CITY HAPPENINGS.

—A. W. Walker returned this week from a business trip to Eugene. He brought back with him a fine German Coach stallion. The horse is six years old, was imported from Germany two years ago; weighs 1600 pounds, color brown and is one of the very best horses of his class ever brought into Southern Oregon. The grade of horses which have been brought into this part of the state during the past couple of years has been first-class and the improvement in stock conditions is decidedly noticeable. The Mail will venture the assertion that there is not another town in all Oregon which can boast of better and higher bred stock horses than Medford, and the coming of this German Coach has added materially to the group of fine animals. This horse may be seen at the Nash stable.

—For sale—Residence property, desirably located in East Medford, consisting of a four-room house and lot, 79x125 feet. Price, \$500, a sacrifice. Enquire at this office.

—Thirty-five thousand good three-foot shakes from one tree would seem to be a goodly number, in fact it's the record for this country. Yet that many shakes were rived from one sugar pine tree in the upper Rogue river section by Schuyler Hammond recently. The tree was over six feet through at the base and twenty cuts were taken off before the first knots were found. There is considerable good timber in the tree yet, which will be worked up.

—Position wanted, by man and wife, best of references given; no objection to position as cooks at orchard or in mine. Call upon or address The Mail, Medford.

—O. D. Owen has his new home, in North Medford, nearly completed and will soon move his family thereto. This is an eight-room residence, one and a half stories high. It is a very pretty home, nicely situated, in a good neighborhood, and best of all, the grounds abound in fruit, flowers and green lawns.

—For sale or rent.—Seven-room house, north end B street. O. D. Owen.

—The Medford ball team went to Grants Pass Sunday and lost by a

score of 2 to 1. Lack of team work and too many captains in the team was responsible for the loss of the game. Base ball games cannot be won by individual effort any more than any business can be successfully carried on without a head. The sooner the Medford team finds this out the sooner they will strike a winning gait that will give the fans confidence in them.

—288 acres near Brownsboro, 100 hundred acres in wheat and oats. Plenty of fruit, buildings, springs, etc. A special bargain at \$5000. Look this up. For sale by C. H. Pierce & Son.

—More rain fell in May this year than in any year previous of which a record has been kept at Medford. The total precipitation for the month up to seven o'clock of May 30th was 2.43 inches. Of this .33 fell on the 15th, .34 on the 22d, .07 on the 23d, 1.00 on the 28th, .70 on the 29th and .21 on the 30th. The total precipitation for the season so far has been 11.96 inches, as against 10.08 for the whole year of 1905.

—Butte Falls, located as it is, thirty miles northeast of Medford, bids fair to become a prosperous place. Parties wishing lots in this bustling town, call and see me. W. T. York. 5-4f

—R. B. Porter shipped twenty-two head of draft horses from Medford to Modesto, Calif., this week. The animals were all bought from farmers in this vicinity, and, as a bunch lot they were good and few if any better could be gathered together any place. Mr. Porter expects to find a good market for them at Modesto and San Francisco.

—Smith & Moloney, proprietors of the Medford Shoe Parlor, are giving away valuable presents to all customers.

—The game scheduled to take place between Medford and Roseburg base ball teams Monday was called off on account of the Roseburg players not being able to come. Besides it rained, so the game couldn't have been played anyway. Later on it is expected that a game can be arranged.

—Brick for sale. I have 100,000 choice brick for sale. G. W. Priddy. 20-4f

—Horses for sale. G. L. Schermerhorn, Medford.

—Prof. B. M. Collins has been elected to teach the next term of the Eagle Point school. Prof. Collins has taught in the Ruch district for several

months past and has given general satisfaction. The Mail is satisfied the Eagle Point school board will have no reason to regret their selection.

—Wanted—Goats to pasture on shares. Plenty of good pasture. Address "B", care Mail, Medford, or G. H. Griffin, Merlin.

—If your watch or clock is out of order, take it to B. N. Butler. He has all the necessary tools, material and experience to do good work, and he does it. 12-4f

—The Applegate section is a great, big, rich section of Jackson county. The only man hailing from there on either ticket is Henry D. Kubli, for representative. Don't forget the name.

—Medford now has the most up-to-date abstract system in this county. See Jackson County Abstract Co. Palm-Neidermeyer building. 2-4f

Mrs. J. G. Martin, of North O street, is paying relatives and friends of Jacksonville an enjoyable visit.

Mrs. Morris Case, one of the leading prosperous lady farmers of Antioch precinct, paid us a pleasant but brief call Saturday, while on a social visit to her old-time Onto friends, Mr. and Mrs. Foote and family, one mile south of Medford.

John Houston, the well-known fruit and stockraiser of Long Branch, delivered four coops of choice chickens to our city merchants Thursday, receiving a good cash price, as Medford is the only cash market for all kinds of country produce.

Again we are sorry to say goodbye to newly-formed friends and our esteemed neighbors, Mr. and Mrs. Steve Smith of West D street, who leave for Nevada, their future home, where Mr. S. has mining interests requiring his present attention.

Mr. and Mrs. Lewis Pankey and children, prominent residents of Bly, Klamath county, but who have been for the past year enjoying Medford's excellent schools and social privileges, started Friday for their old home.

Frank Hammond, a well-known resident in the vicinity of the headwaters of Evans creek, fifty miles distant, tarried in the city Monday night, purchasing supplies. He says Medford is the only trading point that gives his people a square cash deal.

Prof. Abe Blah, wife and children have returned home after teaching, as principal, a very successful term of school at Grants Pass. The gentleman is again engaged as principal for the coming year which speaks volumes for him as an educator worthy of the high position.

Returned With a Bride.
J. H. Oulp returned Sunday evening from a several weeks' visit to Dallas, Texas. He was accompanied by Mrs. Oulp, who, until the 21st of May, last past, was Miss Lexie Manning, of Dallas, Texas. These young people were married upon the above date and at once set out for Medford, where they will make their future home. Mr. Oulp held a position as salesman for Monroe & Miller in the city for several months and during that time he made a great many warm friends who are now glad of this opportunity to extend their congratulations. Mr. Oulp is one of the very best and most honorable young men of our town, while the young lady who has laid siege to the honest heart of this great big, good natured man of business, was a reigning belle in her native city and is a lady well qualified to make glad the home which her husband will provide.

—A. Slover, drayman. Safes moved—up stairs, down stairs, any old place, quickly and cheaply. Draying of all kind promptly attended to. 40-4f.

W. C. T. U. Items.

The Union met on time at the Christian church May 24th with president and officers present. Owing to the public school entertainment the attendance was small. Committees showed many visits made to the sick with aid. The whole hour was devoted to folding suffragist literature to be distributed. Men who oppose women voting seem to think that it will take one year to go to the poles and vote, and all this time the woman has a small infant to care for. June 4th the great question whether women will be ranked the same privileges as foreigners, negroes, idiots, etc., etc., will be decided. When Susan B. Anthony was a young woman she asked for a representation in a temperance convention in order to present the petitions of women, but admission was denied her because she was a woman. As a teacher of boys and girls she sought admission to a convention of teachers and was refused because she was a woman. Rebuffs of this sort made her a woman's rights advocate, but to obtain rights she found that votes were necessary. This made her a suffragist. To bring the matter to a direct issue she cast her vote in a local election. She was arrested and fined, but she replied: "Resistance to tyranny is obedience to God," and she never paid her fine. What she must have endured through the long years of silly ridicule, ignorant censure and unchristian condemnation no one never knew. Her years of triumph came at last, though she never voted and her last lament was that she was dying "without the right." The Union adjourned to meet at the Christian church May 31st. The members are asked to be present. New officers will soon be elected and steps must be taken to select those officers.

The Game of the Season.
The thirty or more fans that thrived in the grand stand at the base ball grounds Sunday afternoon, while the wind howled and the rain fell, were rewarded by seeing a game of base ball such as they will probably never see again. It was between Hose Co. No. 1 and Hose Co. No. 2, of the Medford Fire Department and the way the boys played the batted balls to a standstill and then pounced upon them was good to see. Joe Parker at first for No. 1 covered himself with glory and we expect a few sore spots. Everything that came John Butler's way at short was a "dead one" as soon as he got his hands on it. Jim Bates distinguished himself at second by allowing the ball to carom off various portions of his anatomy and finally stopping two of them. Biglum held down left field, because it couldn't get away. Gregory and
