TENDER FEET

LADIES usually have tender feet. They wish a stylish shoe and usually buy one, very often sacrificing comfort on the alter of appearance, for a comfortable shoe is seldom attractive. Realising this, John Kelly set to work to produce a shoe combining the highest style and greatest comfort. After years of effort he has succeeded as never shoe maker did before.

While we make less money on them than some others we have selected the "Honest John Kelleys" shoe as our leader in Ladies Footwear. In Oxfords they are great bargains at

$3.50 and $4
