

TENDER FEET

LADIES usually have tender feet. They wish a stylish shoe and usually buy one, very often sacrificing comfort on the altar of appearance, for a comfortable shoe is seldom attractive. Realizing this, John Kelly set to work to produce a shoe combining the highest style and greatest comfort. After years of effort he has succeeded as never shoe maker did before.

While we make less money on them than some others we have selected the "Honest John Kelleys" shoe as our leader in Ladies Footwear. In Oxforda they are great bargains at

\$3.50 and \$4

Wanted.

To trade a house and lot in Grants Pass for a team, harness and wagon. Aug. D. Slinger, or address Box 90, Medford, Oregon.

City Council Meeting.

(From Wednesday's Daily.)

The members of Medford city council met in regular session on Tuesday evening. There were present Mayor Reddy, Councilmen Trowbridge, Elfert, Wortman and Merrick. Hafer and Olwell, absent. Olwell appeared a few minutes after roll call.

Because of the fact that the election judges and clerks were still at work in the council chambers the meeting was held in the recorder's office.

Minutes of previous meeting read and approved.

A report of Chief of Police Sherer was read. This report shows 16 arrests made and \$52.50 collected in fines. In this report the chief suggested that he be provided at once with better equipment for the protection of the police and to assist them in handling vicious prisoners. In this report the chief stated that his men were provided with practically nothing with which to handle such prisoners. Recorder Collins was instructed to purchase such needed equipment.

Recorder Collins was instructed to order from Crane & Co. 180 feet of six-inch water pipe. This pipe to be used in connecting the hydrants with the water mains.

The plat of Anderson & Toft's Bungalow addition was accepted and placed on file. This addition is on West Seventh street and has recently been laid out and platted and the lots nearly all sold.

A representative of the Sunset Telephone company offered and asked that an extension of 30 days be given the company in which to move its poles from Seventh street Request granted.

The matter of installing a red signal light was referred to the light committee. It is proposed to install a red light at some elevated place, presumably on the city hall bell tower, for the purpose of signalling to the policemen that their services are required at some particular part of the city, the signal to be operated from the central telephone office.

Councilmen Trowbridge and Wortman were appointed a committee to purchase a team of horses for the chemical engine.

A proposition was presented by Arthur A. Davis governing electric wiring in the city. This was referred to Light Superintendent Farrar and Engineer Osgood.

John M. Root appeared before the council as a committee from the Commercial club and presented the following:

"To the Honorable Mayor and Council, City of Medford:

"Gentlemen: The committee appointed by the Commercial club respectfully requests the following:

"That telephone poles be placed in alleys.

"Not to allow trees to be disfigured by cutting to allow wires to be run through the branches.

"The general repairing and placing of sidewalks on proper grade.

"A committee to be appointed by the mayor to investigate cost and maintenance of a garbage incinerator.

"That signs and other obstructions be removed and kept off sidewalks.

"The painting of all telegraph and telephone poles and electric light poles at least 10 feet up from the ground and all posters to be kept off them.

"The proper cleaning of streets and alleys.

"That iron waste paper boxes be placed at proper corners for refuse.

"To prohibit spitting on sidewalks.

"To delay the removal without further delay of all condemned buildings now within fire limits or allow owners to make proper repairs of same.

"Compel owners of livestock to keep the same off public highways.

"Respectfully submitted,

J. M. ROOT,
OSENBURGGUE,
J. C. BROWN,
Committee."

A committee of three—Wortman, Olwell and Trowbridge—was appointed a committee to meet with the committee from the Commercial club to devise means to carry out as far as practicable and possible the improvements suggested above.

Council adjourned to meet Wednesday evening at 7:30 o'clock.

(From Thursday's Daily.)

The city council last evening granted saloon licenses to O. M. Selsby and Young & Hall for a period of six months. The council only did so after they had been advised by Attorney E. E. Kelly that the granting of the licenses would in no way affect the result on the recent decision at the polls that Jackson county be "dry."

He stated to the council that the money paid for licenses could be refunded and that in no way would the city be affected.

The city council met Wednesday night in adjourned session. There were present Mayor Reddy, Councilmen Merrick, Olwell, Trowbridge, Wortman and Elfert; Hafer absent.

A great number of bills were read and upon motion by Wortman, seconded by Olwell, were allowed.

O. M. Selsby presented a petition asking for liquor license for six months. Elfert moved that the petition be granted, seconded by Trowbridge. When the vote was called Councilman Merrick asked to be informed as to what position the granting of the license would place the city in with the county already voted "dry."

Attorney Withington was out of the city, but his partner,

IT PAYS

TO BUY YOUR GROCERIES FROM

MILLER & EWBANK

Why? Because they sell for less money

25 lbs. Rolled Oats	\$1 00

1 Quart Malt Vinegar	20
12 Packages Currants	1 20
1 Quart Grape Juice	48
1 Gallon Pure Olive Oil	3 00

WE PAY YOU CASH FOR ALL PRODUCE

Come in and talk with us about your groceries and get our prices

Mr. Kelly, was called and gave as his opinion that the council should grant the license and refund to the petitioner whatever amount of the license was unearned at such time as the prohibition law became operative. J. C. Hall, of the firm of Young & Hall, was present and stated that the saloons had only 30 days within which to dispose of their stocks of goods, and he thought the matter of issuing licenses ought not to be delayed. The motion to grant the license being again called for, Merrick, Olwell, Trowbridge and Elfert voted aye, Wortman nay.

The petition of Young & Hall for license to sell liquors for six months was presented, and upon motion being put Merrick, Olwell, Trowbridge and Elfert voted aye, Wortman nay.

Several petitions for street grading and new sidewalks were presented and were referred to the city engineer.

Petition for opening street through block 2, Galloway's addition, was referred to street committee. This is a proposed extension of K street south from H. M. Coss' residence.

Plat of Oak Park addition was accepted. This addition is owned by Edgar Hafer and is situated along the west side of the railroad track and north of a portion of the original townsite of Medford.

Upon motion by Wortman, seconded by Trowbridge, the city recorder was instructed to notify the Rogue River Electric company that, according to the recent school census the city now has a population of more than 5000, and that, in compliance with that company's contract with the city, they will be required to install two additional arc lights and a proportionate number of 32-candle power incandescent lights, these to be placed at points designated by the light committee.

Council adjourned to Tuesday evening, June 9.

Police Signal Light

G. A. Patterson, local manager of the Pacific Telephone company (formerly the Sunset company) and the committee from the city council, composed of Councilmen Elfert, Merrick and Wortman, met Wednesday and decided to put in the red light police signal.

This light is to be put on a telephone pole at the intersection of Central avenue with Seventh street. This is to be operated by the telephone company free of cost, but the expense incident to installing it is to be borne by the city.

The object of this light is that it may operate as a police signal after this fashion: Suppose out in some of the outlying sections of the city, or close in, if the case be such, some one living there discover prowlers about their own home, or in that locality, or these same prowlers should endeavor to enter a dwelling or should assault some of the townspeople, the person making this discovery will step to the telephone and inform the central telephone office that the services of a policeman are

needed. Immediately the operator will turn on this red light and the policeman on that beat will see the signal light burning and will step to the nearest telephone and ask in what locality of the city his services are required, and upon learning this he will at once hasten to that part of the city.

It can easily be seen wherein a great service can in this way be rendered to the residents of this city.

Death of George T. Collins.

George T. Collins, a native of Lewiston, Ky., died at the home of Mr. and Mrs. S. W. Hall on West Seventh street, in Medford, Monday morning, June 1, 1908, of pneumonia.

Deceased had been an employe of a man by the name of Nelson, near the Sterling mine. Last Sunday, a week ago, Mr. Hall found the man sick in his cabin and persuaded him to come to his home in Medford, where he could receive medical attention. He came, and a physician was called and attended him until his death. He had no known relatives nearer than Kentucky, and the care and nursing given him by Mr. and Mrs. Hall was indeed an act of charity which is commendable.

Neither of them not having known the deceased until Mr. Hall found him in the condition above named. The deceased was without means and soon after his death a subscription paper was circulated asking for money with which to defray burial expenses. Funeral services will be held at the residence of Mr. Hall on Wednesday at 10 o'clock.

He was a single man and 38 years of age.

Mr. Osgood has a constantly increasing amount of work to do for the city and he felt that in justice to himself and his office force that he obtain suitable quarters. This he has done.

Medford on Tobbogan

The Medford baseball team journeyed afar on Sunday and were taken in by the enemy. Eagle Point won a closely contested game by a score of 4 to 3. The game was replete with good plays and it was not due to poor playing on the part of the Medford boys that the game was lost, but rather to the splendid article of ball that was served up by the Eagles.

The game was superior in every way to the game that was played in Medford the week previous. There were not as many errors and the crowd of Eagle Pointers that gathered to witness the game were satisfied. Eleven of the Medford boys visited Eagle Point.

T. C. White played a splendid game, knocking out a three-base hit that was a hummer, according to those who saw the game. The second baseman of the Eagle Point team touched up the leather for a home run.

Next Sunday on the home grounds the local boys meet a team from Gold Hill. The miners say that they have a pennant-winning team and will be here with the goods. The local boys will be in good shape and it should be a good game.
