ADDITIONAL LOCAL.

An error was made, not intentionally, but because of wrong information, in the article last week concerning the sale of the Hull orchard tract. The article stated that Dillon Hill had refused $1000 an acre for his orchard adjoining the one sold. Such an offer was not made to Mr. Hill, but he was asked to list the property for sale at that price and declined. Mr. Hill's orchard is just coming into bearing, part of a crop having been harvested last year, and he expects more this season.

"One Touch of Nature Makes the Whole World Kin."

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these is a warm hearted wish of the writer to be of use to someone else. This remedy is for sale by Chas. Strang.

He Got What He Needed.

"Nine years ago it looked as if my time had come," says Mr. C. Farthing, of Mill Creek, Ind. Ter., "I was so run down that life hung on a very slender thread. It was then my druggist recommended Electric Bitters. I bought a bottle and I got what I needed—strength. I had one foot in the grave, but Electric Bitters put it on the turf again, and I've been well ever since." Sold under guarantee at Chas. Strang's drug store. 50c.

With the present vogue in veils, it is hard to distinguish a woman who has just come from an automobile ride from one who has just lost her husband.

The Omaha young man who tried to frighten $5,000 from a banker by flourishing a bottle of water made a huge mistake. Financiers do not make their money by using water that way

The old mines of the transvaal produced in 1907 $136,750,000 worth of gold with the exception of $5,000,000, was obtained along the reef upon which is situated the city of Johannesburg. This information, which comes to the state department at Washington from the United States consulate at Victoria, South Africa, adds that prospecting and new mining enterprises outside of Johannesburg district have yielded practically no result.

Rheumatism.

More than nine out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp weather, or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Liniment is all that is needed, and it is certain to give quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. LAND HORSETHIEF BAND.

Four in Walla Walla, One in Harney County Jail.

Walla Walla, Wash., March

John Tycke and sons, John and Richard, residents of Wallula, were landed in the Walla Walla County Jail Sunday by Sheriff Haviland and deputies, charged with being members of an alleged band of horsethieves that has been doing business in Walla Walla, Umatilla and Benton counties. This band of thieves is supposed to be composed of five members and all are in custody at the present time. Four are now in the Walla Walla County Jail and one is the Harney Ore., County Jail.

Paul Krueger, alias Paul France, alias Edward Hugler, was arrested in Burns some days ago. J. A. McIntyre is under arrest at Burns, and a deputy sheriff will bring him to Walla Walla. It is estimated that these five men have within the past several months made away with nearly 300 head of horses, valued at not less than $25,000.

OREGON HORSES WIN RIBBONS.

Vancouver's Horse Show Opens With Nearly 850 Entries.

Vancouver, B. C.—Vancouver's first horse show opened last week with a house overflowing with a fashionable audience. So great was the rush that all the reserved seats and boxes had been sold early in the week and 2,000 people were denied admittance. There were over 800 entries, many fine horses from Portland, Seattle and other cities being shown. James Murray, one of the judges and a veteran horseman with a continental reputation, declared that the show was one of the finest he had ever seen. The American horses, especially, he declared, could carry off the blue ribbons at New York and Kansas City. Oregon was honored with many blue ribbons on account of her superior horses.

FROM COUNTY EXCHANGES

Ashland Tidings:

An electric power transmission line has been extended from the south city limits about four miles south to the Ashland Peak group of gold quartz mines. The development of this excellent showing group of claims has been steadily progressing for the last five months. It is understood the management intends to install an air compressor and air drills, using electric power to operate the compressor. An aerial wire-rope tramway will be used to convey the ore from the mouth of the tunnel, which is on the Ashland Creek side, across the ridge to the quartz mill, to be installed, thereby the city water will not be contaminated in any manner. On the property is an 8 ft. vein of over average grade of gold quartz which is largely opened up by tunnel and shaft.

Sheriff Silas Obenchain and S. L. Walker, of Klamath county, arrived in Ashland last evening in pursuit of a man named Ollie Hamilton, who fled from Silver Lake when the Wallende murder was discovered recently and whom circumstances point to as the murderer. Hamilton stole a horse at Silver Lake and rode across to Klamath via the big marsh. He arrived at Klamath Falls Sunday it is said, and learning that he was greatly sought, with $4,500 reward placed upon his head, abandoned his badly jaded horse, and started out afoot, taking it was thought the Ashland road. Hamilton is described as a short heavy set man of 30 years of age with full face and roman nose. It is said that Hamilton left his horse at the outskirts of Klamath Falls on his arrival there, slipped into town by a secluded route and took a room at a lodging house. He secured a late paper which gave particulars of the hunt made for him, and after making a complete change of clothes, hiked out.

William Messenger, a prominent young farmer of Murphy, aged 32 years, son of Mr. and Mrs. Simon Messenger, one of the most prominent families in Josephine county, met death under strange circumstances Wednesday evening last. From what can be learned of the circumstances, it seems that he and his wife had a slight quarrel over him driving on some flower beds in the yard. After this incident, Messenger put his team in the barn, did his chores, and sat down by the fire waiting for his evening meal to be prepared. His wife noticed that he was still out of humor, but did not suspect that anything serious would happen. Without attracting the attention of the family, Messenger took a rifle from the wall, stepped outside and what followed remained somewhat obscure. But upon hearing the report of a gun his wife ran to the scene and found her husband dying from the effects of a gunshot wound. Relatives of the dead man believe that some enemy took foul advantage of him, but the Coroner's inquest revealed a suicide. He leaves a wife and two children.

Central Point Herald:

The Central Point first base ball nine has been re-organized, with A. Nash as manager and "Toots" Ross captain of the team. The boys are anxious to get on with some of the crack teams of the county, but as yet they have not been able to induce any of the ball teams in the county to cross bats with them. The boys are feeling like two-year-olds and think they can down any team in Jackson county. Mr. Nash, manager of the team, is an old time ball player and has been coaching the team for the past month, until now the "little fellows" think they are "IT."

T. M. Stanley, who recently moved here from Saratoga, Wyoming, brought with him a small herd of full blood Red Polled cattle, which are said by competent judges to be the best lot of cattle in this valley. The Red Polled is a dual-purpose breed of cattle, being excellent both for general dairy purposes and for beef. Mr. Stanley has 7 head of these cattle and will make a specialty of breeding a fine strain of this excellent stock. Mr. Stanley also brought with him a fine full blood registered Black Percheron stallion, coming 4-year old, that is said to be the finest appearing horse in the country. He weighs 1850 pounds and is pretty as a picture. Mr. Stanley has moved all his stock and goods to the Aikin farm on Rogue river, which he recently purchased and is getting settled down to business.

Gold Hill News:

A people's convention was held in the city hall last Friday evening and the following city ticket was nominated: For councilmen, A. C. Stanley, C. F. Young, R. L. Darling, W. Dungey and S. Hodge. For marshal, L. A. Hammersly. For city treasurer, W. H. Harvey, and for recorder, Lynn Purdin.

John Martin of Foots creek was in town Monday. Mr. Martin has just sold his farm of 160 acres to J. O. Poe, recently from Missouri. The price paid was $2300. This is a very fine place and was purchased at a very low figure. Our local real estate agent, Sam McClendon consumated the deal.
