By JOSEPH C. LINCOLN

ard Captain Eri turned in his seat and said:

"John, guess I'll be up some time tomorrow. I want to talk with you about that billiard room business."

The lamp in Baxter's hand shook.

"God Almighty's got his eye on that place, Eri Hedge," he shouted, "and on them that's runnin' it!"

"That's all right," said the captain. "Then the job's in good hands, and we ain't got to worry. Good night!"

But in spite of this assurance Hazeltine noticed that his driver was silent and preoccupied until they reached the end of the road by the shore, when he brought the willing Daniel to a standstill and announced that it was time to "change cars."

It is a fifteen minute row from the mainland to the outer beach, and Captain Eri made it on schedule time. Hazeltine protested that he was used to a boat and could go alone and return the dory in the morning, but the captain wouldn't hear of it. The dory slid up on the sand, and the passenger climbed out.

"There's the station," said the captain, pointing to a row of lighted windows a quarter of a mile away. "It is straight ahead this time, and the walk's better'n it has been for the last few minutes. Good night!"

The electrician put his hand in his pocket, hesitated and then withdrew it empty.

"I'm very much obliged to you for all this," he said. "I'm glad to have made your acquaintance, and I hope we shall see each other often."

"Same here!" said the captain heartily. "We're likely to get together once in awhile, see'n, as we're next door neighbors, right across the road, as you might say. That's my berth over yonder, where you see them lights. It's jest round the corner from the road we drove down last. Good night! Good luck to you!"

And he settled himself for the row home.

itching Piles.

If you are acquainted with anyone who is troubled with this distressing ailment, you can do him no greater favor than to tell him to try Chamberlain's Salve. It gives instant relief. This salve also cures sore nipples, hemorrhoids and salt rheum. Price 25 cents. For sale by Chas. Strang.

When You Sneeze.

The alarm signal of a draft is a sneeze, which is a spasmodic effort of nature to start up the circulation and relieve the congestion. A person may be far gone toward contracting a cold before he sneezes, but the moment he gets this warning he should change his position, look around for the draft and move out of it or protect himself against it. A draft is something to be sneezed at—and to be avoided. Drafts cause more deaths than war, whisky, football, consumption and yellow fever put together. Almost everybody who dies from disease dates his sickness from taking cold. This is especially true of elderly people. Yet it is a matter in regard to which there are great ignorance and inattention.

Old Japanese Prints.

The collector of old Japanese prints must be guided in his selection by the quality of the paper, which should be soft and vibrant, the fibrous tentacles upon its surface often forming shadows where it has been exposed to the dust. The register must be perfect, each color being confined absolutely to its prescribed space. Perfection in the register is an infallible guide. The colors must be soft and melting, in many cases one tone shading into another, not harshly determined by the lines of black—Extract From "Impressions of Ukiyo-ye," by Mrs. Dora Amidsen.

Doesn't Like to Move.

A most curious and sluggish lizard is the tawata, a nine-inch creature whose home is in New Zealand. This little imitation saurian has the reputation of being the laziest creature ever created. He is usually found clinging to rocks or logs along the shores of rivers and lakes and has been known to remain in one position perfectly motionless for many months. How the creature manages to exist is a mystery.

His Own Chair.

"Beg pardon," said the garrulous passenger, "but I think I heard you addressed as professor. Might I inquire what chair you hold?"

"The chair right next to the door," answered the professor. "I run a shop of my own."

A GOOD NIGHT'S REST

SPEAK FOR IT

"Speak for it!" he cried to doggie. "For she keeps in her little home. That German Syrup, home's great treasure. Could, health and joy impart."

The greatest tonic on earth is a good night's rest. Restless nights and the terrible exhaustion of a hacking cough are dread dangers of the poor consumptive. But why? This fear of the night when a few doses of Dr. Beecher's German Syrup will insure refreshing sleep, entirely free from cough or night sweat? Free expectation in the morning is made certain by taking German Syrup.

We know by the experience of over thirty-five years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchitis or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders.

Two sizes, 25c and 75c. All druggists.

WANT \$25,000,000

TRUSTEES OF CHICAGO UNIVERSITY EXPECT BIG DONATIONS FROM ROCKEFELLER.

Chicago, Feb. 10.—John D. Rockefeller's latest gift of \$1,450,000 to the University of Chicago was not unexpected by the university officials. The trustees and Chicago business men expect Mr. Rockefeller will continue to add the university as much as he did during the lifetime of President Harper. Mr. Rockefeller's latest gift brings the total of his contributions to the university up to \$18,716,322. Shortly before his death Dr. Harpo said \$26,000,000 is yet required to mature the plans of the university, and it is expected that Mr. Rockefeller will furnish the remaining \$25,000,000, either by gift during his lifetime or by a bequest in his will.

Mr. Rockefeller's gift includes \$1,000,000 for the permanent endowment, \$350,000 to cover expenditures or deficits of the various departments to July 1, 1907, and \$100,000 as a fund from which the income is to be paid to Mrs. William Rainey Harper during her life.

A magnificent library building, the finest of all fine structures of the University of Chicago, will be the material monument erected to the memory of President William R. Harper. The Harper memorial building will be built facing the Midway Plaisance, between Lexington and Ellis avenues, and the fund for its erection will be raised by popular subscription.

The library building is the wish of Dr. Harper expressed before his death.

CROUP

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup (the child will cry for it) and at the first sign of a croupy cough apply frequently Ballard's Snow Lintiment to the throat.

Mrs. A. Villet, New Castle, Colo., writes, March 19, 1902: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant to take."

Heavy Snowfall in New York City.

New York, Feb. 10.—The first heavy snowfall of the winter, which began shortly before 8 o'clock last night, had early yesterday covered the ground to a depth of two inches and caused considerable inconvenience to traffic.

Soon after midnight the surface lines began to find it hard going and snow plows were used on the principal thoroughfares very frequently in order to keep the cars running. Some of the cross-town lines, where horses are still used, managed to get along slowly but four horses were used on each car.

The elevated lines also suffered inconvenience, the trains running slower than schedule time.

The mercury continued high, only shading the freezing point. The storm prevented observation of the lunar eclipse.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical profession. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have no much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Entire Town is Threatened.

Mahlinville, W. Va., Feb. 10.—A fire at Littleton, W. Va., eighteen miles from here, threatens to destroy the entire town. At 3 o'clock yesterday afternoon the best portion of the town had been devastated, including the Methodist Church, Odd Fellows' Hall, Commercial Hotel, Henderson's Hotel, Keffer's Hotel, Exchange Bank, Bank of Littleton, the Enterprise and the Bell telephone exchanges, and A. M. Crowe's department store. The water supply has been exhausted. The present loss is estimated from \$200,000 to \$300,000.

Lame Back.

This ailment is usually caused by rheumatism of the muscles and may be cured by applying Chamberlain's Pain Balm two or three times a day and rubbing the parts vigorously at each application. If this not afford relief, bind on a piece of flannel slightly dampened with Pain Balm, and quick relief is almost sure to follow. For sale by Chas. Strang.

CHEERED BY THE GERMANS.

Professor Peabody Completes His Lectures at University of Berlin. Berlin, Feb. 10.—Professor Francis Greenwood Peabody of Harvard University delivered his final lecture in Germany, summarizing his work here. The lecture was delivered in the largest hall of the university, the doors of which had to be closed, turning many people away. After the lecture Dr. Stadt, the Minister of Education, expressed the hearty thanks and satisfaction of his ministry at the important inauguration of the system of exchanging professors, thereby instituting an intellectual bridge between the two peoples which insured cordial relations.

REDS HURL BOMB AMONG WORKMEN

SURROUNDED RESTAURANT ON BANKS OF NEVSKY RIVER AND KILLED THREE.

Most of Revolutionists Flee, But Some Offer Resistance to the Encircling Troops.

St. Petersburg, Feb. 10.—The war between the fighting organization of the revolutionists and the so-called Black Hundred assumed a new phase last night when a band of reds surrounded the Cabaret Schlüsselberg Chaussee, on the bank of the Nevsky river, and threw a bomb among an assemblage of workmen. The reds then opened fire on the panic-stricken inmates of the cabaret, killing two and seriously wounding eighteen, of which latter one died while being taken to the hospital.

Military detachments, which are constantly patrolling the turbulent industrial suburbs, hurried to the scene of the disturbance, re-enforced by dragoons and police from the city and threw a cordon around the whole district. Most of the revolutionists made off at the approach of the troops, but a few bolder spirits remained and offered a desultory resistance to the encircling soldiers.

The bomb, which was hurled through a window into the main room of the restaurant, demolishing almost the entire building. A wooden partition was blown out and much furniture, glassware and crockery were shattered. The ruins were spattered with liquor and blood and pieces of flesh, the whole presenting a sickening sight.

HEALTH

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without its upsetting the liver and polluting the blood. Such a condition may be best and quickest relieved by Herbine, the best liver regulator that the world has ever known. Mrs. D. W. Smith, writes, April 3, 1902: "I use Herbine and find it the best medicine for constipation and regulating the liver I ever used."

WILL FIGHT EXECUTORS.

Mrs. Mizner Intends Erecting \$300,000 Hospital.

New York, Feb. 10.—A dispatch says: Clarence Knight, attorney for the executors of the Charles T. Yerkes estate, arrived yesterday from Chicago to confer with Louis Owsley about the dispute that has arisen between Mr. Yerkes' widow, now Mrs. Mizner, and the executors. Together they called on Mrs. Mizner a her Fifth-avenue home.

Mrs. Mizner declared to Mr. Knight her intention of asking the courts for permission to use the estate funds to build within the next few years the \$300,000 Yerkes' hospital. Mr. Knight told her that the effort would be stoutly resisted and that, if the executors had their way, the hospital would not be erected until after her death, as provided in Mr. Yerkes' will.

Mr. Knight told Mrs. Mizner that she would find it difficult to break the will, and only by breaking it would she be able to carry out her plan. Mrs. Mizner said she would fight for what she considered her rights.

Frightfully Burned.

Chas. W. Moore, a machinist, of Ford City, Pa., had his hand frightfully burned in an electrical furnace. He applied Bucklen's Arnica Salve with the usual result: "A quick and perfect cure." Greatest healer on earth for Burns, Wounds, Sores, Eczema and Piles. 25c at Chas. Strang, Druggist.

TRAIN RUNS AWAY

ENGINEER LOSES CONTROL OF HIS LOCOMOTIVE AND BAD WRECK FOLLOWS.

Trinidad, Colo., Feb. 10.—Thirty freight cars and an engine are piled up in a broken mass at Morley, ten miles west of this city, on the Santa Fe railroad, and all traffic is blocked in consequence of the wreck, which occurred early yesterday. The wrecked freight was a California fruit train, eastbound. Just after leaving the tunnel near the top of Raton Mountain, the engineer lost control of the train, the airbrakes failing to work. The engineer and the fireman jumped, escaping with several bad bruises. Two brakemen are missing and are supposed to be buried under the wreck.

The train came down the mountain side at frightful velocity. At the low trestle on a sharp curve at the base of the mountain the engine went off the rails, followed by the entire train.

Wrecking crews from La Junta and Raton are working on both sides of the wreck. Traffic will not be resumed before night. The California Limited and four other westbound passenger trains are held here.

Common Colds are the Cause of Many Serious Diseases.

Physicians who have gained a national reputation as analysts of the cause of various diseases, claim that if catching cold could be avoided a long list of dangerous ailments would never be heard of. Every one knows that pneumonia and consumption originate from a cold, and chronic catarrh, bronchitis, and all throat and lung trouble are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold. Chamberlain's Cough Remedy will cure it before these diseases develop. This remedy contains no opium, morphine or other harmful drug, and has thirty years of reputation back of it, gained by its cures under every condition. For sale by Chas. Strang.

Suit Follows Breach of Contract.

Oakland, Feb. 10.—Aaron Fibush has brought suit against William Henshaw, the well known banker, for \$30,000, following an alleged breach of contract.

According to Fibush, the defendant gave and option on property on San Pablo avenue and Twenty-second street to H. Jacobs, who, after paying a deposit of \$500, transferred his option to Fibush.

On February 4, Fibush states that he tendered Henshaw \$23,000 in payment for the land, but was refused the deed on the ground that Henshaw wished to grant the Key Route a frontage of fourteen feet before selling.

Fibush has instituted suit for the deed to the property and \$30,000 damages.

A Habit to be Encouraged.

The mother who has acquired the habit of keeping on hand a bottle of Chamberlain's Cough Remedy, saves herself a great amount of uneasiness and anxiety. Coughs, colds and croup, to which children are susceptible are quickly cured by its use. It contracts any tendency of a cold to result in pneumonia, and if given as soon as the first symptoms of croup appear, it will prevent the attack. This remedy contains nothing injurious and mothers give it to their ones with a feeling of perfect security. Sold by Chas. Strang.

Inane Men Escape From Asylum.

Vallejo, Feb. 10.—When the social damage concluded at the Napa Asylum last night, Charles Sands, a big, powerful patient, with sandy hair and mustache, overpowered two keepers, severely beating one named Smith, and escaped.

During the excitement another patient, Charles Kimmins, was also missed. The latter was captured by the Vallejo police early yesterday morning. He had followed the electric car route from Napa. He was returned to the asylum yesterday morning. Sands is dangerous and is still at large.

A Healing Gospel.

The Rev. J. C. Warren, pastor of Sharon Baptist Church, Belair, Ga., says of Baptist ministers: "It's a God-like, walking, three-muscle. It's a new man of me." Greatest remedy for weakness and all Stomach, Liver and Kidney complaints. Sold under guarantee at Chas. Strang's Drug Store, 1 Price 50c.

Death of Judge J. W. Snowball.

Doonland, Feb. 10.—The funeral of Judge John W. Snowball at Knights Landing took place yesterday and the remains were buried in the local cemetery. The Judge had been ailing for some time, but he was able to be about and do business. On Sunday a sudden change occurred, and he died Monday evening. He was 78 years old.

Itch—Ringworm

E. T. Lucas, Wingo, Ky., writes, April 25, 1902: "For 10 to 12 years I have been afflicted with a malady known as the 'itch.' The itching was most unbearable. I had tried for years to find relief, having tried all remedies I could hear of besides a number of doctors. I wish to state that one simple application of Ballard's Snow Lintiment cured me completely and permanently. Since then I have used the liment on two separate occasions for ring worm and it cured completely. 25c, 50c and \$1.00. Sold by Chas. Strang, Medford; Central Point Pharmacy.

TAFT WOULD BE READY FOR WAR

SECRETARY TELLS COMMITTEE IT MAY BE NECESSARY TO SEND TROOPS TO CHINA.

Talk on the Canal Zone—Smoot Closes—The Statehood Issue—General John Eaton Dead.

Washington, Feb. 10.—When Secretary Taft was before the Senate Committee on Appropriations, which was considering the urgent deficiency bill he requested an appropriation of \$100,000 to be expended for additional barracks and quarters for the army at or near Manila. When asked as to the necessity for this appropriation, he stated that the situation in China was such that it might be necessary at any time to send troops there, and that it would be wise to have troops near by for that purpose. The report of the committee, when printed, will be referred to the Committee on Philippines, as it is thought by some Senators that the matter is of such importance that the Committee on the Philippines should take it up and consider it.

Magoon Talks of Canal Zone.

Washington, Feb. 10.—Charles E. Magoon, Governor of the Panama Canal Zone, was before the Senate Committee on Inter-oceanic Canals yesterday and gave his testimony in connection with the investigation of the canal work. In response to a request from Chairman Millard, Governor Magoon outlined conditions upon the isthmus when he was assigned to duty there last spring. He had, he said, found an excellent organization for the Government Zone, but men there were much overworked and very anxious over the possible effects of the reorganization. No removals were made. The sanitary force was also well organized and it had done and is now doing excellent work. The Government had been especially fortunate in securing in that force a number of army men who had been engaged in the sanitation of Cuba.

Case Against Smoot is Closed.

Washington, Feb. 10.—The introduction of testimony against Senator Reed Smoot, of Utah, was closed by the protestations' counsel yesterday. A. S. Worthington, who represents the Senator, said he was not ready to proceed, but that he would communicate with Chairman Burrows within a few days. The character of the evidence offered this session, said Mr. Worthington, had convicted him of the desirability of calling witnesses for the defense. With reference to the list of the members of the Utah constitutional convention, members of the Legislature, and State officers, charged to have been polygamists, Mr. Worthington said that it might be necessary to call from 100 to 200 witnesses to disprove the testimony of the prosecution unless Senator Smoot was anxious that the case should be closed and that there should not be one day of unavoidable delay.

Present and Amendment.

Washington, Feb. 10.—At the beginning of yesterday's session of the Senate Mr. Foraker presented an amendment to the Statehood bill directing the method of proceeding in Arizona and New Mexico on the question of admission. It directs that within thirty days after the approval of the Statehood bill, the Governors of the two Territories shall respectively call elections for submitting the question of Statehood. Voters of the two proposed states shall vote separately, and the union shall not be consummated until a majority of the votes of each Territory are cast in the affirmative.

Doubt Power of Congress.

Washington, Feb. 10.—Acting under instructions of the House the judicial committee yesterday began an investigation in order that it may report whether or not Congress has the power to provide Federal control of insurance. That this authority does exist was maintained by R. W. Brockenridge of Omaha, Neb., chairman of the insurance committee of the American Bar Association.

General John Eaton Dead.

Washington, Feb. 10.—General John Eaton, a distinguished Civil War veteran and noted educator, died here yesterday, aged 77 years. At one time he was editor of the Memphis Post.

Luckiest Man in Arkansas.

"I'm the luckiest man in Arkansas," writes H. L. Stanley, of Bruno, "since the restoration of my wife's health after five continuous coughing and bleeding from the lungs; and I owe my good fortune to the world's greatest medicine, Dr. King's New Discovery for Consumption which I know from experience will cure consumption if taken in time. My wife improved with first bottle and twelve bottles completed the cure." Cures the worst coughs and colds or money refunded. At Chas. Strang, druggist, 50c and \$1.00. Trial bottle free.

A TRAINED NURSE

After Years of Experience, Advises Women in Regard to Their Health.

Mrs. Martha Pohlman of 55 Chestnut Avenue, Newark, N. J., who is a graduate Nurse from the Blockley Training School, at Philadelphia, and for six years Chief Clinic Nurse at the Philadelphia Hospital, writes the letter printed below. She has the advantage of personal experience, besides her professional education, and what she has to say may be absolutely relied upon.

Many other women are afflicted as she was. They can regain health in the same way. It is prudent to heed such advice from such a source.

Mrs. Pohlman writes: "I am firmly persuaded, after eight years of experience with Lydia E. Pinkham's Vegetable Compound, that it is the safest and best medicine for any suffering woman to use."

"Immediately after my marriage I found that my health began to fail me. I became weak and pale, with severe bearing-down pains, fearful backaches and frequent dizzy spells. The doctors prescribed for me, yet I did not improve. I would bow after eating, and frequently become nauseated. I had pains down through my limbs so I could hardly walk. I was as bad as a case of female trouble as I have ever known. Lydia E. Pinkham's Vegetable Compound, however, cured me within four months. Since that time I have had occasion to recommend it to a number of patients suffering from all forms of female difficulties, and I find that while it is considered unprofessional to recommend a patent medicine, I can honestly recommend Lydia E. Pinkham's Vegetable Compound, for I have found that it cures female ills, where all other medicine fails. It is a grand medicine for sick women."

Money cannot buy such testimony as this—merit alone can produce such results, and the ablest specialists now prescribe Lydia E. Pinkham's Vegetable Compound in the most uniformly successful remedy for all female diseases known to medicine.

When women are troubled with irregular, suppressed or painful periods, weakness, displacement or ulceration of the female organs, that bearing-down feeling, inflammation, headache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excita-

bility, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound. No other female medicine in the world has received such widespread and unqualified endorsement.

The needless suffering of women from diseases peculiar to their sex is terrible to see. The money which they pay to doctors who do not help them is an enormous waste. The pain is cured and the money is saved by Lydia E. Pinkham's Vegetable Compound.

It is well for women who are ill to write Mrs. Pinkham, at Lynn, Mass. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, her assistant for many years before her decease, and for twenty-five years since her advice has been freely given to sick women. In her great experience, which covers many years, she has probably had to deal with dozens of cases just like yours. Her advice is strictly confidential.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

BARON GETS DAMAGES IN SUIT

Famous Case Against the San Francisco "Call" Compromised.

San Rafael, Feb. 10.—The famous libel suit instituted about four years ago by Baron von Schroeder against the San Francisco "Call" was called in court yesterday, James Maguire of San Francisco appearing for Von Schroeder and M. D. Delmas for the newspaper company.

As soon as the case was opened Attorney Delmas addressed the court stating that his clients were willing to pay a judgment in the sum of \$1000. This compromise of the case was accepted. When Delmas entered court he addressed Von Schroeder in a very friendly manner, but the latter regarded him as if he had been no more than a stranger.

This is the termination of one of the biggest scandals that has ever defiled the gossip of the valley.

Bogus Half Dollars Discovered.

Chicago, Ill., Feb. 10.—Three counterfeit silver half dollars were found in a consignment of money which reached the United States sub-treasury yesterday from Texas. The coins cannot be detected as spurious except by the close inspection of an expert.

The Best Physic

When you want a physic that is mild and gentle, easy to take and pleasant in effect, take Chamberlain's Stomach and Liver Tablets. Price 25 cents. Every box warranted. Get a free sample at Chas. Strang's drug store and try them.

Disatisfaction Still Apparent.

Stanford University, Feb. 10.—The spirit of dissatisfaction is still apparent among the students at Stanford University, as is shown in a statement signed by prominent men and women and presented to President Jordan by the Quadrangle Club.

The statement concerning the recent grievance has been unanimously adopted by the executive committee of the student body and President Jordan states that the matter will be taken before his advisory council.

The Yellow Fever Germ.

has recently been discovered. It bears a close resemblance to the malarial germ. To free the system from disease germs, the most effective remedy is Dr. King's New Life Pills. Guaranteed to cure all diseases due to malaria poison and constipation. 25c at Chas. Strang's Drug Store.

Baby Smothered by a Pet Cat.

Los Angeles, Feb. 10.—Blanche Milledred, the three-months-old baby girl of Mr. and Mrs. J. W. Devlin, was smothered to death as it lay in its carriage by the side of its parents' bed by a large Persian cat which curled up on the child's face. The child was found dead by its parents when they awoke yesterday morning. It had evidently tried to push the cat from its face, but its small strength rendered that impossible, and the weight of the large cat had slowly smothered the child to death.
