Eagle Point Eagles.

BY A. C. HOWLETT

The carpenters are rousing the work on the new Sunny Side hotel.

Thomas Coy is remodeling the house that Wm. Kaughton bought of J. J. Fryer.

Dr. Holt and Wm. Brown are preparing to build as soon as they can get the material out.

A. C. Howlett will preach at the Agate school house next Sunday at 3 o'clock p. m.

Clara Warmley has been building a large barn for Gus Nichols on his place on Rogue river.

The Eagle Point Ditch Co. met last week and planned their work for another year and last Monday morning started a gang of men to work cleaning out the old ditch ready for irrigating.

Dr. Keddy has a gang of men with teams hauling the wood to the P. & E. depot, that was out of the Wm. Ulrich place, and Mr. A. H. Haulton will bring out his steam saw, cut it into stove wood and have it shipped to Medford.

Daniel Lawton, recently from San Jose, Calif., was here looking for land last week, also a Mr. Warren was looking at several of the place around here with the view of purchasing a home among us. They were both well pleased with our section of the country especially our delightful climate.

Mrs. Dacie Wilkenson, daughter of Elder J. P. Moomaw, arrived in Eagle Point, with her children last Sunday. They left North Dakota on the 7th last and report the snow two feet deep and so cold that they could not get clothes enough on to keep them warm. Mrs. W. is so delighted with our country that she cannot find language to express her admiration of the country. To drop from a frozen region into a climate where the thermometer registers 70 to 80 in the shade is such a contrast that she seems to be perfectly bewildered. Her husband expects to be here in the course of ten or fifteen days with a car load of fine stock.

There were two strangers here one day last week looking for land, but I did not learn their names. They asked all sorts of questions about the climate, soil, water, with regard to the yearly supply of water, our schools and especially about the saloons, and when they were told that we had no saloons, they seemed to be surprised as they had heard that Eagle Point went wet at the election four years ago, but when they were told that that was caused by importing votes from Big Butte

For the Children

To succeed these days you must have plenty of grit, courage, strength. How is it with the children? Are they thin, pale, delicate? Do not forget Ayer's Sarsaparilla. You know it makes the blood pure and rich, and builds up the general health in every way.

Object to Strong Medicines. Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need for internal treatment in any case of muscular or chronic rheumatism, and more than nine out of every case of the disease are of one or the other of these varieties. When there is no fever and little (if any) swelling, you may know that it is only necessary to apply Chamberlain's Lotion freely to get quick relief. Try it. For sale by Chas. Strang.

Batte Falls Items

B. H. Harris and Mr. Miller are in the town looking over the situation

and other places, and that during the last four years there had been five petitions circulated to get license to run a saloon here and every time had been knocked out, they began to think that perhaps they had been misinformed. Speaking of voting there is going to be the largest number of votes cast this year than has been cast for a number of years, and the leading light seems to be on the District attorneyship.

Herewith send you the report of the work of the W. C. T. U. in this place. They are doing a noble work. Eagle Point W. C. T. U. met at the church Saturday and after the usual exercises the president requested Mrs. Luis Moomaw to take charge of the meeting and organize the Loyal Temperance Legion which she proceeded to do. The young folk elected her for their general secretary. The officers for the L. T. L. are, President, Miss Blanche Cox, Secretary, Miss Margaret Florey, Treasurer, Felina Lewis Librarian, Dottie Harshbarger. The W. C. T. U. hopes to make this organization a source of great pleasure and profit to these young people, and extend a cordial invitation to all children who are old enough to attend Sunday school to come and join with them, both in the good times they expect to have and the useful knowledge they will gain. The meetings of the L. T. L. will be held each Saturday afternoon immediately following those of the W. C. T. U.

"One Touch of Nature Makes the Whole World Kin."

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these is a warm hearted wish of the writer to be of use to someone else. This remedy is for sale by Chas. Strang.

Kanes Creek Items.

The dance Saturday night at Mr. Warden's was a pleasant affair and much credit is due Mr. and Mrs. Warden.

Mr. and Mrs. Stallworth, of Blackwell district, were guests of Mr. and Mrs. Taylor Sunday.

Dave Mardon is spending this week in Gold Hill, the guest of relatives and friends.

Mrs. McClendon of Gold Hill, and her mother spent an afternoon recently the guest of Mrs. Reno.

Mrs. Fred Reese, who has been sick for some time has almost fully recovered her usual good health.

Mrs. Swinden who sold her property near town recently has become a resident of Sams Valley.

Mrs. John Brown left for Medford last week where she will be the guest of her daughter, Mrs. Chas. Stanley for some time.

M. and Mrs. Cook, of Kanes creek, attended the dance on Gold Hill last Saturday night.

Miss Householder is at present staying with Mrs. Staub, who is quite feeble we are sorry to say.

Death Was on His Heels.

Jesse P. Morris, of Skippers, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for coughs and lung disease in all the world." Sold under guarantee at Chas. Strang's drug store. 50c and \$1.

Phoenix Items.

By M. U. C.

Gardners and those who have sown alfalfa seed this spring are wishing for rain.

New home seekers have at last been able to break into the ranks of Stringtown—and several of those fine garden plots have changed hands.

County Judge Dunn and W. R. Coleman, county clerk, were among the speakers at Phoenix this week.

B. F. Mulkey, who is seeking the nomination for district attorney, gave the people of Phoenix a talk Wednesday evening.

E. O. Reese has returned from a business trip from Redding, Calif., and through the mines and milling camps in that part of the state. He says business is dull and money scarce there.

Phoenix is at present without a mail carrier, the carrier having sent in his resignation.

Hay in this part of the valley is at a higher price than it has been for several years. Thirteen dollars per ton, and none to be had at that.

Phoenix has taken a building boom. There will be nine residence buildings put up immediately.

preparatory to resuming operation of the mill.

Butte Falls has the promise of soon being very lively, so many inquiries are being made for lots and timber.

Wm. Lamb has purchased Ker. J. Marley's house and lot and has moved in. Mr. Lamb will soon build a fine addition to his present holdings.

Mrs. C. O. Baker is building a very neat and convenient house with modern finish.

Messrs Shaffer, Hildreth and Sam Hudson left for Medford Thursday Frank Netherland and A. E. Hildreth are in the valley.

Mr. Briggs, our postmaster, is here and making some very attractive and convenient improvements in the postoffice.

J. P. Hughes is erecting a fine store building and Met Houghton has about finished his new home and has a very nice and comfortable residence.

J. I. Patten has purchased a home in Eagle Point and is having it thoroughly improved.

Ben Fredenburg has moved to Butte Falls and has his children in school. The new school house, which is to be a very attractive county school building, will soon be built.

Charles Clavette & Wheeler have gone to the valley for store supplies.

Messrs Enyart and Penta have purchased several business lots in the Falls and expect to improve the same.

The Iowa Lumber Camp is working all men and has a surveying crew in the field looking after a supply of water from the creek for mine operations, Ed Walker is in charge.

The railroad is a certainty, as the thousands of dollars already invested and more to be, absolutely necessitates transportation facilities. If the mill already erected and arranged for, are to be profitable a railroad must come in or else somebody will find the bankrupt court handling their affairs.

The Butte Falls Sugar Pine Lumber Co., is rapidly settling with its workmen and shaping matters for a successful prosecution of its business.

Rev. Mr. Owen will conduct religious services now that Rev. Marley has moved to the valley.

Big Butte Justice court is now in session, Judge Penta looking after the judicial matters and there is strong probability that some interesting developments will be made.

W. H. Chambers and wife are looking after the hotel and feeding the public, while Mrs. Durey still continues her boarding house.

M. Prower is improving his town lot.

The postoffice at Big Butte has been discontinued and all mail now goes to Brownsboro.

The roads are in a very bad condition. If the supervisor should go out with his men, teams and shovels they would be made travelable for any kind of vehicles. What is the reason this is not done? We insist on good roads and they can be made good by a little time and reasonable work. Go over the roads, level them down, fill, repair the culverts, bridges and orduroy and let us have something to show for our high taxes.

Quite a number of new dwellings have been built and with lumber to be secured many more will be.

Medfordites cannot find a more pleasant summer resort than Butte Falls. We have the purest and sweetest of spring water and it is a great drawback that Medford cannot secure its supply from this section.

We have no sickness hereabouts, school is prospering and all are happy. Have good water, plenty to eat and the finest nights to sleep.
