### Local Lodge Lore.

Medford Camp No. 90, will unveil the monument to C. G. Johnson, with appropriate ceremonies next Sunday at 2:30 p. m. All members of the order are requested to assemble at the hall at 6 o'clock, to make preparations for the ceremony.

Talisman Lodge, K. of P., had an enjoyable evening Monday night, after the regular work of the lodge was over, during which Prof. Signs was raised to the third degree, refreshments were served and a general social good time was had for a few hours.

The following officers were elected by Medford Camp, No. 90, W. O. W., at the regular meeting Friday night: J. H. Fitzgerald, C. C.; H. Jurgens, Adv.; J. C. Smith, banker; W. B. Jackson, clerk; W. H. Maulby, escort; J. H. Atwell, watchman; J. L. Hansen, sentry; F. W. Wait, manager; W. S. Jones and H. P. Hargrave, camp physicians.

Following are the new officers of the Grand Lodge, O. E. S., installed at Portland last week: Mrs. Florence Bargelt, of Marsfield, worthy grand matron; Mrs. Jennie E. Resman, of Klamath Falls, associate worthy grand matron; Frederick S. Dunn, of Eugene, worthy grand patron; G. W. Stapleton, of Portland, associate grand patron; Mrs. Mary S. Myers, of The Dalles, grand secretary; Mrs. Clara T. Lyle, of La Grande, grand treasurer; Mrs. Antoinette Stiles, of Portland, grand conductor; Mrs. Jennie Rinehart, of Summerville, associate grand conductor.

The following grand officers were elected by the grand lodge A. F. & A. M. at Portland: Most Worthy Grand Master—L. L. Pearce, of Salem; Deputy Grand Master—Edward Kiddie, of Island City; Senior Grand Warden—Norris K. Cox, of Portland; Junior Grand Warden—Charles E. Wolverson, of Albany; Grand Treasurer (re-elected)—W. A. Cleland, of Portland; Grand Secretary (re-elected)—James F. Robinson, of Eugene; Trustees to Education Fund (re-elected)—J. M. Hodson, of Portland, M. S. Woodcock, of Corvallis, and Henry Roe, of Portland.

### Marrriage Licenses Issued.

The county court has issued license to marry to Milton B. Lindley and Ada Norris; A. W. Scott and Mrs. Pearl Ruth Upham; Alexander M. Loomis and Lulu May Garrett; George W. Dunn and Laura May Burnett; Frank M. Denton and Myrtle E. Love; Jas. E. Jones and Mrs. Belle Wise; A. B. Harrel and Nellie May Carter.

## The Song of the Hair

There are four verses. Verse 1. Ayer's Hair Vigor stops falling hair. Verse 2. Ayer's Hair Vigor makes the hair grow. Verse 3. Ayer's Hair Vigor cures dandruff. Verse 4. Ayer's Hair Vigor makes the scalp healthy, and keeps it so. It is a regular hair-food; this is the real secret of its wonderful success.

### Fruit Growing Items.

Canners in California are offering \$60 to \$70 per ton for Cling peaches and \$30 to \$35 for Fosters Royal Ann cherries have been bringing 8 to 9 cents per pound at San Francisco, and other varieties 5 to 7 cents.

Late reports from Hood River indicate that the total crop of strawberries there this year will amount to about 60,000 crates. The average price obtained is materially above the usual high figures obtained for Hood River berries.

The Echo, of Canyonville, Oregon, reports that E. L. French, of Myrtle Creek, has contracted for 60,000 pounds of prunes in the vicinity of Canyonville, paying 3 1/2 cents for 30s and a drop of one-fourth cent for each additional count of five. This is about the same as 3 cents for the four sizes.

Oregon Burbank potatoes were selling in San Francisco a week ago at \$2.40 to \$2.75 per hundred pounds, while Eastern were selling at from \$1.90 to \$2.10. It is reported that a large contract has already been made for Oregon Burbanks for next fall's delivery at \$1.30 per cental f. o. b. Oregon.

As reported recently by Horticultural Commissioner Carson here will be a full crop of apples, pears, grapes, blackberries, raspberries and Loganberries in Southern Oregon. The peach crop is estimated at 75 per cent and the prune crop at 75 per cent. In the Willamette Valley, at Hood River and in Eastern Oregon generally the apple crop will be much lighter than usual. The prune crop will probably be about an average one for the whole state, being excellent in some places and not a failure anywhere. The cherry crop is better than an average.

A Salem dispatch to the Portland Oregonian says: That the law giving druggists the exclusive right to sell poison will not be enforced is evident from the fact that some of the druggists have found it necessary to purchase their supplies of poison from grocers. They are hardly in a position therefore to prosecute the grocermen for selling poison. Some time ago a druggist secured an option from the Attorney-General in which it was held that the pharmacy law of 1907 prohibits the sale of poisons by and persons except registered pharmacists and this was held to apply to such poisons as are used in fruit sprays and for other agricultural purposes. Agricultural papers pretty generally condemned the law for the reason that the druggists charge a higher price for poisons than grocermen and dealers in agricultural supplies are accustomed to do. It was asserted however that the law would be enforced and that prosecutions would follow if others than druggists continued to sell such commodities as arsenate of soda, acetate of lead and Paris green. The grocermen accepted the challenge and announced their intention to stay in the business. Since that time several druggists have been procuring their poison supplies from grocermen. Possibly they have been doing this for the purpose of securing evidence, but this is not probable, for there has been no need to resort to that device. All the dealers have continued to sell openly and have no fear of prosecution.

**Remarkable Rescue.**  
That the truth is stranger than fiction, has once more been demonstrated in the little town of Fedora, Tenn., the residence of G. V. Pepper. He writes: "I was in bed, entirely disabled with hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased, the bleeding diminished rapidly, and in three weeks I was able to go to work. Guaranteed cure for coughs and colds. 50c. and \$1.00, at Chas. Strang, drug store. Trial bottle free.

### Railroad Land Question.

The land department of the O. & C. H. R. answers applications for the purchase of its lands in stereotyped form of letter. The following is the wording, which is the same in each instance excepting the description of the land:

I have your letter of May 24, 1907, applying to purchase the s w 1/4 of sec 27, twp 38 s, range 3 e.

Replying I wish to say that on account of the loss of all our records of former examinations in the fire here in April, 1906, we are obliged to re-examine all our lands in order to know their character and value.

We are entertaining applications to purchase lands wanted for grazing or agricultural purposes, because that class of land can be examined more quickly and easier than timber lands or lands of other character, which require careful cruising and which can only be cruised at certain seasons of the year, when the lands are accessible, and by persons skilled in that work—and whose services are not always readily obtainable.

I will have the land you described examined as soon practicable and in its regular order for there are a great many other inquiries for land ahead of yours; and if it is found to be grazing or agricultural land and you intend to use it for that purpose, I will then be in a position to make further answer to your inquiry.

It must however be understood that this letter is not to be construed as an acceptance of an application by you, or as giving you a preference to purchase said land ahead of any other person who may also apply for it. As soon as the company is in possession of the necessary facts it will then be in position to take further action.

In the meantime please advise me what you know of the character and value of the land and for what use it is best adapted.

Yours truly,  
Charles W. Eberlein,  
Acting Land Agent.

### Oregon Lumber Gone by 1937.

In regard to the growing demand for Oregon timber lands, W. T. Bursley, ex-register of the United States Land Office at Oregon City, says: "The old settlers thought the timber lands of Oregon were all taken up when was in office, 20 years ago, but they knew nothing of the extent and future value of these lands. At that time millmen would consider only the tall fir adjacent to navigable streams. Now every legal subdivision no matter how far from streams or railroads, is eagerly filed on, and that entryman are not particular about the size or the tree either. They will take up land that is covered with second-growth saplings, as these trees have a market value they did not have 20 years ago."

"The timber lands of the Northwest are really of limited area, considering the widening demand for lumber, and I look for their entire exhaustion within the next 30 years, in the light of the present denuding of the forests at the hands of the loggers. Timber, therefore, is destined to go up in price, as the supply lessens, and unless some substitute is discovered in the meantime, there will be little or no available building material in the year 1937."

"At the same time concrete and steel is coming into favor among builders and the shortage of lumber may not be felt so acutely as the trees are cut down. It will take about 50 years for the young cedars to become available for piles and poles, the second growth may become available for these purposes in the course of time. The mammoth trees will disappear forever, and the land upon which they now stand will be changed into agricultural or grazing lands, and increasing in value as the years go by."

### CHAPARRAL SCRATCHES.

(BY DENISES)  
Farmers are very busy in this vicinity these days, finishing the plowing and cultivating corn and other crops.

C. U. Johnson has gone to Medford for the summer where he will superintend the building of C. H. Pierce's fine residence.

The prospects are very favorable for a good fruit crop here and if careful and systematic care insures good crops they will certainly be unsurpassed.

The annual school meeting of Independence district was held Monday afternoon at the school house. Among other business Mr. G. A. Hoyer was re-elected a member of the school board of this district and John Bonar was re-elected school clerk for the coming year. Mr. Bonar has held this position for a number of years and has always shown himself faithful and honest in the discharge of the duties of his office.

Rev. W. F. Shields of the Medford Presbyterian church preached at the Independence school house last Sunday afternoon. He was accompanied by Mr. Will Gore, who led the singing. Mr. Shields is well known throughout this district and is universally respected. The district is very fortunate in securing him, as they have for the third Sunday afternoon in each month. Rev. Horn of the Christian church has promised to preach the second Sunday of each month and it is hoped that soon these services will be held every Sunday afternoon.

**THERE ARE FEW**  
people who know how to take care of themselves—the majority do not. The liver is the most important organ in the body. Herbine will keep it in condition. V. C. Simpkins, Albia, Texas, writes: "I have used Herbine for Chills and Fever and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown-ups, and I recommend it to you for La Grippe." Chas. Strang, Medford; Central Point Pharmacy.

### A Man of Many Interests.

E. T. Abbott, of Thrall, California, probably has more business connections than any one man in California or Oregon, outside of railroad magnates. His business card reads as follows:

"E. T. Abbott, Thrall, Calif., station agent Southern Pacific Company; agent Wells-Fargo Express Company; agent Western Union Telegraph Company; agent Sunset Telephone Company; Postmaster; landlord Thrall Hotel; manager general store; local agent Palton River Sugar Pine Lumber Company; local agent Klamath River Improvement Company; local agent Pokagan Sugar Pine Lumber Company; Wagoner Sugar Pine Lumber Company; general freight and passenger agent Klamath Lake R. R.; chief engineer Klamath Lake R. R.; Superintendent of Schools; subject to Railroad Commission of California; subject to Railroad Commission of Oregon; subject to Interstate Commerce Commission; local dentist keeping out of jail. Open to proposals for other positions. Anything I ain't, ain't."

### HE FIRED THE STICK.

"I have fired the walking-stick I've carried over 40 years, on account of a sore that resisted every kind of treatment, until I tried Bucklen's Arnica Salve; that has healed the sore and made me a happy man," writes John Garrett, of North Mills, N. C. Guaranteed for Piles, Burns, etc., at Chas. Strang druggist, 25c.

### Many Automobiles Burned.

Boston, June 18.—A fire which for a time threatened Boston's automobile district, consumed between thirty-five and forty automobiles and caused a loss estimated at \$100,000 yesterday. The blaze is believed to have started from spontaneous combustion and was in the garage of the Back Bay Automobile Company, where more than fifty machines were stored. The firemen were handicapped by frequent explosions, but managed to confine the fire to the building in which it started.

### Government Buys Balloons.

Washington, June 18.—Captain D. C. Chandler of the Signal Corps has submitted to the chief signal officer of the army a brief report of his voyage in the army balloon, which he made with two other persons on June 4 from this city to Harrisburg, Pa. The report was favorable and the balloon was accepted by the War Department as heretofore stated. The signal office may take up the matter of purchase of additional balloons in the autumn.

### Pigeon Flies from Florida to Chicago

Chicago, June 18.—A pigeon taken to Florida five months ago by Master in Chancery Wm. F. Cooper has returned to a ledge on the Merchants' building, La Salle and Washington streets, where it was hatched. Last December Mr. Cooper took twelve homing pigeons and one ordinary pigeon to Florida. The homers returned at once, but it was not until yesterday that the other was seen the first time after its return.

### Land Case Verdicts.

Portland, Ore., June 18.—A special to the Oregonian from Moscow, Idaho, says: The jury in the North Idaho land conspiracy cases returned a verdict of guilty on two of the five counts of the indictment against G. H. Kester, William Dwyer and W. F. Kattenbach, and acquitted them on the other three counts.

## SUFFRAGE IS A FAILURE

MISS COUZINS SAYS COUNTRY IS NOT READY FOR HER SEX TO VOTE AT ELECTIONS.

St. Louis, Mo., June 18.—Phoebe W. Cousins, the first woman United States marshal this country ever had, for many years one of the most ardent advocates of equal rights for women and a prominent figure at every women's rights convention in the early days of the movement, declared last night that suffrage for her sex has been a failure. She expressed the belief that the country is not ready for women's votes, and will not be for some time to come.

Miss Cousins declared that the suffragists were on the wrong track. In demanding prohibition for the district of Columbia, Miss Cousins said the women were again wrong. She said that prohibition does not necessarily prohibit, and that it would be absurd to establish such a law for the District of Columbia, where foreign diplomats, who are used to their beer and toddy, congregate.

## ARMS COMPEL OBEDIENCE

ADVISABILITY OF DECLARING A GENERAL STRIKE IS DISCUSSED.

Conference is Held in Secret by the Social Democrats Which is Being Held in Finland.

St. Petersburg, June 18.—The chances of the proclamation of a general strike in answer to the Government's coup d'état are steadily lessening. The question is now under discussion at a secret conference of the central committee of the Social Democrats, which is being held in Finland, but a strong current of opposition is known to prevail, not only upon the part of the Moderate leaders, but also among the adherents of the Radical members. A faction of the Moderates urge that the Government is now so strongly entrenched that a strike would be futile and only weaken the prestige of the party and involve the rank and file and the industrial proletariat generally in a series of reprisals and immense pecuniary loss.

## CARUSO MAY BE BARRED.

Immigration Officers Say That Tenor Can Never Return to This Country.

New York, June 18.—Enrico Caruso, the world's greatest tenor singer, however much he desires to keep his \$200,000 per season contract with Herr Courtied, may never be permitted to set foot on United States soil again. It is asserted that the Federal Government immigration officials will not permit him to land when he seeks to return to this country in October.

ENRICO CARUSO.

The officials say that Caruso comes clearly within the meaning of an undesirable alien as defined in Section 3 of the Act of 1903. This act stipulates that "persons who have been convicted of a felony, or other crime or misdemeanor involving moral turpitude," shall be excluded from the United States.

It is cited that the records of the New York Court in the famous "Monkey House" case shows that Caruso was convicted of an offense strictly within the meaning of "moral turpitude."

The appeal in the case, it is contended was taken with special reference to having this conviction wiped from the records so that no question as to Caruso's character or moral standing could be raised by the immigration officials when he sought to return to this country.
