500 PERISH IN STORM IN SOUTHERN STATES

DEATH ROLL GROWS STEADILY—PARTIAL LAW PREVAILS IN MANY PLACES.

Storm Leaves Death and Destruction in Its Wake—Many Communities Are Stricken.

New Orleans, La., April 27.—Probably half a thousand lives lost, a hundred or more persons fatally injured and many times this number painfully hurt, together with a property loss running up in the millions is the record so far of a tornado that originated in the West two days ago, sweeping Texas, Arkansas, Louisiana, Mississippi, Tennessee and Georgia. It has left a path of death, desolation and want in its wake, seriously interrupted all communication between cities in the South and brought about chaotic conditions in many smaller towns.

Mississippi, already a sufferer from more than one tornado this year, has again borne the brunt of the winds and those who lost their lives in that State place the death list near 300, with a thousand or more injured.

In Texas, Louisiana, Alabama and Georgia the death lists are also large, with serious loss of life in Arkansas and Tennessee. Authentic information is in many instances lacking, owing to the crippled facilities for communication.

In half a dozen communities martial law has been declared, so terrible was the destruction, and so helpless were the stricken people left by the disaster. Serious disorders have occurred in some places, including Amite, La. Looting and other crimes have been reported, but these instances have on the whole been rare.

Several places have issued appeals for aid, and in Mississippi Governor Noel has been asked to provide tents for the homeless.

The tornadoes lasted in all a period of nearly two days. It was Thursday night that damage by tornadoes traveled eastward was first reported from points in Texas. This was followed during the next twenty-four hours by similar reports from Arkansas, Louisiana, Mississippi and Tennessee. Friday night Alabama came within the flight of the storm and Saturday reports of serious damage by the winds in Georgia have been recorded.

Utter misery of every sort was found at Purvis, Miss., by relief parties. Despite the fact that the 2,500 inhabitants which this little town boasted, there were only 900 today, still there were not sufficient accommodations in the wrecked village for even the wounded. Negro nannies and little black children lay wounded and helpless under the broiling Southern sun. Some had broken bones, some were partly crushed and others had been wounded by sticks and splinters. These unfortunates were lucky if they had a blanket or a wrecked couch upon which to rest. There was not enough shelter in the town to protect them from the sun.

The conditions that prevail at Purvis are the same which many of the towns in the storm-swept region find themselves in today. While the loss of life was great among the negroes, still many white persons lost their lives in the great storm.

E. M. Hubbard, of Gault, Calif. arrived here Wednesday of last week and the next day took him on to Butte to meet his step-brother, Mr. Scott Campbell, whom he had not seen for several years. They at one time had not heard of each other for forty years, and while Mr. Hubbard was in the Hawaiian Islands he happened to see the name of Scott Campbell as one of the jurors in a trial, and by that means learned their acquaintance. He returned from Butte Falls last Monday and started for his home in California the same day. He is very favorably impressed with our country and predicts a bright future for us. He thinks that we have a world of fine timber and after that is gone we have good soil and climate to fall back on.

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by Chas. Strang.
