Snyder's Body Identified.

HILLSBORO, Or., Oct. 7.—Mrs. Madge Snyder, wife of the late Carey M. Snyder, who was murdered in Washington county on the night of December 4th or morning of December 5th, 1905, arrived in Hillsboro on the 8:12 train this morning and at once conferred with Acting Coroner H. T. Bagley. Mrs. Snyder identified the clothing of her husband, his papers, his letters found on his body, his glasses and his out buttons. She minutely described the peculiarities of the teeth and told of one false tooth in particular, which had been placed in position by a dentist in the Oregonian building, which tooth, she said, was darker in color than the others, and was not stationary. The acting coroner and Dr. A. B. Bailey, who attended the inquest, examined the teeth of deceased and found them exactly as Mrs. Snyder represented.

She also stated that he was having another tooth treated in order to kill the nerve, and said the packed cavity should show for itself. The cavity was found on the very tooth she named, thus proving conclusively that the remains in the custody of the coroner are none other than those of Carey M. Snyder, the son of the Kansas City millionaire. Mrs. Snyder would not look at the remains of her late husband, and would not look at the skull with a view of identification. What she told the coroner and physician was corroborated by the external evidence of the skull itself, and there is now no question but what he was killed, and that he was killed on the night of December 4th or morning of the 5th.

Today Acting Coroner Bagley went to where the body was found on the Glenoec-Portland road and made a rigid search for the bullet. From the fact that Snyder's skull shows two deep fractures it is known that he must have been struck on the head and rendered unconscious before he was shot. It was thought that in order to make it appear a case of suicide the bullet was then fired through his brain.

F. N. Cummings, A. P. Stoner and F. W. Asgood, civil engineers, of Portland, are engaged in running the lines for the proposed dam across Bear creek, near Ashland.

The work of excavating and hauling the clay from the Kavin beds, near the Reaser mill, on the Dead Indian road, was commenced this week. The clay will be shipped to Portland, and manufactured into pottery.

The sheep camp of Herrin & Sons, on Ashland Butte, was destroyed by fire one day last week during the absence of the men in charge of the sheep.

Claud Heryford was struck on the head by a piece of flying hose, blown out of a compressor at the Millonaire mine, last week, and temporarily knocked out. He was fortunate to escape more serious injury.

Word has been received by his parents at Ashland that Grover Neil, the young baritone, who left there with the Nellis Andrews Opera Co., was suffering from an abscess of the throat that would prevent him from singing for several months, at least.

One night this week as Tobe Newton was going home he met with a singular accident, that in most instances proves fatal. He was walking down the railroad to the Sardine creek crossing and on the way a freight train passed him, going at a slow rate of speed. In some manner Tobe was thrown against the train, knocking him senseless and badly lacerating and bruising his face. He dragged himself to S. A. Dusenberry's place and was given assistance on to his home. Had not the train been observing the "slow" signals that are displayed along the track, the accident would no doubt have proven fatal. Tobe is getting along nicely, despite the badly marred countenance and general shaking up that he received.—Gold Hill News.

Land Fraud Trials Postponed.

Portland Telegram:
The Oregon land fraud trials will not be resumed before December 1st. A report reached Portland this morning to that effect and private advices received by the Telegram from Special Assistant Attorney General Francis J. Heney confirm it.

When Mr. Heney and Judge Hunt left Portland after the conclusion of the Mays-Jones-Sorenson trial it was believed that the government would be in a position to resume the trials the 15th of this month. Since then affairs have taken a turn that determined Mr. Heney to postpone the Oregon cases until winter.

Whether the case against Binger Hermann at Washington or the trial of Hyde, Benson and Dimond in the capital city will be taken up before the local cases is not known, but it is evident that there has been a material change in Mr. Heney's plans. The fact that he is very busy with important insurance cases in the Hay City and further that he has been appointed a member of the board of arbitration selected to pass on the big San Francisco street car strike, may have something to do with the change of plans. No report has yet been received by local government officials on the reasons for the postponement. Mr. Heney probably preferring to defer the announcement in detail until the return home of United States District Attorney W. C. Bristol, who is in San Francisco arguing cases before the United States

circuit court of appeals. The continuation of the Oregon trials undoubtedly means that the Federal grand jury will be convened almost immediately upon the return of Mr. Bristol.

In the absence of definite information as to the cause of the delay, it is regarded as highly probable that not only will the Federal grand jury again begin its grind in Oregon, but that Hermann or the Hyde-Benson combine will be brought to trial in Washington between now and the later date set for the resumption of the trials here.

The next case set for trial is that charging ex-Senator Winlock W. Stelwer, Hamilton H. Hendricks, John H. Hall, Edwin Mays, Clarence B. Zachary, Charles A. Watson, Franklin D. P. Mays, Clarke E. Loomis and Edward D. Stratford with conspiracy to defraud the government by fencing up about 18,000 acres of government land in Wheeler county. It is familiarly known as the "fencing case," and many facts bearing on it were brought out in the trial of Hendricks, Zachary, Watson and Bernard. Senator Mays, who was recently convicted, will not be tried in this case. Mr. Heney having agreed to try him but once this year, when his case was before the court on a motion for a continuance.

It is understood that Clark E. Loomis will plead guilty, although this has not been officially given out. If he does, however, he will likely be a star witness for the government. Loomis was an important witness for the government in the Hendricks, Watson, Zachary and Bernard cases. The most conspicuous defendant in the fencing case will be John H. Hall, former United States attorney, who was removed from office at the instance of Mr. Heney when the investigation into land fraud affairs had begun to assume a serious turn. Edwin Mays was Hall's assistant at the time the conspiracy charged in the indictment is alleged to have been formed.

Every indication is that this will be one of the hardest fought trials on the calendar.

Simon Shaw, the well-known miner, came in from Elliott creek Monday, on business.

Mrs. Elizabeth McKenzie was at Ashland Sunday, the guest of Miss Edith King.

J. H. Beeman and Robert Moore, of Gold Hill, were in Medford on business Saturday.

Mrs. A. R. Kelsey, of Myrtle Creek, arrived here Monday, on a visit to

been visiting Mrs. Lamb's parents, Mr. and Mrs. A. M. Woodford, returned home to Coquille City Wednesday.

Mrs. Dent and family returned to Medford last week from Fresno, Calif., where they have been stopping for a few years. They will now reside in Medford.

John Allen and Benj. Fradenburg, of Big Butte, were in Medford this week, having brought in thirty-six head of fat cattle which they sold to T. E. Pottenger.

Cashier John S. Orth, of the Medford National Bank, left Wednesday evening for Portland, where his father-in-law, H. E. Ankeny, is critically ill and falling fast.

Mrs. E. E. Thompson, who has been visiting her parents, Mr. and Mrs. J. G. Van Dyke, during the summer, left Wednesday for Denver, where she will join her husband, Rev. E. E. Thompson.

Miss Bernice Sayres, formerly of Medford, spent several days in Medford last week, visiting friends, on her way from her Washington home to Berkeley, Calif., where she will enter the University of California.

F. E. Hartzell left Wednesday for Portland, where he has accepted a position. He will be joined at Eugene by his wife, who has been visiting her father and other relatives at that place.

G. K. Tolley, the gentleman from Eastern Oregon, who purchased the H. L. Griffin farm, on Griffin creek, was in Medford Saturday. He is very much pleased with our country and isn't regretting a little bit his decision to become one of the favored citizens of Jackson county.

Joseph C. Brown spent a few days in Medford this week. Mr. Brown represents a Portland furniture house, and is one of the most successful travelers on the road. He has just returned from a trip through Northern California, and made record breaking sales, as is his usual custom.

Mr. and Mrs. H. B. Nye, of Foothoek, were in Medford this week. Mining is Mr. Nye's long suit, but when peach trees grow at the mine of their own accord and the fruit is luscious, large and pretty there is no harm in giving it the name of Bill Nye Seedling. From one of these trees Mr. Nye this week gathered sixty pounds of as fine fruit as ever grew on any tree.

Wm. Cameron, one of the prosperous and well-to-do farmers of Applegate section, was in Medford Saturday. Mr. Cameron states that his neighbors, as well as himself, have not given the matter of fruit raising any attention, other than a few family orchards, but he states that there is a great amount of their land which will some day be producing the very best grades of fruit—and that in abundance.

Mr. and Mrs. L. B. Carlton left Friday for their home in Monroe county, Iowa, after a several weeks' visit with relatives in Jackson county. When they came here Mrs. Carlton was so badly crippled and so ill with

Dakota, arrived in Medford last week and intend making this place their future home. They resided in California just long enough to convince themselves that they did not want to live there for all time—or any part thereof. They are very much pleased with the Rogue River Valley and Mr. Schutte has written his impressions to friends in California—and he is telling that he made these so emphatically favorable to this country as to remove any possible doubt as to how he feels.

Mrs. B. F. Adkins returned Friday from Newberg, Oregon, where she had been in attendance at a meeting of the W. C. T. U. delegates of the state. Mrs. Adkins went to the assembly as a representative of the W. C. T. U. of Jackson county and as well a representative of the local organization of Medford. She reports a very interesting session and the several delegates present from all parts of the state reported a lively interest in the work in their several localities—which interest, Mrs. Adkins believes, is but an indicator as to the drift of mind and the interest of purpose throughout the whole state.

Notice

Notice to real property owners in Sewer District No. 3.
Notice is hereby given that at the meeting of the city council of Medford, Oregon, held September 14, 1906, the following proceedings were had:

That the city council of Medford, Oregon, proposes to improve that portion of sewer district No. 3, lying between O street and the county road, by constructing a lateral sewer from the main sewer on 6th street, through the Broback reserve, Lumden's addition and Davis' addition, to the south boundary of said district.

Said improvements to be made in accordance with the charter, ordinance and regulations of the city of Medford and the estimate of the city engineer filed in the recorder's office in said city.

Remonstrances against the above improvement must be filed in the recorder's office by October 15th, at 6 o'clock p. m.

By order of the city council.
