EAGLE POINT EAGLETS.

Business is beginning to brighten up again and last Monday night the Sunnyside was full to overflowing.

C. F. Cook, our nurseryman, called at noon last Monday. He reports having considerable success in his line of business.

I omitted to report in my last letter that Mrs. Lottie Van Scoy, who has been spending some time in Ashland, has returned to Eagle Point again.

Mr. Radcliff, the man who bought a 40-acre tract of land joining S. B. Holmes' land, has moved onto the tract and is going to stay, I understand.

During S. H. Harnish's absence to the Cinnabar Springs, Mrs. Harnish has had James Ringer to repair the house and get it ready for his return.

Al Phillips has abandoned the idea of going to Eastern Oregon, at present, at least, and has moved into the William Beale house, just outside of the town limits.

Charley Thomas and family have gone to the mountains for berries and have employed Mrs. George W. Daley, Sr., to attend to the culinary department of their hotel while gone.

A. B. Hamilton came out last Sunday on his wheel to make arrangements to run a steam wood saw that Ernest Peachey bought from Claud Warmley, and to look after other business.

Harry Spencer and Mr. Reed came out last Saturday night, reaching the Sunnyside about midnight, from the unsurveyed, and Sunday went on their way to Medford, where they are engaged to work in the fruit business.

The Crater Lake Lumber & Box company commenced to load the lumber on the cars that is lying alongside the track of the P. & E., but they find it hard to get hands to do the work, as everybody is busy out here.

Last Monday, Rev. Mr. Golden, pastor of the M. E. C. S. of Medford, came out, accompanied by Mr. Hildreth of Ashland, on the P. & E. car and went to Butte Falls the same day, A. C. Howlett taking them in his hack.

Sam Bruce, who is in the employ of the Southern Pacific as a timber cruiser, came here last Friday and procured a saddle horse and went to his claim on the unsurveyed, returning on Sunday evening, taking the train for Medford Monday morning.

George W. Daley and family and Bert Peachey and sister, Miss Bertha Peachey, arrived from their outing on the headwaters of the Umpqua river, last Saturday evening, but I have not learned the result of their trip only that they had a very pleasant time.

Warmley & Son, assisted by J. W. Smith, are putting up a new barn for Ex-Sheriff John Rader, 63 feet square. He is having it arranged so as to feed his stock inside of the barn, instead of by the old way, hauling the hay over and throwing it on the ground or on the snap-rail brush.

A. C. Howlett will preach at Trail next Sunday at 11 o'clock a. m., and at Central schoolhouse at 3 o'clock p. m. He would be glad to have as many as can that are interested in keeping up religious services at these places attend, as he has a matter to present of especial interest to the two neighborhoods.

Burt Owen and his sister of Roseburg, who has been visiting her relatives in the unsurveyed country, dropped in on us at noon Tuesday, Mrs. Vaughn being on her way to her home in Roseburg. They report that the health of Rev. John Fletcher is greatly improved and that he anticipates coming to the valley soon.

Dr. Holt moved into his new house the last of the week, commencing on Thursday, and on Saturday William Brown moved into his new house, and it is understood that John Ashpole is going to move into the house vacated by Mr. Brown. People are coming here every few days inquiring for houses to rent, but none to be had.

B. F. Harris and his sister-in-law,

Mrs. Miller and son and daughter, Miss Frances, called for dinner last Sunday, on their way to Butte Falls. Mr. Harris' many friends here are pleased to see that he is regaining his normal condition so fast. They came as far as Eagle Point in his automobile and from here went in a carriage. He seems to think that he will be able to go out on a hunting expedition in the course of the next two weeks.

Last Saturday Mrs. E. Meule, her daughter, Miss Blanch, and Mrs. T. J. Williams were pleasant callers at the Sunnyside, where they took dinner, after which they took the Eagle Point and Trail stage for Trail, where they were met by friends, who took them to the hatchery, where they expect to spend some time fishing and rustling. While they were here they visited our celebrated sulphur springs and were very favorably impressed with the beverage.

I. R. Robinson has shot a five-point buck and W. R. Coleman a two-pointer.

All yours truly has succeeded in landing on are huckleberries and a cracking good time.

We have had fronts two mornings and one day it thundered and the next day it didn't rain.

W. R. Coleman, J. R. Robinson and Dr. Hargrave took an eight-mile hunt a couple of days ago. The doctor got himself lost in the tall timber and his companions spent the day finding him and bringing him into camp.

We are having all kinds of a good time in the Dead Indian country. We are stopping at the Furry boys' ranch on Lost Prairie, and the boys are very obliging, supplying us with fresh milk from their dairy herd and with pasture knee high for our horses.

A Faithful Friend.

"I have used Chamberlain's Colic, Cholera and Diarrhoea remedy since it was first introduced to the public in 1872, and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for eighteen years, and never start out on a trip with this, my faithful friend," says H. S. Nichols, of Oakland, Ind. Ter. When a man has used a remedy for thirty-five years he knows its value and is competent to speak of it. For sale by Charles Strong.

PORTLAND Y. M. C. A. BOYS.

A dispatch from Klamath Falls says: The Klamath chamber of commerce had for its guests over Sunday ten rugged-looking young men, wearing khaki clothing and high boots, together with boards of several days' growth. The apparent backwoodsmen were the representatives of the Portland Y. M. C. A. who are on a "hike" through the Klamath country. They visited Crater Lake and walked to the Klamath Agency boat landing on the upper lake, where they were met by the steamer Winema and brought to this city to be entertained over night by the commercial body.

They will return to Odessa, an upper lake resort, by boat, and from there will hike across the hills to Ashland. They no longer consider the ordinary mountains of this region anything more than mere hills and frequently before breakfast walk miles in order to get up an appetite. The hikers are all looking well and express themselves as highly pleased with their trip.

TWINS OF 16 TO WED.

NORTH YAKIMA, Wash., Aug. 14. M. Poller of this city called at the courthouse yesterday and gave his consent to the marriage of his twin daughters, who are but 16 years of age.

All things considered, this double marriage will be about the youngest marriage in the county. The husbands-to-be of these youthful twins are also young. They each had to have the consent of their fathers before they could obtain the necessary marriage licenses.

Miss Celestine Poirier will become the wife of Horace J. Samve, aged 19, and Miss Ernestine will wed Alexander Bruce, aged 18.

For Sore Feet.

"I have found Bucklen's Arnica Salve to be the proper thing to use for sore feet, as well as for healing burns, sores, cuts and all manner of abrasions," writes Mr. W. Stone, of East Poland, Maine. It is the proper thing too for piles. Try it! Sold under guarantee at Chas. Strong's drug store; 25 cents.

BURNS WIFE ALIVE.

JACKSON, Miss., Aug. 14.—A special to the Daily News from Oxford, Miss., says that John Goolaby, a prominent farmer, residing near that place, while in a fit of anger, knocked his wife down with a heavy scantling, poured coal oil over her prostrate body and then set fire to her clothing. She was rescued by neighbors, who extinguished the flames, but she is in a critical condition. Goolaby has been placed in jail at Oxford.

ADDITION TO TIPS.

As an expression of appreciation for their faithful service and courtesy to the traveling public, checks amounting to a total of \$175,000 were recently mailed to 1153 conductors and 2617 porters by the Pullman company. In each case the check was equivalent to one month's pay, an average of \$46.40.

FROM OPULENCE TO WANT.

CHICAGO, Aug. 14.—Alice L. Webb, divorced wife of Brodie L. Duke, the millionaire tobacco manufacturer, was found guilty of defrauding the Great Northern hotel by passing a worthless check.

At the word "guilty" the woman who a few years ago was the mistress of millions, flushed and trembled, but only momentarily. She recovered quickly and was apparently perfectly composed while her lawyer made his motion for a new trial.

Drowns While Wife Looks On.

EUGENE, Or., Aug. 13.—A. E. Taylor was drowned yesterday before the eyes of his wife and child in the McKenzie at Hayden's bridge while fishing. Desperate efforts of A. T. Miles to save the man almost caused him to lose his own life. The body was recovered.

STEAMER ABERDEEN ASHORE.

EUREKA, Cal., Aug. 17.—The steamer Aberdeen, lumber laden, which struck the south spit of the Humboldt bar this morning, was beached tonight and an attempt will be made to patch the hull up and tow her to San Francisco for repairs. The entire bottom of the ship seems to be loosened up.

The Aberdeen attempted to cross the bar this morning during a heavy fog. When half way over the ship struck the rocks. An attempt was made to back her off, but the chief engineer reported if leaks developed she would sink in half an hour if taken into deep water. Rather than founder, Captain Hansen attempted to beach the craft, but when 200 yards from the beach the water extinguished the fires and she was brought to anchor.

Rancher Kills Neighbor.

KELOWNA, B. C., Aug. 15.—J. K. Layton, a rancher living near Vernon, was today shot and killed by John Anderson, a neighbor. The men became involved in a dispute over an irrigation ditch which Layton and his partner were digging across Anderson's property. As a result Anderson got his rifle and killed Layton instantly. Anderson surrendered to the authorities.

Diarrhoea cured.

"My father has for years been troubled with diarrhoea, and tried every means possible to effect a cure, without avail," writes John H. Zirkle of Philippi, W. Va. "He saw Chamberlain's Colic, Cholera and Diarrhoea remedy advertised in the Philippi Republican and decided to try it. The result is one bottle cured him and he has not suffered with the disease for eighteen months. Before taking this remedy he was a constant sufferer. He is now sound and well, and although sixty years old, can do as much work as a young man." Sold by Charles Strong.

BALTIMORE SUN BOLTS.

BALTIMORE, Md., Aug. 18.—The Sun, Maryland's leading Democratic paper, editorially rejects Bryan and declares for Taft. The Sun's influence is expected to carry the state for the Republican nominee.

The editorial says in part: "It is the judgment of the Sun that the material welfare of the people of the United States—industrial and financial—would be promoted to a greater degree by the election of Mr. Taft than by the election of Mr. Bryan; that their rights would be safeguarded as carefully by Mr. Taft as by Mr. Bryan."

"We believe the election of Mr. Taft would tend to hasten the restoration of prosperous business conditions. We believe that his administration will be prudent. Therefore we support him from a sense of public duty."

LOOKS BAD FOR JACKSON.

SAN FRANCISCO, Cal., Aug. 17.—The police are of the belief that Mat Jackson, who is being held for the hold-up of 17 loggers at Stirling City, was also connected with the Yamhill and Tillamook stage robberies on July 1, in which registered mail packages, said to be worth \$19,000, were taken. Tonight a detective found a sack of loot near a saloon on Jackson street, which contained ten watches, checks issued by the bank of Chico, a watch identified as the property of a lumberman of Chico and evidence that the man now under arrest was concerned in the Oregon robbery.

Canadian Wheat Crop.

WINNIPEG, Man., Aug. 15.—One hundred million bushels is a conservative estimate of this year's wheat crop in Western Canada. In many sections of Manitoba and other provinces considerable difficulty has been experienced in securing sufficient harvest hands, and in some places the jails have been opened and prisoners serving terms for minor offenses released, on condition that they aid in gathering the bumper crop.

Granulated Sore Eyes Cured.

"For twenty years I suffered from a bad case of granulated sore eyes," says Martin Boyd of Henrietta, Ky. In February, 1903, a gentleman asked me to try Chamberlain's Salve. I bought one box and used about two-thirds of it, and my eyes have not given me any trouble since." This salve is for sale by Charles Strong.

Sponge Left Inside Her.

ALBANY, Or., Aug. 13.—Fourteen months ago Mrs. S. H. Elliott of Lebanon underwent an operation in Oklahoma. Recently she has been suffering so severely that four physicians operated again at Albany on Saturday, one coming from Portland and two from Lebanon to help solve the mystery. In the body they found a sponge left by the southern surgeons after they finished with the unlucky woman in the previous cutting. She will live.

Capture Ohio Murderer.

COLUMBUS, O., Aug. 13.—John Truss, colored, who killed Mrs. Minnie Green here last night by cutting her throat, was caught today nine miles from Delaware with a terrible gash in his neck. He was concealed in a hut and when officers went to get him he slashed himself with a razor.

JAIL INMATES COMPLAIN.

HARRISBURG, Aug. 18.—Inmates of the Perry county jail are being overfed and are actually complaining about it. This unusual state of affairs was discovered by Bromley Wharton, general agent for the state board of charities, who inspected the new Bloomfield institution this week.

Wharton had heard some complaints about the food, but supposed it was the usual one of not enough to eat. Then when he assembled the prisoners he heard this from the spokesman:

"Mister, we're being overfed. The sheriff's wife does not take into account the fact that we are cooped up here without a chance to hustle around and get exercise, and yet she feeds us on pie and cake and a lot of rich things calculated to make us all grouchy with dyspepsia. Please make her stop." "I certainly shall try," replied Mr. Wharton.

What is best for indigestion?

Mr. A. Robinson of Drumquinn, Ontario, has been troubled for years with indigestion, and recommends Chamberlain's Stomach and Liver Tablets as "the best medicine I ever used." "I troubled with indigestion or constipation give them a trial. They are easy to take and pleasant in effect. Price, 25 cents. Samples free at Charles Strong's drug store.

REPUBLICAN COLLEGE LEAGUES.

HOT SPRINGS, Va., Aug. 17.—Discussing the character of the speeches he is to make during the campaign, Judge Taft today said he believed he had placed himself on record on every important subject, but that did not preclude his enlarging on any subject in speaking to the delegations which come to Cincinnati to visit him.

At a conference today between John Hays Hammond and Herbert M. Myers, president of the Ohio Republican College league, Myers said it is the intention to organize the Republicans in every college in the country and expects to reach 25,000 first voters in the course of the campaign.

GOULD MUST ANSWER

NEW YORK, Aug. 18.—On the application of counsel, Mrs. Helen Kelly Gould has procured in the supreme court an order directing her husband, Frank J. Gould, to file within 24 hours his answer to her suit for divorce. Counsel for Mr. Gould stated that an answer had been made to the complaint, but this was denied by Mrs. Gould's counsel.

The complaint filed alleges misconduct on the part of Mr. Gould on July 25, 1905, while he was at North Sydney, Cape Breton, cruising on the yacht Helentina. Mrs. Gould does not ask for alimony in her petition, but requests the custody of her two children, Helen Margaret, 6, and Dorothy, 5 years old.

KETCHEL VS. THOMAS.

SAN FRANCISCO, Aug. 18.—After about a minute and a half of fighting, in the second round tonight Stanley Ketchell of Grand Rapids, Mich., put out Joe Thomas of this city with a shower of punches to the jaw and the body. Thomas had no change whatever. He merely was a chopping block for Ketchell, while the latter left the ring without a scratch on him.
