Call and See Us

### ADDITIONAL LOCAL.

—One of Medford's enterprising firms has a big contract with the Pullman dining car people for furnishing a vast amount of supplies, such as groceries of all kinds, produce, table stuffs, meats, ice creams and in fact everything that may be needed to look after the "wants of the inner man". This means a big item and volume of business is quite considerable, as it the supplies are secured for each and every dining car that passes through and the orders are all placed by means of telegram sent on ahead. Often the time limit is quite short, but Mr. Warner is always equal to any such emergency.

—Mrs. O. Gilbert has moved the Medford Hezar from opposite the postoffice to the White-Thomas building, on the West side, and is now nicely located in a handsome quarters formerly occupied by the Hale Piano Co., where she will be pleased to see her many old patrons, and many new ones.

—Mr. and Mrs. Nelson Nye, of Prospect, were in Medford Tuesday, on land business before Commissioner Bliton. Mr. Nye and J. G. Phipps, of Peyton, recently delivered to Postmaster Morey, of Eagle Point, an Upper Regue Hilar singing, which will be used for a flag pole. The pole is about six inches in diameter at the butt and tapers eighty-one feet in the air. The problem of transportation was solved by putting one end on a wagon and the other on runners, but at that it required some careful manipulation in rounding some of the sharp curves along the route.

—The Southern Oregon Laundry Co. is doing business in the same old way—with satisfaction to all patrons. The laundry is the best equipped in Southern Oregon, the laundries are experienced and every care is taken to do good and prompt work. The wagon will call at your home or place of business, or you can leave orders at the office, in the Singler machine office on West Seventh street.

—Sheriff Jackson has collected and turned over to Treasurer Cronmiller, \$182,728.50, out of the \$215,000 carried on the tax rolls for 1901. This leaves only \$37,000 on the roll, part of which includes double assessments, which must be deducted, and part the last half of taxes not due until October from taxpayers who have taken advantage of the two installment provision the law. This is believed to be the record in tax collection, and the delinquent list will be a short one this year.

—Blue prints of township maps showing all vacant land, fifty cents each. For reliable information concerning Government land write to Frank E. Alley, Abstractor, Roseburg, Oregon.

—J. B. Watkins, timber owner of Eureka, Calif., and his wife, passed through Medford Monday in a big 60-horse power automobile. They have made the trip through Humboldt and Del Norte counties, Calif., and Josephine and Jackson counties, Oregon, being the first to bring an auto over this route. Rather than return the way they came they will take the longer way round, via San Francisco.

—Miss Lottie Kinsaid, the milliner has moved her parlors from the old stand across from the postoffice to the quarters where the Hale Piano Co. was formerly located. She invites her many patrons to come and see her in the new quarters, where she will be better prepared than ever to furnish their needs in up-to-date millinery.

—Dr. Reddy has secured options on a large area of lands, suspected of being coal lands in the neighborhood of Ashland and Talent. Some first class coal has been found east of Ashland, and the vein is being developed. The product from this vein is being used to develop motive power for the steam road roller recently purchased by that city.

—Medford now has the most up-to-date abstract system in this county. See Jackson County Abstract Co. Palm-Neidermeyer building. 2-tf

—Forest Supervisor S. C. Bartram has been appointed, by Governor Chamberlain, a member of the Oregon Forestry Commission. The other members are L. S. Hill, of Eugene; E. P. Sheldon, of Portland; Governor Chamberlain, himself, and the Director of Forestry of the Agricultural College.

—ESTRAY—One brown mare mule, fresh scar on left hip. Last seen at Ed. Andrews claim, on Antelope, \$10 reward for return of. Make inquiry at the MAIL office or at Lane Wyland's place, on Antelope. R. L. HALE.

—Miss Laura Geer was one of the successful ones in the word contest at the Eiler Piano house and was down the 25th and hauled home a fine parlor organ.

—Dr. Stephenson's office is fitted up with the latest electric lighted instruments the ophthalmoscope, ophthalmometer and retinoscope for the scientific examination of the eyes, both internally and externally.

—Art Earhart is making ready to open a meat market at Butte Falls.

—Wanted—Gentleman or lady to travel for Mercantile House of \$250,000 capital. If desirable the home may be used as headquarters. Weekly salary of \$1,000 per year and expenses. Address J. A. Alexander, 120 Plymouth Place, Chicago, Ill.

### Among the Churches

Rev. E. P. Hughes, of Grants Pass, made a very eloquent address at the Decoration day exercises May 30th. He was the guest of Rev. W. F. Shields while here.

Rev. W. F. Shields delivered the Baccalaureate sermon to the graduating class of the Jacksonville school Sunday evening, exchanging pulpits with Rev. Robt. Ennis for that occasion.

In the morning at the Presbyterian church Sunday, Rev. W. F. Shields delivered a carefully prepared and thoughtful sermon. The music at both morning and evening services was especially good.

The evening subject at the Christian church Sunday, was "The Great Salvation," and was a very interesting and helpful discourse. A feature of the services at this church is the special music arranged for each occasion, consisting of solos, trios and quartets.

The Queen Esther and the Young American Clubs of the Presbyterian church will give a Cantata in the near future. The first practice was held last evening (Thursday). The two organizations have good musical talent among their members, and will undoubtedly make a success of the entertainment.

Rev. W. C. Reuter delivered a special sermon in the German language at the M. E. church Sunday afternoon at 2:30 which was attended by a goodly number of our German speaking citizens, who highly appreciated the service given in the language of the "Fatherland."

Rev. Robt. Ennis, of Jacksonville, preached the sermon in the evening at the Presbyterian church, and the service was largely attended. Mr. Ennis is one of the pioneer Presbyterian ministers of Jackson county, having been pastor at Jacksonville, when the Presbyterian church was built there, twenty or more years ago.

Rev. Chas. T. McPherson, formerly pastor of the Medford M. E. church, is now pastor of the Estacada church of that denomination. A new church, costing \$1,000 was dedicated with elaborate ceremonies Sunday. This church and a \$3,000 parsonage has been built since Mr. McPherson has had the pastorate last September.

At the Christian church Sunday morning Rev. M. F. Horn delivered the last of a series of sermons on "Ideals for Young People," the subject being "The Ideal Church." This sermon, as were the others of the series, drew a large and interested audience. Mr. Horn handled his subject in a thorough manner, and the series of sermons has awakened a great deal of interest, not only among members of the church, but also among those of no church affiliations.

The members of the Presbyterian church are considering plans for the perpetuation of the memory of Father Williams, the first Presbyterian minister in Jackson county. It will probably take the form of either a memorial tablet or a memorial window in the church. Father Williams' memory is cherished, however, by hundreds of the older settlers of this county, who remember his all embracing charity and true christianity.

At the M. E. church Sunday morning Rev. W. C. Reuter preached a pentecostal sermon. In the evening the subject was "Has Every Man His Price?" Mr. Reuter took the negative side of the question and demonstrated by examples that not every man had his price, but that there were many upon whom no inducement could be brought to bear that would cause them to do that which they believed to be wrong. That devotion to principle was strong in every right minded man, and that they were ready to suffer everything rather than forego those principles. The sermon was one of the best of the many good ones that Mr. Reuter has delivered.

### HE FIRED THE STICK.

"I have fired the walking stick I've carried over 40 years, on account of a sore that resisted every kind of treatment, until I tried Bucklen's Arnica Salve; that has healed the sore on my hand and made me a happy man," writes John Garrett, of North Mills, N. C. Guaranteed for Piles, Burns, etc., at Chas. Strang druggist. 25c.

### Card of Thanks.

We wish to thank the friends for the kindness during the illness and death of our husband and father.

### Local Lodge Lore.

J. P. Molony, of Tallman Lodge, has been appointed district deputy grand master, of K. P., for this district.

Westonka Tribe, No 30, Impd O. R. M., elected officers for the ensuing term Saturday evening, after which they enjoyed a banquet and a general good time. The following officers were chosen: Sachem, C. R. McClellan; Senior Sagamore, Harmon Fredenburg; Junior Sagamore, J. E. Faught; Prophet, J. C. Jones; Chief of Records, L. L. Jacobs; Keeper of Wampum, W. M. Kennedy. The installation will take place next Saturday evening.

Tallman Lodge, K. of P., held their regular election Monday evening. The following officers were elected: J. P. Molony, C. C.; Ed. Trowbridge, V. C.; J. E. Barkatull, prelate; J. E. Hale, M. A.; Wallace Woods, M. W.; Fred Luy, M. F.; B. J. Trowbridge, M. E.; J. H. Butler, K. of R. and S.; H. C. Kuntner, O. G.

### THERE ARE FEW

people who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. Herbine will keep it in condition. V. C. Simpkins, Alba, Texas, writes: "I have used Herbine for Chills and Fever and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown-up people, and I recommend it to you for La Grippe." Chas. Strang, Medford; Central Point Pharmacy.

### Ministers Work Overtime.

Chicago, June 2. This was an extremely busy day for preachers, cab drivers and florists. The first crop of June weddings was enormous. Yesterday the license clerks were swamped, 110 licenses being issued in the first two hours. The average for the day was a license every minute. New records would have been established but for the fact that it was only a half-day at the City Hall and the license bureau closed promptly, inasmuch as there was a ball game in town, and lots doing otherwise. All of today cabs and automobiles hustled up and down and round the streets, all bearing pretty girls in d'ap's and gowns, great quantities of roses, new suitcases and all the impediments of the newly wedded. The outgoing trains also carried their quota, while ministers and judges found their salaries considerably augmented at the close of the day.

—Mrs. E. E. Gore—Teacher of Piano and Voice—Special class methods for children—Studio at residence, corner C and 2 streets.

Missionaries Flee to Swatow. Amoy, China, June 4.—The conditions of Chang Chow, of which Amoy is the port, and at St Okhe are unsettled. Many refugees continue to arrive here and numbers of missionaries of all denominations have reached Swatow. Quiet is maintained there, though there is great anxiety as to the outcome of the revolt in the surrounding country. The rebel leaders allow no looting, and no foreigners have been molested so far as known. There is a small American mission at Chang Chow. The Japanese cruiser Nanawa arrived here yesterday.

J. C. WATSON  
SEATTLE

Because its made right, by a force of skilled plow experts whose equal cannot be found in any other plow factory in the world. There are many different makes of plows, each claiming to be the best, yet the fact remains that three John Deere plows are in use to one of any other kind. The John Deere Factory, the largest in the world, turns out every year more plows than any five other factories combined.

## Standard of the World For Over 60 Years

The Pioneer Plow Maker, John Deere, made his first steel plow by hand from the blade of a saw in 1837. The first slab of steel rolled in the United States was rolled for the John Deere plows by William Woods, of Pittsburg, in 1846. And ever since those early days Deere Plows have shown the way and maintained the lead in this great national industry. Is it any wonder that the farmers of the world express their verdict in the familiar phrase—"If it's a Deere—it's Right."

We make over 1000 styles of plows, each as good as it can be made,—the best that brains and perfect equipment can produce. No matter what your needs may be, we can supply them from our line.
