ADDITIONAL LOCAL.

—W. S. Raypholtz, living out on Griffin creek, is improving the appearance of his several large farm buildings by applying paint thereto.

—Medford now has the most up-to-date abstract system in this county See Jackson County Abstract Co. Palm-Neidermeyer building. 2-tf

—During Rev. Reuter's pastorate in Medford there have been forty accessions to the Methodist Episcopal church, by letter and on probation.

—The Medford Pharmacy has a full line of sewing machine needles and supplies and New Home sewing machines for $20 to $45.

—Born—At Seattle, Wash. June 21, 1907, to Mr. and Mrs. J. M. Potter, a daughter. Mrs. Potter was formerly Miss Pearl Russell, of Ashland.

—Limited number of horses wanted to pasture. Running water, no breachy or diseased animals taken. E. E. Morrison, old Gordon ranch.

—J. H. Fitzgerald has had all his electricians at work in Jacksonville this week putting in lights for special use for that town's big Fourth of July celebration.

—The open season for buck deer commences July 15th, the last legislature having changed the date from August 15th. Does may not be killed before September 1st.

—Dr. Stephenson's office is fitted up with the latest electric lighted instruments the opthalmoscope, opthalmometer and retinoscope for the scientific examination of the eyes, both internally and externally.

—The Medford Book Store has been adding to its store fittings new and very neat back counter and shelving —especially for candy jars. The work was turned out by R. W. Gray—and is artistic, substantial and pretty to look upon.

—Electricity is only expensive to people who are wasteful and careless. To you who are careful, the cost is very little. It is economical because it can be quickly turned off when not in use.

—The county court having rejected all bids for the construction of the county hospital new bids have been advertised for, which will be received up to and including July 2nd. The advertisement appears in another portion of this paper.

—Miss Lottie Kincaid, the milliner has moved her parlors from the old stand across from the postoffice to the quarters where the Hale Piano Co. was formerly located. She invites her many patrons to come and see her in the new quarters, where she will be better prepared than ever to furnish their needs in up-to-date millinery. tf.

—It is whispered that President Barnum, of the Medford-Jacksonville line, is in the East negotiating for the purchase of electric cars for his line, and that should he be successful in his undertaking the line will be electrified and there will be hourly train service between Medford and Jacksonville.

—The Southern Oregon Laundry Co. is doing business in the same old way—with satisfaction to all patrons. The laundry is the best equipped in Southern Oregon, the laundrymen are experienced and every care is taken to do good and prompt work. The wagon will call at your home or place of business, or you can leave orders at the office, in the Singler machine office on West Seventh street.

—Don't forget the baseball game Sunday. The battery for the business men will be French and Martin backed up by such old time stars as Scott Davis, Billy Muller, Moss Barksdale, W. F. Isaacs, and others, who propose to show the youngsters how the game should be played. It will be game worth seeing.

—Mrs. O. Gilbert has moved the Medford Bazaar from opposite the postoffice to the White-Thomas building, on the West side, and is now nicely located in the handsome quarters formerly occupied by the Hale Piano Co., where she will be pleased to see her many old patrons, and many new ones. tf.

—A circular letter is being sent out to the clerk of school districts of the first class—those having 1000 persons of school age—stating that July 8th has been set apart as the day for the selection by districts of the first class, of supplementery text books to those already selected by the state commission. Medford district comes under this head.

—E. Boeck, the wagon-maker, is now prepared to reset or replace rubber ties on your buggy, having recently received a machine especially built for that purpose. If you need new tires for your buggy see him about it. 24-3t

—Geo. Kincaid, of Agate, was in Medford Saturday, on business. Mr. Kincaid reports that he and his neighbors are bothered considerably by grasshoppers, which threaten to eat up their gardens, and small fruits. The experimental garden, planted by the Agate Orchard Co. after attaining a good growth, has been practically wiped out, and the young trees in the orchard stripped of bark and foliage. Mr. Kincaid, however, is the fortunate owner of a band of young turkeys, which are waxing fat on the hoppers.

—We have for sale or exchange for Medford property, 160 acres timber land. 10 acres fenced, 5 bearing fruit trees. Price $75 per acre. W. T. York & Co. 26-4t

FROM COUNTY EXCHANGES

Gold Hill News:

R. T. Caine, the genial manager of the Pacific State Telephone Company, of this place, has accepted a position with the Condor Water & Power Company at Medford and will leave for his new field of labor on Sunday.

A force of workmen were put to work on the dam of the Gold Hill Canal Co. Thursday morning replacing the portion of the dam that was torn away by the spring freshets. The replacing of this portion of the dam will give the Company a larger head of water and will make their service much more satisfactory.

Married in this city Thursday June 20th, Owen Woods and Miss Francis Morelock. The contracting parties are well known young people of this city. The bride is the daughter of Judge J. B. R. Morelock and was raised from childhood in this city. Mr. Woods is employed at Grants Pass, where they will make their future home. Many friends are extending congratulations.

Ashland Tidings:

Capt. J. E. Thornton, of Company B, First Separate Battalion, O. N. G. of this city has received orders for the coming camp of his company, Company D of Roseburg, Company G of Albany, and Separate Companies E and F, which will be held near Roseburg, July 20 to 29. The camp will be in command of Major Geo. O Yoran of Eugene.

Mrs. Jane Watson who years ago lived in Ashland, and is kindly remembered by many old residents of this city, died last night at 9 o'clock, at Orting, Wash., aged 86 years. There are surviving her four daughters and three sons: Mrs Sarah Ross, Orting, Wash.; C. B. Watson, Ashland, Oregon; Mrs. L. E. Orr, Hannibal, Mo.; Mrs. Mary Snelling, North Yakima, Oregon: W. W. Watson, Tacoma, Wash; George M. Watson, Tacoma Wash.; Mrs. Martha Voorhees, North Yakima, Wash. Two sons, Sol and Ben are deceased.

An Albanyite remarked on the street the other day that there wasn't a hobo in the town. That is something to be proud of. Every man has a job that is paying him a good salary, and he could have two of the if he wanted them. It may be that the brawny arm of the law won't stand for Mr. Hobo. Any way you look at it, it is a wholesome condition of affairs, and the Herald is glad to note it.—Albany Herald.

Judge William Galloway of Salem has rendered a decision in the case of the City of Salem against N. Moffit, in which he upholds the road poll tax law. There has always been doubt as to the validity of such a law, for the reason that it is personal tax and not a property tax, and men over 45 and volunteer firemen are exempted. The Constitution provides that taxation shall be equal and it is contended by many that this law violates that provision. In rendering his decision, Judge Galloway did not discuss the questions of law involved. It is altogether probable that the case will be appealed to the Supreme Court, as that was the intention when the case was begun. The outcome will be of wide importance, for road poll taxes have been collected for many years in every part of the state.

Good Coal at Asbestos.

Major D. R. Andrus was in Medford this week, from Asbestos, where he has been superintending the prospecting being conducted by R. E. Doan and the late R. M. McCabe, of Los Angeles. Operations have temporarily ceased owing to the death of Mr. McCabe and Mr. Doan's absence in Los Angeles, where he has gone to secure machinery for further prospecting in the shape of a core drill, with which the 800 acres controlled by him will be throughly tested.

A shaft sixty-five feet in depth has been sunk and a vein of semianthracite 14 feet in width has been developed. The vein is absolutely free from slate and as greater depth is reached the coal becomes more bituminous and Major Andrus is certain that a large body of first class coal for the manufacture of coke will be developed.

The nearest and most practicable railroad point is Gold Hill, and if the indication now shown by this coal prospect develops as is expected an electric railway from Gold Hill to the mines—a distance of about twenty miles—is one of the possibilities of the immediate future. Major Andrus is very confident of the future of the Asbestos coal field, the opening of which will result in the opeing up of the timber, agricultural and mineral resources of that portion of the country.

CASTORIA.
Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

Scott's Emulsion **strengthens enfeebled nursing mothers by increasing their flesh and nerve force.**

It provides baby with the necessary fat and mineral food for healthy growth.

ALL DRUGGISTS; 50c. AND $1.00.

STATE HAPPENINGS

Klamath, Klamath county, is to have a High School.

One strawberry near Independence was 7 inches in circumference, and many others were nearly as large.

An engineer in a paper mill at Lebanon was fixing a steam pipe the other day when it broke scalding him badly. He fell backwards unconscious on a wide belt which carried him out of range of the scalding steam and hot water, probably saving his life.

A Klamath county "lava bed" sheep raiser is enthusiastic over the future prosperity that awaits the sheep man of this country. He declares a good band of sheep are more valuable than a gold mine and urges extensive branching out in this line of livestock, and that the thousands of acres of range in the lava beds which are practically useless for other stock than sheep will keep thousands of head more than are now being ranged thereon.

Salem, Or., June 20.—Judge J. J. Murphy, clerk of the supreme court for over 20 years, dropped dead in the street here last night. Heart disease was the cause. He was the father of Chester G. Murphy, of Portland. He was an Odd Fellow and a Mystic Shriner. He sustained a paralytic stroke three years ago, but apparently fully recovered. His age was 75.

A Benton county man bought 460 head of ewes last fall, paying $4.50 per head for them. They averaged a lamb each, and the ewe lambs are nearly all sold at $4 per head, and the buck lambs are contracted for delivery at $5, the lambs thus bringing the cost of the ewes. The wool clip is worth $1.75 per head, which means that the owner has his original stock left and meantime has had an income of $3,500 in less than a year.

On the day that he vetoed the two-cents-a-mile railroad fare bill Gov. Hauges signed another bill which requires that after July 1 every newspaper, magazine or other periodical published in New York, must print in every copy of every issue, either upon the outer cover or at the head of the editorial page, the full name and the address of the owners or proprietors. If the publication is owned by a corporation the same rules will be enforced. The address of the principle place of business and the names of the principal officers of the corporation must both be printed.

ANCIENT ROME

is now merely a memory of the past. Ballard's Snow Liniment is the family liniment of the twentieth century. A positive cure for Rheumatism, Burns Cuts, Sprains, Neuralgia etc., Mr. C. H. Runyon, Stanberry, Mo. writes: "I have used Snow Liniment for Rheumatism and all pain. I can't say enough in its praise." Chas. Strang, Medford; Central Point Pharmacy.

For Sale.

A small saw mill, nearly new, in good condition. Has been run only part of one season. Will cut 25,000 feet per day. Will be sold at a bargain. Address

Box No. 22, Leland, Oregon.

CITY WATER PROBLEM SOLVED.

Pure Water at Less than Present City Rates

[By Shorty Garnett]

To the Public—I have a well 18 feet deep, nine feet across at the bottom making a basin to hold about 700 gallons of water. In the attic of my house 23 feet from the ground, I have a 400 gallon galvanized tank. I have a double acting Maud S. force pump connected to a one-fourth horse-power electric motor, the motor connected to city wires, the same that light my dwelling. This outfit cost, outside of the well less than $100. By keeping tab on the cost of running I fill my 400 gallon tank in 20 minutes, or I get 1925 gallons of water for 10 cents worth of electricity and get pure water. My range, tank, sink lavatories and bath are connected with the 400 gallon tand, which is much cheaper than city water. Call and see Shorty Garnett, he has it

THE NEW HOME
Sewing Machine

Has many rivals but no peers Those who are using it are unanimous in their praise of its superiority, It has no intricate adjustments to annoy the uninitiated, no fragile parts to break and makes ehe prettiest stitch of any machine in use. Just give it a trial
