mr. Lane the President had inquiry made as to his attitude toward the railroads. In California the Southern Pacific plays a prominent part in politics. Lane has been defeated for public office on several occasions, which is regarded as a good indication that he has no affiliation or interest in that road.

At present Mr. Lane is in Mexico on legal business.

### Market Report

The following are the prices paid by our merchants this week for farm produce. This list will be changed each week as prices change:

| | |
|---|---|
| Wheat | 58c |
| Oats | 40 |
| Flour | $2.00 per 100 lbs |
| Barley | 90c " " " |
| Bran | $20.00 per ton |
| Middlings | $25.00 " |
| Potatoes | $1.00 per 100 lbs |
| Eggs, per doz | 30c |
| Butter, per lb | 20c |
| Beans, white dry, per lb | 4c |
| Beans, red dry, per lb | 3c |
| Bacon, per lb | 11c |
| Hams, per lb | 12c |
| Shoulders, per lb | 9c |
| Lard, per lb | 10c |
| Hogs, live, per lb | 4½ to 5 |
| Beef, live, per lb | 2 to 2½ |
| Mutton, per lb | 3c |

## WRIGHT CASE CALLED.

### Continued to October Twenty-first for Date of Trial to Be Fixed.

Sacramento, Oct. 14.—The case of former Senator Eli Wright of Santa Clara, charged with bribery, was called yesterday in Judge Hart's department of the Superior Court. It was continued until the 21st inst., at which time the date of the trial will be fixed.

**FOLEY'S HONEY AND TAR**

stops the cough and heals lung

# Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Mr. S. S. Ball, of Ravenswood, W. Va., says: "I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in milk for baby."

**Kodol Digests What You Eat.**

Bottles only. $1.00 Size holding 2½ times the trial size, which sells for 50 cents.

Prepared by E. O. DeWITT & CO., CHICAGO

For Sale by Chas. Strang

### Reputation.

A certain pompous individual from the state of Massachusetts was once strutting about the capitol at Washington. A western senator said to Senator Hoar:

"Who is that person?"

"That," responded Hoar, "is General Blank of my state."

"Does he cut as wide a swath in Massachusetts as he does in Washington?"

"No," said Senator Hoar, with a merry twinkle. "No, General Blank's reputation is purely national."—Life.

### The Malaria of Ambiguity.

Admiring Friend (to captain of college boat club)—I say, Thompson has been slanging you like anything about putting Jones into the Henley boat. He says the fellow's the biggest fool in the varsity. Captain—Oh! And what did you say? Admiring Friend—Oh, I stuck up for you, of course, old fellow.—Punch.

### A Definition.

"What does the word 'aroma' mean?" was recently asked by a teacher. Only one hand went up. Its owner thus explained: "When you cook an onion in the kitchen, the aroma is what you get in the parlor."

### A Round of Pleasure.

Nell—Last night was the happiest in my life. It brought me one round of pleasure. Bell—What do you consider one round of pleasure. Nell—An engagement ring.

### Reduced Rate to Visiting Easterners.

The Southern Pacific Co. will make a rate of one fare for the round trip from Portland to all points in Oregon. Ashland and north for visitors from the east to the Exposition at Portland, to enable them to look over Western Oregon with the view of settling or investing. These tickets will be good for 15 days limit with stop over at all intermediate points, and will be sold to holders of the Exposition round trip tickets from points east of the Rocky mountains.

This will afford the various counties and communities that will maintain exhibits and advertise in other ways at the Exposition, every inducement to have Eastern people visit their section.

# A HOPELESS FIGHT

It is as impossible to conquer the king of diseases—Contagious Blood Poison—with Mercury and Potash as it would be to conquer the king of the forest in a hand-to-hand encounter, as thousands who have had their health ruined and lives blighted through the use of these minerals will testify. They took the treatment faithfully, only to find when it was left off, the disease returned with more power, combined with the awful effects of these minerals, such as mercurial rheumatism, necrosis of the bones, salivation, inflammation of the stomach and bowels, etc. When the virus of Contagious Blood Poison enters the blood it quickly contaminates every drop of that vital fluid, and every muscle, nerve, tissue and bone becomes affected, and soon the foul symptoms of sore mouth and throat, copper-colored blotches, falling hair and eyebrows, swollen glands, sores, etc., make their appearance. Mercury and Potash can only cover up these evidences for awhile; they cannot cure the disease. S. S. S. has for many years been recognized as a specific for Contagious Blood Poison—a perfect antidote for the deadly virus that is so far-reaching in its effects on the system. S. S. S. does not hide or mask the disease, but so thoroughly and completely cures it that no signs are ever seen again. S. S. S. while eradicating the poison of the disease will drive out any effects of harmful mineral treatment. A reward of $1,000.00 is offered for proof that S. S. S. contains a mineral ingredient of any kind. Treatise with instructions for home treatment and any advice wished, without charge.

## SUMMONS.

In the Circuit Court for the County of Jackson, State of Oregon.

Zelma Goodsell, Plaintiff, vs. Evart Goodsell, Defendant. } Summons, Suit for Divorce.

To Evart Goodsell, the above named defendant IN THE NAME OF THE STATE OF OREGON: You are hereby required to appear and answer the complaint of plaintiff filed against you in the above entitled Court and Cause within six weeks from the date of the first publication of this summons, said first publication being on Friday, August 25, 1905, and you are hereby notified that if you fail to appear and answer or otherwise plead to plaintiff's complaint within said time the plaintiff will apply to the Court for the relief demanded in the complaint, to-wit: For a decree of divorce from you and that the bonds of matrimony now existing between yourself and plaintiff be wholly set aside and held for naught, and that plaintiff have the care, control and custody of her minor son, DeForest Goodsell, and that she have judgment against you for her costs and disbursements and for such other relief as to the Court and in good conscience may appear just and equitable.

This summons is published in THE MEDFORD MAIL by order of Hon. H. K. Hanna, one of the judges of the Circuit Court for Jackson county, Oregon, made on the 22nd day of August, 1905, at Chambers wherein and in said order it is ordered that the defendant appear and answer plaintiff's complaint within six weeks from the date of the first publication of this summons, which said first publication is August 25, 1905.

W. I. VAWTER, Attorney for plaintiff.

## GUARDIAN'S NOTICE OF SALE.

P. H. OVIATT, Incompetent.—Guardians Notice of Sale of Real Property.

Notice is hereby given that in pursuance of an order of the County Court of the State of Oregon, for the County of Jackson, made and entered on the 8th day of September, 1905, in the matter of the estate of P. H. Oviatt an incompetent person, the undersigned, the guardian of the person and estate of said incompetent, will from and after the 14th day of October, 1905, at the office of M. Purdin, her attorney, in Medford, Jackson county, Oregon, offer at private sale to the highest bidder for cash in hand subject to the confirmation of said County Court all of the right, title and interest of the said incompetent, P. H. Oviatt, in and to the following described real property situate in Jackson County, Oregon, to-wit:—The North East quarter of the North-West quarter and the North-West quarter of the North East quarter of section seven (7) 1 township thirty-seven (37) South, Range two (2) West of the Willamet Meridian.

SARAH C. OVIATT, Guardian of the person and estate of P. H. Oviatt, Incompetent.
