No Man objects to a fair price for the right thing

MR. DRESSER:

We try to give our customers such good service that they gladly pay us the price we ask for our clothing. We do not keep in our store, cheap, poor fitting clothing made out of poor cloth.

Argue with yourself; is not \$20.00 enough to pay for a good suit of clothes. All suits sold at this price are not the same quality.

We have built up our business by making a profit but we have tried to make only a fair profit. Holding up a customer would not pay us. We would rather hold up the quality of our clothing for this is what holds up our business.

Pa was reading in a book of finance the other evening, where it said: "Don't put all your eggs in one basket; try an incubator." It takes more than an incubator to hatch out any new schemes for increasing business now-a-days. I tell you the people are getting to be wise old owls. My boss used to go into all kinds of gift enterprises that looked anywhere near right, and give away valuable premiums with every purchase. We don't do that any more excepting a few coupons that the manufacturers put up in their packages. The only scheme we use to make people buy goods of us is good goods, courteous treatment and your money back if you want it without any back talk. The boss says, "We've been giving the people better and better values every year, but we want to give still better values. It is not how much will an article bring, but how low can we sell it." You trade with us, don't you?

Parenthetically we are going to say that these are not our troubles—they're borrowed. However, Mr. A. C. Allen, who owns one of the best high grade cars in this locality, has side tracked this trouble by having all his mountings nickel plated and if you fellows don't believe the appearance has been improved just take a look at this car and then shuffle off some of your own trouble—by having the nickel plating applied.

Why I Am Not a Campbellite

To correct a popular error the pastor will speak on the subject: "Why I am not a Campbellite." This sermon-lecture will be given Sunday night, March 15 at 7:30. Every seeker after truth and all others are cordially invited to this sermon. Do you wish to know the difference between the plea of the Christian church and that of the denomination? This will be clearly told in this address. Many do not understand what the Christian church stands for. By too many religionists and others it is classed simply as a sect among the sectarian bodies that exist today. Come and hear why it is not a sectarian body.

Committee at Work.

At the last regular meeting of the Commercial club a committee consisting of T. W. Oggood, W. I. Vawter and H. G. Wortman, was appointed to secure a right of way for the entrance into the city of the P & E railway. A former committee was discharged for inaction.

While the committee declines to discuss the matter before they submit their report to the club, they intimate that their report will be favorable.

CHRISTIAN SCIENCE
Christian Science services are held every Sunday morning at eleven o'clock in the Commercial Club room. Subject for March 15th, "Substance." All are welcome.

M. E. CHURCH.
"The Power of Elijah's Spirit on Elisha," will be the subject next Sabbath at 11 a. m. At night the subject will be: "When did Almighty God Kiss a Sinner Down in the Mud." Sabbath school at 10 a. m. Epworth League 6:30 p. m. All are invited.

CHRISTIAN CHURCH.

"How to Kill a Church" will be the special theme at the Christian church next Sunday morning. Many are unconsciously doing things, which if persisted in will kill any local organization. Others are unconsciously injuring the church by open warfare. If you are interested in moral and religious work don't fail to hear this subject discussed. Marlon F. Hora, Minister.

STRANGERS SUNDAY HOME

First Baptist church—There were over one hundred people late at the evening service last Sunday. If this service had been a railroad train on which these people were going to their own weddings, many preachers would have been disappointed. The only way to be on time at the evening service is to begin the day right. Come and set your watch by Shortie's successful Sunday school at ten in the morning. We invite you to worship with us. Baptism again next Sunday evening.

ST. MARK'S CHURCH.

Sunday morning the subject of the sermon will be: "The First Temptation of Christ." Special music will be sung by the double quartet under the direction of Mr. Charles D. Haggling. The music at St. Mark's is beautiful and inspiring and the sermons short and practical. A hearty welcome awaits you at all the services. Sunday evening the subject of the address will be Anna and Caiaphas, the second in the series on "Men Who crucify Christ," which is exciting a good deal of interest. Wednesday evening of next week the information class will meet at the church. All who are desirous of investigating the claims of the Episcopal church and of learning what the church stands for are cordially invited to this class. Friday evening addresses on Moral Heroes will be given in the church. March 13 Savonola, and March 20 John Calvin will be the subject. The address on Savonola will be illustrated with stereopticon views.

Big Preacher Coming.

On Sunday morning March 22nd Dr. C. A. Moody will speak at the Baptist church. He is the district secretary for the American Baptist Home Mission Society, and will speak on Home Missions. The annual offering for the work will be taken.

WHY is it that ten years ago practically all the tea and coffee used in the U. S. was sold by grocery stores and in 1907 over 50 per cent was sold by EXCLUSIVE TEA AND COFFEE STORES? Because anyone making a Specialty of any line, studies conditions, requirements and tastes of his locality along that line and is much better able to give the public what they want.
